Introduction

Vanasse Hangen and Brustlin, Inc. (VHB) was engaged by the New Jersey Economic Development Authority (NJEDA, Client) to perform a Preliminary Assessment (PA)/Phase I Environmental Site Assessment (ESA) of the properties located at 101 West Elizabeth Avenue, in the City of Linden, Union County, New Jersey-(hereinafter collectively referred to as the Site or subject property). (Refer to **Figure 1** - Site Location Map) The City of Linden designated the subject property as Block 254, Lot 10 as shown on **Figure 2** - Parcel Map.

The scope of this PA/Phase I ESA is in general conformance with: the New Jersey Department of Environmental Protection (NJDEP) *Technical Requirements for Site Remediation*, New Jersey Administrative Code (N.J.A.C.) 7:26E (Technical Requirements, last amended August 6, 2018); NJDEP *PA Technical Guidance*, dated March 2018, Version 1.3; United States Environmental Protection Agency (USEPA) Standards and Practices for All Appropriate Inquiries (AAI), 40 Code of Federal Regulations (CFR) Part 312; and American Society for Testing and Materials (ASTM) E 1527-21 *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process* (Standard).

NJEDA is the User of this report as defined by the Standard and is the party seeking to use Practice E1527-21 to complete an environmental site assessment of the subject property. This PA/Phase I ESA is subject to the terms of the agreement between VHB and the Client (Agreement) and the Notice to Proceed dated July 18, 2024. Other than those limitations expressly provided in **Appendix A** and/or specified in Section 7 of this report, completion of the PA/Phase I ESA was not subject to additional assumptions, limitations, or exceptions to the Standard.

1.1 Purpose

The purpose of this assessment is to review the general environmental condition of the land that comprise the subject property.

PA elements of this report, as defined by the NJDEP, seek to identify areas of concern (AOCs) and determine whether contaminants are or were present at a site or have migrated or are migrating from a site, and thus whether additional investigation is necessary at a site due to the presence of any potentially contaminated AOCs. The definition of an AOC pursuant to N.J.A.C. 7:26E-1.8 include *"any existing or former distinct location or environmental medium where any hazardous substance,*

hazardous waste, or pollutant is known or suspected to have been discharged, generated, manufactured, refined, transported, stored, handled, treated, or disposed, or where any hazardous substance, hazardous waste, or pollutant has or may have migrated, including but not limited to, each current and former:"

- Storage tank and appurtenance
- Storage and staging area
- Drainage system and area
- Discharge and disposal area
- Environmental medium
- Other AOCs including:
  - Electrical transformer and capacitor
  - Hazardous substance storage or handling area
  - Waste treatment area
  - Discolored area or spill area
  - Open area away from production operations
  - Area with stressed vegetation
  - Other discharge area
  - Underground piping including industrial process sewer
  - Compressor vent discharge
  - Non-contact cooling water discharge
  - Area that may have received floodwater or stormwater runoff from any AOC
  - Any area suspected of containing contaminants

Phase I ESA elements of this report seek to identify recognized environmental conditions (RECs), controlled recognized environmental conditions (CRECs), and historical recognized environmental conditions (HRECs), as defined by ASTM E 1527-21 on and near the site and records of those areas that may adversely impact the subject property owner or operator under existing federal, state, and local environmental laws, and to recommend further actions necessary to confirm, quantify, or abate those conditions. The aforementioned are defined by ASTM as follows:

› A REC is defined as "(1) the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under conditions that pose a material threat of a future release to the environment."

› A HREC is defined as "*a previous release of hazardous substances or petroleum products affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory authority or authorities without subjecting the subject property to any controls (for example, activity and use limitations or other property use limitations).*"

› A CREC is defined as a "recognized environmental condition affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities with hazardous substances or petroleum products allowed to remain in place subject to implementation of required controls (for example, activity and use limitations or other property use limitations)."

1.2 Detailed Scope of Services

VHB undertook the following actions to accomplish this PA/Phase I ESA:

- A physical inspection of the subject property on August 6, 2024, to locate and identify observable signs of chemical spills, visual and documented evidence of chemical storage tanks, improper use, storage and disposal of hazardous materials, and polychlorinated biphenyl (PCB)-containing electrical equipment.
- A review of federal and state standard environmental record sources using minimum search distances from the subject property, as defined by ASTM E 1527-21, to identify nearby sites with known environmental impairments or operations registered to handle hazardous substances and wastes.
- A file review and document search of the Site's past and current usage, as outlined in the *Technical Requirements*, using standard historical sources including aerial photographs, fire insurance maps, property tax files, recorded land title records, United States Geological Survey (USGS) 7.5 Minute Topographic Maps, local street directories, building department records, zoning/land use records, or other historical sources.

1.3 Limitations and Exceptions

This PA/Phase I ESA reflects conditions that were visibly evident in accessible areas on the date of the Site visit. The assessment offers both information about the Site and operations performed on the Site; however, visual inspections were limited to those areas of the Site that were accessible during the Site visit. It is possible that hazardous materials might be found in inaccessible areas.

The Site reconnaissance involved inspecting readily accessible areas and did not involve subsurface investigations, investigations under asphalt paving, gravel-covered areas, or other areas that could not be reasonably inspected without the use of specialty equipment such as heavy machinery or geophysical probing devices.

Parked vehicles limited the ability to observe portions of the ground surface at the Site during the Site reconnaissance.

VHB cannot be held responsible if Site conditions change in the future and environmental conditions arise that could not reasonably have been identified during the Site reconnaissance initially conducted.

VHB submitted Open Public Record Act (OPRA) requests for information to appropriate federal, state, and local government agencies.

As per ASTM E 1527-21, the following "nonscope considerations" were not included in this evaluation: asbestos-containing materials (ACMs), biological agents, cultural and historic resources, ecological resources, endangered species, health and safety, indoor air quality unrelated to releases of hazardous substances or petroleum products into the environment, industrial hygiene, lead-based paint (LBP), lead in drinking water, mold, radon, regulatory compliance, and wetlands. Since ASTM E 1527-21 does not require that these inspections be conducted, said inspections were not performed as part of this PA/Phase I ESA.

1.4 User Reliance

This PA/Phase I ESA was completed solely for the Client and the User, subject to the terms, conditions, and limitations referenced herein and as issued in connection with the Agreement and the provisions thereof. Any use or reliance upon information provided in this report without the specific written authorization of the Client and VHB shall be at such party's sole risk.

2

Physical Setting Analysis

Site-specific physical setting information was obtained from several physical setting resources, including but not limited to the most recent USGS 7.5-Minute Topographic Map (Figure 1), State Bedrock Geology Maps, State Surficial Geology Maps, National Cooperative Soil Survey Maps, State Surface Water Maps, and State Bedrock Aquifer Maps. Additionally, the NJDEP GeoWeb and the United States Department of Agriculture (USDA) Web Soil Survey (WSS) applications were used.

2.1 Location and Legal Description

The parcel information, physical address, acreage and owner of the Site evaluated for this PA/Phase I ESA report is defined as:

Block	Lot	Address	Size	Property Owner
254	10	101 West Elizabeth Avenue	2.074 acres	New Jersey Transit Corporation (NJ Transit)

City/State: Linden, New Jersey
County: Union
Current Zoning: Station Area – Core Transit Village District Mixed Use (SA-1)

The subject property currently consists of one parcel to the east of West Elizabeth Avenue (also known as and herein referenced as W. Elizabeth Avenue). The subject property is an asphalt-paved lot used for parking for the nearby Linden Train Station. Concrete sidewalks are present along the western and northern boundaries and grassy medians are present on the western, northern, and southern boundaries. The parcel to the north is undergoing construction, the NJ Transit Northeast Corridor Line railroad is to the east, and an apartment complex (Citizen Linden) to the south.

2.2 Utilities

Utilities service is provided to the area as following, as identified on the New Jersey Department of Environmental Protection (NJDEP) interactive Geographic Information System (GIS) programs:

- Electric: Public Service Electric & Gas Co.
- Natural Gas: Elizabethtown Gas Co.
- Sanitary sewer: Linden Roselle Sewerage Authority
- Potable water: New Jersey American Water-Raritan

2.3 Current Uses of Adjoining and Surrounding Properties

The table below presents the properties and features surrounding the Site:

Direction	Adjoining	Surrounding
North	› NJ Transit parking lot (31-45 W. Elizabeth Avenue) › The southeastern corner of W. Elizabeth Avenue and N. Wood Avenue is undergoing construction (27, 1115 and 1723 W. Elizabeth Avenue; and 7, 15, 21, 25, and 27 N. Wood Avenue)	› Wood Avenue › Mixed-use, commercial and residential properties (Linden Towers, 10 Wood Avenue) › NJ Transit Linden Train Station
East	› NJ Transit parking lot › NJ Transit Northeast Corridor Line railroad	› Residential properties (W. Linden Avenue, Jefferson Avenue, and Penn Place)
South	› 307 W. Elizabeth Avenue (Citizen Linden Station, a luxury, multi-tenant apartment building)	› Morses Creek › Ozkar Garage/Gatoulis Auto Repair at 333 W. Elizabeth Avenue
West	› W. Elizabeth Avenue › 100 W. Elizabeth Avenue (Rosalia Manor, a multi-tenant apartment building) › American Legion, 102 W. Elizabeth Avenue › 118-200 W. Elizabeth Avenue (Multi-tenant apartment building)	› Residential properties along W. Price St.

2.4 Site Geology

The mapped subsurface features at the Site are detailed in the sections below.

2.4.1 Physiographic Providence

The State of New Jersey is divided into four physiographic provinces which define a region in which relief, landforms, and geology are significantly different from that of the adjoining and nearby regions. The boundary between each is determined by a major change in topography and geology.

The subject property is mapped within the Piedmont Province, which is described as an area of about 1,600 square miles which occupies all of Essex, Hudson and Union Counties, most of Bergen, Hunterdon and Somerset counties and parts of Mercer, Middlesex, Morris and Passaic counties. The Piedmont Province consists of highly complex metamorphic and igneous rocks that have been thoroughly weathered to produce a surface of minimal relief.

2.4.2 Bedrock Geology

The underlying bedrock geology at the subject property is the Passaic Formation (JTrp). This formation consists of siltstone and shale. The interbedded sequence of reddish-brown and less commonly maroon or purple, fine to course-grained sandstone, siltstone shaly siltstone, silty mudstone and mudstone. Reddish-brown sandstone and siltstone are thin to medium-bedded, planar to cross-bedded, micaceous and locally mud-cracked and ripple cross-laminated. Shaly siltstone, silty mudstone and mudstone are fine-grained very think to thin-bedded planar to ripple cross-laminated, locally fissile, bioturbated and contain evaporite minerals.

2.4.3 Surficial Geology

Surficial geology at the subject property is characterized as Rahway Till (Qwtr). The surficial geology is of the late Pleistocene (approx. 2.5 million to 11,700 years ago); deposited directly from glacial ice during the late Wisconsinan glaciation (75,00 to 11,000 years ago). The lithology of the clayey silt to sandy silt with some to many pebbles and cobbles and few boulders; reddish brown, reddish yellow, yellowish brown, brown. Qwtr is as much as 100 feet thick but it is generally less than 40 feet thick. No surficial aquifers were identified at subject property.

2.5 Site Soils

According to the United States Department of Agriculture (USDA) Natural Resource Conservation Service (NRCS) Web Soil Survey, the Site is mapped as urban land.

- Urban land has an elevation of 0 to 170 feet, mean annual precipitation of 30-64 inches, mean annual temperature of 46-79 degrees Fahrenheit, a frost-free period of 131 to 178 days and is not classified as prime farmland. The map unit composition for the subject property is 95% Urban land with 5% minor components based on observations, descriptions and transects of the mapped unit. Urban land is typically surface covered by pavement, concrete, buildings or other structures underlain by disturbed and natural soil material.

  Minor components include Udorthents at and around the subject property consisting of approximately 5% of the mapped unit. Udorthents are low hills with a linear down close shape and linear across slope shape and no hydric soil rating.

2.6 Site Topography

Topography of the subject property and surrounding area generally flat with an approximate elevation of 22 feet above MSL.

2.7 Site Hydrology

Groundwater flow is best determined using site-specific groundwater elevation data and may be affected by surface topography, hydrology, and characteristics of the soil and nearby wells. No site-specific groundwater flow data was provided for the subject property. In the absence of site-specific

data, other sources of information are typically used to determine flow direction including surface topographic information and hydrogeologic information collected from nearby properties.

Groundwater flow is presumed to be generally to the south, towards Morses Creek, the closest named waterbody, located approximately 550 feet south of the subject property. Detailed investigations involving the installation and gauging of on-Site monitoring wells would be required to confirm groundwater flow direction.

2.8 Historic Fill/Chromate Waste

VHB reviewed the Historic Fill layer on NJDEP's GeoWeb Program to evaluate the potential presence of nonindigenous fill at the Site. According to the map, the subject property is not mapped within historic fill. Refer to **Figure 3** – Historic Fill Map. Field verification would be necessary to confirm the presence/absence of fill material.

VHB reviewed the Chromate Waste Site Boundaries layer on NJDEP's GeoWeb Program to evaluate the potential presence for chromate waste at the subject property. According to the map, the subject property is not located within an area mapped as having chromate waste; however, field verification would be required to confirm the presence/absence of chromate waste.

3

Historical Site Information

3.1 Operation and Ownership History

Operations and ownership history was obtained by reviewing available historical documentation. Sanborn Maps, historic aerial photographs, topographic maps, a City Directory Report, federal, state, and local database records and provided documents were reviewed and the findings are outlined below.

3.1.1 Historical Site Operations Summary

The property was occupied by two residential structures by at least 1920. The Passaic Bergen Lumber Co. was present on the northern portion of the Site by 1923, which expanded and was renamed as the Allied Lumber Co. by the 1950s. The property remained a lumber yard, which expanded to the southern portion of the parcel by the late 1950s, until at least 1993 when NJ Transit purchased the property. By 2002, structures on the property were razed and the property was utilized as a parking lot for the Linden Train Station. The parking lot for the train station continues to be the property use through present day.

3.1.2 Current Site Operations Summary

The property is used as a pay-for-parking lot for the nearby New Jersey Transit train station. Pay stations are located off-site. A utility box/transformer pad is present on the western median, on the southern end of the Site. Refer to **Figure 4** – Site Features Map.

3.1.3 Ownership History

VHB accessed the Union County Clerk's Office Public Land Records online database to obtain current and historical property owner information. In addition, the Client provided VHB with Title/Deed information supplied by the current owner, NJ Transit. The available title and deed records are provided in **Appendix B** and a summary is outlined below of the current and previous ownership in accordance with N.J.A.C. 7:26E-3.1(c)1.

Date of Deed	Grantor	Grantee
8/3/1970	Samuel Tunkel	Leo Neiwirth, Allied Lumber Corp
11/26/1979	Leo Neiwirth, Allied Lumber Corp	101 West Elizabeth Avenue Corp.
3/19/1981	101 West Elizabeth Avenue Corp.	101 West Elizabeth Corp.
12/20/1993	101 West Elizabeth Corp.	NJ Transit Corporation

The Union County Clerk's office online database was searched for information for records prior to the 1970 listing; however, the online database is only searchable from June 1977 through September 2024. Title and deed information for Lot 10 was not available or provided for our review back to 1932.

3.2 City Directory

The Environmental Data Resources City Directory Image Report provides the address and owner or business name information for the Site and general surrounding area based on historical directories. According to information provided in the EDR City Directory, the subject property, located along South Clinton Avenue, was identified in the databases searched as listed in the table below.

The subject property was not identified in listings from 1995, 2000, 2005, 2010, 2014, 2017, or 2020. The reported listings are summarized below.

Year	Listing	Source
1953, 1961, 1967	Allied Lumber Co	Price & Lee City Directory
1970, 1975	Allied Lumber Co Inc	City's City Directory
1979	Allied Lumber Co	
1982, 1987	Allied Bldg Sup Corporation	
1992	Allied Building Supply Co	Cole Information

Adjoining and surrounding properties historically included residential listings and commercial listings, such as the American Legion.

A copy of the EDR City Directory Image Report is provided in **Appendix C**.

3.3 Historical Sanborn® Fire Insurance Maps

Sanborn® maps are a uniform series of large-scale detailed maps, dating from 1867, that depict the commercial, industrial, and residential sections of cities. These maps historically assisted fire insurance agents in determining the degree of hazard associated with a particular property. Sanborn® maps are currently used to track the changing landscape and property uses. According

to the EDR search, Sanborn Maps for the subject property were identified and are summarized below. A copy of the Sanborn Map® Report is provided in **Appendix D**.

Year(s)	Description	
1920	Subject Property:	One, two-story dwelling is located on the northwestern corner of the Site, along West Elizabeth Avenue, identified as 255 W. Elizabeth Avenue. A garage is located to the east of the dwelling. A three-story dwelling is observed on the central portion of the Site at252 W. Elizabeth Avenue. A single-story shed is located along the southern boundary of the Site, at 250 W. Elizabeth Avenue.
	Surrounding Area:	The north adjacent property is improved with retail stores and the Fred M. Wood coal pocket. A railroad office and rail lines are observed adjoining to the east of the subject property. The south adjoining property is improved with dwellings, a stable and auto garage; a lumber yard is located further south. The west adjoining property, across W. Elizabeth Avenue, is improved with two dwellings.
1923	Subject Property:	The southern half of the subject property appears similar to the 1920 Sanborn map. The northern portion appears similar with the addition of the Passaic-Bergen Lumber Co.- Linden Branch, consisting of an office, lumber shed, and several lumber piles and storage areas. A gasoline tank is observed along Elizabeth Avenue in the area west of the lumber yard.
	Surrounding Area:	The surrounding area appears similar to the 1920 Sanborn map.
1950	Subject Property:	The subject property is similar to the 1923 Sanborn map with the addition of a lumber shed on the southern portion of the Site. One gasoline tank is depicted, near 254 W. Elizabeth Avenue, on the western portion of the Site. The lumber yard is identified as "Allied Lumber Co."
	Surrounding Area:	The north adjoining property includes a structure identified as Auto Sales & Service (with three gasoline tanks observed along W. Elizabeth Avenue), a filling station at the corner of Elizabeth Avenue and Wood Avenue (with three gasoline tanks), and structures labeled as stores, stalls, office, the Fred M. Wood coal pockets with a coal elevator and machine shop, and a series of buildings labeled as "District Court 2nd" The east adjoining property appears similar to the 1923 Sanborn map. The southern adjoining property appears similar; however, there is an addition of a lumber shed. The west adjacent property includes a dwelling, a store, a building labeled as a "club house," a structure identified as "awnings & upholstery," and an auto sales and service business.
1951	Subject Property:	The subject property appears similar to the 1950 Sanborn map with the exception of lumber piles and an additional structure in the central portion of the Site labeled as "Sash Storage." The gasoline tank is still depicted, near 254 W. Elizabeth Avenue, on the western portion of the Site.
	Surrounding Area:	The adjoining properties appear similar to the 1950 Sanborn map.
1958	Subject Property:	The dwelling formerly observed in the 1951 Sanborn map on the central portion of the Site is no longer present. A shed is present near the southeastern property corner. Remaining portions of the Site appear similar to the 1951 Sanborn map, including the gasoline tank along W. Elizabeth Avenue.
	Surrounding Area:	The adjoining properties to the north, east, and west appear similar to the 1950 Sanborn map. The adjoining property to the south has a store present along W. Elizabeth and a work shop to the east of the store.

Year(s)	Description	
1963	Subject Property:	The office and shed on the northern portion of the Site and two storage sheds and lumber piles on the southern portion of the Site are similar to the 1958 Sanborn map. A building is present on the northeastern corner and is identified as a lumber warehouse with a woodworking section. A concrete block storage shed is also present on the eastern boundary. The gasoline tank on the western portion of the Site is labeled as "GT"; however, the symbol of the tank is not observed.
	Surrounding Area:	The adjoining properties appear similar to the 1958 Sanborn map.
1968	Subject Property:	The subject property appears similar to the 1963 Sanborn map. The gasoline tank previously observed along W. Elizabeth Avenue, on the western portion of the Site, is no longer depicted.
	Surrounding Area:	The north adjoining property includes stores, restaurants, and parking. The east, south, and west adjoining properties appear similar to the 1963 Sanborn map.

3.4 Historical Aerial Photographs

Aerial photos were obtained from EDR for the subject property and surrounding area and were reviewed. Additional aerial photographs were reviewed online (not included) from NearMap (www.nearmap.com), for the years 2020 through 2024. Information obtained from these photographs is summarized below.

Year(s)	Description	
1931	Subject Property:	The subject property appears developed with several structures present along the northwestern and southern boundaries. The central and eastern portions of the Site appear to be vegetated.
	Surrounding Area:	Structures are observed on adjoining properties to the north, south and west. A railroad line is present along the eastern boundary.
1940, 1947	Subject Property:	At least four structures are observed on the northern half of the subject property – two along present-day W. Elizabeth Avenue, and two along the eastern portion of the Site. One structure is present on the southern portion of the subject property, along W. Elizabeth Avenue. Remining portions of the southern half of the Site appear to be sparsely vegetated with trees.
	Surrounding Area:	Several structures are observed on each of the adjoining properties to the north, south, east, and west, across W. Elizabeth Avenue. The railroad is visible to the east.
1951	Subject Property:	Five structures and stored items are observed on the northern half of the subject property. Two structures are observed on the southern half of the subject property.
	Surrounding Area:	Adjoining properties to the north, east, south and west are developed with several structures each.
1954	Subject Property:	The northern half of the subject property appears similar to the 1950 aerial photograph. The southern half is developed with one structure on the eastern portion. Items appear stored throughout the subject property.

	Surrounding Area:	Surrounding areas appear similar to the 1950 aerial photograph.
1961, 1966, 1970	Subject Property:	The subject property is developed with eight structures along the northwestern, northeastern, and eastern property boundaries. Items are observed stacked in the central and southwestern portions of the Site.
	Surrounding Area:	Properties to the north, east, south and west are similar to the 1951 aerial photograph.
1974	Subject Property:	The subject property appears similar to the 1970 aerial photograph.
	Surrounding Area:	The surrounding properties appear similar to the 1970 aerial photograph; the south adjoining property has one structure on the eastern portion instead of the eastern and western portions.
1984, 1995	Subject Property:	The subject property appears similar to the 1974 aerial photograph.
	Surrounding Area:	Properties to the north, south, and west appear similar to the 1974 aerial photograph. The structures previously observed on the eastern property are no longer present.
2002, 2006, 2010, 2015, 2019, 2020 Nearmap, 2021 Nearmap	Subject Property:	Structures previously observed on the subject property are no longer present. The Site is a paved parking lot, as evidenced by lined spaces and several parked vehicles.
	Surrounding Area:	The adjacent properties appear similar to the 1995 aerial photograph. The structures on the south adjoining property are no longer visible in the2019 aerial photograph; this south-adjoining property appears to be under construction.
2022, 2023, and 2024 Nearmap	Subject Property:	The subject property appears similar to the 2021 aerial photograph. The southwestern portion of the Site appears to be repaved, as evidenced by a darker shade of asphalt.
	Surrounding Area:	A structure in the present-day location of the multi-tenant luxury apartments is present on the south adjoining property. The remaining adjoining properties appear similar to the 2021 aerial photograph.

Copies of the EDR aerial photographs are provided in **Appendix E**.

3.5 Historical Topographic Maps

The EDR Historical Topo Map Report includes a search of a collection of public and private historical topographic maps, dating back to the late 1800s. Ground elevation contours, and features such as major roadways, waterbodies, and railroad lines are depicted on the historic topographic maps. The maps were examined to determine development and construction on the subject property.

Copies of the topographic maps are provided in **Appendix F**. Information obtained from these maps is summarized below.

Year(s)	Description	
1888/1891, 1893, 1898, 1905	Subject Property:	Developed land use, including structures, is not depicted on the subject property in the 1888, 1893, 1898, or 1905 topographic maps. Roadways are depicted at the present-day location of W. Elizabeth Avenue to the west. The railroad is depicted to the east.
	Surrounding Area:	Developed land use, including structures, is not depicted on the 1888, 1893, 1898, or 1905 topographic maps topographic map. Sparse development is depicted on the 1891 topographic map.
1921/1925	Subject Property:	Structures are not depicted on the subject property.
	Surrounding Area:	The adjoining properties to the north, west, and south appear undeveloped. The railroad is present to the east. Sparse developed is noted throughout the topographic map.
1947	Subject Property:	The subject property is developed with three structures along W. Elizabeth Avenue – two on the northern portion of the Site and one on the southern portion.
	Surrounding Area:	Properties to the north and south are developed with structures. The property to the west is shaded red/pink indicating densely developed land. The property to the east is the railroad.
1955/1956, 1966/1967/1970, 1981, 1995	Subject Property:	The subject property is shaded in red/pink indicating densely developed land use.
	Surrounding Area:	The surrounding area is shaded in red indicating developed land use. The property to the north is labeled as "Depot." The railroad tracks are present to the east and W. Elizabeth Avenue is present to the west of the Site.
2013/2014, 2016, 2019	Subject Property:	With the exception of schools, post offices, fire and police stations, and cemeteries, developed land use is not depicted on the 2014, 2016, or 2019 topographic maps. The subject property is shaded white, indicating densely developed land.
	Surrounding Area:	With the exception of schools, post offices, fire and police stations, and cemeteries, developed land use is not depicted.

3.6 Summary of Historical Use Documentation

The property was occupied by two residential structures by at least 1920. The Passaic Bergen Lumber Co. was present on the northern portion of the Site by 1923, which expanded to the southern portion of the Site and was renamed as the Allied Lumber Co. in the 1950s. The property remained a lumber yard until at least 1993 when NJ Transit purchased the property for use as a parking lot for the Linden Train Station, which is the present-day Site use.

3.7 Government Records Review

3.7.1 Federal and State Database Review

VHB conducted a review of environmental databases and municipal files to identify potential environmental concerns at the subject property. This review also included properties in the vicinity that have had a release or pose a threat of release of hazardous materials and/or petroleum products that may potentially impact the environmental media at the subject property. VHB

reviewed federal and state environmental databases supplied by Environmental Data Resources, Inc. (EDR) of the subject property and the area within a one-mile radius.

The EDR environmental database search report is provided in **Appendix G.** Available information is summarized below.

3.7.1.1 Standard Environmental Record Sources

Record Source	Search Radii	Subject Property Listed	Number Sites Within Search Distance
Federal National Priorities List (NPL) (Superfund) Sites	1.0 mile	No	0
Federal Delisted NPL Sites	1.0 mile	No	0
Federal sites subject to CERCLA removals and CERCLA orders/ Superfund Enterprise Management System (SEMS) Sites	0.5 mile	No	0
Federal CERCLA sites with NFRAP / Federal SEMS No Further Action Planned Sites (SEMS-ARCHIVE)	0.5 mile	No	0
Federal RCRA facilities undergoing Corrective Action / Federal Resource Conservation and Recovery Act (RCRA) Corrective Action (CORRACTS) Sites	1.0 mile	No	4
Federal RCRA Non-CORRACTS Treatment, Storage and Disposal (TSD) Facilities (RCRA-TSDF)	0.5 mile	No	0
Federal RCRA Generators	Subject Property & Adjoining	No	1
Federal Engineering/Institutional Control Sites	Subject Property Only	No	-
Federal Emergency Release Notification System (ERNS)	Subject Property Only	No	-
State and Tribal Hazardous Waste Facilities	1.0 mile	No	596
State and Tribal Landfill or Solid Waste Disposal Facilities	0.5 mile	No	32
State and Tribal Leaking Storage Tank	0.5 mile	No	31

Record Source	Search Radii	Subject Property Listed	Number Sites Within Search Distance
State and Tribal Registered Storage Tank	Subject Property & Adjoining	No	5
State and Tribal Engineering/Institutional Control Sites (i.e. Activity and Use Limitations)	Subject Property Only	No	-
State and Tribal Voluntary Cleanup Sites	0.5 mile	No	56
State and Tribal Brownfield Sites	0.5 mile	No	8

3.7.1.2 Summary of Subject Property Records

According to the EDR report the following listings are associated with the subject property address of 101 W. Elizabeth Avenue:

Allied Building Supp[ly Co]

- New Jersey Recovered Government Archive Hazardous Waste Site database (NJ RGA HWS) for the years 2008 through 2012
- NJ UST with Facility ID 012948. One, 2,000-gallon leaded gasoline UST (TANK-1/0001) was listed as removed as of June 24, 1993.
- NJ State Hazardous Waste Site (SHWS) with Site ID 47288> The status was listed as "closed" for PI Number 012948.
- NJ Historic Leaking UST (NJ Hist LUST) with Case ID 93-6-24-1425-02 and UST ID 0129486 and TMS # C93-2092. The site had confirmed soil and groundwater contamination. The facility status is listed as "Site issued letter of NFA for Area(s) of Concern" as of November 16, 1998 for a 2,000-gallon gasoline UST and 550-gallon heating oil UST.
- NJ Release reported by a citizen on August 28, 1993 with Case Number 93-9-28-0900-32 for "illegal activity" associated with soil contamination. According to the EDR listing, "tanks were removed approximately 1 month ago now owner spreading contaminated soil all around property, petroleum odors are present." The substance is reported as heating oil and gasoline and thought to be impacting the air and land. The case was referred to the NJDEP Site Remediation program.
- NJ Environmental Management System (NJEMS) with Site ID 47288. The Watershed Management Area is noted as the Arthur Kill, and the Sub Watershed is noted as Morses Creek/Piles Creek.
- NJ Hazardous Waste Site Re-Evaluation (NJ HWS RE-EVAL) with PI Number 012948 with a facility status of "Assigned to Responsible Party Investigation Unit (RPIU), Under Investigation" as a non-homeowner category.

