PETROLEUM UNDERGROUND STORAGE TANK REMEDiation, UPGRADE AND CLOSURE FUND

2008 Annual Report

The New Jersey Economic Development Authority (the "EDA") and the New Jersey Department of Environmental Protection (the "DEP") are pleased to report the results of activities for calendar year 2008 under the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Fund (the "Fund") of the Underground Storage Tank Finance Act in accordance with P.L. 1997, c. 235. In addition to these activities, a brief history of the Fund and a summary of previous years are included.

Overall Fund Activity

Since the program's inception in 1997, \$200.1 million has been appropriated to the Fund by the Legislature. In addition, the Fund received \$2.8 million in funding transferred from the Bureau of Underground Storage Tanks (BUST) as well as a total of over \$59.5 million from grant and loan repayments, interest income and fees, bringing the total amount of funding provided to the Fund to nearly \$262.4 million.

As of December 31, 2008, EDA closed a total of 6,102 projects totaling over \$125 million to provide assistance to businesses, private individuals and municipal and county governmental entities.

Total disbursements from the Fund since the program's inception are nearly \$23 million in loans and nearly \$78 million in grants, for a total of over \$100 million in disbursements. *(Note: These figures do not reflect funding obligated through closings, or un-disbursed portions of closed projects.)*

2008 Fund Activity

In 2008, EDA closed 3,081 projects totaling over \$23 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks.

In 2008, EDA approved 3,112 loans and grants totaling nearly \$24 million. During this time period, the EDA disbursed nearly \$20 million in grants and loans.*

The Fund did not receive an appropriation in 2008. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in August 2008. During this period, the Fund received a total of over \$6.6 million from loan and grant repayments, interest income and financing fees. In 2008, the EDA incurred \$2,814,093 in costs associated with administering the Fund.

The company we keep,
keeps getting better.

Below is a chart that summarizes the categories of outstanding commitments as of December 31, 2008.

Petroleum Underground Storage Tank Outstanding Commitments as of 12/31/08		
Type	Projects	Amount
County	0	0
Municipality	0	0
Business	1	\$163,830
Residential	59	\$1,070,266
Total	60	\$1,234,096

Non-leaking Residential Oil Tanks

As of 12/31/2008 the EDA approved 2,214 of these applications awarding nearly \$5.7 million, closed 2,215 totaling nearly \$5.7 million and disbursed 2,392 totaling over \$6 million.

Assessment of Current Funding Levels to Meet Statutory Objectives

For the current year, through April 20, 2009, the EDA has approved nearly \$7.8 million in financial assistance for 1,160 projects. Including new approvals in 2009 that have yet to close, the EDA now has outstanding commitments totaling \$652,090 for 79 projects as of the writing of this report. Also in process, as of December 31, 2008, there were 60 leaking tank applications totaling over \$1.2 million that were pending EDA approval along with 442 non-leaking tank applications pending approval totaling nearly \$1.2 million. As of December 31, 2008 there were 298 applications totaling over \$5.6 million pending DEP approval, bringing the total amount of projects awaiting funding to approximately \$6.8 million.

The net balance of the Fund is now over \$70 million. *(This figure takes into account outstanding commitments for grants and loans that have been approved, as well as un-disbursed portions of closed loans and grants. In addition, it should be noted that a legislatively mandated re-appropriation of \$1 million of UST funds will be made to DEP for administration during 2009.)*

** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*

Recommendations

The New Jersey Economic Development Authority (EDA) and the Department of Environmental Protection (DEP) support pending legislation, A3739 (Wagner/Watson Coleman)/S2568 (Gordon/Oroho), which revises and expands eligibility for financial assistance under the Petroleum Underground Storage Tank Remediation, Upgrade, and Closure Fund.

In order to encourage expanded use of the Fund, the bill revises the program to permit an eligible homeowner to apply for financial assistance prior to voluntarily closing or replacing a non-leaking petroleum underground storage tank and requires EDA to issue written confirmation regarding the homeowner's eligibility for reimbursement.

