Organization Name	Address	Phone Number	Website	Point of Contact	Point of Contact Title	Point of Contact Email	Point of Contact Phone	Services Offered	Organization Description
Brightmerge	12 Cheyenne Ave, Tulsa, OK 74103	(201) 988-1733	<a href="https://www.brightmerge.com">https://www.brightmerge.com</a>	Brett Muney	Sales Manager	<a href="mailto:brettm@brightmerge.com">brettm@brightmerge.com</a>	(201) 988-1733	Zero Emission Vehicle Technical Assistance/Advisory/Co nsulting Services, EV Charging (equipment, installation, and/or as a service), Microgrid Integration (pairing EVs and chargers with solar, battery storage, etc.), Fleet/Charging Management Software	Brightmerge's platform performs three functions: 1. Total Cost of Ownership - what will it cost to convert your fleet from diesel to EV, and what will the charging system cost? 2. Site Design - how much power do you need to meet your requirements? Is there enough power on-site? How many chargers do you need and how much power is needed for each charger? 3. Real-time EMS (energy management software) - dynamic software that tells the charging system how to operate by utilizing AI and ML, thus maximizing efficiency and achieving 20-30% cost savings on average.
Current Trucking LLC	50 Headquarters Plaza, North Tower, FL9, Suite 910, Morristown, NJ 07960	(973) 309-0527	<a href="https://www.currenttrucking.com/">https://www.currenttrucking.com/</a>	Mason Agostinelli	Business Operations Manager	<a href="mailto:sales@currenttrucking.com">sales@currenttrucking.com</a>	(973) 309-0527	Zero Emission Vehicle Technical Assistance/Advisory/Co nsulting Services, Financing (Vehicle), Financing (Infrastructure), EV Charging (equipment, installation, and/or as a service), Vehicle Parking and Storage	Current Trucking is a full-service Charging-as-a-Service and Vehicles-as-a- Service provider of MHD EV's and infrastructure at no up-front capital costs.