- Institutional (INST) Controls under PI Number 012948 for the Classification Exception Area (CEA) established on November 16, 1998 for total xylenes, toluene, benzene, and ethylbenzene. The CEA duration is listed as 3 years. The date the CEA was closed/lifted was noted as January 29, 2024.
- UST Finder/UST Finder Release with Facility ID NJ012948. The EDR listing includes one UST listed as closed, with a removal date of June 24, 1993. The UST is identified as TANK-1, a 2,000-gallon leaded gasoline tank. The status is listed as NFA as of June 24, 1993.
- Facility Index system/Facility Registry System (FINDS) with Registry ID 110032498811.

NJ Transit – Linden Station

- FINDS with Registry ID 110004257241
- Enforcement & Compliance History Information (ECHO) with Registry ID 110004257241 and Envid 1016652842.
- Resource Conservation and Recovery Act (RCRA) Non-generator/No Longer Regulated (NonGen/NLR) with EPA ID NJR000017483 with a waste code D008 for lead, in 2006, 2007, and 2008. The facility is verified to no longer be a generator. No violations or NAICS codes were found for this listing. In 1999, the NJ Transit – Linden Station was identified as a Large Quantity Generator.

3.7.1.3 Adjoining and Surrounding Properties

Based on preliminary information from the EDR report, several properties were identified with potential to impact environmental conditions at the subject property:

Star Auto Body – 102 W Elizabeth Avenue – Adjoining to the West

Star Auto Body is listed in the RCRA NonGen/NLR database as of 2006, 2007, and 2008. Historically, this facility was listed as a small quantity generator in 1986, which included spent nonhalogenated solvents (F005). The listing indicates there were no NAICS codes found, no violations, and no evaluation action summaries.

Although this property is located topographically upgradient of the subject property, based upon the absence of known releases of hazardous substances or petroleum products, this environmental listing does not constitute as a REC.

JMG Property Management – 201 West Elizabeth Avenue – Adjoining to the South

JMG Property Management is listed in the SHWS database with Site ID 194338 and PI 262238. The status is listed as closed.

This listing is topographically downgradient of the subject property and is further identified as regulatorily closed; therefore, this environmental listing does not constitute as a REC.

M.T. Chemicals – 309 West Elizabeth Avenue – Adjoining to the South

M.T. Chemicals is listed in the NY Manifest database with EPA ID NJP000872770 for the 1987 transportation and disposal of 140 gallons of ignitable waste stored in metal drums, barrels, or kegs.

Based upon the absence of known releases of hazardous substances or petroleum products, this environmental listing does not constitute as a REC. Additionally, this property is located topographically downgradient of the subject property.

J&S Trucking Service Inc. – 309 Elizabeth Avenue – Adjoining to the South

J&S Trucking Service was listed in the NJ UST database with Facility ID 003162. One, 2,000-gallon No. 2-D/medium diesel fuel UST (TANK-1), one, 8,000-gallon No. 2-D/medium diesel fuel UST (TANK-2), and one, 2,000-gallon unleaded gasoline UST (TANK-3) were removed in January 1992.

Based upon the absence of known releases of hazardous substances or petroleum products, this environmental listing does not constitute as a REC. Additionally, this property is located topographically downgradient of the subject property.

Sunshine Cleaners and Tailors – 13 N Wood Avenue – Adjoining to the North

Sunshine Cleaners and Tailors was identified in the EDR Historic Cleaner database as a drycleaning plant, except rugs for the years 1985, 1986, and 1987.

Although there is an absence of known releases of hazardous substances or petroleum products for this environmental listing, it is located adjoining to the north of the subject property and is topographically upgradient; therefore, this listing may constitute as a REC.

W. Elizabeth and N. Wood Avenue – 11 W. Elizabeth Avenue – Adjoining to the North

W. Elizabeth and N. Wood Avenue is listed in the NJ UST database with facility ID 1047596. One, 400-gallon leaded gasoline UST (TANK-168163/001) and one, 800-gallon gasoline UST (TANK-168164/002) were removed in January 2024.

This listing appears in the NJ SHWS database as 'active' with Site ID 724990 and PI 1047596. The listing also appears on the NJ HIST LUST database with Case ID 1047596 and Activity Number LSR240001.

Although this listing has documented releases of hazardous materials it appears to be managed under a state cleanup program. This topographically upgradient environmental listing may constitute as a REC.

Theresa Manor Condo – 28 W Elizabeth Avenue – Nearby to the Northwest approximately 200 feet

Theresa Manor Condo is listed in the NJ UST database with Facility ID 019010. One, 5,000-gallon No. 2 heating oil UST (TANK-1) was removed in January 1944.

Based upon the absence of known releases of hazardous substances or petroleum products, this environmental listing does not constitute as a REC.

Northwood Cleaners/Serina Inc.– 129 N Wood Avenue, Linden City – Nearby to the Northwest approximately 475 feet

Northwood Cleaners/Serina Inc. is listed in the NJ NJEMS, NJ AIRS, NJ Dry Cleaners and EDR Historic Cleaner databases. The NJEMS Site ID is 973 and is located within the Arthur Kill Watershed Management Area. The AIRS Facility ID is listed as L4017 with Active Number PCP960001 for a permit that expired May 16, 2009. The permit (GP-012A for Perchloroethylene

Drycleaning) was renewed with an Active Number of GEN110001 and expires July 19, 2025. The Dry Cleaners database listed the site with Facility ID L4017 and SIC code 7216 – Drycleaning plants, except rug cleaning. The EDR Hist Cleaner listed Serina Inc. as a dry cleaning plant from 1976 through 1980.

Although there is an absence of known releases of hazardous substances or petroleum products for this environmental listing located 457 feet topographically upgradient, this listing may constitute as a REC.

Commuter Cleaners/Kassel Jerry/Stay Cleaner Inc. – 1 S Wood Avenue – Nearby to the Northeast approximately 600 feet

Commuter Cleaners/Kassel Jerry and Stay Cleaner Inc. are listed in the NJ Publicly Funded (PF), NJ NJEMS, RCRA NonGen/NLR, NJ AIRS, NJ Drycleaners, EDR Historic Cleaner, and US AIRS databases.

- A listing for LCP Chemicals Incorporated with PI G000003747 is listed on the PF database.
- Commuter Cleaners is listed on the NJEMS database with Site ID is 952 and is located within the Arthur Kill Watershed Management Area.
- Commuter Cleaners, owned and operated by J. Kassel Enterprises, Inc., is identified as a RCRA non-generator in 2006, 2007, and 2008. Historically, this facility was listed as a large quantity generator in 1988, which included spent halogenated solvents (F002). The listing indicates there were no NAICS codes found, no violations, and no evaluation action summaries.
- Stay Cleaner Inc., privately owned, is identified as a RCRA non-generator in 2006, 2007, and 2008. Historically, this facility was listed as a large quantity generator in 1985, which included spent halogenated solvents (F002). The listing indicates there were no NAICS codes found, no violations, and no evaluation action summaries.
- Commuters Cleaners had an AIRS Facility ID listed as L4093 with Active Number PCP960001 for a permit of emission that expired on June 21, 2009.
- The NJ Drycleaners database listed Commuters Cleaners with Facility ID L4093 and SIC code 7216 – Drycleaning plants, except rug cleaning.
- The EDR Historic Cleaners listed Jerry Kassel as a drycleaning plant, except rugs, from 1991 through 2006 and Commuter Cleaners from 2007 through 2014.
- Stay Cleaners Inc. was listed on the US AIRS database in 1998 and 1999 with Programmatic ID AIR 020000003403910012 smf Facility Registry ID 110001543946.

Although there is an absence of known releases of hazardous substances or petroleum products for this environmental listing located 600 feet topographically upgradient, this listing may constitute as a REC.

3.7.1.4 Orphan Summary

Sites with minimal address information that may be in proximity to the subject property are listed separately in the database report as "Orphan sites." The EDR Orphan Summary Report has listings for 53 properties included in certain federal or state environmental databases but reported by

EDR to be unmapped due to insufficient address information. The listings of the orphan sites within the database search were reviewed, cross-referencing available address information with facility names. Upon review, it was determined that the orphan sites do not appear to be associated with the subject or adjoining properties.

3.7.1.5 Summary of EDR Findings

The subject property was identified in the databases searched as Allied Building Supply and NJ Transit – Linden Station in several of the databases searched including: NJ RGA HWS, NJ UST, NJ SWHS, NJ HIST LUST, NJ Release, NJ NJEMS, NJ HWS Re-eval, NJ INST CONTROL, UST Finder, UST Finder Release, FINDS, ECHO and RCRA NonGen/NLR.

Adjoining properties to the north, south and west were listed in the several databases. The following summarizes the adjoining and nearby properties:

- *Star Auto Body – 102 W Elizabeth Avenue – Adjoining to the West* – is listed in the RCRA NonGen/NLR database.
- *M.T. Chemicals – 309 West Elizabeth Avenue – Adjoining to the South* – is listed in the NY Manifest database.
- *J&S Trucking Service Inc. – 309 Elizabeth Avenue – Adjoining to the South* – is listed in the NJ UST database.
- *Theresa Manor Condo – 28 W Elizabeth Avenue – Nearby to the Northwest approximately 200 feet* – is listed in the NJ UST database.

The above-listed properties do no constitute as a REC due to absence of known releases of hazardous substances or petroleum products.

- *JMG Property Management – 201 West Elizabeth Avenue – Adjoining to the South* – is listed on the SHWS database.

The above-listed property is located topographically downgradient of the subject property and is further identified as regulatorily closed; therefore, this environmental listing does not constitute as a REC.

- *W. Elizabeth and N. Wood Avenue – 11 W. Elizabeth Avenue – Adjoining to the North – is listed on the* NJ UST, NJ HIST LUST, and NJ SHWS database.

The above listing has documented releases, it appears to be managed under a state cleanup program. This topographically upgradient environmental listing may constitute as a REC.

- *Sunshine Cleaners and Tailors – 13 N Wood Avenue – Adjoining to the North* – is listed in the EDR Historic Cleaner database.

- *Northwood Cleaners/Serina Inc.– 129 N Wood Avenue, Linden City – Nearby to the Northwest approximately 475 feet* – is listed in the NJ NJEMS, NJ AIRS, NJ Dry Cleaners and EDR Historic Cleaner databases.

- *Commuter Cleaners/Kassel Jerry/Stay Cleaner Inc. – 1 S Wood Avenue – Nearby to the Northeast approximately 600 feet* – is listed in the NJ Publicly Funded (PF), NJ NJEMS, RCRA NonGen/NLR, NJ AIRS, NJ Drycleaners, EDR Historic Cleaner, and US AIRS databases.

Although there is an absence of known releases of hazardous substances or petroleum products for the above-listed properties, they are located topographically upgradient; therefore, may constitute as a REC.

Numerous other surrounding properties were identified by EDR as having listings in regulatory databases; however, the regulatory-listed sites are unlikely to impact the subject property for one or more of the following reasons:

- The listed property was judged to be too distant to likely impact the subject property;
- The listed property was topographically downgradient or side-gradient of the subject property;
- The listed property is separated from the subject property by a hydrologic barrier, such as a river; and/or,
- The property was listed as engaging in an activity that requires environmental registration but for which no violation was documented, such as a registered UST with no documented leak, or it was issued a NFA by the NJDEP.

3.7.2 Regulatory Agency Review

In addition to the review of the federal and state governmental databases, VHB accessed the USEPA Envirofacts online database and the NJDEP DataMiner and NJ-GeoWeb online databases to obtain information regarding the subject property. VHB submitted online requests to the NJDEP, Union County, and the City of Linden for information regarding environmental conditions at the subject property. The results of the records review are summarized below. Refer to **Appendix H** - Government Communications.

3.7.2.1 Subject Property

USEPA

VHB accessed the USEPA MyProperty and Envirofacts online databases on August 26, 2024. The subject property address, including various combinations, was not identified in the MyProperty databases, but was on the EPA Facility Registry System (FRS).

The FRS database identified the site with EPA Registry ID 110004257241 with the address of "101 W Elizabeth Ave." The Site was listed as NJ Transit – Linden Station and on the RCRA Information System ID NJR000017483 for "unspecified universe" waste. No SIC codes were identified.

NJDEP

VHB submitted an electronic OPRA request to the NJDEP on July 26, 2024. The NJDEP provided a response on August 5, 2024 stating responsive records were located. Files emailed and mailed from the NJDEP are included in **Appendix H** and summarized below:

› *June 1, 1986, UST Registration Questionnaire*

Allied Building Supply Co. completed a UST Registration Questionnaire that identified a 2,000-gallon unleaded gasoline tank. According to a hand-drawn map included with the registration, the tank was located on the western side of the concrete block warehouse building, adjoining the railroad tracks.

› *March 15, 1988, UST Registration Questionnaire*

Allied Building Supply Co. completed a UST Registration Questionnaire that identified a 2,000-gallon unleaded gasoline tank.

› *February 13, 1989, Applicability/Nonapplicability Affidavit and Application*

The attorneys for the owners of Allied Building Supply Co. submitted an Applicability/Nonapplicability Affidavit triggered by the cessation of operations anticipated by February 28, 1989. The business, a lumber and materials retail supplier, has operated at the Site since December 31, 1983, as Allied Building Supply Co., selling lumber, millwork (for molding, doors, sashes, paneling, and windows), siding, sheetrock, wallboard and similar supplies, and related hardware and tools. No manufacturing, fabricating, assembly, or processing occurred according to the affidavit. One 500-gallon oil UST was noted to be present onsite for heating purposes.

[**NOTE:** This tank will be hereinafter interchangeably referred to as a 500-gallon heating oil UST and a 550-gallon heating oil UST, as referred in the respective documents; for purposes of this report, VHB will consider this tank a 550-gallon UST.]

› *March 7, 1989, NJDEP Letter of Nonapplicability*

The letter states that based upon the application dated January 26, 1989, that Allied Building Supply Co., located at 101 W. Elizabeth Avenue (Block 254, Lot 10) is not subject to the Environmental Cleanup Responsibility Act (ECRA) due to the cessation of operations is planned for the Allied. Proof of the NJDEP review fee was included.

› May 10, 1991, *UST Registration Questionnaire*

Allied Building Supply Co. completed a UST Registration Questionnaire that identified a 2,000-gallon unleaded gasoline tank. The same hand-drawn map that was included with the 1986 registration was included again, depicting the location of the UST.

› *May 3, 1992, UST Registration Questionnaire*

Allied Building Supply Co. completed a UST Registration Questionnaire that identified a 2,000-gallon unleaded gasoline tank.

› April 23, 1993, *Applicability/Nonapplicability Affidavit and Application*

The attorneys for Allied Building Supply Co. submitted an Applicability/Nonapplicability Affidavit triggered by the sale of the property, anticipated within approximately 60 days from the receipt of the NJDEP Letter of Nonapplicability. The property use is noted as lumber and building supply retail sales. The business has been owned by 101 West Elizabeth Avenue Corp. since December 31, 1983 and operated as Allied Building Supply from 1979 through February 1989 and then again from February

1991 to June 1991. One 500-gallon No. 2 fuel oil UST is noted for heating purposes and one 2,000-gallon gasoline UST. A notation indicates that the buildings have not been utilized since 1991.

Allied Building Supply Co., operated between 1979 to 1989 and from February 1991 through June 1991, selling lumber, millwork (for molding, doors, sashes, paneling, and windows), siding, sheetrock, wallboard and similar supplies, and related hardware and tools. No manufacturing, fabricating, assembly, or processing occurred according to the affidavit.

› April 28, 1993, *NJDEP Letter of Nonapplicability*

The letter states that based upon the application dated April 23, 1993, that Allied Building Supply Co., located at 101 W. Elizabeth Avenue (Block 254, Lot 10) is not subject to the Environmental Cleanup Responsibility Act (ECRA) due to the sale of the property. Proof of the NJDEP review fee was included.

› *May 1993, Tri-State Environmental Consultants, UST Closure Plan*

The UST Closure Plan, prepared by Tri-State Environmental Consultants, Inc., outlined the proposed removal of the 2,000-gallon gasoline UST located at the 101 W Elizabeth Avenue property. Although a drawing depicts both the 2,000-gallon UST and the 550-gallon heating oil UST, the closure plan only references removal/closure of the 2,000-gallon gasoline UST. Closure activities outlined in the document include soil screening/field testing, removal, and post-excavation sampling details.

› *May 26, 1993, UST Registration Questionnaire*

The Allied Building Supply Co. completed a UST Registration Questionnaire that identified a 2,000-gallon unleaded gasoline tank. The same hand-drawn map that was included with the 1986 and 1991 registrations was included again, depicting the location of the UST.

› *July 22, 1993, Bressler, Amery & Ross, Confirmation Report*

According to the letter prepared by attorneys at Bressler, Amery & Ross on behalf of 101 West Elizabeth Avenue Corporation, on June 24, 1993, one 2,000-gallon gasoline UST was removed by JCB Environmental Contractors and one 500-gallon fuel oil UST was closed in place.

During the removal activities, holes were observed in the hull of the 2,000-gallon gasoline UST and staining was observed on surrounding soils. The NJDEP was notified and Case No. 93-6-24-1425-2 was assigned. Approximately 70 tons of soil was stockpiled onsite awaiting disposal. The report indicated that Sailer Environmental Inc. (Sailer) was retained to conduct further evaluation.

› *August 11, 1993, Sailer Environmental Incorporated (SEI), UST Closure Summary Report*

SEI prepared a summary of activities conducted on July 26, 1993 within excavations of the former 2,000-galllon gasoline UST and the 500-gallon heating oil UST. The 2,000-galllon gasoline UST was closed via removal by JCB Environmental Contractors. The 500-gallon heating oil UST was abandoned in place, due to its location beneath an office building. Evidence of a discharge was noted at both UST locations. Although SEI anticipated collecting samples from both UST excavations, due to cave-in and access restrictions, the 500-gallon UST area could not be sampled.

SEI collected seven soil samples from the 2,000-gallon UST excavation area to determine the presence of and level of soil contamination on July 26, 1993. Groundwater was observed at approximately 11 feet below grade. Analytical data for volatile organic compounds (VO+10) and lead, reported concentrations below the applicable standards at the time (Direct Contact Soil Cleanup Criteria) for all parameters except for total xylenes. Total xylenes were reported at concentrations that exceed the NJDEP Impact to Groundwater Soil Cleanup Criteria in three of the seven samples.

SEI concluded that based upon the sample results the NJDEP will require a groundwater investigation within the 2,000-gallon UST area. SEI also recommended that the 500-gallon UST area be re-excavated to allow access for confirmatory soil sampling.

› *August 27, 1993, Bressler, Amery & Ross, Letter Requesting Case Assignment to NJDEP Case Manager*

The attorneys, on behalf of Allied Building Supply Co., have requested the expedited assignment of a NJDEP Case Manager to coordinate the delineation activities in connection with Case No. 93-6-24-1425-2, as the sale of the property is pending.

› *September 23, 1993, NJDEP Letter of Deficiencies from Bureau of Underground Storage Tanks*

The NJDEP acknowledged receipt of and review of the Remedial Investigation Report prepared by SEI. The NJDEP required the following:

- Horizontal soil delineation of the total xylenes detected in three of the seven samples in excess of the NJDEP cleanup criteria at the 2,000-gallon UST area
- Soil sampling within the former 500-gallon heating oil UST area
- Groundwater investigation via one monitoring well at each UST area
- Submittal of a RI Addendum Report

› *September 30, 1993, Tri-State Environmental Consultants (Tri-State) Letter to NJDEP*

This report states JCB Environmental Excavating (JCB) was originally hired by Dan Winters of Allied Building Supply Co. for the decommissioning of the 500-gallon heating oil UST and 2,000-gallon gasoline UST. Tri-State was hired by JCB to conduct the Site Assessment activities associated with the decommissioning of the 2,000-gallon gasoline UST. According to the letter, Tri-State indicated that Mr. Winters removed JCB and hired another consultant (Sandler Environmental) to complete the decommissioning effort. It was determined that Sandler Environmental was not certified by the NJDEP Bureau of Underground Storage Tanks to perform decommissioning or Site Assessment activities.

Tri-State indicated in their letter that JCB was to acquire the services of a Subsurface Evaluator to conduct a Site Assessment. Petroleum-impacted soils were observed and excavated from beneath the gasoline tank and below the pump island/dispensers. Mr. Winters became upset with the volume of impacted soil removed so all work ceased. According to Tri-State, the pile of petroleum-impacted soil had been scattered into several smaller piles in an attempt to aerate soils. The piles, although situated on plastic, were left uncovered. Tri-State acknowledged that this is not acceptable to the NJDEP.

› *October 7, 1993, NJDEP Letter of Deficiencies from Bureau of Underground Storage Tanks*

The NJDEP is requiring completion of the Site Assessment Summary Form, an RI Addendum Report, copies of certifications for those retained to complete services, and compliance with the NJDEP Cleanup Criteria for soil and groundwater.

› *January 20, 1994, Bressler, Amery & Ross, Letter regarding Tri-State Letter*

The attorneys indicated a dispute exists between Allied Building Supply Co. and Steve Hambos of Tri-State. The attorney confirms that Tri-State has been removed from the job. However, Tri-State is withholding manifests.

› *January 21, 1994, Bressler, Amery & Ross, Letter Requesting Extension*

The attorneys are requesting a three week extension for the preparation and submittal of the RI Addendum Report. It was anticipated to be completed by February 14, 1994.

› *January 27 1994, Bressler, Amery & Ross, Letter Confirming Extension*

The attorneys documented a "recent telephone conversation" confirming that Allied Building Supply was granted an extension for the RI Addendum Report. According to the letter, the report will be submitted to the NJDEP by February 14, 1994.

› *February 1994, Vectre Corporation, Remedial Investigation Addendum Report*

Vectre Corporation summarized the UST decommissioning activities performed at the Allied Building Supply Co. site, including the UST closures and subsequent investigations. Vectre Corporation installed three additional monitoring wells and collected seven soil samples in November 1993 to further evaluate the former UST excavation areas and stockpiled soils. Results indicated both tank excavation areas were horizontally delineated, and the soil pile did not have concentrations of volatile organic compounds identified.

The groundwater sampled from wells MW-2 through MW-4 did not report concentrations above the laboratory method detection limit. The groundwater collected from MW-1 reported concentrations of benzene, toluene, ethylbenzene and xylenes above the NJDEP standards applicable at the time.

Vectre Corporation did not recommend further investigation of the soils; the soil piles could be utilized to backfill the excavation voids, and both UST areas did not require further action beyond restoring the areas to grade. Vectre Corporation did recommend further investigation of groundwater via continued monitoring.

› *March 1994, UST Registration Questionnaire*

Allied Building Supply Co. completed a UST Registration Questionnaire that indicated the formerly registered tanks were removed in accordance with the May 1993 UST Closure Plan.

› *May 25, 1994, Bressler, Amery & Ross, Submittal of Remedial Action Workplan and Expedited Review Request and May 1994, Remedial Action Workplan, Vectre Corporation*

A cover letter from the attorneys for Allied Building Supply Co. indicates three hardcopies of the Remedial Action Workplan were sent to the NJDEP regarding the closure of a gasoline UST which included removal, excavation of approximately 70 tons of petroleum-impacted soils, post-excavation confirmatory samples (soil and groundwater).

The RAW prepared by Vectre Corporation, summarizes the previous investigations of soil and groundwater and proposes reuse of stockpiled soil to backfill the excavation voids and natural attenuation of groundwater. Quarterly groundwater sampling was recommended for a year, followed

by the preparation of a Remedial Action Report. After each sampling round, Vectre Corporation will submit quarterly progress reports.

› *July 11, 1994, Letter from Tri-State Environmental to NJDEP Regarding Manifests*

Mr. Hambos, indicated that he was aware of the NJDEP requirement of the submittal of the tank scrap receipt and disposal manifests for the heating oil and gasoline residuals. According to the letter, Tri-State indicates the documents would be provided once Allied Building Supply Co. paid their outstanding invoices.

› *July 13, 1994, Letter from Bressler, Amery & Ross to NJDEP Regarding Manifests*

The attorneys for Allied Building Supply Co. indicate a dispute exists between their Client and Steve Hambos of Tri-State. The attorney states that it appears Tri-State is withholding documents in an attempt to extort funds from Allied Building Supply Co.

› *July 29, 1994 Letter from Bressler, Amery & Ross to NJDEP Regarding NJDEP Review of the RAW*

The attorney is requesting comments back from the NJDEP regarding their review of the RAW, which was anticipated to have occurred at the end of July 1994.

› *August 12, 1994, NJDEP RAW Approval Letter*

The NJDEP approved the Vectre Corporation RAW dated May 1994 on the condition of being provided with additional information regarding the soil investigation and requiring further delineation of groundwater and providing an updated RAW.

› *August 16, 1994, Letter from Bressler, Amery & Ross to NJDEP Regarding Backfilling*

The letter notifies the NJDEP that the soil formerly stockpiled onsite was reused to backfill the UST excavations.

› *August 30, 1994, NJDEP UST Registration Invoice*

An invoice in the amount of $100 was due for the Site having had a tank present.

› *September 13, 1994, NJ Transit Letter to NJDEP Regarding Ownership*

NJ Transit informed the NJDEP that they are the owner of the property and that a remedial investigation workplan was approved, and that until the plume of contamination has been identified and mapped, a remedial action workplan will not be approved.

› *October 4, 1994, Letter from Bressler, Amery & Ross to NJDEP Regarding Proposed Monitoring Well Locations*

The attorneys for Allied Building Supply Co. included a copy of a site plan depicting the proposed monitoring well locations. The letter requested NJDEP concurrence that the locations are acceptable.

› *October 26, 1994, Tri-State Environmental Consultants Letter to NJDEP Regarding Manifests*

Tri-State indicated that the two items the NJDEP needs to close out case 93-6-24-1425-02 are the tank scrap receipt and disposal manifests for the heating oil and gasoline residuals. According to the letter, Tri-State indicates the documents would be provided once Allied Building Supply Co. paid their outstanding invoices.

› *November 14, 1994, Letter from Bressler, Amery & Ross to NJDEP Regarding Extension Request*

In a letter from the attorneys of Allied Building Supply Co., an extension was requested until approximately January 31, 1995 for the information required by the August 12, 1994 NJDEP correspondence. The letter indicates that Brinkerhoff Environmental Services, Inc. (Brinkerhoff) is the environmental consultant hired by Allied to prepare and submit the Remedial Action Workplan Addendum. As part of the RAW, Brinkerhoff will install additional groundwater monitoring wells on November 29, 1994.

› *November 18, 1994, Letter from NJDEP Confirming Extension Request*

The NJDEP confirmed that the RAW deadline was extended from November 15, 1994 to January 31, 1995. The letter also indicated that the NJDEP would be billing for oversight of all work.

› *November 23, 1994, Letter from Bressler, Amery & Ross to NJDEP Regarding Well Installation*

The attorneys provide an update on the proposed well installation date provided in their November 18, 1994 letter. Due to a conflict with the driller's schedule, the installation of two monitoring wells was delayed a day.

› *December 8, 1994, NJDEP Letter Regarding Site Inspection/Well Installation*

The NJDEP inspected the Allied Building Supply Co. site and the installation of two groundwater monitoring wells on November 29, 1994. During the inspection, based upon the NJDEP Case Manager observations, additional deficiencies were required to be addressed as part of the RAW, as follows:

- Locate/restore MW-1 or properly abandon/replace MW-1 within 10 feet of the former MW-1 location
- Determine if the five drums containing soil and development water are hazardous wastes for proper handling and disposal
- Oversight of the former 500-gallon UST was being transferred to the Bureau of Field operations to address as part of a Memorandum of Agreement. It was noted that the groundwater monitoring well installed to evaluate the former heating oil UST was 25 feet side-gradient of the tank location.

› *December 29, 1994, NJDEP Case Transfer Report Form*

The NJDEP case, known as Allied Building Supply Company and Case No. 93-06-24-1425/UST No. 0129486, was an active Bureau of Underground Storage Tank (BUST) case for a gasoline UST. The 550-gallon heating oil tank closure/abandonment in place was transferred to the NJDEP Bureau of Field Operations on December 28, 1994 as part of the December 8, 1994 Memorandum of Agreement (MOA).

› *January 6, 1995, Letter from Bressler, Amery & Ross to the NJDEP Regarding Well Repair*

The letter advised the NJDEP of the repair of MW-1 as required by the NJDEP. The letter further informs the NJDEP that groundwater sampling is anticipated to take place on January 16, 1995 and once data received, Brinkerhoff Environmental Services, Inc. will prepare a Remedial Action Workplan (RAW) Addendum Report.

› *January 26, 1995, Letter from Bressler, Amery & Ross to the NJDEP Regarding Extension*

The letter documents a telephone conversation between Bressler, Amery & Ross and the NJDEP regarding a request for a 30-day extension of the due date of the RAW Addendum with a new deadline of March 2, 1995.

› *February 23, 1995, Brinkerhoff Environmental Services, Inc. (*(Brinkerhoff)*, RAW Addendum*

Brinkerhoff prepared a RAW Addendum documenting the repair of MW-1, the installation of MW-5 and MW-6, and groundwater sampling. Results of the investigation indicated gasoline compounds were detected in one of the six onsite groundwater monitoring wells. Lead was detected in three of the six wells above the NJDEP applicable standards. Brinkerhoff recommended natural attenuation as the remedial action mechanism for groundwater.

› *March 20, 1995, Letter from Bressler, Amery & Ross to the NJDEP Regarding Linear Sample Distances*

The letter from Bressler, Amery & Ross includes a March 16, 1995 letter from Brinkerhoff confirming the linear distance between GT-1 and 105-MW-1-11, which is estimated to be approximately 5 feet and on the edge of the former UST excavation area.

› *March 30, 1995, Letter from NJDEP to Allied Building Supply Representatives Regarding the RAW*

The NJDEP formally approved the RAW via the conditions listed in the letter, which include implementation within 45 days, notify the NJDEP in writing within 10 days of anticipated delays in schedule, and follow soil and groundwater clean up levels. The NJDEP advised extensions will not be granted due to costs or expenses incurred during the remedial efforts.