The bill also expands eligibility for financial assistance under the Fund to certain nonprofit organizations and to volunteer fire, ambulance, first aid, emergency, or rescue companies or squads who voluntarily close or replace non-leaking underground storage tanks with a capacity of 2,000 gallons, or less, used to store heating oil for onsite consumption in a nonresidential building; and, for the same category of eligible owners and operators when they expend their own funds to conduct a remediation of a discharge from such a heating oil tank prior to filing an application for financial assistance.

In addition, the bill requires DEP to develop a cost guidance document to establish the maximum cost to be paid for eligible project costs for the closure or replacement of an underground tank and amends the present cap on reimbursement to eligible homeowners to be consistent with the guidance document.

Finally, the bill allows eligible owners or operators of heating oil tanks for residential buildings who are required to bear the costs of emergency remediation of a leaking petroleum underground storage tank undertaken by the DEP to apply for reimbursement of those costs.

Conclusion

Attached are three appendices, including the Fund History (Exhibit A), a chart, which provides a list of projects that closed in 2008, (Exhibit B) and a chart, which provides a listing of outstanding commitments that have not closed, (Exhibit C). Should you need any additional information about the contents of this report, please contact the EDA Public Affairs staff at (609) 292-0276 or the DEP at (609) 633-0719.

Exhibit A

Fund History

1997 Fund Activity Summary

1997 was the first year for the Fund. Following the late summer enactment of P.L. 1997, c.235, the DEP and EDA worked together to develop appropriate regulations. These regulations were proposed in December 1997 and adopted in February 1998. During 1997, the Fund received a \$9.9 million legislative appropriation, which supplemented the \$2.8 million in existing cash and payments transferred from the BUST program to the EDA. The Fund also received \$286,000 in loan/grant repayments and interest income in 1997. There were no loans or grants provided in 1997 from the Fund.

1998 Fund Activity Summary

During 1998, the Fund received two appropriations totaling \$20.7 million. An additional appropriation of \$19.1 million was made in 1998 for utilization in 1999.

In 1998, EDA closed 45 projects totaling \$3.7 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1998, EDA approved 54 loans and grants totaling nearly \$10.4 million. During this time period, the EDA disbursed \$907,000 in loans and grants.*

1999 Fund Activity Summary

During 1999, the Fund received an appropriation totaling \$21.44 million, in addition to the \$19.1 million appropriated in the previous year for use in 1999, bringing the total appropriation to \$40.5 million.

In 1999, EDA closed 215 projects totaling \$21.9 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1999, EDA approved 213 loans and grants totaling nearly \$27.2 million. During this time period, the EDA disbursed \$3.9 million in loans and \$8.2 million in grants for total of \$12.1 million in disbursements.*

2000 Fund Activity Summary

In 2000, EDA closed 212 projects totaling \$20.6 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 33 projects totaling \$10.37 million in outstanding commitments from previous years, as well as new approved projects in 2000.

In 2000, EDA approved 199 loans and grants totaling \$13.3 million. During this time period, the EDA disbursed \$10.8 million in loans and \$10 million in grants, for a total of \$20.8 million in disbursements.

The Fund received an appropriation in 2000 totaling approximately \$21.12 million. Also during this period, the Fund received a total of \$5.2 million from loan repayments, interest income and financing fees. In 2000, the EDA incurred \$828,514 in fees and expenses associated with administering the Fund. *

2001 Fund Activity Summary

In 2001, EDA closed 185 projects totaling nearly \$13 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. These projects include 29 projects totaling \$5.34 million in outstanding commitments from previous years as well as new approved projects in 2001.

In 2001, EDA approved 177 loans and grants totaling \$9.8 million. During this time, the EDA disbursed nearly \$4.9 million in loans and \$7.95 in grants, for a total of \$12.85 million in disbursements.

