

## **Clean Energy Fellowship Program Questions and Answers**

### **1. Can faculty honorariums be used as salary and benefits for the faculty advisors**

This payment is intended to be an honorarium, however each Grantee is responsible for distributing funds to fellows and advisors throughout the Clean Energy Fellowship per the Grantee's internal policies and procedures. Per the product specifications, the honorarium may not exceed \$2000 per faculty advisor for each student per year.

### **2. Regarding the Legal Questionnaire in the application, if an organization is exempt from filling out the form because it is a state entity then does it need to be signed by legal counsel?**

Municipalities, counties and state or governmental entities are not required to submit this Legal Questionnaire. If submitting a Legal Questionnaire, the certification shall be signed as follows:

- i. by applicant's General Counsel or Chief Legal Officer (recommended); or
- ii. or a corporation, by a principal executive officer at least the level of vice president;
- iii. for a partnership, by a general partner;
- iv. for a sole proprietorship, by the proprietor;
- v. for a governmental entity, by the contact person (business administrator, manager, mayor, etc.);
- vi. for other than above, by the person with legal responsibility for the application.