› *March 30, 1995, Letter from Bressler, Amery & Ross to the NJDEP Regarding Remedial Costs*

The cost of the remediation of the subject property as of March 30, 1995 were estimated to be approximately $45,000. An additional $12,000 was anticipated to be spent on the monitoring and reporting costs. The attorney included a copy of the "Effectiveness Analysis and Certification" prepared for Allied Building Supply by Brinkerhoff, which summarizes why soil reuse and natural attenuation are the preferred and proposed remedial action strategy.

› *May 28, 1995, Letter from NJDEP to Daniel Winters/Allied Building Supply*

The NJDEP letter clarifies the status of current and future remedial actions, including natural remediation for soil and groundwater. The NJDEP waives the requirement for groundwater analysis of methyl tert-butyl ether (MTBE) and tert butyl alcohol (TBA),but groundwater should be monitored for total volatile organic compounds including benzene, toluene, ethylbenzene and xylenes. Once a decreasing trend is established, a CEA can be established.

› *June 1, 1995, March 30, 1995, Letter from Bressler, Amery & Ross to the NJDEP Confirming Parameters*

The letter confirms a conversation the NJDEP had with the attorney's office regarding the requirement to collect three soil samples – two from the area of MW-1 and one from the former UST excavation area – and have the samples analyzed for xylenes.

› *October 27, 1995, Letter from Bressler, Amery & Ross to the NJDEP Regarding Next Phase of Work*

The letter documents a telephone conversation between the NJDEP and attorney's office regarding soil and groundwater sampling and proposed next phases of the investigation work.

› *December 12, 1995, Facsimile from Brinkerhoff to Dan Winters Regarding Tentative Remediation Schedule*

Brinkerhoff prepared a tentative schedule which includes the sampling of monitoring wells, additional excavation, transportation, disposal of soil, post-excavation soil sampling, and draft and final reporting.

› *January 2, 1996, Facsimile from Sailer Environmental, Inc. (Sailer) to NJDEP Regarding File Review Request*

Sailer requested a file review of the NJDEP files for the Allied Building Supply Site pursuant to the Freedom of Information Act.

› *February 27, 1996, Brinkerhoff, Remedial Action Report (RAR)*

The RAR documents the site history, the groundwater monitoring conducted in December 1995 and the soil investigation conducted in January 1996. Additionally, Brinkerhoff conducted hydraulic conductivity testing and calculated the pollutant transport rate for benzene in groundwater. A CEA with a duration of five years is proposed with one confirmatory sample to confirm contamination is below standards and the CEA can be terminated.

› *April 9, 1996, Brinkerhoff Facsimile to NJDEP Regarding Preliminary Groundwater Results*

Brinkerhoff provided a copy of the preliminary laboratory analytical results collected from monitoring well MW-1 for the NJDEP's early review.

› *May 13, 1996, NJDEP Letter to Daniel Winters Regarding the February 27, 1996 Remedial Action Report*

The NJDEP provided comments regarding the February 27, 1996 Remedial Action Report and March 26, 1996 groundwater sample results from MW-1. The NJDEP confirmed that based upon the information submitted, that no further action was required for soils associated with the former gasoline UST area of concern. However, the NJDEP indicated that in accordance with the NJDEP March 30, 1995 RAW approval letter, groundwater sampling should continue, as a decreasing trend is not yet evident based upon the results from samples collected to date.

› *May 23, 1996, Alman Management Group (Alman) Letter to NJDEP Regarding Sampling Modification*

The letter from Alman requests the NJDEP to modify the groundwater sampling frequency and analysis. Specifically, that MTBE, TBA and Total VOCs be eliminated for quarterly sampling at monitoring wells MW-1 and 6 and annually from MW-2 and MW-5.

› *May 29, 1996, NJDEP Letter to Daniel Winters Regarding Sampling Modification for Groundwater*

The NJDEP agreed to waive the RAW requirements to analyze for MTBE and TBA from samples on all wells. In addition, the NJDEP agreed to reduce the total volatile organic analysis required in annual sampling to BTEX compounds only. If the groundwater monitoring program outlined in the RAW demonstrates a decreasing trend, Allied Building Supply could then petition the Department for no further action by establishing a CEA for groundwater at the Site.

› *July 11, 1996, Alman Letter to NJ Transit*

The letter from Alman requests access to the Site from NJ Transit for Brinkerhoff to conduct groundwater monitoring on July 30, 1996.

› *August 13, 1996, Sailer Letter to NJDEP*

The letter from Sailer confirms a telephone conversation between Edward Sailer and Bill Brown at the NJDEP and clarifies for the record and fulfills reporting requirements to the NJDEP. Sailer indicated that they had located documents in the file that confirm that petroleum-impacted soils excavated from the Site were treated by venting and reused onsite in violation with the NJDEP regulations. Sailer was defending their position that they were not part of these onsite treatment activities, and specifically advised their Client at the time (Selrite Millworks) that this activity would be in violation of the NJDEP regulations.

› *September 3, 1996, Brinkerhoff, Remedial Action Progress Report*

The results of the July 31, 1996 groundwater sampling event are discussed. Groundwater samples were collected from MW-1 and MW-6. Brinkerhoff summarized that groundwater results show a consistent level of target compounds (volatile organic comounds) with a slight decrease or increase in concentrations of some compounds. Total xylenes was noted to have an increase in concentration for this sampling event. Flow direction was north/northwest to north/northeast, which varies from the prior sampling event in March 1996 likely due to influence from mounding in the former excavation area.

› *October 24, 1996, Alman letter to NJ Transit Regarding Pumping and Sampling of Monitoring Wells*

Alman provides notice to NJ Transit Environmental Services Unit that Site access is required to conduct the pumping and sampling of monitoring wells on November 7, 1996.

› *November 19, 1996, Alman letter to NJ Transit, Regarding Pumping and Sampling of Monitoring Wells*

Alman provides notice to NJ Transit Environmental Services Unit that Site access is required to conduct the sampling of monitoring wells on December 18, 1996. It was also noted that Alman included a lock in tandem with NJ Transit's lock to gain access to the Site.

› *February 1997, Compliance Management Incorporated, Remedial Action Evaluation Report*

Compliance Management Incorporated reports on groundwater samples collected December 18, 1996 from wells and indicates contaminant concentrations of volatile organic compounds are stable or decreasing, following an enhanced fluid recovery (EFR) event in November 1996 at MW-1. Lead was below standard in all of the sampled wells. Compliance Management Incorporated concluded the sources of the contamination was removed (leaking USTs and impacted surrounding soils), concentrations of volatile organic compounds associated with gasoline constituents were decreasing

likely due to natural attenuation, the impacted plume area had not spread to adjacent monitoring wells, and the EFR event expedited the rate of decrease of target compounds in MW-1. Compliance Management Incorporated recommended natural attenuation as the primary remedial strategy and removal of lead from the analysis of future sampling events.

› *March 26, 1997, NJDEP Letter to Daniel Winters Regarding The Site Status/Future Actions*

The NJDEP indicates that based upon a review of the Compliance Management Incorporated report dated February 1997, a decreasing trend was not yet established and that lead concentrations were erroneously reported and were above the NJDEP standards for groundwater. The NJDEP directed that Allied Building Supply should continue to sample groundwater for benzene, toluene, ethylbenzene, and total xylenes (BTEX) and lead and reduce the sampling frequency to annually. If wells are damaged or abandoned in pace during construction activities, the NJDEP Case Manager was to be notified immediately and approve all new monitoring well construction and location details prior to installation. The NJDEP recommended that Allied Building Supply reevaluate the Site for a possible CEA and NFA after the September 1997 groundwater sampling event, if data warrants.

› *August 13, 1998, Matrix Engineering, Inc. (Matrix) Letter to NJDEP Regarding May 1998 Groundwater Results*

The results of the May 1998 sampling event are summarized and laboratory data is included. The results show that source well MW-1 had BTEX concentrations decreasing. Downgradient wells remain unimpacted. The elevated lead concentrations detected during two sampling events at MW-1 in December 1996 and May 1998 were attributed to the sampling methodology, as a subsequent event in July 1998 had lead detected an order of magnitude lower using the "trickle flow" method. Matrix requested the NJDEP to establish a CEA based upon this summary.

› *August 26, 1998, Matrix CEA Application*

Matrix requested case closure with a CEA based on the historic groundwater sampling results, modeling calculations for fate and transport of the contaminants, and absence of potential receptors. The anticipated flow rate for the plume is predicted to be essentially stagnant and migrate less than 15 feet from the source area near MW-1. The CEA is proposed to conservatively extend to the property boundaries for approximately three years.

› *October 14, 1998, Selrite Letter to NJDEP Requesting Review of the CEA Application*

David Winters, President of Selrite is asking for a review of the data presented by Matrix in August 1998, as a "substantial amount of escrow monies" is being withheld until a NFA/CEA letter is received from the NJDEP. Mr. Winters requested immediate attention to this matter.

› *November 10, 1998, Matrix Letter to NJDEP Case Manger Bill Brown*

Documentation for 19 tons of clean fill is provided from Brinkerhoff, the consultant overseeing the backfilling of the excavation areas. The manifests and invoices are dated in 1996.

› *November 16, 1998, NJDEP NFA Letter*

The NJDEP issued a Limited Restricted Use Area of Concern No Further Action Letter and Covenant Not to Sue for the 2,000-gallon gasoline UST located at 101 West Elizabeth Avenue in Linden, New Jersey, associated with Case No. 93-06-24-1425. A CEA/WRA was established extending to the property boundaries for BTEX in groundwater for at least three years.

› *March 2, 2010, NJDEP letter to NJ Transit Corporation Regarding Biennial Certification Approval*

The letter from the NJDEP indicates that a review of the January 6, 2010 Biennial Certification Report was completed and in compliance with the Technical Requirements and other applicable requirements and thereby approved by the NJDEP. The letter also indicates that the CEA expired November 16, 2001. Pursuant to the Technical Requirements, the NJDEP requested collection of at least two rounds of groundwater samples for BTEX compounds. If data indicates contaminant levels are above the applicable GWQS, a revised CEA proposal is required. If data indicates contaminant levels are below the applicable GWQS, a CEA closure report should be submitted to the NJDEP. The NJDEP requested this be completed on or before September 2, 2010.

› *March 2, 2010 NJDEP CEA/Well Restriction Area (WRA) Case Information*

The site-specific information about the CEA location, duration, and contamination is documented.

› *January 31, 2011, Dewberry-Goodkind, Inc. (Dewberry) NJDEP Remediation Timeframe Extension Request Form*

The form requests a 120 day extension of the Initial Receptor Evaluation from Marh 1, 2011 to July 1, 2011 and an extension until October 1, 2011 to install and sample replacement groundwater monitoring wells to support the existing CEA.

› *July 13, 2011, Dewberry Letter to NJDEP Regarding a Receptor Evaluation*

Dewberry was retained by NJ Transit to submit an initial receptor evaluation for the Site. A summary of the narrative indicates that the former 2,000-gallon gasoline UST and 550-gallon heating oil UST were removed in June 1993. The NJDEP issued a NFA for the 2,000-gallon gasoline UST in November 1998 and established a CEA for BTEX in groundwater. Vapor intrusion pathway is not a concern on or adjacent to the Site due to the property being entirely paved with no structures present within 30 feet of the monitoring wells. The Site is not located within a wellhead protection area. Residential dwellings are located within a 200 foot radius; however, no potable or non-potable wells were idneified within the well search radius.

› *January 27, 2012, NJDEP Letter to NJ Transit Regarding Compliance Assistance Alert*

The Compliance Assistance Alert was sent indicating an Initial Receptor Evaluation was due by March 1, 2012. It also indicates that a Licensed Site Remediation Professional (LSRP) was to be hired by March 1, 2012.

› *May 30, 2012, NJDEP Case Summary*

An internal case summary documents the NJDEP files for PI #012948 and Case No. 93-06-24-1425. Specifically, that the 2,000-gallon gasoline UST was handled under the Bureau of Underground Storage Tanks (BUST) and that the 550-gallon heating oil UST was non-regulated. The active 2,000-gallon case

will be handled as a post-NFA monitoring case. The 550-gallon UST was abandoned in place and had evidence of soil impact from overfills; this case was transferred to the Bureau of Field Operations.

› *April 12, 2022, LSRP Notification of Retention or Dismissal*

John Robinson from Dewberry was retained as LSRP for NJ Transit for the Post-NFA Monitoring activity No. PFR000001, associated with PI No. 012948.

› *April 12, 2022, NJDEP Letter Regarding LSRP Retention Confirmation*

The letter from the NJDEP was addressed to two individuals from NJ Transit and John Robinson from Dewberry confirming that John Robinson was retained as LSRP for the regulated UST at the Site [2,000-gallon gasoline UST].

NJDEP – DataMiner and NJ-GeoWeb

VHB accessed the NJDEP DataMiner on August 20 and 28, 2024. The following documents were available for review:

› NJDEP UST Registration Questionnaire/Annual Certification Questionnaires were available for June 1, 1986; March 15, 1988; May 1, 1991; May 3, 1992; and May 26, 1993.

The questionnaires identified Tank 0001 as a 2,000-gallon leaded gasoline tank and was signed by David Winters, the owner representative for Allied Building Supply Co.

› NJ UST Program Registration Invoice and Registration Questionnaire/Annual Certification Questionnaire, March 8, 1994

The NJDEP invoice is for $100 for one registered UST. The Annual Certification Questionnaire indicates the tanks were removed in accordance with the closure plan dated May 1993 and the property was sold. The Annual Questionnaire was signed by David Winters, the owner representative for Allied Building Supply Co.

The subject property was identified in DataMiner as "Allied Building Supply Co" under Program Interest (PI) number 012948. The following Activity numbers were identified:

Activity Number	Document Status	Document Title	Case Status	Status Date
PFR000001	Closed	93-06-24-1425 BUST C2-CEA	CEA lifted	1/29/24
USR000001	Closed	93-06-24-1425 BUST C2	No Further Action – Area of Concern	11/16/98
UST000001	Terminated	UST Registration	Tank Removed	6/24/93

A review of the NJDEP Geoweb online database identified the following information:

- The subject property was listed in the NJEMS database with site ID 47,288 and PI 012948 as Allied Building Supply Co.

- The subject property was listed in the Site Remediation database under Allied Building Supply Co. with a case status identified as "Closed" as of January 29, 2024. The CEA was identified as lifted.

A well search by Block and Lot was conducted through NJDEP DataMiner. Based upon a search of current Block 254 Lot 10 the following wells were identified:

Well Name	Permit Number	Location	Date of Install	Date of Decommissioning
MW-01	2600034471	101 West Elizabeth Ave.	8/31/93	*
MW-1R	E202203885	101 W Elizabeth Avenue	4/14/22	8/3/22
MW-2	2600035296	101 W Elizabeth Avenue	11/19/93	12/15/98
MW-3	2600035297	101 W Elizabeth Avenue	11/19/93	12/15/98
MW-4	2600035298	101 W Elizabeth Avenue	11/19/93	12/15/98
MW-5	2600038851	101 West Elizabeth Avenue	11/30/94	12/15/98
MW-6	2600038852	101 West Elizabeth Avenue	11/30/94	12/15/98

*No record of decommissioning was available on the NJDEP database.

Union County

VHB submitted an OPRA request to Union County on July 24, 2024. Union County provided the following files:

› *June 1, 1986, March 15, 1988, May 3, 1990, May 10, 1991, May 3, 1992, and May 11, 1993 NJDEP UST Registration Questionnaire/Annual Certification Questionnaire*

The Annual Certification Questionnaire forms identified Tank 0001 as a 2,000-gallon leaded gasoline tank according to owner David Winters for Allied Building Supply. The UST was reported to be located on the northern-central portion of the property.

› *March 8, 1994, NJDEP Annual Certification/UST Registration Questionnaire*

The form indicates the 2,000-gallon gasoline UST is no longer present and was removed in accordance with the May 1993 UST Closure Plan.

› *August 18, 1994, BUST Registration and Billing – Fee Adjustment Form and Annual Certification Questionnaire*

The form indicates the balance due is $0 as tank was removed prior to certificate expiration.

› *Undated, Screenshot from Union County electronic file*

One 2,000-gallon leaded gasoline tank was identified with UST No. 0129486, Case No. 93-06-24-1425, and TMS No. C93-2092, and status of "removed." The NFA-A is referenced with a closure date of November 16, 1998.

VHB accessed the Union County Clerk's office online database to obtain current and historical property owner information. The available title and deed records are summarized below. In addition, the Client provided VHB with Title/Deed information provided by the current owner, New Jersey Transit Corporation.

The available title and deed records are provided in **Appendix B** and a summary is outlined below of the current and previous ownership in accordance with N.J.A.C. 7:26E-3.1(c)1.

Date of Deed	Grantor	Grantee
8/3/1970	Samuel Tunkel	Leo Neiwirth, Allied Lumber Corp
11/26/1979	Leo Neiwirth, Allied Lumber Corp	101 West Elizabeth Avenue Corp.
3/19/1981	101 West Elizabeth Avenue Corp.	101 West Elizabeth Corp.
12/20/1993	101 West Elizabeth Corp.	NJ Transit Corporation

The Union County Clerk's office online database was searched for information on Block 254, Lot 10; however, records were not identified online prior to 1970. Title and deed information was not available or provided for our review back to 1932.

City of Linden

VHB submitted an OPRA request to the City of Linden on July 24, 2024. The following documents were provided by the City of Linden:

› *August 15, 1977, Oil Burner Inspection Report, Linden Fire Prevention Bureau*

The one-page report references Permit No. 25542 and notes the abandonment of a 550-gallon UST located conducted on June 25, 1993. The form references replacement of Permit No. 2457 dated October 15, 1948.

› *April 10, 1986, Linden Building Department Form*

Information regarding the history of the property with the building department is noted including a denied application for condominium units and the assessed value of the property is outlined. It notes that the lumber shed and other buildings were demolished in 1997.

› *September 1, 1989, Site Plans of Proposed Condominiums*

Various conceptual plans were included illustrating potential locations for three condominium buildings on the Site. Plans were prepared by Nicholas Sottos, P.E.

› *January 18, 1991, Construction Permit*

No description of work or cost is provided and the signatory section for the Construction Official was blank, but dated July 30, 2024.

› *February 5, 1991, Construction Permit*

The permitted work includes demolition and building. The cost of alteration and demotion totaled $6,400. The signatory section for the Construction Official was blank, but dated July 30, 2024.

› *March 19, 1991, Construction Permit and Construction Permit Update*

Two permits are included, both dated March 19, 1991. The first is a Building Permit for the "converted from system one - see original file..." The second Building Permit is a Fire Permit, with same date the work is noted as fire protection and the description indicates "void permit per T.C."

› *June 18, 1993, Construction Permit*

The permit is noted for Demolition and Building. The description of work is "remove one 550-gallon tank." The cost of the work was $2,000. A fee of $50 was due and payment made June 18, 1993.

› *June 18, 1993, Construction Permit*

The permit is noted for Demolition and Building. The description of work is "remove one 2,000-gallon tank." The cost of the work was $4,000. A fee of $50 was due and payment made June 18, 1993.

› *December 11, 1996, Construction Permit*

The Plumbing Permit includes the description of work as "sewer capping and water line capping..." The cost of the work was $500. A fee of $60 was due and payment made December 11, 1996.

› *December 11, 1996, Construction Permit*

The Demolition and Building Permit is for the description of work noted as "demo of office building." The cost of the work is $125,000. A fee of $350 was due and payment made on December 11, 1996.

› *December 11, 1996, Construction Permit*

The Demolition and Building Permit is for the description of work noted as "demo of storage building/whse." The cost of the work is $120,000. A fee of $350 was due and payment made on December 11, 1996.

› *December 11, 1996, Construction Permit*

The Demolition and Building Permit is for the description of work noted as "demo of storage shed." The cost of the work is $120,000. A fee of $350 was due and payment made on *December 11, 1996*.

› *July 13, 2011, Dewberry letter to NJDEP Regarding the Initial Receptor Evaluation*

The letter includes the NJDEP Initial Receptor Evaluation form for the Site. No receptors were identified within the applicable search radius.

› *September 1, 2020 and October 21, 2020, Linden Board of Health Complaints*

The complaints (#17294 and 17418) are regarding a woman selling food out of the back of her car at the Site.

› *December 20, 2022, NJDEP Letter to Dewberry*

The NJDEP received the August 26, 2022 request to have the MW-1R listed as lost and therefore unable to be decommissioned. The NJDEP is requiring that if the monitoring well location is discovered in the future, it will be properly abandoned.

› *February 24, 2023, Dewberry Letter to NJDEP Regarding CEA Biennial Certification and CEA Lift Request*

Dewberry presented a CEA Biennial Certification and requested the removal of lift of the existing CEA for the Site, based on the groundwater data collected in 2022 confirming that the remedial remedy of groundwater natural attenuation was successful.

3.7.2.2 Adjoining and Surrounding Properties

Based upon a review of the NJDEP Geoweb online database, the adjoining properties were identified as not having releases and therefore not a likely source of potential contamination to the subject property. The exception is the adjoining property to the north which was historically identified as dry cleaners; this Sites have the potential to impact the subject property.

Two nearby properties, upgradient to the northeast, were historically identified as dry cleaners; although no releases were documented to date, these nearby properties have the potential to impact the subject property.

The remaining nearby properties were determined to not require further inquiry as they were unlikely to impact the subject property due to distance, topographical gradient, separation via a hydrologic barrier, and/or the properties were listed as engaging in an activity that requires environmental registration but for which no violation was documented, or it was issued a NFA by the NJDEP.

3.7.2.3 Property Records

VHB reviewed available subject property information from Union County Clerk's Online Public Land Records Search Pag online database to obtain historic property owner information. According to available property records, the subject property encompasses one parcel, totaling 2.074-acres of land, and is presently owned by NJ Transit Corp. Available property records were viewed on the Union County website. The data is consistent with the title and deed information in section 3.2 and 4.2.1. Information available online is provided in **Appendix I**.

3.8 Vapor Migration

VHB utilized the information listed for the properties identified in the federal and state database search, aerial photographs, and/or topographic maps to evaluate the migration potential of hazardous substances or petroleum products in subsurface vapor. These resources assisted in the evaluation of potential vapor migration on the subject property or to the subject property from surrounding properties that are or may

be engaged in storage, handling, or usage of petroleum products and hazardous materials. Please note that an investigation per ASTM E 2600-10 was not conducted as part of this Phase I ESA.

- Based upon the available data reviewed, the subject property appears unlikely to be impacted by vapor migration from on-site sources. Although two UST were formerly present ,they were removed in 1993. A reported release led to soil and groundwater investigations and remedial efforts were conducted. The case was closed and presently there are no open activites associated with the Site.
- The adjoining and nearby dry cleaning properties: Sunshine Cleaners and Tailors at 13 N Wood Avenue – adjoining to the north; Northwood Cleaners/Serina Inc. at 129 N Wood Avenue – nearby to the northwest approximately 475 feet; and, Commuter Cleaners/Kassel Jerry/Stay Cleaner Inc. at 1 S Wood Avenue – nearby to the northeast approximately 600 feet, were listed on the Historic Dry Cleaners database. Although there is an absence of known releases of hazardous substances or petroleum products for the above-listed properties, they are each located topographically upgradient; therefore, the potential for vapor migration to the subject property may exist from unknown releases associated with the properties.
- The subject property is unlikely to be impacted by vapor migration from the remaining off-site adjoining and nearby sources, as no releases of hazardous substances or petroleum products were documented to date, perceived groundwater flow is away from the subject property, and/or documented releases received closure from regulatory agencies. However, the potential for vapor migration may exist from unknown or unclassified sources on-Site and/or upgradient or side-gradient of the subject property.

4

Site Operations

Based upon information obtained from historic resources, the subject property was historically developed by at least 1920 with several residential and commercial structures. The 1923 Sanborn map identifies the northern portion of the Site with "Passaic Bergen Lumber Co." As the lumber yard business expanded, the residential dwellings were razed and the lumberyard expanded to the south, as Allied Building Supply. The property remained a lumber yard until at least 1993 when NJ Transit purchased the property. NJ Transit razed the remaining structures and created a parking lot for the Linden Train Station, consistent with present-day Site use.

4.1 Site Reconnaissance

VHB conducted the field reconnaissance on August 6, 2024, to collect information and make observations to help identify RECs in connection with the subject property. VHB staff was not escorted during the field reconnaissance. VHB staff observed reasonably accessible areas of the subject property. The field reconnaissance did not involve subsurface investigations, investigations under debris piles, asphalt paving, gravel-covered areas, or other areas that could not be reasonably inspected without the use of specialty equipment such as heavy machinery or geophysical probing devices.

Observations and information obtained at the time of the field reconnaissance are presented in the following sections. Photographs taken during the field reconnaissance visit are provided in **Appendix J.**

Observation	Observed or Suspected
Areas of petroleum and hazardous materials storage and use	Not Observed. › According to historic information reviewed, a 2,000-gallon gasoline UST and a 550-gallon heating oil UST were formerly located on the subject property and removed in 1993. A letter confirming no further action required for the 2,000-gallon gasoline UST was issued by the NJDEP in 1998 with a CEA for groundwater. The CEA was lifted in 2024.
Above Ground Storage Tanks (ASTs)	Not Observed.
Underground Storage Tanks (USTs)	Not Observed. › According to historic information reviewed, a 2,000-gallon gasoline UST and a 550-gallon heating oil UST were formerly located on the subject property and removed in 1993. A letter confirming no further action required for the 2,000-gallon gasoline UST was issued by the NJDEP in 1998 with a CEA for groundwater. The CEA was lifted in 2024.
Odors	Not Observed.
Pools of liquid	Not Observed.
Drums, totes, and intermediate bulk containers	Not Observed.
Unidentified Substance Containers	Not Observed.
PCB-containing Items	A pad mounted transformer and five pole-mounted transformers were observed along the W. Elizabeth Avenue. Evidence of staining, spills, or releases from the transformers was not observed.
Heating/Cooling systems	Not Observed.
Interior stains or corrosion	Not Observed.
Interior drains, sumps, and below grade conveyances	Two stormwater catch basins and three stormwater drains were observed on the subject property. The basins reportedly discharge to the stormwater sewer system.
Exterior pits/ponds/lagoons	Not Observed.
Stained soil or pavement	Not Observed.
Stressed vegetation	Not Observed.
Evidence of solid waste disposal on the subject property	Not Observed.
Wastewater discharges	Not Observed.
Wells	Not Observed. › According to historic information reviewed, there were at least six groundwater monitoring wells located on the Site.
Septic systems or cesspool	Not Observed.
Evidence of spills/releases	Not Observed.
Hazardous waste	Not Observed.
Non-Hazardous waste	Not Observed.
Air Emissions	Not Observed.

Observation	Observed or Suspected
Adjacent Properties	North: Construction Site for multi-dwelling building. South: Citizen at Linden, a luxury apartment complex. East: Northeast Corridor Line, NJ Transit West: Multi-tenant residential buildings and American Legion.

4.2 Interview and Provided Information

VHB interviewed a representative of NJ Transit Corporation regarding historic uses and Site features/operations. Ms. Kristen Mitchell, Director of Transit Oriented Development provided and facilitated gathering information regarding the subject property.

A User Questionnaire was completed on August 12, 2024 by Thomas Smith, Senior Project Officer-Real Estate Design/Construction and the User Representative. A copy of the User Questionnaire is included in **Appendix K.**

Information provided has been incorporated throughout this PA/Phase I ESA report.

4.2.1 Provided Documentation

VHB was provided copies of the documents pertaining to the Site. The documents are summarized below:

- *City of Linden Tax Map*, January 16, 1974. The subject property is depicted as Block 254, Lot 10 with a total of 2.074 acres, owned by NJ Transit Corporation.
- *NJ Department of Transportation (NJDOT) Linden Station map*, February 28, 1977. The map depicts additional areas taken by the NJDOT for the railroad.
- *Deed*, December 20, 1993 between West Elizabeth Avenue Corporation (grantor) and NJ Transit Corporation (grantee) for Block 254, Lot 10.
- *Remedial Investigation (RI) Addendum Report, prepared for Allied Building Supply (Allied), prepared by Vectre Corporation (Vectre), February 1994*. The report references the removal of a gasoline UST in 1993 and a subsequent soil and groundwater investigation. Evidence of a discharge was observed during UST closure and NJDEP assigned case number 93-06-24-1425 to the release. Soil samples were collected from the former excavation for a 550-gallon heating oil tank and from the soil that was stockpiled following removal of the gasoline UST. The soil samples from the gasoline UST area and from the heating oil tank area did not report contaminant concentrations above the NJDEP standards. Four wells were installed to investigate groundwater underlying the site and gasoline components including benzene, toluene, ethylbenzene and xylenes (BTEX) were identified in monitoring well MW-1 at concentrations that exceeded the NJDEP standards. Wells MW-2 through MW-4 did not report exceedances to the NJDEP standards. Continued groundwater monitoring at MW-1 was recommended.
- *NJDEP correspondence*, August 12, 1994. The NJDEP required additional information on the distance between former sampling points and required additional wells to fully delineate the horizontal and vertical impacts to groundwater onsite.

