Purpose

The Small Business Improvement Grant Program offers reimbursement to small businesses for costs associated with making building improvements or purchasing new furniture, fixtures and equipment. This grant will reimburse a small business for 50 percent of total eligible project costs incurred after March 9, 2020, but no more than 2 years prior to the application date.

Overview

On August 11, 2021, NJEDA’s Board approved the creation of the Main Street Recovery Finance Program, which established the Small Business Lease Grant and the Small Business Improvement Grant to support eligible small business with facility improvements. **The NJEDA began accepting applications for the Small Business Lease Grant on October 20, 2021 and for the Small Business Improvement Grant on February 10, 2022.**

Due to consistent public demand for the product, the NJEDA Board of Directors subsequently approved additional funding in December 2022, October 2023, June 2024 and May 2025. At their November 12, 2025 meeting, NJEDA Board approved additional funding for the Small Business Improvement Grant Program bringing the total allocation to fund grant approvals to be \$97,938,195.58. All Program requirements and regulations for the Program, which are found at N.J.A.C. 19:31E-1.1 et seq., remain unchanged.
