Premier Lender Program

The New Jersey Economic Development Authority (NJEDA) wants to ensure that New Jersey businesses have the resources necessary to expand and that our communities have a healthy climate for growth. That's why we partner with banks to overcome the financial obstacles that can stall the growth and expansion of New Jersey-based businesses.

If your small business is discussing potential financing with one of 26 NJEDA's Premier Lender banks, NJEDA's participation or guarantee of a portion of the financing can lower the cost of borrowing for your business.

For more information or to view a list of participating banks, visit: www.njeda.com/premierlender

Access

Access is a pilot lending program that provides financing to small businesses in New Jersey - either in the form of direct loans through NJEDA, or through loan participations or guarantees in partnership with an NJEDA Premier Lender.

Access is different from other NJEDA financing programs in that it provides greater flexibility to borrowers by placing greater emphasis on the borrower's cash flow and less emphasis on hard collateral.