- *Remedial Action Workplan Addendum, prepared for Allied, prepared by Brinkerhoff, February 1995*. Two additional monitoring wells were installed, MW-5 and MW-6 and MW-1 was repaired. Volatile organic compounds were identified in MW-1. Lead was detected in MW-1, MW-5 and MW-6. Continued monitoring was recommended.
- *Remedial Action Report, prepared for Allied, prepared by Brinkerhoff, February 27, 1996.* Due to the elevated levels of xylenes in the area of MW-1, excavation of the impacted soil was recommended, and 15 tons of soil was excavated and transport offsite for disposal. Post-excavation soil samples reported xylenes as non-detect or less than 0.1 parts per million (ppm). Subsequent groundwater sampling reported BTEX at concentrations exceeding the NJDEP standard in MW-1. NFA for soil was recommended and a 5-year CEA for groundwater with a confirmatory sample in 2001.
- *CEA, prepared for Allied, prepared by Matrix Engineering, Inc., August 26, 1998.* A request for a CEA was presented with additional groundwater data and fate and transport calculations attached.
- *NJDEP NFA Letter, dated November 16, 1998*. The NFA was issued for the 2,000-gallon gasoline UST (UST #0129486, Closure #C93-2092). The CEA included with the NFA was established for 3 years.
- *Operating agreement and lease between NJ Transit and the City of Linden*, executed May 19, 2005. The agreement includes offsite Lots 1 and 2 and the 2.075 acres which of Lot 10, the subject property. The 235 parking spaces are included on the subject property to be used for permit parking only. The agreement will be renewed every 5 years.
- *NJDEP Letter, CEA Biennial Certification Due, August 13, 2009*. The letter is requiring the collection of groundwater samples as outlined in the NFA. A well search and fee of $375 is required with the Biennial Certification.
- *RI Report (AOC-1), prepared for NJ Transit, prepared by Dewberry, October 2022*. The former monitoring wells were determined to no longer exist. A new monitoring well, MW-1R and 3 temporary well points (TWPs) were installed near the former locations of MW-1, MW-2, MW-5 and MW-6, respectively. The TWP were samples once and the was sampled twice in 2022. The groundwater data reported no exceedances to the NJDEP Groundwater Quality Standards. Removal of the CEA was recommended.
- *NJRB 3-10 Alta Commitment for Title Insurance dated July 1, 2021 New Jersey Variation, issued by Stewart Title Guaranty Company* which includes the subject property and was provided to the New Jersey Economic Development Authority.
- *NJDEP letter, CEA Lift for Allied, January 29, 2024*. The letter confirms the CEA established November 16, 1998 for the subject property has been lifted.

4.3 Hazardous Material and Substances

Based on observations during the Site reconnaissance, hazardous materials and substances were not observed to be stored at the Site.

4.4 Wastewater Discharge History

There is currently no wastewater produced onsite.

4.5 Process Waste Streams

No process waste streams are known to have occurred.

4.6 Radioactive Materials

There were no known radioactive materials reported or observed at the Site.

4.7 Discharge History

Discharges were observed from the former 2,000-gallon gasoline UST and the former 550-gallon heating oil UST at the time of removal in 1993. NJDEP Case No. 93-06-24-1425-2 was assigned to the Site.

Soil and groundwater samples collected from the vicinity of the unregulated heating oil UST excavation area did not report contaminant concentrations above the NJDEP standards.

The soil samples collected from the vicinity of the regulated gasoline UST excavation area did not report contaminant concentrations above the NJDEP standards. Groundwater samples collected indicated BTEX compounds and lead were detected at concentrations above the NJDEP GWQS. A Restricted Use NFA letter was issued in November 1998 for the former gasoline UST with a three year-CEA. Based upon additional sampling data, the CEA was lifted by the NJDEP in January 2024.

4.8 Environmental Permits

No environmental permits were identified.

4.9 Enforcement Actions

No enforcement actions were identified.

4.10 Waste Disposal Areas, Dumps, and Landfills

Waste disposal areas, dumps, and landfills were not observed during the Site inspection or during review of the historic documents for the subject property.

4.11 Previously Conducted or Ongoing Remediation

Based upon a review of Site history, a 2,000-gallon gasoline UST was received a Restricted Use NFA determination in November 1998 with a CEA. The CEA was lifted in January 2024.

The former heating oil UST investigation concluded remediation was not required.

4.12 Protectiveness Evaluation of Approved Remedies

No approved remedies have been identified at the Site to date, therefore no protectiveness evaluation was conducted.

4.13 Order of Magnitude Evaluation

An order of magnitude evaluation is required pursuant to N.J.A.C. 7:26E-3.2(a)5 of each area of concern identified at the Site for which a final remediation document was filed or issued to compare the contaminant concentrations remaining in the area of concern with the applicable remediation standards at the time of the comparison.

Data from the historic reports was compared to the currently applicable NJDEP Remediation Standards (N.J.A.C. 7:26D). Refer to the table below for a tabulated comparison of the data.

Compound	Matrix	Highest Reported Concentration (ppm)	Historic NJDEP Standard (ppm)	Current NJDEP Migration to Groundwater Standard (ppm)
Benzene	Soil	0.28	1	0.0094
Toluene	Soil	32	500	7.8
Ethylbenzene	Soil	23	100	15
Xylenes	Soil	194	10	19
TPHC	Soil	45	10,000	5,300

Compound	Matrix	Highest Reported Concentration (ppb)	Historic NJDEP Standard (ppb)	Current NJDEP Groundwater Quality Standards (ppb)
Benzene	Groundwater	350	1	1
Toluene	Groundwater	7,500	1,000	600
Ethylbenzene	Groundwater	3,200	700	700
Xylenes	Groundwater	10,000	67	1,000
Lead	Groundwater	46	10	5

Based upon this evaluation, the contaminant concentrations do not exceed the current applicable standards by more than an order of magnitude.

5

Conclusions and Recommendations

VHB performed a PA/Phase I ESA in conformance with the scope and limitations of the NJDEP PA Technical Guidance and ASTM E1527-21 at 101 W Elizabeth Avenue in the City of Linden, Union County, New Jersey. Any exceptions to or deletions from these practices are described in Section 1.3 of this report. This PA/Phase I ESA revealed the following:

5.1 PA Findings

A diligent inquiry into the current and historical operations was conducted to identify former or current AOCs associated with the Site. A narrative of the AOCs identified at the subject property follows. Refer to **Figure 5 -** Area of Concern Map.

AOC 1 – Historical Site Operations/Former Storage Tanks and Appurtenances

Structures were historically present on-Site since at least 1920. Hazardous materials used and stored on site from historic operations (lumber yard) are unknown; the potential exists for the former materials used to have migrated to the ground surface.

According to historic information reviewed, one, 2,000-gallon gasoline UST and one 550-gallon heating oil UST were formerly present on Lot 10. The gasoline tank was decommissioned via removal in 1993 and the 550-gallon UST was abandoned in place in 1993. A Restricted Use No Further Action determination was issued by the NJDEP on November 1998 for the 2,000-gallon UST. The investigation associated with the 550-gallon tank did not report contamination above the applicable standards; thus no remediation was required.

One gasoline tank was identified on the 1923, 1950, 1951, 1958, and 1963 historical Sanborn maps, along Elizabeth Avenue, just to the west of the Site.

With the exception of the 550-gallon UST, supporting documentation regarding the prior heating sources of the former structures was not identified or provided. Therefore, the potential exists for heating oil underground storage tanks to be present at the Site associated with the former structures.

Further investigation of AOC 1 is recommended.

AOC 2 – Transformers

A pad mounted transformer was observed along the western portion of the property. Five pole mounted transformers were observed along the western property limit, along W Elizabeth Avenue. No staining was observed in the vicinity of the transformers.

No further investigation of AOC 2 is recommended.

AOC 3 – Storm Sewer Catch Basins and Drains

A storm sewer collection basin was observed on the eastern portion of the subject property. Two stormwater drains were observed along the western portion of the subject property. The drains and catch basin reportedly discharge to the stormwater sewer system.

No further investigation of AOC 3 is recommended.

5.2 Phase I ESA Findings

5.2.1 Recognized Environmental Conditions (RECs)

The following RECs were identified:

REC 1 – Historic Site Operations/Former Storage Tanks and Appurtenances

Although no structures are currently present, historically there were numerous structures present since at least 1920. One gasoline tank were observed on the 1923, 1950, 1951, 1958 and 1963 Sanborn maps. Supporting documentation regarding the prior heating sources of the former structures was not identified or provided. Therefore, the potential exists for underground storage tanks to be present at the site associated with the former structures.

Hazardous material use and/or storage, including the nature of the material, location, and details of the storage of materials, potentially utilized during historical site operations is unknown and may potentially have impacted the Site.

Further investigation is recommended to evaluate the potential for impact to the environment from historical operations and presence of USTs.

REC 2 – Adjoining and Nearby Former Dry Cleaner Sites

One adjoining property to the north and two nearby properties were identified in the EDR databases as follows:

- *Sunshine Cleaners and Tailors – 13 N Wood Avenue – Adjoining to the North* – is listed in the EDR Historic Cleaner database.
- *Northwood Cleaners/Serina Inc.– 129 N Wood Avenue, Linden City – Nearby to the Northwest approximately 475 feet* – is listed in the NJ NJEMS, NJ AIRS, NJ Dry Cleaners and EDR Historic Cleaner databases.

- *Commuter Cleaners/Kassel Jerry/Stay Cleaner Inc. – 1 S Wood Avenue – Nearby to the Northeast approximately 600 feet* – is listed in the NJ Publicly Funded (PF), NJ NJEMS, RCRA NonGen/NLR, NJ AIRS, NJ Drycleaners, EDR Historic Cleaner, and US AIRS databases.

Although there is an absence of known releases of hazardous substances or petroleum products for the above-listed properties, they are located topographically upgradient; therefore, the potential exists for these historical dry cleaning properties and potential unknown discharges to have impacted the subject property.

5.2.2 Historical Recognized Environmental Conditions (HRECs)

The following HREC was identified:

HREC 1: Former 2,000-gallon gasoline UST

The property was formerly utilized as a lumber yard that historically utilized at least two USTs: one 2,000-gallon gasoline UST and one 550-gallon heating oil UST. In 1993, the USTs were decommissioned via removal and abandonment in place.

According to historical documentation reviewed, the 550-gallon tank did not have evidence of a discharge and confirmatory soil samples for petroleum hydrocarbon analysis did not indicate exceedances above the standards applicable at the time.

The 2,000-gallon gasoline UST had evidence of a discharge and Case No. 93-06-24-1425 was assigned. Subsequent remedial investigations of soil and groundwater were conducted. The UST was issued a Restricted Use NFA letter with a CEA for impacts to groundwater by the NJDEP in November 1993. The CEA was lifted by the NJDEP in January 2024 after groundwater demonstrated compliance with currently applicable standards.

5.2.3 Controlled Recognized Environmental Conditions (CRECs)

This assessment has revealed no evidence of CRECs in connection with the subject property.

5.2.4 Data Gaps and Limitations

Other than those limitations expressly provided in **Appendix A** and/or specified herein, completion of this Phase I ESA was not subject to significant assumptions, limitations, or exceptions to the Standard.

VHB identified the following data gaps during the preparation of this Phase I ESA.

Data Gap	Assessment
Visibility limitation at site reconnaissance	At the time of site reconnaissance, portions of the subject property were not visible due to parked cars. Based on the observable areas, which were likely representative of site conditions, this data gap is not considered significant.
Title and Deed Information	A copy of the property deed and title search back to 1932 was requested but not provided. Limited deed and title information was available, as outlined herein. A review of available online records from Union County, review of historical files, and review of provided documentation for the

Data Gap	Assessment
	subject property are likely representative of the overall history of the Site, and thus this data gap is not anticipated to be significant.

As described above and when appropriate, these data gaps have been conservatively incorporated into the findings of this report. Should additional data become available, the findings of this report should be reevaluated.

Signature and Qualifications of Environmental Professionals

Amanda Jagger, Project Manager, conducted the Site reconnaissance and the research to prepare this PA/Phase I ESA. Amber A. Satterly, Senior Project Manager and Sergio Rojas, Director of Site Investigation and Remediation oversaw the completion of this PA/Phase I ESA. Resumes for the environmental professionals are provided in **Appendix J - Resumes**.

To the best of our professional knowledge and belief, we meet the definition of Environmental Professional as defined in Section 312.10 of 40 CFR Part 312 and also meet the specific qualifications based upon education, training, and experience to assess a property as to its nature, history, and setting. We developed and performed all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

This report has been prepared using information available through government agencies and private contacts at the time of the investigation. Should VHB receive additional information which may alter the characteristics enumerated within this report, VHB reserves the right to revise this report or issue an addendum statement.

This report has been prepared for the sole and exclusive use of the Client and the User. It is subject to and issued in connection with the Agreement and the provisions thereof. Any use or reliance upon information provided in this report, without the specific written authorization of the Client and VHB, shall be at the User's sole risk. VHB assumes no liability for use of this report by any person or entity other than the Client, for which it was prepared. Any potential future user of this document would be subject to VHB approval and such User's reliance on this document would be in accordance with the terms and conditions of the original contract.

In conducting this assessment, VHB has obtained and relied upon information from multiple sources to form certain conclusions regarding potential environmental issues at and in the vicinity of the subject property. Except as otherwise noted, no attempt has been made to verify the accuracy or completeness of such information.

The objectives of the assessment described in this report were to assess the physical characteristics of the subject property with respect to overt evidence of past or present use, storage, and/or disposal of petroleum or hazardous materials, as defined in applicable state and federal environmental laws and regulations, and to gather information regarding current and past operations and environmental conditions at and in the vicinity of the subject property.

Where access was denied or conditions obscured, VHB makes no report on such areas, except as noted in the report.

No attempt has been made to assess the compliance status of any past or present Owner or Operator of the property with any federal, state, or local laws or regulations.

The findings, observations, and conclusions presented in this report are limited by the scope of services outlined in our Agreement, which reflects schedule and budgetary constraints imposed, by the Client for the current phase of environmental assessment. Furthermore, the assessment has been performed in accordance with generally accepted engineering practices and standards set forth in ASTM E 1527-21. No other warranty, expressed or implied, is made.

The assessment presented in this report is based solely upon information gathered to date.

The Environmental Data Resources, Inc. (EDR) Radius Map™ Report with GeoCheck® was conducted under the Notice of Disclaimer/Waiver of Liability included in the summary report.

Appendix B
Title/Deed Records

104 – DEED - BARGAIN AND SALE (Covenant as to Grantor's Acts)
CORP TO IND. OR CORP Plain Language RV T-1

Copyright © 1982 By ALL STATE LEGAL SUPPLY CO
One Commerce Drive, Cranford, N.J. 07016

DEED 49283

Prepared by: (Print signer's name below signature)
RONALD J. NELSON, ESQ.

This Deed is made on December 20, , 1993 .

BETWEEN

101 WEST ELIZABETH AVENUE CORP.,

a corporation of the state of NEW JERSEY
having its principal office at 581 Rahway Avenue, Union, New Jersey 07083
referred to as the Grantor.

AND

NEW JERSEY TRANSIT CORPORATION, an instrumentality of the State of New Jersey,

whose post office address is One Penn Plaza East, Newark, New Jersey 07105-2246
referred to as the Grantee.

The word "Grantee" shall mean all Grantees listed above.

Transfer of Ownership. The Grantor grants and conveys (transfers ownership of) the property described below to the Grantee. This transfer is made for the sum of EIGHT HUNDRED THOUSAND and 00/100 ($800,000.00) DOLLARS

The Grantor acknowledges receipt of this money.

Tax Map Reference. (N.J.S.A. 46:15-2.1) Municipality of Linden
Block No. 254 Lot No. 10 Account No.
☐ No property tax identification number is available on the date of this Deed. (Check box if applicable.)

Property. The property consists of the land and all the buildings and structures on the land in the City of Linden
County of Union and State of New Jersey. The legal description is:

BEING known and designated as Lot 10 Block 254 on the official Tax Map of the City of Linden and being described as follows:

BEGINNING at a point in the southeasterly line of (West) Elizabeth Avenue distant northeasterly along same 75.00 feet from the northeasterly line of Lumber Street and running; thence

1) North 47 degrees 50 minutes East along said line of West Elizabeth Avenue 357.16 feet to the southwesterly line of land now or formerly of Meeker Wood; thence

2) South 57 degrees 42 minutes East along said land of Meeker Wood 258.67 feet to land now or formerly of the Pennsylvania Railroad; thence

3) South 47 degrees 50 minutes West along said land of the Pennsylvania Railroad 368.13 feet; thence

4) North 55 degrees 20 minutes West 255.95 feet to the point and place of BEGINNING.

SUBJECT to agreements, easements, encumbrances, conditions, liens, and other restrictions of record and such facts as an accurate survey may disclose.

BEING the same premises conveyed to 101 West Elizabeth Avenue Corp., a New Jersey Corporation, by Deed from Leo Neiwirth, Fiscal Agent for Allied Lumber Company, Inc. dated November 26, 1979 and recorded in the Office of the Register of Union County on November 28, 1979, in Deed Book 3205, Page 91.

BEING the same premises conveyed to 101 West Elizabeth Avenue Corp., a New Jersey Corporation, by Deed from 101 West Elizabeth Avenue Corp. dated March 19, 1981 and recorded in the Office of the Register of Union County on April 23, 1981 in Deed Book 3253, Page 683.

RECEIVED AND RECORDED
UNION COUNTY, N.J.
93 DEC 21 PM 1:18
JOAN H. SCHAFFER
REGISTER

CONSIDERATION $800,000.00
REALTY TRANSFER FEE $8,000.00
DATE 12/21/93

Promises by Grantor. The Grantor promises that the Grantor has done no act to encumber the property. This promise is called a "covenant as to grantor's acts" (N.J.S.A. 46:4-6). This promise means that the Grantor has not allowed anyone else to obtain any legal rights which affect the property (such as by making a mortgage or allowing a judgment to be entered against the Grantor).

Signatures. This Deed is signed and attested to by the Grantor's proper corporate officers as of the date at the top of the first page. Its corporate seal is affixed.

Attested by:

DOUGLAS WINTERS Secretary

101 WEST ELIZABETH AVENUE CORP.

DANIEL J. WINTERS President

STATE OF NEW JERSEY, COUNTY OF UNION SS.:

I CERTIFY that on December 20 , 19 93 ,

DOUGLAS WINTERS

personally came before me and this person acknowledged under oath, to my satisfaction, that:

(a) this person is the secretary of 101 WEST ELIZABETH AVENUE CORP. the corporation named in this Deed;

(b) this person is the attesting witness to the signing of this Deed by the proper corporate officer who is DANIEL J. WINTERS the President of the corporation;

(c) this Deed was signed and delivered by the corporation as its voluntary act duly authorized by a proper resolution of its Board of Directors;

(d) this person knows the proper seal of the corporation which was affixed to this Deed;

(e) this person signed this proof to attest to the truth of these facts; and

(f) the full and actual consideration paid or to be paid for the transfer of title is $ 800,000.00 (Such consideration is defined in N.J.S.A. 46:15-5.)

Signed and sworn to before me on December 20 , 19 93 .

RONALD J. NELSON, Esq.
Attorney at Law of New Jersey

To Be Recorded With Deed Pursuant to c. 49, P.L. 1968, as amended by c. 225, P.L. 1985 (N.J.S.A. 46:15-5 et seq.)

STATE OF NEW JERSEY)
) ss.
COUNTY OF UNION)

FOR RECORDER'S USE ONLY
Consideration $ 800,000-
Realty Transfer Fee $ Ex C*
Date 12-21-93 By DS
*Use symbol "C" to indicate that fee is exclusively for county use.

(1) PARTY OR LEGAL REPRESENTATIVE (See Instructions #3, 4 and 5 on reverse side)

Deponent, DANIEL J. WINTERS (Name), being duly sworn according to law upon his/her oath deposes and says that he/she is the President of 101 West Elizabeth Avenue Corp. (State whether Grantor, Grantee, Legal Representative, Corporate Officer, Officer of Title Co. Lending Institution etc.) in a deed dated _____, transferring real property identified as Block No. 254 Lot No. 10 located at 101 West Elizabeth Avenue, Linden, New Jersey (Street Address, Municipality, County) Union County and annexed hereto

(2) CONSIDERATION (See Instruction #6)

Deponent states that, with respect to deed hereto annexed, the actual amount of money and the monetary value of any other thing of value constituting the entire compensation paid or to be paid for the transfer of title to the lands, tenements or other realty, including the remaining amount of any prior mortgage to which the transfer is subject or which is to be assumed and agreed to be paid by the grantee and any other lien or encumbrance thereon not paid, satisfied or removed in connection with the transfer of title is $ 800,000.00

(3) FULL EXEMPTION FROM FEE Deponent claims that this deed transaction is fully exempt from the Realty Transfer Fee imposed by c.49, P.L. 1968, for the following reason(s). Explain in detail. (See Instruction #7.) Mere reference to exemption symbol is not sufficient

7(b) to an instrumentality of the State of New Jersey

(4) PARTIAL EXEMPTION FROM FEE *NOTE: All boxes below apply to grantor(s) only. ALL BOXES IN APPROPRIATE CATEGORY MUST BE CHECKED. Failure to do so will void claim for partial exemption. (See Instructions #8 and #9)*

Deponent claims that this deed transaction is exempt from the increased portion of the Realty Transfer Fee imposed by c. 176, P.L. 1975 for the following reason(s):

a) **SENIOR CITIZEN** (See Instruction #8)
- [ ] Grantor(s) 62 yrs. of age or over.*
- [ ] One or two family residential premises
- [ ] Owned and occupied by grantor(s) at time of sale.
- [ ] No joint owners other than spouse or other qualified exempt owners.

b) **BLIND** (See Instruction #8)
- [ ] Grantor(s) legally blind.*
- [ ] One or two family residential premises
- [ ] Owned and occupied by grantor(s) at time of sale
- [ ] No joint owners other than spouse or other qualified exempt owners.

DISABLED (See Instruction #8)
- [ ] Grantor(s) permanently and totally disabled.*
- [ ] One or two family residential premises
- [ ] Receiving disability payments
- [ ] Owned and occupied by grantor(s) at time of sale
- [ ] Not gainfully employed
- [ ] No joint owners other than spouse or other qualified exempt owners

*IN THE CASE OF HUSBAND AND WIFE, ONLY ONE GRANTOR NEED QUALIFY

c) **LOW AND MODERATE INCOME HOUSING** (See Instruction #8)
- [ ] Affordable According to H.U.D. Standards
- [ ] Meets Income Requirements of Region.
- [ ] Reserved for Occupancy.
- [ ] Subject to Resale Controls.

d) **NEW CONSTRUCTION** (See Instruction #9)
- [ ] Entirely new improvement
- [ ] Not previously used for any purpose.
- [ ] Not previously occupied.

Deponent makes this Affidavit to induce the County Clerk or Register of Deeds to record the deed and accept the fee submitted herewith in accordance with the provisions of c. 49, P.L., 1968.

NEW JERSEY VARIATION
SCHEDULE B PART I

ISSUED BY
STEWART TITLE GUARANTY COMPANY

File No.: 2201281

Requirements

All of the following Requirements must be met:

1. The Proposed Insured must notify the Company in writing of the name of any party not referred to in this Commitment who will obtain an interest in the Land or who will make a loan on the Land. The Company may then make additional Requirements or Exceptions.

2. Pay the agreed amount for the estate or interest to be insured.

3. Pay the premiums, fees, and charges for the Policy to the Company.

4. Documents satisfactory to the Company that convey the Title or create the Mortgage to be insured, or both, must be properly authorized, executed, delivered, and recorded in the Public Records.

   a. Deed from: New Jersey Transit Corporation
   to: New Jersey Economic Development Authority

5. A Notice of Settlement to be filed ten (10) days before the settlement date of the proposed transaction, pursuant to N.J.S.A. 46:16a-4.

6. Seller's Affidavit of Title: The Company's standard form of Seller's Affidavit of Title must be executed by the seller(s), without modification or exceptions, at time of closing and provided to this Company. If the seller(s) require that the affidavit be modified or exceptions taken to the statements therein, such modifications or exceptions must be approved by the Company prior to closing and the Company reserves the right to amend this commitment as may be required by such disclosures.

7. Mortgagor's Affidavit of Title: The Company's standard form Mortgagor's Affidavit of Title must be executed by the mortgagor(s), without modification or exceptions, at time of closing and is to be provided to this Company. If the mortgagor(s) require that the affidavit be modified or exceptions taken to the statements therein, such modifications or exceptions must be approved by the Company prior to closing and the Company reserves the right to amend this commitment as may be required by such disclosures.

8. Satisfaction and discharge of record of the following matters:

   a. Due to the nature of the Seller and Buyer andNew Jersey Superior Court and United States District Court Searches were not run.

9. A search of the records of Union County reveals **no open mortgages** at the date of Commitment. Seller's Affidavit of Title must so specify.

This page is only a part of a 2021 ALTA® Commitment for Title Insurance. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I - Requirements; and Schedule B, Part II -Exceptions; and a countersignature by the Company or its issuing agent that may be in electronic form.

Exceptions

Some historical land records contain Discriminatory Covenants that are illegal and unenforceable by law. This Commitment and the Policy treat any Discriminatory Covenant in a document referenced in Schedule B as if each Discriminatory Covenant is redacted, repudiated, removed, and not republished or recirculated. Only the remaining provisions of the document will be excepted from coverage.

The Policy will not insure against loss or damage resulting from the terms and conditions of any lease or easement identified in Schedule A, and will include the following Exceptions unless cleared to the satisfaction of the Company:

1. Any defect, lien, encumbrance, adverse claim, or other matter that appears for the first time in the Public Records or is created, attaches, or is disclosed between the Commitment Date and the date on which all of the Schedule B, Part I - Requirements are met.

2. Rights or claims of parties in possession of the land not shown by the public record.

3. Easements, or claims of easements, not shown by the public record.

4. Encroachments, overlaps, boundary line disputes, or other matters which would be disclosed by an accurate survey and inspection of the premises.

5. Any lien or right to a lien on your title, arising now or later, for labor and material not shown by the public record.

6. Subject to taxes, charges and assessments, if any:

   a. Lien for taxes. Tax Searches **have not been ordered** on these two lots.

7. Terms and Conditions set forth in Memorandum of Lease recorded in Deed Book 3898 page 235, as amended by Amendment of Memorandum of Lease recorded in Deed Book 4507 page 177.

8. Deed of Encroachment to The Township of Cranford as set forth in Deed Book 3276 page 772.

9. Terms, Rights, Easements, and Reservations set forth in Deed Book 3249 page 30; Deed Book 3400 page 779, DeedBook 3252 page 206, Deed Deed Book 3461 page 928.

10. Grant to Buckeye Pipe Line Company, L.P., a Delaware Limited Partnership as set forth in Deed Book 4435 page 220.

11. Grant to the Elizabethtown Water Company, a public utility corporation of the State of New Jersey as set forth in Deed Book 3270 page 95.

12. Security Interest Agreement as set forth in Mortgage Book 9788 page 951.

This page is only a part of a 2021 ALTA® Commitment for Title Insurance. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I - Requirements; and Schedule B, Part II -Exceptions; and a countersignature by the Company or its issuing agent that may be in electronic form.

REGISTER

D E E D

THIS DEED made the 15th day of September, 1978, one thousand nine hundred and seventy-eight (1978).

By and Between

CONSOLIDATED RAIL CORPORATION

A corporation organized and existing under the laws of the Commonwealth of Pennsylvania, having an office at Six Penn Center Plaza, Philadelphia, Pennsylvania, 19103, hereinafter referred to as the Grantor

and

THE STATE OF NEW JERSEY

acting by and through
the Commuter Operating Agency of the
New Jersey Department of Transportation

having an office at Market Street and McCarter Highway, Newark, New Jersey, 07101, hereinafter referred to as the Grantee.

WHEREAS, pursuant to the Regional Rail Reorganization Act of

BK 3252 PG 206

COUNTY OF UNION
CONSIDERATION $6,5,934.00
REALTY TRANSFER FEE Exempt
DATE 4/6/81 EW

1973, as amended (the "Rail Act"), the Special United States District Court ("Special Court") ordered conveyance to the Grantor of certain New Jersey rail properties designated in the Final System Plan and certified to the Special Court by the United States Railway Association ("USRA"); and

WHEREAS, certain rail properties conveyed to Grantor were designated for possible acquisition by state and transportation authorities pursuant to Section 206(e)(1)(D) of the Rail Act; and

WHEREAS, specific New Jersey rail properties were designated for possible acquisition by the Grantee pursuant to a resolution of USRA Board of Directors dated March 3, 1976; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, state and transportation authorities were granted an option for 900 days to acquire the designated rail properties, which option expired on September 18, 1978; and

WHEREAS, pursuant to Public Law No. 95-611, 92 Stat. 3090 (1978), said option period was extended to March 31, 1979; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, on September 15, 1978 and March 31, 1979, the Grantee exercised its option to acquire certain New Jersey rail properties; and

WHEREAS, the Grantor and Grantee have executed a Memorandum of Understanding dated March 30, 1979, concerning these rail properties;

NOW, THEREFORE, the Grantor, for and in consideration of the

sum of the net liquidation value established by USRA for these rail properties plus additions and betterments, in the amount of SIX HUNDRED FIFTEEN THOUSAND NINE HUNDRED THIRTY FOUR DOLLARS ($615,934.00) lawful money of the United States of America, unto it well and truly paid by the said Grantee, at or before the sealing and delivery of this Deed, the receipt whereof is hereby acknowledged, does by these presents grant, convey, remise, release and forever quitclaim unto the said Grantee, its successors and assigns:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the as described in Exhibit A attached to this deed as a part hereof, together with all of the buildings and improvements thereon and together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 15 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Rail Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and

items belong or appertain to the real property hereinafter reserved and excepted.

B. AND TOGETHER WITH the permanent easements and rights to use, operate, maintain, repair, renew and replace any and all existing railroad facilities necessary or useful in the operation of the lines of railroad and premises hereby conveyed which may be located on Grantor's abutting property, together with the easement of reasonable access over Grantor's property to permit the exercise of the foregoing easements and rights.