The Fund received an appropriation in 2001 totaling approximately \$20.76 million. Also during this period, the Fund received a total of \$5.4 million from loan repayments, interest income and financing fees. In 2001, the EDA incurred \$899,138 in fees and expenses associated with administering the Fund. *

2002 Fund Activity Summary

In 2002, EDA closed 18 projects totaling over \$1.2 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2002.

In 2002, EDA approved 173 loans and grants totaling over \$7.6 million. During this time period, the EDA disbursed over \$2.1 million in loans and \$4.9 million in grants, for a total of \$7 million in disbursements.

The Fund received an appropriation in 2002 for utilization for FY2003 totaling approximately \$18.6 million. Also during this period, the Fund received a total of just over \$5.4 million from loan and grant repayments, interest income and financing fees. In 2002, the EDA incurred \$631,309 in fees and expenses associated with administering the Fund. *

2003 Fund Activity

In 2003, EDA closed 229 projects totaling nearly \$9 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2003.

In 2003, EDA approved 110 loans and grants totaling nearly \$4 million. During this time period, the EDA disbursed over \$192,555 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. *

2004 Fund Activity Summary

In 2004 EDA closed 110 projects totaling over \$3.5 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 2 projects totaling over \$200,000 in outstanding commitments from previous years, as well as new approved projects in 2004.

In 2004 EDA approved 100 loans and grants totaling nearly \$3.4 million. During this time period, the EDA disbursed nearly \$200,000 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. *

The Fund received an appropriation in 2004 for utilization for FY2004 totaling approximately \$37.77 million. Also during this period, the Fund received a total of just over \$5.8 million from loan and grant repayments, interest income and financing fees. In 2004, the EDA incurred \$630,841.01 in fees and expenses associated with administering the Fund.

2005 Fund Activity Summary

In 2005, EDA closed 132 projects totaling over \$7 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. Additional activity includes 2 projects totaling over \$300,000 in outstanding commitments from previous years, as well as new approved projects in 2005.

In 2005, EDA approved 136 loans and grants totaling over \$7.1 million. During this time period, the EDA disbursed over \$46,000 in loans and nearly \$5.2 million in grants, for a total of \$5.25 million in disbursements. *

The company we keep,
keeps getting better.

The Fund received an appropriation in 2005 for utilization for FY2005 totaling approximately \$21.32 million. Also during this period, the Fund received a total of just under \$5.8 million from loan and grant repayments, interest income and financing fees. In 2005, the EDA incurred \$2,119,320 in fees and expenses associated with administering the Fund.

2006 Fund Activity Summary

In 2006, EDA closed 227 projects totaling over \$5.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 12 projects totaling over \$345,000 in outstanding commitments from previous years, as well as new approved projects in 2006.

In 2006, EDA approved 222 loans and grants totaling over \$5 million. During this time period, the EDA disbursed nearly \$5.5 million in grants, for a total of over \$5.56 million in disbursements.*

The Fund received an appropriation in 2006 totaling approximately \$1.86 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Diesel Risk and administration. Additionally, during this period, the Fund received a total of just under \$7.04 million from loan and grant repayments, interest income and financing fees. In 2006, the EDA incurred \$3,838,980 in fees and expenses associated with administering the Fund.

2007 Fund Activity Summary

In 2007, EDA closed 1,447 projects totaling over \$10.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 4 projects totaling nearly \$840,000 in outstanding commitments from previous years, as well as new approved projects in 2007.

In 2007, EDA approved 1,500 loans and grants totaling nearly \$10.7 million. During this time period, the EDA disbursed nearly \$8.5 million in grants, for a total of nearly \$8.6 million in disbursements.*

The Fund received an appropriation in 2007 totaling approximately \$7.5 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Recreational Land Development and Conservation. Additionally, during this period, the Fund received a total of over \$7.5 million from loan and grant repayments, interest income and financing fees. In 2007, the EDA incurred \$2,460,229 in costs associated with administering the Fund.

**** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.***
