### **What is the Main Street Acquisition Support Grant?**

The Main Street Acquisition Support Grant is a pilot product under the Main Street Recovery Fund that will offer a grant of up to \$50,000 to reimburse an eligible NJ small business for closing costs related to a New Jersey commercial property that the business purchased and will operate from. This product helps support small businesses that have made a substantial investment and recently purchased a commercial building. The closing must occur after the grant application for this product is made available to the public on 10/01/2024, and the application for the grant must be made after but no later than one year from the closing to be eligible. NJEDA will require that the property remains occupied by the grantee for a minimum of five years; this will be enforced through a deed restriction.

### **When will the application become available?**

Application opened and was made available to the public on 10/01/2024.

### **Will I qualify for the grant even though I have not closed on the property yet?**

No, businesses that apply in advance of a scheduled closing are ineligible. The closing must have occurred prior to the date of the grant application but after the application became available to the public on 10/01/2024.

### **What is the deadline to apply?**

The grant application must be submitted within one year after the closing date of the property purchased. This product will be available for three years or until the total funding is exhausted, whichever occurs earlier, unless NJEDA closes the application period earlier in order to modify or amend this product prior to launching a new phase.

### **After I apply, when will I hear from NJEDA about the status of my application?**

NJEDA staff will review applications in the order they are received and follow up with you via email. Your processor will communicate with you throughout the process. Documentation needed to review your file must be submitted within 10 business days to prevent the withdrawal of your application.