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. An Easement previously set forth in Exhibit 3 of the Memorandum of Understanding between the Grantor and Grantee dated March 30, 1979, as follows:

> An easement for the right and license to enter upon and utilize the existing tracks and related operating facilities on the real property conveyed to Grantee for the purpose of performing the Grantor's freight service.
>
> Grantee agrees that Grantor has retained trackage rights for freight operations over real property conveyed to the Grantee pursuant to Section 206(d)(5)(C) and 206(e)(1)(D) of the Regional Rail Reorganization Act of 1973, as amended, 45 U.S.C.A. Section 701 et seq. (the "Act"). These trackage rights are exclusive except to the extent that trackage rights have been provided to third parties pursuant to federal law including but not limited to rights reserved to third parties in the conveyance deeds for these properties which Grantor received from the United States Railway Association ("USRA") as certified by the Special Court pursuant to Section 303(b)(1) of the Act and rights provided to the National Railroad Passenger Corporation in the Off-Corridor Operating Agreement with Conrail executed on April 1, 1976 pursuant to Section 402(a) of the Railroad Passenger Service Act; provided, however, that the Grantee retains its right to use, or permit another party or parties to use, the real property for any purpose, provided that such utilization does not unreasonably interfere with Grantor's trackage

rights and, provided further, that the Grantee's retained right shall be of no force and effect to the extent that it shall have been determined by the USRA, a regulatory body, or a court, subject to a final judicial determination upon timely appeal from a challenge to any such determination, that the trackage rights retained by Grantor are exclusive.

Subject to the foregoing, Grantor's easement shall include the right:

(a) to operate freight trains (including mail and express trains), special trains, cars, locomotives and other on-track equipment;

(b) to occupy and use such portions of stations, buildings and other facilities now upon the real property occupied by Grantor as of the date of this Deed;

(c) to use in conjunction with Grantee the presently existing railroad system telephone cable communications equipment, and facilities now upon the real property (and replacements thereof) and subject to the availability of space in light of the needs of and written approval of Grantee, to construct, operate and maintain such additions to or substitutions for the presently railroad system telephone cable communication equipment and facilities which are reasonably necessary or legally required in connection with the provision of freight service;

(d) to install track connections, with written approval of Grantee, for rail lines and trackage connections now or hereafter owned, leased, controlled or operated by Grantor, contiguous or adjacent to the real property to secure its present or future freight customers or to connect with its rail properties;

(e) to use portions of the maintenance of equipment facilities now upon the real property for the provision of maintenance of equipment service for equipment used in provision of freight service (including mail and express) and special train service;

(f) to have reasonable access over the real property to permit the exercise of the foregoing Easement; and

(g) to assign, transfer or lease any of its right under the Grantor's Easement to third parties with the

consent of Grantee.

The exercise of this Easement and right shall be subject to the following terms, provisions, qualifications and limitations:

(i) the operation of passenger trains shall take preference over the operation of trains operated pursuant to the Grantor's Easement;

(ii) in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantee's planned use of the real property unreasonably interferes with Grantor's Easement, the Grantee shall have the option at its sole cost of providing Grantor with a reasonable alternative means of exercising its Easement in which event Grantee's planned use shall be deemed not to interfere with Grantor's Easement;

(iii) the Grantor's exercise of its rights under this Easement shall not unreasonably interfere with the Grantee's use or planned use of the real property; provided, however, that in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantor's planned use of the real property unreasonably interferes with Grantee's use or planned use of the real property, the Grantor shall have the option at its sole cost of providing Grantee with a reasonably alternative means of permitting Grantee's utilization or planned utilization of the real property in which event Grantor's planned use shall be deemed not to interfere with Grantee's use or planned use.

(iv) Grantor's rights under the Easement shall terminate as to any portion of the real property in the event that Grantor's contract or common carrier freight service is abandoned or is not utilized for Grantor's freight service for a period of four years.

TO HAVE AND TO HOLD the rail property and the easements and rights hereby conveyed to the Grantee, the successors and assigns

of the Grantee forever, free and clear of any liens or encumbrances insofar as said real property, easements and rights were conveyed to Grantor so free and clear by Grantor's immediate predecessors in title, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved by the Grantor in Paragraph C above, (ii) the easements and rights reserved and excepted from the conveyance of this real property to the Grantor by the Grantor's immediate predecessors in title; and (iii) all existing easements or agreements of record, public or private, with respect to the real property herein conveyed.

THE GRANTOR HEREBY COVENANTS that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely described the real property and the easements and rights conveyed by this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

THE GRANTEE HEREBY COVENANTS that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely described the real property and the easements and rights reserved and excepted from this conveyance or intended so

to be in order to carry out the intent of this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

ALL OF THE COVENANTS of the Grantor and Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

THE words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this instrument so requires and whether singular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

IN WITNESS WHEREOF, the said Grantor has caused this deed to

be duly executed the day and year first herein written.

EXHIBIT A

To the Deed By and Between

CONSOLIDATED RAIL CORPORATION

and

THE STATE OF NEW JERSEY

The real property described in this Exhibit A was acquired by the State of New Jersey with Title thereto effective as of September 15, 1978.

Maps referred to in the description are on file in the office of New Jersey Transit Corporation, Market Street and McCarter Highway, P.O. Box 10009, Newark, NJ 07101

PERTH AMBOY & WOODBRIDGE BRANCH

Line Code 1423

Union (MP 0.0) to Perth Amboy (MP 5.9)

All that portion of the right-of-way of railroad of Consolidated Rail Corporation known as the Perth Amboy & Woodbridge Branch and identified as Line Code 1423 in the records of the United States Railway Association, situate in the County of Union and the County of Middlesex, State of New Jersey;

Union County

Beginning at the present lateral cut line, near a connection of the said Perth Amboy and Woodbridge Branch with the Northeast Corridor (Main Line; New York to Philadelphia) of National Railroad Passenger Corporation (Amtrak) said lateral cut line is identified as Line Code 1423-0.0 in the records of the United States Railway Association and described as follows:

"Beginning at the point of intersection of the southeastern line of New Brunswick Avenue and the western property line of said railroad; thence North 57° East, a distance of 355 feet, more or less, along with southeastern line of New Brunswick Avenue, to a point; thence southeastwardly 130 feet, more or less, at right angles to the centerline of said branch tracks to a point on the eastern property line of said railroad, on the westerly line of Inman Avenue, the point of ending."

Thence, extending in a general southerly and southeasterly direction to Station 20+10, at the Union County/Middlesex County line;

Being the same property conveyed to Consolidated Rail Corporation on April 1, 1976 by Deed from Fairfax Leary, as Trustee of the Property of The United New Jersey Railroad and Canal Company, Document No. UNJ-CRC-RP-10 (Union County, New Jersey);

Middlesex County;

Thence, continuing the said Perth Amboy & Woodbridge Branch from the Union County/Middlesex County line, in a general southerly and southeasterly direction passing through Woodbridge and Perth Amboy, to the Points of Ending, at Station 311+52 (approximately MP 5.9) on the East bound track and at Station 277+01 on the Westbound track;

Being the same property conveyed to Consolidated Rail Corporation on April 1, 1976 by Deed from Fairfax Leary, as Trustee of the Property of The United New Jersey Railroad and Canal Company, Document No. UNJ-CRC-RP-7 (Middlesex County, New Jersey) and recorded in the Office of Secretary of State on October 12, 1978;

acting by and through
the Commuter Operating Agency of the
New Jersey Department of Transportation

having an office at Market Street and McCarter Highway, Newark, New Jersey, 07101, hereinafter referred to as the Grantee.

WHEREAS, pursuant to the Regional Rail Reorganization Act of

BOOK 1438 PAGE 523 M 3253 PG 276

1973, as amended (the "Rail Act"), the Special United States District Court ("Special Court") ordered conveyance to the Grantor of certain New Jersey rail properties designated in the Final System Plan and certified to the Special Court by the United States Railway Association ("USRA"); and

WHEREAS, certain rail properties conveyed to Grantor were designated for possible acquisition by state and transportation authorities pursuant to Section 206(e)(1)(D) of the Rail Act; and

WHEREAS, specific New Jersey rail properties were designated for possible acquisition by the Grantee pursuant to a resolution of USRA Board of Directors dated March 3, 1976; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, state and transportation authorities were granted an option for 900 days to acquire the designated rail properties, which option expired on September 18, 1978; and

WHEREAS, pursuant to Public Law No. 95-611, 92 Stat. 3090 (1978), said option period was extended to March 31, 1979; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, on September 15, 1978 and March 31, 1979, the Grantee exercised its option to acquire certain New Jersey rail properties; and

WHEREAS, the Grantor and Grantee have executed a Memorandum of Understanding dated March 30, 1979, concerning these rail properties;

NOW, THEREFORE, the Grantor, for and in consideration of the

BOOK 1438 PAGE 524

M3253PG 277

sum of the net liquidation value established by USRA for these rail properties plus additions and betterments, in the amount of TWO MILLION TWENTY SIX THOUSAND TWO HUNDRED THIRTY-SEVEN DOLLARS ($2,026,237.00) lawful money of the United States of America, unto it well and truly paid by the said Grantee, at or before the sealing and delivery of this Deed, the receipt whereof is hereby acknowledged, does by these presents grant, convey, remise, release and forever quitclaim unto the said Grantee, its successors and assigns:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the as described in Exhibit A attached to this deed as a part hereof, together with all of the buildings and improvements thereon and together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 45 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Rail Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and

BOOK 1438 PAGE 525 LIBER 3253 FOLIO 278

items belong or appertain to the real property hereinafter reserved and excepted.

B. AND TOGETHER WITH the permanent easements and rights to use, operate, maintain, repair, renew and replace any and all existing railroad facilities necessary or useful in the operation of the lines of railroad and premises hereby conveyed which may be located on Grantor's abutting property, together with the easement of reasonable access over Grantor's property to permit the exercise of the foregoing easements and rights.

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. An Easement previously set forth in Exhibit 3 of the Memorandum of Understanding between the Grantor and Grantee dated March 30, 1979, as follows:

> An easement for the right and license to enter upon and utilize the existing tracks and related operating facilities on the real property conveyed to Grantee for the purpose of performing the Grantor's freight service.
>
> Grantee agrees that Grantor has retained trackage rights for freight operations over real property conveyed to the Grantee pursuant to Section 206(d)(5)(C) and 206(e)(1)(D) of the Regional Rail Reorganization Act of 1973, as amended, 45 U.S.C.A. Section 701 et seq. (the "Act"). These trackage rights are exclusive except to the extent that trackage rights have been provided to third parties pursuant to federal law including but not limited to rights reserved to third parties in the conveyance deeds for these properties which Grantor received from the United States Railway Association ("USRA") as certified by the Special Court pursuant to Section 303(b)(1) of the Act and rights provided to the National Railroad Passenger Corporation in the Off-Corridor Operating Agreement with Conrail executed on April 1, 1976 pursuant to Section 402(a) of the Railroad Passenger Service Act; provided, however, that the Grantee retains its right to use, or permit another party or parties to use, the real property for any purpose, provided that such utilization does not unreasonably interfere with Grantor's trackage

BOOK 1438 PAGE 526 M 3253 PG 279

rights and, provided further, that the Grantee's retained right shall be of no force and effect to the extent that it shall have been determined by the USRA, a regulatory body, or a court, subject to a final judicial determination upon timely appeal from a challenge to any such determination, that the trackage rights retained by Grantor are exclusive.

Subject to the foregoing, Grantor's easement shall include the right:

(a) to operate freight trains (including mail and express trains), special trains, cars, locomotives and other on-track equipment;

(b) to occupy and use such portions of stations, buildings and other facilities now upon the real property occupied by Grantor as of the date of this Deed;

(c) to use in conjunction with Grantee the presently existing railroad system telephone cable communications equipment and facilities now upon the real property (and replacements thereof) and subject to the availability of space in light of the needs of and written approval of Grantee, to construct, operate and maintain such additions to or substitutions for the presently railroad system telephone cable communication equipment and facilities which are reasonably necessary or legally required in connection with the provision of freight service;

(d) to install track connections, with written approval of Grantee, for rail lines and trackage connections now or hereafter owned, leased, controlled or operated by Grantor, contiguous or adjacent to the real property to secure its present or future freight customers or to connect with its rail properties;

(e) to use portions of the maintenance of equipment facilities now upon the real property for the provision of maintenance of equipment servier for equipment used in provision of freight service (including mail and express) and special train service;

(f) to have reasonable access over the real property to permit the exercise of the foregoing Easement; and

(g) to assign, transfer or lease any of its right under the Grantor's Easement to third parties with the

consent of Grantee.

The exercise of this Easement and right shall be subject to the following terms, provisions, qualifications and limitations:

(i) the operation of passenger trains shall take preference over the operation of trains operated pursuant to the Grantor's Easement;

(ii) in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantee's planned use of the real property unreasonably interferes with Grantor's Easement, the Grantee shall have the option at its sole cost of providing Grantor with a reasonable alternative means of exercising its Easement in which event Grantee's planned use shall be deemed not to interfere with Grantor's Easement;

(iii) the Grantor's exercise of its rights under this Easement shall not unreasonably interfere with the Grantee's use or planned use of the real property; provided, however, that in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantor's planned use of the real property unreasonably interferes with Grantee's use or planned use of the real property, the Grantor shall have the option at its sole cost of providing Grantee with a reasonably alternative means of permitting Grantee's utilization or planned utilization of the real property in which event Grantor's planned use shall be deemed not to interfere with Grantee's use or planned use.

(iv) Grantor's rights under the Easement shall terminate as to any portion of the real property in the event that Grantor's contract or common carrier freight service is abandoned or is not utilized for Grantor's freight service for a period of four years.

TO HAVE AND TO HOLD the rail property and the easements and rights hereby conveyed to the Grantee, the successors and assigns

BOOK 1438 PAGE 528 M3253TC 281

of the Grantee forever, free and clear of any liens or encumbrances insofar as said rail property, easements and rights were conveyed to Grantor so free and clear by Grantor's immediate predecessors in title, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved by the Grantor in Paragraph C above, (ii) the easements and rights reserved and excepted from the conveyance of this real property to the Grantor by the Grantor's immediate predecessors in title; and (iii) all existing easements or agreements of record, public or private, with respect to the real property herein conveyed.

THE GRANTOR HEREBY COVENANTS that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely described the real property and the easements and rights conveyed by this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

THE GRANTEE HEREBY COVENANTS that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely described the real property and the easements and rights reserved and excepted from this conveyance or intended so

to be in order to carry out the intent of this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

ALL OF THE COVENANTS of the Grantor and Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

THE words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this instrument so requires and whether signular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

IN WITNESS WHEREOF, the said Grantor has caused this deed to

be duly executed the day and year first herein written.

THIS DEED IS MADE BY AND BETWEEN

FAIRFAX LEARY,

AS TRUSTEE OF THE PROPERTY OF

THE UNITED NEW JERSEY RAILROAD AND CANAL COMPANY, DEBTOR

("Grantor"), whose address is 1404 Mt. Pleasant Road, Villanova, Pennsylvania 19085

AND

CONSOLIDATED RAIL CORPORATION,

a corporation organized and existing under the laws of the Commonwealth of Pennsylvania ("Grantee"), whose address is 1818 Market Street, Philadelphia, Pennsylvania 19103.

WHEREAS, the Debtor is a railroad in reorganization under Section 77 of the Federal Bankruptcy Act, 11 U.S.C. Sec. 205, and is a railroad in reorganization as that term is defined in the Regional Rail Reorganization Act of 1973 (Public Law 93-236, 87 Stat. 985), as amended ("Act"); and

WHEREAS, by orders of the United States District Court for the Eastern District of Pennsylvania entered in Docket No. 70-347-A the above-named individual was duly appointed and is now serving as Trustee of the property of the Debtor; and

WHEREAS, the United States Railway Association, pursuant to Section 209 (c) of the Act, has certified to the Special United States District Court established pursuant to Section 209 (b) of the Act ("Special Court"), that the rail properties of the Debtor hereinafter described (except those hereinafter reserved and excepted) are to be transferred by the Grantor to the Grantee; and

WHEREAS, pursuant to Section 303 (b) (1) of the Act, the Special Court has ordered the Grantor to convey to the Grantee all of the Grantor's right, title and interest in such rail properties, free and clear of any liens or encumbrances as provided in Section 303 (b) of the Act;

NOW, THEREFORE, pursuant to the Order of the Special Court, the Grantor hereby grants and conveys to the Grantee:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the

County of Union, State of New Jersey

as described in Exhibit A attached to this Deed as a part hereof, together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 45 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Railroad Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and items belong or appertain to the real property hereinafter reserved and excepted.

B. 1. The easements and rights to use, operate, maintain, repair, renew, replace and remove on, under, over and across the real property hereinafter reserved and excepted ("Grantor's Burdened Property"), any and all lines, poles, pipes, appliances, equipment, structures, facilities and appurtenances (each an "Easement Item") existing on and used or useful as of the date of delivery of this Deed as a part of any railroad communication, signal or interlocker system or as a part of any electric, telephone, telegraph, water, gas, steam, sanitary sewer, storm sewer or other utility system, together with the easement of reasonable access over the Grantor's Burdened Property to permit the exercise of the foregoing easements and rights, and the easement for lateral support of the real property conveyed by this Deed.

2. The easements and rights for the specific uses, if any, (each an "Easement Item") particularly described in Exhibit B attached to this Deed as a part hereof and burdening certain real property hereinafter reserved and excepted.

3. The Grantee shall give the Grantor reasonable notice before entering on the Grantor's Burdened Property to exercise the easements and rights conveyed in this Paragraph B, and shall exercise such easements and rights (a) so as not to interfere unreasonably with the use and enjoyment of the Grantor's Burdened Property, (b) in compliance with generally applicable reasonable requirements established from time to time by the Grantor and (c) so as not to increase materially the burden on the Grantor's Burdened Property existing on the date of delivery of this Deed. The Grantee shall indemnify and save the Grantor harmless from any loss, damage or expense arising from the exercise of the foregoing easements and rights, without regard to negligence on the part of the Grantor or the Grantee. Upon request of and at the expense of the Grantor, the Grantee shall execute and deliver to the Grantor a deed or other instrument releasing the Grantee's rights in any part of the Grantor's Burdened Property that is not used or reasonably needed by the Grantee in the exercise of the easements and rights conveyed in this Paragraph B.

4. If the location of any Easement Item would interfere with any proposed use or sale of any part of the Grantor's Burdened Property, the Grantor may, at the Grantor's expense and after obtaining the Grantee's written consent, relocate the interfering Easement Item or cause the same to be relocated. Such consent will be granted unless (a) the Easement Item cannot be relocated as proposed by the Grantor without unreasonable interference to the Grantee's operations or without damage to the integrity of the system of which the Easement Item is a part or (b) the Grantee will not have reasonable access to the relocated Easement Item. If the Grantee has previously released its easements and rights in any real property as provided in Paragraph B. 3. and a relocated Easement Item falls, in whole or in part, within the area that has been so released, the Grantor and the Grantee shall exchange the following instruments promptly after the relocation is completed:

(a) The Grantor shall execute and deliver to the Grantee a supplementary deed of easement which conveys to the Grantee with respect to the relocated Easement Item the easements and rights described in this Paragraph B.

(b) The Grantee shall execute and deliver to the Grantor a deed or other instrument of release as provided in Paragraph B. 3.

5. The Grantor shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with all deeds and other instruments delivered pursuant to this Paragraph B.

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. All the respective right, title and interest of the Grantor, legal and equitable, in and to the real property described in Exhibit B attached to this Deed as a part hereof, but subject, however, to (a) the limitation of access thereto across the real property conveyed by this Deed as hereinafter provided and (b) the easements and rights conveyed pursuant to Paragraph B above.

D. 1. The easements and rights to use, operate, maintain, repair, renew, replace and remove on, under, over and across the real property conveyed by this Deed ("Grantee's Burdened Property"), any and all lines, poles, pipes, appliances, equipment, structures, facilities and appurtenances (each an "Easement Item") existing on and used or useful as of the date of delivery of this Deed as a part of any railroad communication, signal or interlocker system or as a part of any electric, telephone, telegraph, water, gas, steam, sanitary sewer, storm sewer or other utility system, together with the easement of reasonable access over the Grantee's Burdened Property to permit the exercise of the foregoing easements and rights, and the easement for lateral support of the real property reserved and excepted from this conveyance.

2. The easements and rights for the specific uses, if any, (each an "Easement Item") particularly described in Exhibit B to this Deed and burdening certain real property conveyed by this Deed.

3. The Grantor shall give the Grantee reasonable notice before entering on the Grantee's Burdened Property to exercise the easements and rights reserved and excepted in this Paragraph D, and shall exercise such easements and rights (a) so as not to interfere unreasonably with the use and enjoyment of the Grantee's Burdened Property, (b) in compliance with generally applicable reasonable requirements established from time to time by the Grantee and (c) so as not to increase materially the burden on the Grantee's Burdened Property existing on the date of delivery of this Deed. The Grantor shall indemnify and save the Grantee harmless from any loss, damage or expense arising from the exercise of the foregoing easements and rights, without regard to negligence on the part of the Grantee or the Grantor. Upon request of and at the expense of the Grantee, the Grantor shall execute and deliver to the Grantee a deed or other instrument releasing the Grantor's rights in any part of the Grantee's Burdened Property that is not used or reasonably needed by the Grantor in the exercise of the easements and rights reserved and excepted in this Paragraph D.

4. If the location of any Easement Item would interfere with any proposed use or sale of any part of the Grantee's Burdened Property, the Grantee may, at the Grantee's expense and after obtaining the Grantor's written consent, relocate the interfering Easement Item or cause the same to be relocated. Such consent will be granted unless (a) the Easement Item cannot be relocated as proposed by the Grantee without unreasonable interference to the Grantor's operations or without damage to the integrity of the system of which the Easement Item is a part or (b) the Grantor will not have reasonable access to the relocated Easement Item. If the Grantor has previously released its easements and rights in any real property as provided in Paragraph D. 3. and a relocated Easement Item falls, in whole or in part, within the area that has been so released, the Grantor and the Grantee shall exchange the following instruments promptly after the relocation is completed:

(a) The Grantee shall execute and deliver to the Grantor a supplementary deed of easement which conveys to the Grantor with respect to the relocated Easement Item the easements and rights described in this Paragraph D.

(b) The Grantor shall execute and deliver to the Grantee a deed or other instrument of release as provided in Paragraph D. 3.

5. The Grantee shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with all deeds and other instruments delivered pursuant to this Paragraph D.

E. All mineral rights owned by the Grantor in any parcel as to which an interest in the surface is not conveyed by this Deed.

TO HAVE AND TO HOLD the real property and the easements and rights hereby conveyed to the Grantee, free and clear of (a) any liens or encumbrances as provided in Section 303 (b) of the Act and (b) any and all easements and rights of access to the real property reserved and excepted from this conveyance across the real property conveyed by this Deed (except as otherwise provided in this Deed), even if such easements and rights would otherwise arise by reason of necessity, implication or other operation of law, statute, ordinance, rule or regulation of any governmental entity, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved and excepted in Paragraph D above, (ii) all existing licenses, easements, leases (other than those which may have been created to secure payment of a financial obligation), and operating, trackage right and joint facility agreements and (iii) Operating Rights Grants, if any, from the Grantor to a third party conveyed concurrently with this conveyance and identified in Exhibit B to this Deed.

The Grantor hereby covenants that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely describe the real property and the easements and rights conveyed by this Deed or intended so to be in order to carry out the intent of this Deed in light of the designations contained in the Final System Plan which has been certified to the Special Court by the United States Railway Association pursuant to the Act, and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

The Grantee hereby covenants that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely describe the real property and the easements and rights reserved and excepted from this conveyance or intended so to be in order to carry out the intent of this Deed in light of the designations contained in such Final System Plan, and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

By acceptance of this Deed, the Grantee (a) agrees to perform each of the obligations imposed on the Grantee by the terms of this Deed, and (b) assumes and agrees to perform and observe all obligations and conditions on the part of the Grantor or the Grantor's predecessor in title to be performed or observed that arise or accrue after the date of delivery of this Deed under all licenses, easements, leases (other than those which may have been created to secure payment of a financial obligation) and operating, trackage right and joint facility agreements (subject, however, to the terms thereof) which are conveyed by this Deed and under those to which this conveyance is made subject, provided that the Grantee assumes no obligation or liability that arises after the date of delivery of this Deed out of any event, act or failure to act that occurred prior thereto and, where an obligation or liability is related to a period which is both before and after such date, the Grantee assumes only that portion of the obligation or liability which is reasonably allocable to the part of the period after such date. Concurrently with the delivery of this Deed, the Grantee is delivering to the Grantor a separate instrument executed by the Grantee acknowledging receipt and acceptance of this Deed and affirming the provisions of this paragraph.

All of the covenants of the Grantor and the Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

The words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this Deed so requires and, whether singular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

This conveyance and the specific covenants of the Grantor are made by the Grantor as Trustee of the property of the Debtor, and not individually, and this conveyance is made without covenants of title or any warranties express or implied.

IN WITNESS WHEREOF, the Grantor has executed this Deed this 31st day of March, 1976.

DEED OF EASEMENT

THIS DEED AGREEMENT, made this 12th day of August, 1981, by and between the National Railroad Passenger Corporation with offices at 400 North Capitol Street, N.W., Washington, D.C. 20001, a District of Columbia corporation (hereinafter "Grantor") and the Elizabethtown Water Company, a public utility corporation of the State of New Jersey with offices at One Elizabethtown Plaza, Elizabeth, New Jersey 07207 (hereinafter "Grantee"),

WITNESSTH that, in consideration of the sum of Seven Thousand Five Hundred Dollars ($7,500.00) and the further sum of Five Hundred Dollars ($500.00) as a document preparation fee, and other good and valuable consideration, the receipt whereof is hereby acknowledged, the Grantor does hereby grant and confirm to the Grantee for the installation and maintenance of a forty-eight inch (48") sub-surface water main and for no other use or purpose whatsoever, a perpetual easement over all that certain parcel of land situate adjoining the Grantor's right-of-way in the City of Linden, County of Union and State of New Jersey more particularly described as follows:

BEGINNING in the southwesterly line of Wood Avenue, South at a point therein distant 137.55 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, South from its intersection with the northwesterly line of Linden Avenue, West and from said beginning point running; thence (1) south 34 degrees 48 minutes 48 seconds west a distance of 247.03 feet to a point in the southeasterly line of land of Amtrak; thence (2) south 48 degrees 05 minutes west along the aforesaid southeasterly line of Amtrak a distance of 9.64 feet to a point in the northeasterly line of Penn Place said point being 80.0 feet measured northwesterly along the aforesaid northeasterly line of Penn Place from its intersection with the aforementioned northwesterly line of Linden Avenue, West; thence (3) north 41 degrees 55 minutes west along the aforesaid northwesterly line of Penn Place a distance of 18.274 feet to a point; thence (4) north 34 degrees 48 minutes 48 seconds east parallel with and 20.0 feet northwesterly measured at right angles to the first course of this description a distance of 254.17 feet to a point in the aforementioned southwesterly line of Wood Avenue, South; thence (5) South 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, South a distance of 20.09 feet to the point and place of beginning.

Containing 5,100 square feet or 0.1171 acres all as more particularly shown in yellow outline on the plan designated Exhibit "A" attached hereto and made a part hereof.

Reservations, Exceptions and Conditions:

1. That Grantor, its employees, agents, servants, contractors, invitees, licensees, and the like at any and all times shall have the right to move engines and railroad cars over and across Grantor's adjoining right-of-way, together with the right to maintain the said right-of-way as now constructed, or as may be hereafter constructed, with the further right at any and all

times to enter upon said premises for the purpose of operating, maintaining, repairing or replacing, relocating, removing and renewing said right-of-way or any improvements thereon; (1)

2. That Grantor shall not be liable to Grantee or its employees, servants, agents, contractors, licensees, invitees or the like for any loss, injury, damage or impairment which may occur to the person or property of any of them while on or about the said premises; (2)

3. That Grantee shall reimburse, compensate and pay Grantor the costs, damages, and losses of any kind whatsoever to Grantor's railroad right-of-way, its improvements and appurtenances, arising or resulting directly or indirectly from any use, construction, enjoyment or occupation under this easement, including, but not limited to, vehicle collisions, fires, transportation of flammable or explosive commodities or fluid drainage on or over said easement; (3)

4. That Grantee shall be responsible for, and will indemnify, save harmless and defend Grantor against and from any and all claims and suits for, and any and all liability, loss or expense arising from, or incidental to, or in connection with, damage to, or loss of any property of Grantor, Grantee, the agents, servants, licensees, contractors, invitees or employees of either, or any other person and indemnify against and from any and all claims and suits for, any and all liability, loss or expense arising out of, or incidental to or in connection with injury to or death of persons, including agents, servants, contractors, licensees, invitees or employees of Grantor or Grantee, or any other person, if said damage, loss, injury, or death shall arise in any manner, directly or indirectly, out of, or incidental to, or in connection with the granting of this easement or the use or occupation thereof, including any appurtenant walkways, curbs or gutters; (4)

5. That Grantee shall, at its sole cost and expense procure, provide, and deliver to the Railroad and thereafter maintain in effect for the duration of this easement, public liability insurance, as well as contractual liability insurance covering all liabilities assumed by the Grantee hereunder, without exception or restriction of any kind. Said insurance shall be in limits of not less than Two Million Dollars ($2,000,000.00) single limit, bodily injury, death and/or property damage whether of the Grantee, the Railroad, or others, and shall contain a waiver of subrogation against Railroad, and said insurance shall be with such companies and in such form as shall be acceptable to the Railroad. Said insurance shall be endorsed to provide that the Railroad will be notified in writing by the insurance carrier at least thirty (30) days in advance of any cancellation or changes which modify the coverage provided thereunder. The providing of such insurance shall not be deemed a limitation on the liability of Grantee as provided herein, but shall be additional security therefor. (5)

Grantee shall have the right to self insure, to fulfill its obligations under this Article, in lieu of procuring and maintaining the above mentioned insurance policies. (5.1)

6A. That Grantor shall not be liable or obligated to assume or pay any assessments, costs, charges or expenses in connection with the construction, re-construction, use, maintenance or renewal of said water main, appurtenances or facilities necessary thereto, affecting or benefitting in any way any land of said Grantor;

6B. That Grantor shall have the unlimited right to use the land hereinbefore described in any manner whatsoever, provided that such usage does not interfere in any way with the easement rights herein granted;

6C. That in the event said 48-inch water main and appurtenant facilities are hereafter assessed for any levy or taxes, the Grantee shall and will assume and pay all such levies or taxes on the said 48-inch water main and appurtenant facilities directly to the proper taxing authority imposing such taxes;

6D. That said Grantor shall have the right to make any direct connection to said 48-inch water main and appurtenant facilities in accordance with Grantee's normal and standard regulations, or have the right to have a smaller size water line installed to service Grantor's property, all at Grantee's sole cost and expense;

6E. That Grantee shall, upon final installation of said 48-inch water main, restore the surface of the aforementioned premises to their pre-existing condition including, but not limited to, proper grading and drainage as well as asphalt covering, all at the sole cost and expense of the Grantee, and within 30 days of commencing construction.

