

THE NEW JERSEY INNOVATION EVERGREEN FUND

The New Jersey Innovation Evergreen Fund (NJIEF) forms a platform that partners with the private sector to **invest capital** in qualified New Jersey-based companies. The Evergreen Fund co-invests in eligible businesses in New Jersey alongside private **venture capital firms**. This application of known economic development tools forms a novel mechanism intended to create alignment among the resources of New Jersey's established corporate citizens with professional venture capital investment firms and **startup businesses** in New Jersey.