7. That Grantee, prior to any construction work, repairs or improvements to the premises, shall give thirty (30) days' prior written notice to, and shall submit plans and specifications to Railroad and obtain the written approval thereof by the Chief Engineer of Railroad before any work or alteration of the premises is performed; except that the thirty day notice to Grantor shall not be required for emergency repairs and minor repairs to the roadway surface; (7)

8. That Grantee, in the event this easement shall terminate for any reason, shall restore the land to its former condition upon the option of the Grantor, including, but not limited to, leveling and filling the earth, removing barricades and fences, and shoring up the railroad right-of-way if the right-of-way or any improvements thereon or appurtenances thereto have been weakened or damaged as a direct or indirect result of any use of said easement; (8)

9. That Grantee shall, at its sole cost and expense, make necessary repairs to the premises for its proper upkeep and maintenance and will keep

the area of the easement in constant good order, repair and safe condition, including, but not limited to open areas, landscaping, drainage, pavement, and sidewalks or walkways thereon; (9)

10. That Grantee shall at its sole cost and expense arrange for, and procure necessary electricity, water or other utility service required for Grantee's use; (10)

11. That Grantee shall not assign, transfer, sell or otherwise attempt to convey or encumber this easement, or any part of said premises, without the prior written consent of Grantor; (11)

12. That any failure, omission, neglect or dereliction by Grantee in complying with the Reservations, Exceptions and Conditions herein contained shall be sufficient justification for Grantor at Grantor's sole discretion and in accordance with any terms or conditions it may establish, to terminate and determine the easement granted hereunder; (12)

13. That the Reservations, Exceptions and Conditions hereunder shall run with the land and inure to the benefit of Grantor, its successors and assigns binding and obligating Grantee its successors and assigns, for as long as the premises shall be subject to this easement, provided, however, that if the premises described herein shall be utilized or occupied for any other purpose than incident to supplying the City of Newark with water then this easement shall immediately cease, terminate and expire; (13)

14. That any notice or communication required to be given hereunder shall be deemed sufficiently served or rendered to Grantee if, in writing, delivered or sent by registered or certified mail to Grantee addressed to Norbert Wagner - Chief Engineer, Elizabethtown Water Company, P. O. Box 111, Plainfield, New Jersey 07061 or such other address as Grantee shall designate by written notice; provided however, that any notice or communication required hereunder from Grantee to Grantor must be served by registered or certified mail addressed to the National Railroad Passenger Corporation, 400 North Capitol Street, N. W., Washington, D.C. 20001, attention: Real Estate Department, or at such address as Grantor may designate by written notice; (14)

15. That no termination or expiration of this agreement shall obligate Grantor to refund any portion of the consideration or compensation paid by Grantee for the granting of this easement; (15)

IN WITNESS WHEREOF, the parties hereto freely have set their hands and affixed their seals in execution hereof, as of the day and year first above written.

Date:

PERMIT TO ENTER UPON PROPERTY

File:

PERMISSION is hereby granted to Elizabethtown Water Company with offices at One Elizabethtown Plaza, Elizabeth, New Jersey hereinafter called "Permittee" to enter property of the National Railroad Passenger Corporation, hereinafter called "Railroad", for the purpose of water main construction in the City of Linden, in the County of Union and State of New Jersey under the following terms and conditions:

1. LOCATION AND ACCESS.

FIRST - Beginning in the southwesterly line of Wood Avenue, south at a point therein distant 158.04 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, south from its intersection with the northwesterly line of Linden Avenue, west and from said beginning point running; thence (1) south 34 degrees 48 minutes 48 seconds west a distance of 254.17 feet to a point in the northeasterly line of Penn Place said point being 98.274 feet measured northwesterly along the aforesaid northeasterly line of Penn Place from its intersection with the aforementioned northwesterly line of Linden Avenue, West; thence (2) north 41 degrees 55 minutes west along the aforesaid northeasterly line of Penn Place a distance of 10.274 feet to a point; thence (3) north 34 degrees 48 minutes 48 seconds east parallel with and 10.0 feet northeasterly measured at right angles to the first course of this description a distance of 252.78 feet to a point in the aforementioned southwesterly line of Wood Avenue, south; thence (4) south 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, south a distance of 10.074 feet to the point and place of beginning.

Containing 2,535 square feet or 0.0582 acres, and

SECOND - BEGINNING in the southwesterly line of Wood Avenue, South at a point therein distant 100.0 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, south from its intersection with the northwesterly line of Linden Avenue, west and from said beginning point running; thence (1) south 40 degrees 28 minutes 21 seconds west along the southeasterly line of land of Amtrak a distance of 156.55 feet to a point; thence (2) north 41 degrees 55 minutes west a distance of 1.64 feet to a point; thence (3) south 48 degrees 05 minutes west still along the lands of Amtrak a distance of 90.36 feet to a point; thence (4) north 34 degrees 48 minutes 48 seconds east a distance of 247.03 feet to a point in the aforementioned

southwesterly line of Wood Avenue, south; thence (5) south 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, South a distance of 37.95 feet to the point and place of beginning.

Containing 5,656 square feet or 0.1298 acres.

2. LIABILITY. Permittee shall indemnify, defend and save harmless the Railroad from and against any and all detriment, damages, losses, claims, demands, suits, costs or expenses which the Railroad may suffer or sustain or be subject to, directly or indirectly, caused either wholly or in part by reason of work performed on the Railroad's property by Permittee and/or its contractor.

3. CONSIDERATION. ~~Permittee will pay to the Railroad the sum of One Hundred Dollars ($100.00) as a compensation for the preparation of this permit, payable in advance upon execution of this permit.~~

4. STARTING OF USE OF PROPERTY. Permitee or its contractor shall notify the Chief Engineer of the Railroad, or his designee, at least seven (7) days in advance before entering upon or starting any work upon Railroad property. No entry or use of Railroad property will be permitted until this permit is signed, charges thereunder paid, and permission received from the Chief Engineer's designee who will be A. C. Erickson located at Suburban Station, Philadelphia. Telephone number 215-895-7505.

5. RAILROAD OPERATIONS. All operations shall be carried on in such a manner so as not to interfere with Railroad property and operation or the use of any Railroad Facilities. If, in the opinion of the Chief Engineer of the Railroad, or his designee, conditions warrant at any time, the Railroad will provide flag service and protection at the expense of the Permittee, and Permittee agrees to pay to the Railroad the full cost and expense therefor.

6. CROSSING TRACK. In no event shall Employees, equipment or material cross a track or tracks without special permission and with at least notice of forty eight (48) hours in advance, so that the Railroad may arrange for the necessary flag protection at the expense of the Permittee and Permittee agrees to pay to the Railroad the full cost and expense therefor. Such permission shall be obtained from the Chief Engineer of the Railroad or his designee.

7. CLEARANCES. All equipment working on or material in use upon the property of the Railroad shall be kept at all times not less than ten (10) feet from the nearest rail of any mainline track, or as subsequently modified in writing by the Chief Engineer or his designee. The Permittee and/or its contractor shall conduct its operations so that no part of its equipment shall foul an operated track, transmission, signal or communication lines, or any other structure of the Railroad.

29 03 122

8. RESTORATION OF PREMISES. Upon completion of the work, the Railroad's property shall be left in a condition satisfactory to the Railroad. This includes, without limitation, the restoration immediately of any fences removed.

9. TERM OF PERMIT. The Railroad reserves the right to revoke this permit at any time. Unless subsequently modified, this permit shall extend thirty (30) days from the date construction of said water main commences at which time it shall expire automatically. The Permittee agrees to notify the Railroad when use of the property or work is completed. Under no circumstances shall this temporary permit be construed as granting the Permittee any right, title or interest of any kind or character in, on or about the land or premises of the Railroad.

10. (a) INSURANCE. Before any work is started on Railroad property, Permittee or his contractor shall furnish the Chief Engineer of the Railroad, or his designee, with evidence of its Workmen's Compensation, Public Liability and Property Damage Coverages, as specified in Sections 1, 2, and 3 of the attached addendum entitled "MAINTENANCE AND PROTECTION OF RAILROAD TRAFFIC".

11. This permit shall be subject to the execution of a lease agreement between Permittee and the Railroad within 20 days of the date of execution hereof.

To confirm your acceptance of the above conditions, please return one signed copy of this permit to this office at National Railroad Passenger Corporation, Attn: Real Estate Department, 400 North Capitol Street, N.W., Washington, D.C. 20001. The second copy may be retained for your file.

Northeast Corridor Operations

INSURANCE REQUIREMENTS

In addition to any other forms of insurance or bonds required under the terms of the contract and specifications, the contractor will be required to carry insurance of the following kinds and amounts:

1. Contractor's Public Liability and Property Damage Liability Insurance

The contractor shall furnish evidence to the (State, City or as the case may be) that, with respect to the operations he performs, he carries regular contractor's public liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of one person, and subject to that limit for each person, a total limit of two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of two or more persons in any one accident, and regular contractor's property damage liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of an injury to or destruction of property in any one accident and, subject to that limit per accident, a total (or aggregate) limit to two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property during the policy period.

If any part of the work is sublet, similar insurance shall be provided by or in behalf of the subcontractors to cover their operations.

2. Contractor's Protective Public Liability and Property Damage Liability Insurance

The contractor shall furnish evidence to the (State, City, or as the case may be) that, with respect to the operations performed for him by subcontractors, he carries in his own behalf regular contractor's protective public liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of one person, and, subject to that limit for each person, a total limit of two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of two or more persons in any one accident, and regular contractor's protective property

damage liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property in any one accident and, subject to that limit per accident a total (or aggregate) limit of two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property during the policy period.

3. Railroad Protective Liability and Property Damage Liability Insurance

In addition to the above, the contractor shall furnish evidence that, with respect to the operations he or any of his subcontractors perform, he has provided Railroad Public Liability Insurance (AAR-AASHTO Form) in the name of National Railroad Passenger Corporation and Consolidated Rail Corporation providing for a limit of not less than $2,000,000 single limit, bodily injury, for damages arising out of injuries to, or death of, all persons in any one occurrence and $2,000,000 single limit, property damage for damage to, or destruction of, property, including the loss of use thereof, in any one occurrence. No aggregate shall apply for either bodily injury or property damage.

The insurance hereinbefore specified shall be carried until all work required to be performed under the terms of the contract is satisfactorily completed as evidenced by the formal acceptance by the Chief Engineer of Amtrak. Failure to carry or keep such insurance in force until all work is satisfactorily completed shall constitute a violation of the contract.

The contractor shall furnish to the railroad company signed copy of the policy for contractor's public liability and property damage liability insurance, also signed copy of the policy for railroad protective public liability and property damage liability insurance prior to entry upon railroad right-of-way. If any work is subcontracted, the contractor shall furnish signed copy of the policy for contractor's protective public liability and property damage liability insurance.

All certificates shall be endorsed to provide 10 days notice to Amtrak by the insurance company before any change in or cancellation of the policies.

DEED OF ENCROACHMENT EASEMENT AND NON-EXCLUSIVE RIGHT OF WAY

Richard P. Hatfield
RECEIVED & RECORDED
UNION COUNTY, N.J.
JAN 11 11 45 AM '82
3276 772

This Deed of Easement is made by and between

The State of New Jersey
acting by and through the New Jersey Transit Corporation (Grantor), with an address at Market Street and McCarter Highway, Newark, New Jersey

AND

The Township of Cranford,
County of Union, State of New Jersey (Grantee),
with address at 8 Springfield Avenue, Cranford, New Jersey

Whereas, the Grantor is the owner in fee simple of certain railway property situate in the Township of Cranford, County of Union and State of New Jersey, said property formerly being owned by the Consolidated Rail Corporation and identified as the CNJ Main Line and the Line Code 0201 in the records of the United States Railway Association and recorded in the Union County Clerk's Office in Book 3253, pg. 276, a portion of which property is situated between rail station 815+90 and rail station 812+40; and

Whereas, the Grantee is the owner in fee simple of a parcel of land adjoining Grantor's above described property, said parcel more particularly described in the deed between Central Jersey Industries, Inc. and the Township of Cranford attached hereto (Exhibit A); and

Whereas, there exists on Grantee's said parcel of land a concrete block building, delineated on a map, dated June 4, 1979, prepared by Sailer and Sailer, Engineers-Land Surveyors, with an address at 215 Westfield Avenue, Elizabeth, New Jersey and annexed hereto as Exhibit B; and

Whereas, the Grantee is desirous of an encroachment easement consisting of the right and privilege to use, maintain, and repair the encroaching corner of said building; and

Whereas, the Grantor has agreed, in consideration of $500.00 paid by the Grantee, to grant to the Grantee an easement for the encroaching corner of said concrete block building together with a non-exclusive right to enter onto Grantor's property for the purpose and in the manner hereinafter expressed;

NOW this Deed witnesseth that in consideration of the sum of Five Hundred Dollars ($500.00), lawful money of the United States of America, unto it well and truly paid by the Grantee at or before the sealing and delivery of this Deed, the receipt of which is hereby acknowledged, the Grantor does by these presents grant unto the Grantee, its successors and assigns a perpetual encroachment easement on Grantor's property described above in order to use, maintain, repair and remove that corner of the above-mentioned concrete building which encroaches upon Grantor's said property, subject to the reservations and covenants hereinafter set forth, together with a non-exclusive right to enter upon Grantor's property adjoining said concrete block building for the sole purpose of maintaining, repairing or removing said building and for no other purpose; said easement

and right of way being on, over and across that certain plot, piece or parcel of land situated in the Township of Cranford, County of Union, State of New Jersey and described as follows:

BEGINNING at a point in the second course of the tract conveyed by Central Jersey Industries, Inc. to the Township of Cranford and described in Exhibit A, distant therein northeasterly 212.46 feet from the beginning of second course of said tract; thence (1) along said second course north 72 degrees 24 minutes 35 seconds east 59.64 feet to the beginning of third course of said tract; thence (2) along said third course north 57 degrees 42 minutes 34 seconds east 5.77 feet; thence (3) south 10 degrees 23 minutes east 9.62 feet; thence (4) south 79 degrees 37 minutes west 64.42 feet to the point and place of BEGINNING, said description being in accordance with a survey made by Sailer & Sailer, Engineers-Land Surveyors, dated June 4, 1979 and attached hereto as Exhibit B;

Reserving to the Grantor the right to cross said ensement and right of way with additional railroad tracks and to operate, maintain and modify its railroad within the limits of the easement and right of way.

TO HAVE AND TO HOLD such encroachment easement and right of way here by granted unto Grantee, its successors and assigns as appurtenant to the said land of Grantee so long as said concrete block building shall exists, and no longer; the easement and right of way shall terminate automatically upon the removal or destruction of said building. Should said building be removed or destroyed the easement and right of way herein granted shall revert to the Grantor.

The Grantee hereby covenants with the Grantor that

a. the Grantee, its successors and assigns, shall maintain the said concrete block building in reasonably good condition and repair until removal or destroyed;

b. the Grantee, its successors and assigns, shall pay any and all taxes and assessments imposed on said building, including those imposed upon that portion of said building which encroaches upon Grantor's property;

c. the Grantee shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with this deed;

d. the Grantee understands that the proximity of its premises, said concrete block building, and its property to the railroad tracks on Grantor's adjoining land involves some risk, and it is therefore agreed that the Grantee, its successors or assigns, as part of the consideration for the easement granted herein, shall assume as to said building and contents and as to property of any kind located along the right of way granted herein by the Grantee, its agents, servants, employees, all risk of loss, damage or destruction arising from the exercise of the foregoing easement and right of way; and the Grantee, its successors and assigns shall defend, indemnify, protect and save harmless the State of New Jersey, the New Jersey Transit Corporation, Consolidated Rail Corporation, the New Jersey Department of Transportation, their agents, servants and employees from and against any and all loss, damages, suits, claims, demands or expense arising from the exercise of the foregoing easement and right of way, without regard to negligence on the part of any of the aforesaid parties and entities;

e. the Grantee agrees that the Grantor shall have no liability for any loss, property or personal damages, or expenses resulting to the Grantee its successors, assigns or any agents, employees, officials, sevants, invitees or licensees arising out of the

exercise of the foregoing easement and right of way;

f. the Grantee shall carry comprehensive general liability insurance for personal and property damage which shall cover all claims arising out of the possession, use and maintenance of said building including that portion of the building which encroaches upon the Grantor's property. Said insurance shall be maintained in force by the Grantee, its successors or assigns until the termination of the easement herein granted. The foregoing insurance coverage is not intended to nor does it limit the liability of the Grantee to hold the State of New Jersey and New Jersey Transit Corporation harmless;

g. the Grantee shall exercise the easements and rights granted herein so as not to interfere unreasonably with the proper and safe use, operation and enjoyment of the Grantor's property. Grantee shall, at its own cost and expense, furnish any necessary precautions so that persons, equipment and materials are kept a safe distance away from the tracks of the Grantor's railroad;

h. the Grantee shall notify Grantor of any successors to or assigns of the right and authority herein granted by the Grantor.

All of the covenants of the Grantor and the Grantee shall be deemed to be real covenants and shall run with the land as long as the above building exists.

IN WITNESS WHEREOF, the said Grantor has caused this Agreement to be duly executed this 2 day of December, 1981.

EXHIBIT A

102—DEED - BARGAIN AND SALE
CORP. TO IND. OR CORP.

This Deed,

made the 8th day of April, 19 80 .

Between

CENTRAL JERSEY INDUSTRIES, INC.

a corporation existing under and by virtue of the laws of the State of New Jersey having its principal office at Gateway 1 - Room 501 of Newark in the City of Essex and State of New Jersey herein designated as the Grantor,

And

TOWNSHIP OF CRANFORD

residing or located at 8 Springfield Avenue of Cranford in the County of in the Township of Union and State of New Jersey hereinafter designated as the Grantee,

Witnesseth, that the Grantor, for and in consideration of TWO HUNDRED SIXTY NINE THOUSAND, FIVE HUNDRED DOLLARS ($269,500)*

lawful money of the United States of America, to it in hand well and truly paid by the Grantee, at or before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, and the Grantor being therewith fully satisfied, does by these presents grant, bargain, sell and convey unto the Grantee, forever,

All that tract or parcel of land and premises, situate, lying and being in the Township of Cranford in the County of Union and State of New Jersey, more particularly described as follows:

BEGINNING at a point in the southerly line of North Avenue East at the easterly line of land now or formerly of Charles L. Bell conveyed to him by Central Railroad Company of New Jersey by Deed Book 803 Page 559, said point being 380.00 feet westerly along said line of said North Avenue East 380 feet from the westerly line of land conveyed by Central Railroad Company of New Jersey to David O. Evans by Deed Book 2220 Page 235, and from said beginning point running thence (1) along the said line of Bell South 10 degrees 08 minutes 00 seconds East 190.00 feet; thence (2) north 72 degrees 24 minutes 35 seconds East 272.00 feet; thence (3) North 57 degrees 42 minutes 34 seconds East 86.70 feet to the westerly line of land now or formerly of Elberon Development Co., Inc.; thence (4) along the same North 10 degrees 08 minutes 00 seconds West 127.0 feet to the said southerly line of North Avenue East; thence (5) along the same south 79 degrees 52 minutes 00 seconds West 350.00 feet to the point and place of BEGINNING.

The Grantor herein is the Successor in Interest to title of The Central Railroad Company of New Jersey pursuant to Order No. 965 of the Federal District Court for the District of New Jersey, said Order having been filed on September 13, 1979.

*In addition, by acceptance of this Deed, Grantee agrees to assume any liabilities for taxes, interest and penalties thereon assessed against the subject premises and to hold Grantor harmless with respect to same.

BEING known as Block 319 Lot 10 on the tax maps of the Township of Cranford, New Jersey.

Order No. 965 of the Federal District Court for the District of New Jersey was recorded in the office of the Register of Union County, New Jersey in Book 3203 at Page 636.

Together with all and singular the buildings, improvements, ways, woods, waters, watercourses, rights, liberties, privileges, hereditaments and appurtenances to the same belonging or in anywise appertaining; and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and of every part and parcel thereof; **And also** all the estate, right, title, interest, use, possession, property, claim and demand whatsoever, of the Grantor both in law and in equity, of, in and to the premises herein described, and every part and parcel thereof, with the appurtenances. **To Have and to Hold** all and singular, the premises herein described, together with the appurtenances, unto the Grantee and to Grantees' proper use and benefit forever.

In all references herein to any parties, persons, entities or corporations, the use of any particular gender or the plural or singular number is intended to include the appropriate gender or number as the text of the within instrument may require.

Wherever in this instrument any party shall be designated or referred to by name or general reference, such designation is intended to and shall have the same effect as if the words "heirs, executors, administrators, personal or legal representatives, successors and assigns" had been inserted after each and every such designation.

In Witness Whereof, *the Grantor has caused these presents to be signed and attested by its proper corporate officers and its corporate seal to be hereto affixed the day and year first above written.*

(1) PARTY OR LEGAL REPRESENTATIVE (See Instructions #3, 4 and 5 on reverse side)

Deponent, EDWARD J. TOY (Name), being duly sworn according to law upon his/her oath deposes and says that he/she is the Attorney for the Township of Cranford, the Grantee (Name whether Grantor, Grantee, Legal Representative, Corporate Officer, Owner, or Other Relationship to Parties)

in a deed dated December 2, 1981 transferring real property identified as Block No. a portion of 319

Lot No. 10 located at North Avenue East, Cranford, Union County, New Jersey. (Property Address - Street name, Municipality) and annexed hereto.

(2) CONSIDERATION (See Instruction #6)

Deponent states that, with respect to deed hereto annexed, the actual amount of money and the monetary value of any other thing of value constituting the entire compensation paid or to be paid for the transfer of title to the lands, tenements or other realty, including the remaining amount of any prior mortgage to which the transfer is subject or which is to be assumed and agreed to be paid by the grantee and any other lien or encumbrance thereon not paid, satisfied or removed in connection with the transfer of title is $500.00.

(3) FULL EXEMPTION FROM FEE Deponent claims that this deed transaction is fully exempt from the Realty Transfer Fee imposed by c.49, P.L. 1968, for the following reason(s). Explain in detail (See Instruction #7.) Mere reference to exemption symbol is not sufficient.

(b) Deed is to the Township of Cranford.

(4) PARTIAL EXEMPTION FROM FEE *NOTE: All boxes below apply to grantor(s) only. ALL BOXES IN APPROPRIATE CATEGORY MUST BE CHECKED. Failure to do so will void claim for partial exemption. (See Instruction #8)*

Deponent claims that this deed transaction is exempt from the increased portion of the Realty Transfer Fee imposed by c. 176, P.L. 1975 for the following reason(s):

a) SENIOR CITIZEN (See Instruction #9)
- ☐ Grantor(s) 62 yrs. of age or over.*
- ☐ One or two-family residential premises.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ No joint owners other than spouse or other qualified exempt owners.

b) BLIND (See Instruction #8)
- ☐ Grantor(s) legally blind.*
- ☐ One or two-family residential premises.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ No joint owners other than spouse or other qualified exempt owners.

c) DISABLED (See Instruction #8)
- ☐ Grantor(s) permanently and totally disabled.*
- ☐ One or two-family residential premises.
- ☐ Receiving disability payments.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ Not gainfully employed.
- ☐ No joint owners other than spouse or other qualified exempt owners.

*IN THE CASE OF HUSBAND AND WIFE, ONLY ONE GRANTOR NEED QUALIFY.

d) NEW CONSTRUCTION (See Instruction #8)
- ☐ Entirely new improvement.
- ☐ Not previously used for any purpose.
- ☐ Not previously occupied.

Deponent makes affidavit to induce the County Clerk or Register of Deeds to record the deed and accept the fee submitted herewith in accordance with the provisions of c. 49, P.L. 1968.

Subscribed and Sworn to before me
this 2nd
day of December, 19 81.

GRANT OF EASEMENT

THIS EASEMENT AGREEMENT, made this 10th day of October, 1995, between CONSOLIDATED RAIL CORPORATION, a Pennsylvania Corporation, with its principal office at Two Commerce Square, 2001 Market Street, Philadelphia, PA., 19101 ("Grantor"), and BUCKEYE PIPE LINE COMPANY, L.P., a Delaware Limited Partnership, with its principal offices at 3900 Hamilton Boulevard, Allentown, PA., 18103 ("Grantee").

WHEREAS, Grantor, or one or more of its predecessors, entered into separate license agreements, set forth in Appendix A, attached hereto and made a part hereof, with Grantee or its predecessors to permit the construction, installation, maintenance, and use of certain crossings and occupations described in said Appendix over, across, along, or under the land and tracks of Grantor at various locations in the County of Union, State of New Jersey ("Agreement" or "Agreements"); and

WHEREAS, the Agreements generally provide for annual payments; and

WHEREAS, the parties hereto desire to replace the Agreements with one permanent and irrevocable easement document and to establish the terms and conditions under which this Grant of Easement may be extended to cover the installation of new or additional facilities upon the property of Grantor by Grantee;

NOW, THEREFORE, Grantor, for and in consideration of Thirty One Thousand Eight Hundred Sixty Five and 05/100 Dollars ($31,865.05), the receipt of which is hereby acknowledged, and in further consideration of Grantee keeping and performing the covenants and conditions hereinafter stated on the part of Grantee to be kept and performed, does hereby grant unto Grantee, to the extent the title of Grantor so permits, an easement in its property for the purposes stated in the second paragraph on this page, namely, the right to maintain, repair, renew, replace, use and remove the facilities, which easement shall encumber only the physical space and dimensions actually required for the current physical facilities now existing pursuant to the Agreements. Such facilities in their present form or as modified pursuant to any provision of this Easement Agreement, together with any appurtenances thereto are hereinafter referred to singularly as the "FACILITY" and collectively as the "FACILITIES".

TOGETHER WITH the right of ingress and egress to and over said property, and any adjoining land of Grantor, insofar as necessary for the construction, maintenance, repair, alteration, renewal, use and removal of the FACILITIES, which activities shall be conditioned on proper notification to Chief Engineer Construction of Grantor or his designee, hereinafter referred to as "Chief Engineer."

1.1 The location and construction plans referred to in the Agreements shall continue to apply to the FACILITIES, and no change shall be made therein, including (but not limited to)

Prepared by _____ of Consolidated Rail Corporation, Philadelphia, PA

changes in location, nature, size, number, or use of any FACILITY without the prior written consent of the Chief Engineer, which consent shall not be unreasonably withheld.

1.2 The work of construction, maintenance, repair, alteration, modification, renewal, relocation, replacement, and removal of the FACILITIES (all hereinafter referred to as "Work") shall be done by, and at the sole cost and expense of, Grantee in a manner satisfactory to, and approved by, the Chief Engineer, which approval shall not be unreasonably withheld, and shall not interfere with the proper and safe use and operation of the property or operations of Grantor; provided, however, that if any governmental entity having jurisdiction over the FACILITIES has determined or prescribed the manner and means of accomplishing the Work, or any portion thereof, then such requirements shall prevail, to the extent they are more restrictive than Grantor's, and Grantee agrees to comply therewith at all times at its sole cost and expense. The foregoing is not intended to modify or limit the provisions of Section 5, hereof.

1.3 Grantee, at its sole cost and expense, when performing any work in connection with the FACILITIES, shall furnish watchmen to keep persons, equipment and materials a safe distance from the tracks and operations of Grantor.

1.4 In addition to, but not in limitation of, any of the foregoing provisions, if at any time Grantor should deem flagmen or inspectors necessary to protect its operations, property, employees, patrons, or licensees during the course of the Work, Grantor shall have the right to provide and deploy such flagmen or inspectors, and Grantee agrees to bear the full cost (as specified in Section 7 of this Easement Agreement), risk and expense thereof and to promptly reimburse Grantor therefore upon demand. The furnishing or failure to furnish flagmen or inspectors by Grantor shall not release Grantee from any liabilities assumed by Grantee hereunder.

2. It is understood and agreed by the parties hereto, that from time to time hereafter the terms and conditions of this Easement Agreement may be extended to cover the installation and operation thereafter of additional facilities to be installed along, upon, over, under and across the property of Grantor, by Grantee, or if Grantee desires subject to the provisions of Section 1.1, or is required as herein provided, to revise, replace, remove, add to, or engage in new construction, expansion, or changes in the existing FACILITIES (including without limitation any changes in the nature of the product carried by, through, in, or upon the FACILITIES), it shall submit detailed plans, in accordance with current issues of Grantor's specification numbers CE-4 and/or CE-8 and if no longer produced by Grantor, then pursuant to such specifications as may be in effect, and obtain the approval of the Chief Engineer before any Work is commenced, which approval shall not be unreasonably withheld, the terms and conditions of this Easement Agreement shall apply thereto; and Grantor, (i) reserves the right to assess additional charges which Grantee agrees to pay, except Grantee may change the nature of the hydrocarbon, hydrocarbon derivatives or chemical or fuel-related products carried by, through, in, or upon the existing transverse crossing FACILITIES at no additional consideration, except Grantor's standard preparation fee as specified in Grantor's CE-3 Rental Schedule and if it is no longer produced by Grantor, then pursuant to such schedule as may be in effect, and (ii) if applicable, Grantor will provide Grantee with two (2) copies of an "Addendum to Grant of Easement" similar to Appendix "B" attached hereto and made a part hereof. Grantor and Grantee by mutual agreement may change the form of said Addendum as situations warrant.

3.1 Grantee shall be responsible, on its own initiative, for maintaining, repairing and renewing the FACILITIES and in addition, shall, upon notice from Grantor, promptly make such repairs and renewals thereto as may be required by Grantor. In the event of an emergency, Grantee shall take immediate steps to perform any necessary repairs, in which case, Grantee shall provide notification to Grantor of all work performed promptly after its completion, and in the event Grantee fails to immediately take steps to perform the necessary emergency repairs, Grantor shall have the right, but not the obligation, to perform or have such repairs performed at the sole cost and expense of Grantee. It is not the intent of either party hereto to circumvent (and both parties shall seek not to circumvent) the terms of any labor contract between the parties hereto and their respective labor organizations or unions.

3.2 "Emergency", as used herein, shall mean a condition causing an actual interruption to, or interference with, (i) the operation of Grantor's rail transportation business, or (ii) the operation of Grantee's FACILITIES for their intended purposes; also, any condition that (iii) caused or is causing any of loss or injury to any property of Grantor or Grantee and their employees or of any other individual or entity, or (iv) if not immediately corrected, could imminently cause such interruption, interference, loss or injury.

4.1 Grantor shall have the right to inspect the FACILITIES at any time, and to approve the materials used in the Work.

4.2 The right of inspection of the FACILITIES by Grantor shall extend for an appropriate distance on each side of the property of Grantor, inasmuch as the method of performing the Work or the material used therein with respect to the portion of the FACILITIES adjoining the property of Grantor may have a significant impact upon the strength and stability of the portion of the FACILITIES over, under, upon, or in the property of the Grantor.

5. Grantee shall comply with all statutes, rules, regulations, orders, directives, ordinances and similar promulgations of law applicable to the FACILITIES, and shall assume all cost, expense and responsibility in connection therewith, without any liability therefor on the part of the Grantor. Grantee shall indemnify, defend (at Grantor's option) and hold Grantor harmless from and against all costs, fines, penalties and expenses arising from the failure of Grantee to so comply.

6.1 Grantee understands that the railroad operations at or near the FACILITIES involve risk, and Grantee, as part of the consideration for this Grant, and with full knowledge and appreciation of such risk, hereby releases and waives any right to ask for or demand damages of any type, including direct or consequential damages, for or on account of any loss or injury to any property of Grantee and its employees, including property in the care, custody and control of Grantee, and to the FACILITIES and contents thereof that are over, under, upon, or in the property of Grantor, including loss of, or interference with, service or use thereof, except when proved by Grantee to be due directly to the sole negligence of Grantor.

6.2 Grantee shall indemnify, save harmless and defend (at Grantor's option) Grantor from and against all cost and expense arising from, or in connection with, any and all losses, damages, detriments, suits, claims, demands, costs and charges which Grantor may directly or

indirectly suffer, sustain, or be subjected to by reason of the construction, placement, attachment, presence, use, maintenance, repair, alteration, renewal, relocation, replacement, or removal of the FACILITIES, in, on, about, under, over, or from the property of Grantor, whether such loss and damage be suffered or sustained by Grantor or by its patrons, or licensees, or other persons or entities, including Grantee, its patrons and licensees and whether attributable to the act, omission or neglect of Grantor or any other person or entity, except when proved by Grantee to be due directly to the sole negligence of Grantor.

6.3 Notwithstanding anything contained in Section 6.2, and irrespective of any negligence of Grantor, Grantee assumes sole responsibility for, shall indemnify, save harmless, and defend (at Grantor's option) Grantor from and against all claims, actions, or legal proceedings arising, in whole or in part, from (i) the failure of Grantee to comply with any obligations imposed on it by this Easement Agreement, or (ii) any claims, actions, or legal proceedings under the Federal Employer's Liability Act ("FELA") and any amendments to FELA now or hereafter in effect, alleging or claiming, in legal effect, that Grantor in respect to that portion of its land which lies under or near the FACILITIES, failed to correct or guard against an unsafe condition or failed to furnish a safe place to work. Failure by Grantor to make verbal or written complaints to Grantee with respect to: unsafe working conditions, or Grantee's failure to carry out its obligations under this Easement Agreement; or knowledge on the part of Grantor of such unsafe working conditions, or Grantee's failure to carry out its obligations under this Easement Agreement, shall not be deemed to constitute acquiescence therein or waiver of by Grantor or actionable negligence on the part of Grantor.

6.4 If a claim or action is made or brought against either party and for which the other party may be responsible hereunder in whole or in part, such other party shall be notified and permitted to participate in the handling or defense of such matter.

7. Except as provided in Section 9.1 and 9.2 of this Easement Agreement, all cost and expense in connection with or resulting from the Work (as hereinabove defined) shall be borne by Grantee. In the event of Work being performed or material furnished by Grantor under the stipulated right to perform such Work under any section hereof, Grantee agrees to pay to Grantor (a) the actual cost of material plus the current applicable overhead percentages for storage, handling, transportation, purchasing and other related material management expenses, and (b) the actual cost of labor plus the current applicable overhead percentages as developed and published by the Accounting Department of Grantor for fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employer's liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses, including but not limited to, automobile mileage charges then in effect as published by the United States Government. It is understood that such material and labor overhead charges shall be applied at the rates which are effective at the time of the performance of any such work by employees of Grantor. Grantee agrees to pay such bills within thirty (30) days of the presentation thereof by Grantor.

8. In the event Grantee elects to discontinue use of any of the FACILITIES, ("Abandoned Facilities"). Grantee shall, in a manner satisfactory to Grantor, (i) remove the Abandoned Facilities from Grantor's property or abandon them in place, with the approval of the

Chief Engineer, (ii) restore the property, and (iii) deliver to Grantor a release of this Easement Agreement with respect to the Abandoned Facilities in recordable form. If Grantee fails or refuses to remove the Abandoned Facilities within one hundred eighty (180) days after requested to do so by Grantor, Grantor shall (a) have the right, but not the obligation, to remove the Abandoned Facilities at the sole cost and expense of Grantee, and (b) not be liable to Grantee for such removal.

9.1 Grantee shall, at its sole cost and expense (except as otherwise specified below) and commencing within thirty (30) days following receipt of notice from Grantor, take such action as Grantor may specify to strengthen, support, relocate, or otherwise protect or modify any of the FACILITIES and thereafter promptly complete such work. Such requested action shall hereinafter be referred to as a "Modification". If necessary, Grantor shall provide so much of its adjoining land to Grantee as may be available for such Modification without additional compensation from Grantee. The obligation of Grantee to pay for such Modification shall be conditioned upon such Modification being necessary to permit and accommodate changes of grade or alignment and improvement in or additions to the operating facilities of Grantor for the conduct of its railroad business. If such Modification is being required of Grantor by a governmental entity, irrespective of whether such necessity or requirement is temporary or permanent, such Modification shall be done at no expense to Grantor. All Work in connection with any Modification shall comply with and be subject to the terms and conditions of this Easement Agreement.

9.2 With respect to requested Modification(s) for the cost and expense of which Grantee is responsible, Grantor agrees that Grantee shall be given an opportunity to seek and propose alternative courses of action, that, subject to Grantor's approval, would eliminate the necessity of relocating FACILITIES of Grantee. Such alternatives include, but are not limited to the acquisition of additional land at Grantee's sole cost and expense, which could accommodate the relocation or improvement of Grantor's railroad operating facilities for the cost of which Grantee would be fully responsible.

10.1 In the event the FACILITIES consist of electrical power or communication wires and appurtenances, Grantee shall promptly, upon verification that their FACILITIES are causing inductive interference, remedy such inductive interference growing out of, or resulting from the presence, condition or use of, the FACILITIES; and if Grantee fails to do so immediately, then Grantor may do so, and Grantee agrees to pay to Grantor on demand the full cost and expense thereof.

10.2 In the event the FACILITIES consist of an underground occupation, Grantee shall be responsible for any settlement caused to the land, tracks, facilities, and appurtenances of Grantor arising or resulting during the twelve month period subsequent to the completion of all Work. Grantee agrees, in addition to its covenants set forth in Section 6.2 hereof, to pay to Grantor on demand the full cost and expense of correcting such settlement.

11. As further consideration for this Easement Agreement, Grantee shall indemnify, Grantor for, and defend (at Grantor's option) and hold Grantor harmless from and against any liens, assessments, taxes, or charges of any kind made against Grantor or any of its property by

reason of the presence, construction, maintenance, or use of any of the FACILITIES, and Grantee shall pay Grantor, promptly upon bills rendered therefor, the full amount of any such liens, assessments, taxes, or charges rendered against Grantor or any of its property, including penalties, interest, late fees, and the costs to remove or bond any lien, assessment, tax, or charge from official records.

12. The rights herein granted to Grantee are subject to the right of Grantor to make use of its property, or any part thereof and facilities for rail transportation and related purposes and for all other purposes unimpaired by Grantee's FACILITIES and Work associated therewith. Grantor reserves the right to use such property, or any part thereof, for rail transportation and related purposes and for all other purposes which are not inconsistent, and which do not interfere, with, or impair, the rights granted by this Easement Agreement.

13.1 If the Grantee's right to exercise the rights herein granted shall be challenged through legal process by any third party on the grounds that the Grantor did not have sufficient interest to grant such rights, the Grantor consents and agrees, insofar as it may lawfully do so, to the acquisition by the Grantee of the disputed rights by (or in lieu of) the power of eminent domain, but in the event of the exercise of such power by Grantee, such rights shall be subject to and exercised in accordance with the terms and provisions of this Easement Agreement.

13.2 In the event Grantee is unable to acquire such rights by (or in lieu of) eminent domain, as a result of a successful legal challenge, then Grantor shall refund to Grantee, and Grantee hereby agrees to accept, as liquidated damages, that portion of the consideration paid under this Easement Agreement by Grantee that is allocable by proration to the portion or portions of land under this Grant which Grantee is unable to acquire. Grantee hereby irrevocably waives any and all rights it may have to claim any other damages it may suffer by reason of a third party's challenge as set forth in Section 13.1 hereof.

14. The words "Grantor", "Grantee", "party" and "parties" used herein shall include the subsidiaries, affiliates, directors, officers, agents and employees of Grantor and Grantee.

15. The terms and conditions of this Easement Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

16. Grantee shall not commence any Work unless and until the mechanics of construction and all matters related thereto shall have received the approval of the Chief Engineer, which approval shall not be unreasonably withheld.

17. Grantee hereby agrees to pay all costs and fees in conjunction with the filing or recording of this instrument in or with any public place or with any public agency or subdivision and shall provide Grantor a copy of the recorded Easement Agreement.

18. The failure or delay on the part of either party to enforce or exercise at any time any of the provisions, rights or remedies in this Easement Agreement shall in no way be construed to be waiver thereof, nor in any way to affect the validity of this Easement Agreement or any part hereof, or the right of the party to thereafter enforce each and every such provision, right or

remedy. No waiver of any breach or violation of this Easement Agreement shall be held to be a waiver of any other subsequent breach or violation.

19. Every notice, approval, consent, demand or other communication required or permitted under this Easement Agreement shall be deemed sufficiently given by one party when received by the other party after being sent postage prepaid by overnight courier or United States certified or registered mail, addressed as follows:

To Grantor:

Consolidated Rail Corporation
Two Commerce Square
2001 Market Street
P. O. Box 41411 - 11C
Philadelphia, PA 19101-1411
Attention: Chief Engineer Construction

To Grantee:

Buckeye Pipe Line Company
P. O. Box 368
Emmaus, PA 18049-0368
Attention: Manager, ROW & Permits

20. This Easement Agreement shall be construed, governed and enforced in accordance with the laws of the State of New Jersey

21. Any and all obligations, liabilities or covenants which arose, may have arisen or were incurred by either party prior to the execution of this Easement Agreement shall survive to the same extent as if they arose under this Easement Agreement.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound, have caused this Grant to be fully executed the day and year first above written.

SECURITY INTEREST AGREEMENT

This Security Interest Agreement (hereinafter "Agreement"), made on December 12, 2001, is between New Jersey Transit Corporation acting for itself and through its subsidiary New Jersey Transit Rail Operations, Inc. (hereinafter collectively "NJ Transit"), a public instrumentality of the State of New Jersey, with principal offices at One Penn Plaza East, Newark, New Jersey, and the National Railroad Passenger Corporation (hereinafter "Amtrak"), a corporation organized under the Rail Passenger Service Act and the laws of the District of Columbia, with principal offices at Union Station, Washington, DC, hereby referred to collectively as the "Parties."

WHEREAS, Amtrak is the owner of the Northeast Corridor which includes rail property and railroad infrastructure in the States of Pennsylvania, New Jersey and New York, including points between Trenton, New Jersey and Pennsylvania Station, New York City and continuing through to Sunnyside Yard in Queens, New York City; and

WHEREAS, Amtrak is the operator of intercity passenger rail service on the Northeast Corridor pursuant to applicable federal law; and

WHEREAS, Amtrak maintains railroad infrastructure on the Northeast Corridor to enable train equipment and service to operate on the Northeast Corridor; and

WHEREAS, NJ Transit, pursuant to the New Jersey Public Transportation Act of 1979, as amended, and other applicable State and Federal law is authorized to operate commuter rail passenger service carrying passengers in New Jersey and between points in New Jersey and points in other states; and

WHEREAS, the Parties cooperatively provide passenger rail service in the State of New Jersey to and from New York City, New York; and

WHEREAS, the Parties have executed effective December 12, 2001 an Amendatory Agreement to the Parties' "Northeast Corridor Joint Benefit Capital Program Agreement Between New Jersey Transit Corporation and the National Railroad Passenger Corporation" this agreement hereinafter referred to as the "JBA"; and

WHEREAS, pursuant to the Parties' agreement in the JBA, over the period from October 1, 2001 through September 30, 2006, both Amtrak and NJ Transit will jointly contribute on a 50-50 basis a total of three hundred fifty million dollars ($350,000,000) for capital improvement projects to the Northeast Corridor; and

WHEREAS, the capital improvements to the Northeast Corridor that are funded by the Parties under the JBA will be owned by Amtrak and be subject to this Security Interest Agreement; and

MB9788-0951

WHEREAS, in return for its financial investment under the JBA, NJ Transit shall receive under this Agreement the rights to the beneficial use of the JBA capital assets and improvements during a twenty-five year period in which such assets are in use; and

WHEREAS, NJ Transit desires to obtain a security interest in those Northeast Corridor assets that are purchased or improved with NJ Transit funds under the JBA, and Amtrak is willing to grant and convey such a security interest; and

WHEREAS, the Parties hereby desire to consummate and fulfill their respective obligations to enter into a security interest agreement as per the Parties' understanding and intentions in the JBA;

NOW THEREFORE, in consideration of the mutual covenants and conditions herein stated below and in consideration of the mutual covenants and conditions stated in the JBA which is hereby incorporated by reference, and intending to be legally bound thereby, the Parties hereby enter into this Agreement as per the following terms and conditions:

1. Definitions:

(A) **Controlling Event:** The term "Controlling Event" shall mean the dissolution of Amtrak pursuant to Federal law or pursuant to bankruptcy law or the reorganization of Amtrak and where as a result of such dissolution or reorganization, Amtrak, directly or indirectly, no longer owns or no longer controls or operates, the NEC and the JBA Capital Assets, as defined in this Agreement. However, in the event of such a dissolution or reorganization of Amtrak, if a successor entity to Amtrak is legally bound by the terms of this Agreement and the JBA, the dissolution or reorganization of Amtrak shall not be considered a "Controlling Event".

(B) **JBA Capital Assets:** The term "JBA Capital Assets" shall mean the collateral of this Agreement. The "JBA Capital Assets" shall be in the value and amount of $175,000,000 or up to $175,000,000 if NJ Transit's investment under the JBA is in an amount less than $175,000,000. These JBA Capital Assets shall mean any and all NEC property, in the form of personal property, fixtures and/or real property, which is purchased, acquired, created and/or improved with the funds provided by NJ Transit under the JBA subsequent to September 30, 2001 for capital projects as set forth under the JBA. Such "JBA Capital Assets" shall be for various railroad properties or systems and may include such NEC items as machinery, computers, electronic equipment, railroad tracks and ties, railroad equipment, bridges, tunnels, railroad signaling equipment, railroad power equipment, catenary, catenary related equipment, railroad safety equipment, railroad repair equipment, stations, station improvements, structures, fixtures, facilities and any other type of personal or real property necessary for the operation of railroad service on the NEC. The "JBA Capital Assets" are intended by the Parties to improve and enhance the value and operational efficiency of the NEC so that such improvements inure to the benefit of the Parties' railroad operations.

(C) **NEC:** For purposes of this Agreement, the term "NEC" shall mean the Northeast Corridor railroad property owned, operated and maintained by Amtrak commencing at Trenton, New Jersey (including Morris interlocking) and extending through to New York City's

HB9788-1952

Pennsylvania Station and through the East River Tunnels to, and including, Sunnyside Yard in Queens, New York City.

(D) **Security Interest:** The term "Security Interest" shall mean that interest granted by Amtrak to NJ Transit so that NJ Transit shall have all of the rights of a secured party under the Uniform Commercial Code and applicable law. The "Security Interest" shall be subject to and subordinate to the interests of the Federal Government, if any, and of any pre-existing interests of third parties, if any.

2. **Grant of Security Interest by Amtrak to NJ Transit:**

(A) In consideration of the actual payments made by NJ Transit under the JBA for the JBA Capital Assets during the term of the JBA from September 30, 2001 through September 30, 2006, Amtrak hereby grants and conveys to NJ Transit a Security Interest in the JBA Capital Assets. The Parties agree, on an annual basis throughout the term of the JBA, to identify in writing those specific JBA Capital Assets to which the Security Interest will attach as actual Capital Program expenditures against program line items identified on Exhibit 2 of the JBA.

(B) The granted and conveyed Security Interest shall exist, extend and will be valid for a period of twenty-five years from the date each JBA Capital Asset described in Exhibit 2 of the JBA, is placed in service.

(C) For the duration of NJ Transit's Security Interest, Amtrak hereby agrees and covenants that it will not, without the written consent of NJ Transit, sell, assign or otherwise transfer the JBA Capital Assets unless such transfer is for the purpose of satisfying a pre-existing interest, if any, or unless Amtrak obtains a replacement item whose value is equal or greater than that of the JBA Capital Assets item which is transferred.

(D) Upon the occurrence of the Controlling Event, NJ Transit, subject to the pre-existing interests of the Federal Government, if any, or subject to the pre-existing interests of third parties, if any, shall have the right to sell assume or otherwise dispose of that portion of the JBA Capital Assets equal to the value of the, JBA Capital Assets, less depreciation which shall be calculated on a straight-line basis over the twenty-five period of the assets as specified in this Security Interest. In lieu of such sale or disposal, Amtrak (or its successor entity) may, at its option, compensate NJ Transit in an amount equal to the depreciated value of the JBA Capital Assets. Unless and until the occurrence of the Controlling Event, Amtrak shall be entitled to all of the benefits and rights pertaining to the JBA Capital Assets.

3. **Grant by Amtrak to NJ Transit of Beneficial Right to Use the JBA Capital Assets**

(A) In consideration of the payments made by NJ Transit under the JBA for the JBA Capital Assets, Amtrak hereby grants and conveys to NJ Transit the right to enjoy and benefit from the use of the JBA Capital Assets during the twenty-five year life of the JBA Capital Assets, subject to the terms and conditions of the Northeast Corridor Service Agreement between the Parties.

MB9788-0953

4. Amtrak Covenants and Declarations

(A) Amtrak states and declares that this Security Interest Agreement is a valid, legally binding and enforceable agreement of Amtrak.

(B) Amtrak states and declares that this Agreement has been duly authorized by all necessary corporate action on the part of Amtrak and that the execution, delivery and performance of this Agreement will not violate any provision of Amtrak's governing instruments, charter or by laws. Amtrak further states and declares that this Agreement will not violate any provision of the Mortgage dated December 9, 1976 between Amtrak and the United States of America.

5. NJ Transit Covenants and Declarations

(A) NJ Transit states and declares that this Agreement is a valid, legally binding and enforceable agreement of NJ Transit.

(B) NJ Transit states and declares that this Agreement has been duly authorized by all necessary agency action on the part of NJ Transit and that the execution, acceptance and performance of this Agreement will not violate any provision of NJ Transit's governing instruments, governing laws, by laws.

(C) NJ Transit shall not unreasonably oppose any effort by Amtrak to obtain financing secured in whole or in part with any JBA Capital Assets provided that such action will not diminish the value of the Security Interest.

6. Release of Grant of Security Interest

(A) At such time as each JBA Capital Asset item reaches the end of the twenty-five year periods each such item shall be released from this Agreement by NJ Transit. This Agreement shall terminate when all JBA Capital Assets have reached the end of the twenty-five year periods.

7. Successors and Assigns; Recordation

(A) This Agreement and the rights and obligations conferred and imposed hereunder shall be binding on and inure to the benefits of the successors, assigns and transferees of the Parties.

(B) The Parties to this Agreement hereby agree that this Agreement may be recorded by NJ Transit as NJ Transit may deem necessary in the appropriate land records offices in the appropriate offices in Washington, D.C., the States of Pennsylvania, New Jersey and New York. Amtrak shall provide all reasonable assistance to NJ Transit to ensure that this Agreement is accepted for recordation. Costs of recordation shall be borne by NJ Transit.

MB9788-0954

8. **Severability of Provisions**

(A) If any provision of this Agreement or the application of any such provision to any person or circumstance shall be held invalid or unenforceable, the remainder hereof, and the application of such provision to any person or circumstance other than those to which it is held invalid or unenforceable, shall not be invalidated or affected thereby.

9. **Notices**

All notices and other communications hereunder must be in writing. Any notice, request, demand, claim or other communication hereunder shall be deemed duly given it is sent by registered or certified mail, return receipt requested, postage prepaid, and addressed to the intended recipient as set forth below and the United States Postal Service confirms delivery thereof.

EASEMENT AGREEMENT

This **EASEMENT AGREEMENT** ("Agreement"), is made this 6 day of ~~July~~ August, 2018, by and between **NATIONAL RAILROAD PASSENGER CORPORATION**, a corporation organized under 49 U.S.C. §24101 *et seq.* and the laws of the District of Columbia, having its headquarters at 60 Massachusetts Avenue, N.E., Washington, D.C. 20002, ("**Amtrak**" or "**Grantor**") and **NEW JERSEY TRANSIT CORPORATION**, an instrumentality of the State of New Jersey, with an address at One Penn Plaza E, Newark, NJ 07105 ("**Grantee**" or "**NJ TRANSIT**"). Amtrak and Grantee are each referred to individually as a "Party" and collectively as the "Parties."

WITNESSETH:

WHEREAS, Amtrak, a corporation organized under the Rail Passenger Service Act and the laws of the District of Columbia, owns the Northeast Corridor ("NEC") rail line from Washington DC to New York City, NY; and

WHEREAS, NJ TRANSIT is an instrumentality of the State of New Jersey and is authorized to operate rail passenger service in New Jersey and between points in New Jersey and points in other states pursuant to the New Jersey Public Transportation Act of 1979, as amended; and

WHEREAS, NJ TRANSIT operates commuter trains over portions of the NEC; and

WHEREAS, NJ TRANSIT and Amtrak entered into the NEC Services Agreement originally dated May 1, 1985, which has been extended and modified several times to its current term, effective October 1, 2015, which describe the terms and conditions for the provision of and compensation for NJ TRANSIT's operations on the NEC; and

WHEREAS, pursuant to the 900 Day Option Settlement Agreement between the Parties dated December 13, 1982, and by deeds of conveyance dated July 1, 1982 ("900 Day Settlement"), NJ TRANSIT acquired and Amtrak reserved certain NEC facilities and property interests on the NEC; and

DB6280 0976

WHEREAS, in the 900 Day Option Settlement, Amtrak reserved certain railroad property along M.P. 14.5 in the City of Elizabeth, County of Union, State of New Jersey ("Amtrak Property"); and

WHEREAS, in the 900 Day Option Settlement, NJ TRANSIT acquired Parcels 2A, 2B, 2C1, 2D1, 2E1 and 2F1, known as the Elizabeth Station ("NJ TRANSIT Property"); and

WHEREAS, in the 900 Day Option Settlement, NJ TRANSIT also acquired perpetual easements in real property for rail purposes in Parcels E2C2, E2D2, E2E2, E2F2 and E2G, which include the platforms along Elizabeth Station ("Grantee's Easement Property"); and

WHEREAS, on or about 1987, NJ TRANSIT constructed high level platforms, walkways, elevators and stairways on portions of Grantor's property adjacent to Grantee's Easement Property, known as parcels E2H and E2I ("Grantor Property"); and

WHEREAS, Grantee has operated commuter rail service and maintained railroad structures on the NJ TRANSIT Property, Grantee's Easement Property, as well as the structures on Grantor Property; and

WHEREAS, the Parties wish to memorialize the legal relationship of the existing improvements on Grantor Property; and

WHEREAS, Grantee is building a new station building, elevators and stairs in the NJ TRANSIT Property, as well as rehabilitating the existing platforms and stairs on Grantor Property and building additional high level platforms and two ramps on Grantor Property; and

WHEREAS, the Parties executed a Project Initiation Form #184 agreement dated October 10, 2013 ("PI 184") authorizing Amtrak services for the preliminary design of Grantee Improvements, as further defined therein; and

WHEREAS, PI 184 was amended on or about October 24, 2016; and

WHEREAS, the Parties executed Project Initiation Form #184A dated January 19, 2018 ("PI 184A") approving Amtrak services for final design and construction of the Grantee Improvements; and

WHEREAS, Grantee has also requested Amtrak to grant Grantee a perpetual easement over Grantor Property, as more fully described in Exhibits A-1 and A-2, for the limited use purposes as set forth in Section 1 of this Agreement; and

WHEREAS, Amtrak is willing to grant the easement to Grantee pursuant to the terms and conditions of this Agreement; and

NOW THEREFORE, in consideration of the mutual covenants of the Parties hereto and

for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. GRANT OF EASEMENT; USE

1.1. Grant. Subject to the terms and conditions of this Agreement, Amtrak, insofar as it has the power, title and authority so to do, hereby grants to Grantee an exclusive (except as set forth herein), perpetual easement, solely for the uses and purposes set forth below (the "Easement"), on the area (located on the Grantor Property) designated as the "Easement Area" as described on Exhibit A-1 (and depicted on Exhibit A-2), consisting of approximately 0.383 acres +/- for the north side platform and 0.497 acres +/- for the south side platform, for a total easement area of approximately 0.88 acres +/- all as more fully set forth in Exhibits A-1 and A-2 (collectively, the " Easement Area").

Notwithstanding anything else set forth herein, the Parties hereby acknowledge that during the course of the negotiations of this Agreement the definitions of Grantor Property and Easement Area were modified such that they each now describe the same real property. In order to expedite the execution of this Agreement, the Parties agreed that rather than redrafting the entire agreement, the Parties would acknowledge the negotiated change in this subsection.

1.2 Acceptance. Grantee has inspected and accepts the Easement Area in its present condition, AS IS, WHERE IS. To the best of Grantee's knowledge and belief, no statements, guarantees, representations or warranties, either express or implied, with regard to condition, fitness for use, zoning, or as to any matter or thing affecting or related to the Easement Area have been made by Grantor that are not specifically expressed herein, and Grantee is not relying on any statements, guarantees, representations or warranties, either express or implied, not specifically set forth herein. Grantee hereby waives, releases and discharges any claim Grantee may have against Amtrak with respect to the condition of the Easement Area, any defect therein, either patent or latent, the ability or inability to use the Easement Area as contemplated by this Agreement, or any other state of facts which exists with respect to the Easement Area.

1.3 Use. Subject to the terms and conditions of this Agreement, the Easement Area may be used by Grantee in perpetuity for passenger rail purposes, including but not limited to, all right, title and interest that the Grantor may have in and to the following improvements: the platforms, lighting facilities, signs and appurtenances constructed thereon.

2. AMTRAK'S FACILITIES

2.1 Reservation. Amtrak hereby reserves and retains unto itself and its successors and assigns forever the right to install, construct, use, operate, repair, inspect, maintain, renew, reconstruct or relocate any existing or future real or personal property located within, on, below or

above the Easement Area, including but not limited to fixtures; railroad tracks; supports; piers; footings; columns, appliances; equipment; utilities; pipe; conduit or tunnel; and any electric, communication, data, fiber optic or signal transmission lines; together with poles and guys therefor; any water, gas, steam, sanitary sewer, storm sewer or other utility system or lines(any and all of which shall be referred to individually as a "Fixture" and collectively as "Fixtures") as may now exist or may hereafter be placed upon, under or over the Easement Area by Amtrak or its designees. The Easement Area and the Easement are subject and subordinate to any and all such rights and uses, together with the right of Amtrak to enter in, on, above or under the Easement Area for access to permit the exercise of the foregoing rights. Grantee's rights hereunder also are subject to the reservations, requirements and restrictions set forth in Exhibit C of this Agreement. Notwithstanding such reservation, no new Fixtures (other than comparable replacements of existing Fixtures) will be installed that would negatively impact Grantee's operations within the Easement Area. NJ TRANSIT will receive all revenues from advertising located on platforms and ancillary structures attached thereto (such as stairwells and elevators) on the Easement Area. All other advertising operations and revenue is reserved to the Grantor.

2.2 Relocation or Removal of Fixtures. The Parties will coordinate the relocation of existing utilities in the Easement Area as requested by NJ TRANSIT. If Grantee requests the relocation or removal of any Fixture, Amtrak may approve or deny such request in its sole discretion including any conditions if Amtrak elects approval.

2.3 Subordination. The Easement and Easement Area are and shall be subject and subordinate to all existing and future agreements (to which Amtrak is a party) for on-ground, above-ground and below ground telecommunication, fiber optic, pipe and wire, on, under or over the Easement Area, whether such agreements are recorded or not, and Amtrak shall have a permanent right for access to, and installation, operation, use, maintenance, repair, renewal, relocation, inspection, removal and replacement of such commercial fixtures and any technological evolution of such commercial fixtures and the right to retain all consideration therefrom. Notwithstanding the foregoing, any new agreements may not unreasonably interfere with Grantee's operations on the Easement Area.

2.4 Amtrak's Operations. Amtrak reserves and shall retain the right for itself and, its employees, agents, servants, contractors, invitees, licensees, and assigns at all times to park, store and move engines, rolling stock and other equipment on adjacent Amtrak railroad right-of-way, together with the right to maintain the adjacent Amtrak right-of-way as now constructed, or as may be hereafter constructed, with the further right at all times to enter upon the Easement Area for the purpose of operating, maintaining, constructing, installing, repairing, replacing, relocating, removing and renewing the adjacent Amtrak railroad right-of-way or any of Amtrak's improvements thereon.

2.5 Grantee's Operations. Amtrak will exercise its rights and reservations under this Agreement so as not to unreasonably interfere with Grantee's operations on the Easement Area.

3. EASEMENT FEE; COSTS AND EXPENSES

3.1 Easement Fee. Upon execution of this Agreement by Grantee, Grantee shall pay Amtrak Four Hundred Seventy Nine Thousand ($479,000.00) Dollars as fair market value as established by an appraisal as provided by NJ TRANSIT (the "Easement Fee"). The Easement Fee shall be deemed earned in full when paid and shall not be refundable for any reason.

3.2 Costs. In addition to the Easement Fee, Grantee shall pay promptly when due all costs, fees, interest, charges, expenses, reimbursements, and obligations of every kind and nature whatsoever relating to this Agreement and the Easement.

3.3 Recordation Taxes and Fees. Grantee shall be responsible for all transfer and recordation tax, recording fees, and any and all other costs and expenses associated with the granting or recordation of this Agreement.

3.4 Real Estate and Use Taxes. Grantee shall pay any tax or assessment (or any payments imposed in lieu thereof) levied, assessed, or imposed upon Amtrak, the Amtrak Property, the Easement Area, or the Grantee Improvements (as such term is defined in Article 5 of this Agreement) based on or arising out of the ownership, value, use, occupation or operation of the Easement Area or the Grantee Improvements. Amtrak is exempt from state and local taxes pursuant to 49 U.S.C. §24301(l). The obligation to make any payments pursuant to this Article will survive the termination of this Agreement.

4. GRANTEE'S EASEMENT AREA MAINTENANCE AND OBLIGATIONS

4.1 No Interference with Amtrak. Grantee shall use the Easement Area in a careful, safe and orderly manner so as not to interfere in any way with the maintenance or operation of the business of Amtrak or of its licensees or with any Fixtures used in the business of Amtrak or of its licensees. Except in emergency circumstances, when no advance notice is necessary, Amtrak shall provide NJ TRANSIT with thirty days' advance notice of any work performed by Amtrak or its licensees on the Easement Area or that may impact Grantee's operations in the Easement Area.

4.2 Permits and Licenses. Grantee, at its sole cost and expense, shall obtain all applicable permits and licenses for its use of the Easement Area.

4.3 Maintenance and Repair. Grantee, at Grantee's sole cost and expense, shall keep the Easement Area and all aspects of all improvements placed thereon by Grantee in good order, repair and condition. Grantee shall be responsible for all snow and ice removal from the Easement Area. Grantee shall be responsible for damage to the Fixtures, if any, arising from or out of the use by Grantee of the Easement Area, whether or not Grantee may have acted negligently. Grantee shall immediately repair any damage done to any facilities comprising or protecting the Easement Area, if any, occurring from the elements, vandalism or damage by other causes. If Grantee fails

to do so, Grantee shall pay to Amtrak all costs imposed, incurred by Amtrak or both for damage resulting from such failure, which obligation shall survive the termination of this Agreement.

4.4 No Waiver. If Amtrak at any time makes any repairs, renewals or alterations to Amtrak's Fixtures, such action shall not constitute a waiver of Grantee's obligations relative to maintenance and repairs to the Easement Area and the Fixtures pursuant to Section 4.3. Grantee also shall pay to Amtrak upon demand all fees and expenses, including reasonable attorneys' fees, incurred in connection with Amtrak enforcing its rights to make any repairs, maintenance, renewals or alterations to the Easement Area.

4.5 Grantee Improvements. Grantee shall keep all Grantee Improvements (as such term is defined in this Agreement), and any associated equipment or improvements constructed or placed upon the Easement Area by Grantee, in good order, repair and safe condition, it being understood and agreed that all such Grantee Improvements are the personal property of Grantee, and Grantee shall continue to own all Grantee Improvements after the termination of this Agreement, except as provided otherwise in Section 13.2 of this Agreement.

4.6 Utilities. Grantee, at its sole cost and expense, shall arrange for and obtain all necessary utility services required for its use. Nothing in this Article is intended to nor will be construed to obligate Amtrak to provide any such services.

4.7 Landscaping. Grantee shall maintain in a neat and healthy condition all landscaping, foliage and plant material, if any, within the Easement Area and ensure that they will not extend beyond or overhang the boundary lines of the Easement Area. If Grantee fails to so maintain the landscaping, foliage and plant material, Amtrak may perform or cause to be performed such maintenance and Grantee shall pay for the expenses incurred by or imposed on Amtrak for performing such maintenance within thirty (30) days after a bill is rendered therefor.

4.8 Fence. If, in Amtrak's sole judgment, a fence or barricade is required at any time to separate the Easement Area from the remainder of, or any portion of, the Amtrak Property, Grantee shall, at its sole expense, construct and maintain a fence or barricade, with a lockable gate to be controlled by Amtrak, along the boundary lines of the Easement Area in a location, style, design and construction acceptable to Amtrak. The installation, maintenance and repair of any fence or barricade required by Amtrak shall not unreasonably interfere with Grantee's operations or Grantee's use of the Easement Area.

4.9 Compliance with Laws. The Parties shall comply with all laws, ordinances, rules and regulations and requirements of all Federal, state, local or other governmental authorities and the various departments and quasi-governmental agencies thereof now existing or hereafter created, including without limitation, the Americans with Disabilities Act, so far as the same may affect the Easement Area. In connection therewith, the Parties shall take all actions necessary to comply with said laws, ordinances, rules, regulations and requirements.

4.10 Clearance of Right of Way. In connection with the use of the Easement Area, Grantee shall observe and be bound by the rules of Amtrak with respect to standard clearances for all railroad tracks located on or adjacent to the Easement Area. Grantee further covenants and that it shall not do or permit anything to be done on the Easement Area that will adversely affect the railroad tracks or railroad operations on Amtrak's Property. If Amtrak has knowledge that Grantee is fouling Amtrak's tracks in violation of any such requirements, whether such knowledge is actual or implied, such knowledge will not constitute a waiver and will not relieve Grantee of its obligations to indemnify Amtrak for all liability and claims resulting from any such violations.

5. GRANTEE IMPROVEMENTS

5.1 The Parties previously executed PI 184 and PI 184A approving Grantor services for the design and construction of Grantee Improvements. In the event the terms or conditions of PI 184 or PI 184A conflict with this Agreement, the terms and conditions of this Agreement shall control. However, a discrepancy shall not be deemed a conflict if it is possible to comply with each PI and agreement.

5.2 Submittal of Plans. Prior to disturbing any soil or commencing any excavation, construction, alteration, modification, repairs or improvements on, under, over or to the Easement Area, ("Grantee's Work") Grantee shall submit to Amtrak plans (including, without limitation, design drawings and specifications, schedules, estimates of costs and such other matters as Amtrak may request) (the "Plans") of Grantee's proposed improvements to the Easement Area (as and when constructed, together with Grantee's existing improvements within the Easement area, "Grantee Improvements").

5.3 Review of Plans. Amtrak may accept or reject the Plans in Amtrak's sole discretion. As a condition to any approval of the Plans, Amtrak may require Grantee to execute, and cause its contractors to execute, all documents required by Amtrak, including, but not limited to, force account agreements, permits to enter, preliminary engineering agreements (including, but not limited to, PI(s) issued under any master agreement between the Parties), site access agreements, ("Engineering Agreements"). In connection with the Plan review, the Grantor, in its sole discretion, will consider waiving the requirement of design and construction engineering agreements, PTEs and certain other items ordinarily required in connection with work on Grantor Property if the Grantor determines that such work, including the construction of drainage facilities, even if poorly designed and/or constructed, would likely not negatively impact Grantor's operations and/or infrastructure. Grantee shall pay for all costs related to Amtrak's review of Plans in accordance with the invoices and schedules that Amtrak provides. Plans that Amtrak approves shall be the "Approved Plans". Grantee acknowledges that Amtrak has other work commitments and demands that may preclude Amtrak from reviewing the Plans according to Grantee's schedule and agrees that Amtrak will not be held liable for any damages whatsoever related to delays to Grantee's schedule or Grantee's Work due to any delay in the approval of the Plans.

5.4 Cost and Performance. Grantee shall ensure that Grantee's Work (i) is performed at no cost to Amtrak and (2) conforms to the Approved Plans and the Engineering Agreements. If Amtrak determines that conditions so warrant at any time, Amtrak will provide flagmen, watchmen, inspectors, or other personnel who are deemed necessary in the opinion of Amtrak for the safeguarding of Amtrak's railroad operations and Amtrak Property, at the sole cost and expense of Grantee, and Grantee shall pay to Amtrak the full cost and expense therefor. Engineering Agreements may contain provisions, including without limitation, indemnity and insurance provisions that are more or less stringent than the requirements in this Agreement. Any default or breach of the Engineering Agreements will constitute a default and breach of this Agreement. Grantee shall, and shall cause its contractors to comply with, the Engineering Agreements, and all of Amtrak's then current safety, operations, security, environmental and engineering procedures.

6. LIENS AND CHARGES

6.1 Discharge of Liens. Neither Grantee's work nor any other work of any nature performed by Grantee related to the Easement Area is intended to be or will be deemed to be for the use or benefit of Amtrak. Grantee shall not permit a mechanic's or other lien to be filed against any property or interest of Amtrak. If any such lien is filed, Grantee shall, within twenty (20) days of the attachment of any such lien or encumbrance, discharge or cause such lien to be discharged.

6.2 No Consent. Nothing in this Agreement will be deemed or construed in any way as giving Grantee any right, power or authority to contract for or permit the rendering of any services or the furnishing of any materials that would give rise to the filing of any lien against the Easement Area or any part thereof, nor as evidencing Amtrak's consent that the Easement Area may be subject to any mechanic's, laborer's or materialman's lien.

7. SIGNS

Permitted Signage. Grantee, at its sole cost, may place signs relating to its commuter rail service, including but not limited to, advertisements, vehicular and pedestrian traffic, safety and security in the Easement Area. Grantee shall comply with all applicable laws, rules, and regulations of all governmental agencies having jurisdiction thereof and pay all permit and license fees relating to the placement of any Grantee signs.

8. HAZARDOUS USE

8.1 Insurance Requirements. Grantee shall comply with all applicable regulations, recommendations, rules and requirements of Amtrak and any insurance carrier which insures or participates in insuring the Easement Area. Grantee shall not permit any article to be brought upon or any act to be done upon or about the Easement Area that will cause cancellation of any policy of insurance thereon or increase rates for such insurance beyond those usually charged for similar properties used for the purpose herein authorized.

8.2 Explosive or Flammable Materials. Without limiting the generality of the foregoing, except for gasoline for use in the gas tanks of the motor vehicles of Grantee's employees and contractors, Grantee shall not use or keep gasoline, dynamite or other explosive or flammable materials in any form upon the Easement Area, or bring upon, store or allow to be stored upon the Easement Area any materials of a dangerous or highly flammable nature or of such nature as to cause an extra fire risk or hazard, and will comply with all such reasonable rules and regulations as Amtrak may prescribe, looking to prevention of fires and compliance with insurance policies.

9. ENVIRONMENTAL

9.1 "Environmental Law" Defined. For the purpose of this Agreement, "Environmental Law" means, without limitation, all applicable laws, statutes, codes, acts ordinances, orders, judgments, decrees, injunctions, and requirements of all federal, state and local governments, departments, commissions, boards, bureaus, courts, authorities, agencies, officials and officers, relating in any manner or way to:

(a) soil, water, air, noise, other environmental standards or

(b) the control and/or abatement of environmental pollution and/or environmental hazards, which now or at any time hereafter may be applicable, or claimed to be applicable, whether or not the claim is or is not determined to be well-founded.

9.2 Compliance with Environmental Law. Grantee shall use and maintain the Easement Area in full compliance with Environmental Law. Grantee shall not store or permit to be stored any hazardous waste on the Easement Area. If Grantee fails to comply with any Environmental Law, Amtrak may, after giving Grantee reasonable notice of such failure, and in addition to any other remedies hereunder or at law or in equity, act to bring the Easement Area into compliance, and Grantee shall repay to Amtrak all costs incurred by Amtrak in connection therewith including, but not limited to, fines, consulting, engineering, construction, evacuation, excavation, removal, remediation and legal costs. In the event of emergency or lawful government order, Amtrak may bring the Easement Area into compliance immediately at Grantee's expense. In such event, Amtrak will notify Grantee as soon as feasible of the emergency and/or governmental order, and provide Grantee with the opportunity to participate in all necessary actions to bring the Easement Area into compliance.

9.3 Remedies. If Grantee fails to comply with any Environmental Law, in addition to any other remedies it may have hereunder or at law or in equity, Amtrak may act to bring all affected portions of the Easement Area into compliance. Grantee shall repay to Amtrak all costs incurred by Amtrak in connection therewith. Amtrak will notify Grantee before undertaking action but in the event of emergency or lawful government order, Amtrak retains the right to bring the affected portions of the Easement Area into compliance immediately at Grantee's expense. In such event, Amtrak will notify Grantee as soon as feasible of the emergency and/or governmental

order, and provide Grantee with the opportunity to participate in all necessary actions to bring the affected Easement Area into compliance.

9.4 Notice of Non-Compliance with Environmental Law. In the event Grantee's use of the Easement Area causes a condition of non-compliance to occur (including but not limited to instances of spills), Grantee shall notify Amtrak of such condition, including: The nature of the non-compliance, the reporting (if any) of the condition to the appropriate governmental agency, and the actions undertaken by Grantee to cure the non-compliance. Such notice to Amtrak will be made as soon as practicable, but in no instance will it be more than two days following the event of non-compliance.

9.5 Soil Disturbance Prohibited.

9.5.1 Grantee (and its contractors and agents) shall not disturb the soil or perform any environmental or geotechnical testing on the Easement Area for any reason without (i) notifying Amtrak of its desire to do so; (ii) discussing the nature and extent of the proposed soil disturbance or testing with the Amtrak Environmental and Sustainability Group (or its successor); (iii) presenting a proposed testing and sample collection and analysis plan to Amtrak for its review and approval; (iv) obtaining the express permission of Amtrak to conduct the agreed-to soil disturbance or testing; and (v) indicating if any such test results require either notification or submission to a federal, state or local regulatory agency. Amtrak shall have the right, but not the obligation, to be present at any and all such soil disturbance or testing activities and to take split samples.

9.5.2 Grantee shall immediately provide Amtrak with a copy of the test results at no cost to Amtrak.

9.5.3 Any contractor engaged by Grantee to perform such soil disturbance or testing shall execute Amtrak's temporary permit to enter agreement before performing any such activities.

9.5.4 Grantee, its contractors and agents shall comply with all applicable federal, state, and local laws, regulations, ordinances, and orders concerning the environment and/or waste generation and disposal. At all times, they shall employ best management practices ("BMPs") in connection with the performance of their work. As used herein, the term "BMPs" means effective, practical, structural and/or nonstructural methods which prevent and/or reduce the movement of sediment, nutrients, pesticides and other pollutants from the land to surface and/or groundwater, and/or which otherwise protect air, soil and water quality from potential adverse effects.

9.5.5 If the soil disturbance or the environmental or geotechnical tests performed on the Easement Area indicate contamination of Amtrak property (or property adjoining Amtrak property) at levels requiring reporting, further investigation, testing, monitoring and/or remediation as required by the New Jersey Department of Environmental Protection, the United States Environmental Protection Agency or any other regulatory agency of competent jurisdiction ("Environmental Activities"), all such Environmental Activities within the Easement Area shall be at the sole cost and expense of Grantee, regardless of the extent thereof, and regardless of whether any action of Grantee (or its contractors or agents) caused or contributed to the contamination or condition.

9.5.6 Grantee shall promptly inform Amtrak of all communications with any governmental authority relating to any such Environmental Activities, and Amtrak shall be invited to attend any relevant meetings. Grantee shall provide Amtrak with all plans and/or submissions for any such Environmental Activities and Amtrak shall have the right to approve such plans and/or submissions prior to their implementation. Grantee will promptly provide Amtrak with a copy of any waste manifests, and such waste manifests shall in no event identify Amtrak as a generator. Amtrak reserves the right to require Grantee to provide to Amtrak a copy of the results of any further tests conducted by or for Grantee on any such wastes. Amtrak also reserves the right to review and approve the disposal site for any such wastes. Grantee (and its contractors and agents) shall dispose of all waste and contamination using their own EPA generator number(s). In no event shall Amtrak be identified as the generator. Grantee will promptly provide Amtrak with a copy of any waste manifests.

9.5.7 Amtrak retains the right to alter, suspend, cancel or otherwise modify Grantee's project work schedule pending the resolution of any of the above environmental issues. Amtrak shall not be held responsible for any claims related to any such changes in Grantee's schedules, including without limitation, claims related to damages resulting from any such delays or cancellations.

9.5.8 Amtrak may notify Grantee of any known or suspected noncompliance with the foregoing provisions and the action to be taken. Grantee shall, after receipt of such notice, promptly take corrective action in accordance with all applicable federal, state and local requirements. If Grantee fails or refuses to comply promptly, Amtrak may issue an order stopping all or part of the project work until satisfactory corrective action has been taken. In addition, Amtrak may immediately undertake necessary corrective actions; the cost and expense of all such actions shall be borne by Grantee. No claims by Grantee for reimbursement related to costs and expenses charged to Grantee for

corrective actions undertaken by Amtrak, nor time lost due to any such orders, shall be made the subject of a claim for excess costs or damages by Grantee.

9.6 Environmental Conditions Report. Grantee shall pay for all costs and expenses associated with the performance of an "Environmental Conditions Report" of the Easement Area, which may be required at Amtrak's sole discretion, upon the expiration or other termination of this Agreement. Such Environmental Conditions Report, conducted by Amtrak or a recognized engineering firm at Amtrak's discretion, will be for the purpose of determining the extent of any environmental impairment caused by Grantee's use and occupancy of the Easement Area.

9.7 Survival. The provisions of this Article will survive the termination of this Agreement.

10. INDEMNIFICATION

10.1 Amtrak will, without regard to negligence or fault, indemnify and hold NJ TRANSIT harmless from and against any and all claims for liability for personal injury, death or property damage by Amtrak employees arising in the course of their employment and by ticketed Amtrak passengers whose claims arise as a result of an act or occurrence on the Easement Area.

10.2 Each party will, without regard to negligence or fault, indemnify and hold the other harmless from and against any and all claims for liability for personal injury, death or property damage by any person (other than employees or ticketed passengers of a Party) alleging injury or damage occurring on the Grantor Property maintained by that Party as set forth herein. For the purposes hereof, the Easement Area shall be deemed to be maintained by NJ TRANSIT.

10.3 NJ TRANSIT will, without regard to negligence or fault, indemnify and hold Amtrak harmless from and against all claims for liability for personal injury, death or property damage by NJ TRANSIT employees arising in the course of their employment or by ticketed NJ TRANSIT passengers whose claims arise as a result of an act or occurrence on the Easement Area.

10.4 Each Party agrees to provide the other prompt notice of all claims or suits wherein the other Party is or may be liable under this indemnity provision. Each Party agrees further to provide an indemnifying party full cooperation in the investigation of defense of any claim or suit covered herein.

11. INTENTIONALLY DELETED

12. INSURANCE

Procurement and Maintenance of Insurance. The Grantee shall procure and maintain or cause its contractors to procure and maintain, at all times during the term of this Agreement, at its own cost and expense, the insurance specified below. All insurance required pursuant to the terms hereof ("Required Insurance") shall be placed with insurance carriers licensed to do business in the state where the Easement Area is located. The Grantee shall furnish a certificate of insurance giving evidence of the Required Insurance coverage prior to the exercise of this Agreement and on an annual basis thereafter. All Required Insurance shall provide for thirty (30) days' prior written notice to be given to the Grantor in the event coverage is substantially changed, canceled, or non-renewed. No acceptance of an insurance certificate required hereunder shall constitute or be construed as a waiver of the insurance requirements of this article, which shall be and remain the sole responsibility of the Grantee as to compliance therewith. If this Agreement exceeds five (5) years, the Grantor reserves the right to periodically reasonably modify the conditions/limits of insurance listed herein to maintain coverage in accordance with railroad industry standards with forty-five (45) days notice to Grantee. The Required Insurance shall be as follows:

(a) General Liability/Railroad Liability Insurance. General Liability or Railroad Liability insurance covering the Grantee, and the employees, officers, agents, contractors, subcontractors, and representatives of the Grantee on a primary basis with the following limits and for the following risks and hazards:

(1) Excess Liability insurance covering third party claims against and liabilities of Grantee, its agents, and employees for property damage, bodily injury, personal injury and death for which the Grantee is required to indemnify the Grantor with a combined single limit not less than the liability ceiling set forth in 49 U.S.C. Section 28103(a)(2) [or a liability cap set forth in a successor or similar statute], as adjusted from time to time by the United States Secretary of Transportation (or such successor or similar officer).

(2) Intentionally Deleted.

(3) The Required Insurance shall include, but not by way of limitation:

(A) Contractual Liability coverage endorsed to confirm that this Agreement is an insured contract under the policy(ies) with no exclusion or restriction related to railroad operations or work within fifty (50) feet of a railroad;

(B) Cross Liability endorsement;

(C) Premises/Operations;

(D) Products/Completed Operations;

(E) Independent Contractors;

(F) Sudden and Accidental Pollution (30/90);

(G) Punitive and Exemplary Damages shall not be excluded, or the policies may be silent regarding such damages;

(H) Certified and Non-certified Terrorism; and

(I) Any Explosion Collapse, and Underground (X-C-U) exclusions.

(4) The Grantor and its employees, officers, agents, contractors, subcontractors, representatives, and commuter agencies and railroads operating in the vicinity of the Easement Area (collectively with Grantor, "Additional Insured Parties") shall be endorsed as additional insured on all policies comprising the Required Insurance.

(5) Intentionally Deleted.

(6) In the event that the policy limits for the Required Insurance are satisfied by a combination of primary and excess policies in "layers," all excess policies shall provide that they drop down in the event of reduction or exhaustion of underlying policy limits.

(7) Intentionally Deleted.

(8) If any of the Required Insurance (that is not required to be provided on an occurrence basis) is provided on a claims-made or occurrences-reported basis, then, in addition to coverage requirements above, such policy shall provide that:

(A) The retroactive date shall coincide with or precede the effective date of this Agreement, or the effective (inception) date of the first such policy that was written on a claims-made or occurrences-reported basis. If any insurance that was previously written on a claims-made or occurrences-reported basis is subsequently written on an occurrence basis,

the Grantee shall procure "prior acts" coverage on the new occurrence policy(ies) with a retroactive date, and with effect for all occurrences not known or reported under the preceding claims-made and occurrences reported policies.

(B) The policy shall allow for the reporting of circumstances or incidents that might give rise to future claims; and

(C) If claims-made or occurrences-reported insurance is terminated for any reason, the Grantee shall purchase an extended reporting provision of at least two (2) years to report claims and occurrences arising from the Easement, unless such coverage is not commercially available, in which case a shorter extended reporting provision will be mutually agreed to by Amtrak and NJ TRANSIT.

(b) Property Insurance. All risks property insurance, covering all damage to the Grantee property. Coverage will be on a replacement cost basis and also include coverage for train derailment or overturn, flood and earthquake.

(c) Automobile Insurance. Automobile liability insurance covering all automobiles owned, leased, rented, or used by the Grantee, its contractors, agents and employees, in connection with this Agreement or any operations or activities incidental thereto. Such insurance shall provide auto liability insurance coverage with combined single limits of no less than two million dollars ($2,000,000) per accident or occurrence for bodily injury and property damage liability.

(d) Workers Compensation and Employers Liability Insurance. The Grantee - will require and ensure that its contractors and subcontractors to carry workers compensation insurance in accordance with the laws of New Jersey covering all applicable employees. Such insurance shall include Employers Liability coverage with limits of no less than one million dollars ($1,000,000) each employee or accident. If the Grantee or any of its contractors or subcontractors are considered a railroad(s) subject to the provisions of the Federal Employers Liability Act ("FELA") rather than state workers compensation laws, the employers liability insurance or excess liability insurance shall be endorsed to provide coverage for FELA benefits and liabilities, and the required limits shall be increased to not less than fifty million dollars ($50,000,000) per occurrence.

(e) Construction and Maintenance Activities. Prior to the commencement of any development, construction, reconstruction, maintenance, or repair activities on the Easement Area, the Grantee, will require their contractors and subcontractors to obtain the insurance coverage specified in Exhibit D attached hereto, and incorporated herein; or the Grantee, or their contractors may, at their option, provide the coverage for any or all contractors and subcontractors, providing that the evidence of insurance submitted by the Grantee, provided, however, that the foregoing requirements shall not apply to routine maintenance, routine replacement, or minor repairs

performed by the Grantee, or the Grantee' tenants, contractors, or subcontractors, and for which the Grantee do not require flagging protection. It is agreed that insurance required pursuant to this Section shall be considered as Required Insurance.

(f) Intentionally Deleted.

(g) Self Insurance. The Grantee shall have the right to self-insure with respect to the insurance required in this Section provided the same does not thereby decrease the insurance coverage or limits required or adversely affect the protection afforded to the Grantor or any of the Additional Insured Parties.

(h) Certificates. The Grantee shall furnish certificates of insurance if insurance is purchased, or a statement of compliance with this Section through self-insurance, evidencing compliance with the requirements set forth in this Section contemporaneously with the effective date of this Agreement, and annually thereafter. The policies shall be endorsed to (1) provide that the policy shall not be cancelled or coverage reduced without thirty (30) days prior written notice of cancellation, non-renewal or other material change to the Grantor - and (2) name the Additional Insured Parties, as additional insureds with respect to occurrences relating to the Grantee' operations.

(i) Erosion of limits. In the event that paid claims, losses or occurrences reduce limits to less than eighty percent (80%) of the combined single limit set forth in Section 12(a)(1) per occurrence, due to the operation of an aggregate limit provision in the policies, the Grantee - shall immediately notify the Grantor- and shall reinstate or replace the insurance to the required limits.

(j) Insurance not a limitation on indemnity. The foregoing insurance coverage is not intended to, nor does it, limit the liability of Grantee to defend, indemnify and hold harmless as set forth in the indemnity provisions herein.

(k) Survival. The Grantee responsibility under this Section shall apply to any liability arising out of an accident or other incident occurring on or after the effective date of this Agreement, and shall extend beyond the date of termination of this Agreement with respect to any event occurring or liability arising during the term of this Agreement; provided, however, that as respects any required liability insurance provided on a claims-made or occurrences-reported or similar basis, the Grantee, as applicable, shall comply with the provisions of Section 12(a)(8) and 12.4 of this Agreement.

12.4 Additional Terms. If any liability insurance specified above will be provided on a claims-made basis, then in addition to the coverage requirements above, such policy will provide that: (i) The retroactive date will coincide with or precede Grantee's entry onto the Easement Area or other Amtrak property (including subsequent policies purchased as renewals or replacements);

(ii) The policy will allow for the reporting of circumstances or incidents that might give rise to future claims; (iii) Grantee shall use its best efforts to maintain similar insurance for at least three (3) years following the completion of Grantee' operations on the Easement Area or other Amtrak property, including, without limitation, the requirement of adding Additional Insured Parties as additional insureds; and (iv) If the insurance is terminated for any reason, Grantee agrees to purchase an extended reporting provision of at least two (2) years to report claims arising from its operations on the Easement Area or other Amtrak property. Further, any additional coverages required by the United States Department of Transportation, the Environmental Protection Agency and/or related state and local laws, rules and regulations shall be complied with.

12.5 Compliance with Amtrak's Insurance. Grantee and its contractors shall comply with all regulations, recommendations, rules and requirements of Grantor and any insurance carrier which insures or participates in insuring the Property and Grantee shall not knowingly permit any article to be brought upon or any act to be done upon or about the Property that shall cause cancellation of any policy of insurance thereon or increase rates for such insurance beyond those usually charged for similar properties used for the purpose herein authorized.

13. TERMINATION DUE TO ABANDONMENT.

Termination Due to Abandonment. Said Easement shall automatically terminate upon the Grantee's Abandonment of commuter operations in the Easement Area. "Abandonment" shall mean Grantee's formal abandonment of its operation of commuter rail service.

14. INTENTIONALLY OMITTED.

15. ASSIGNMENT

Successors and Assigns. Grantee may not assign this Agreement or any of the rights hereunder, to any entity other than another commuter railroad, without the prior consent of Amtrak which consent Amtrak may grant, deny or condition in Amtrak's sole discretion.

16. DEFAULT AND REMEDIES

16.1 Events of Default. The occurrence of any of the following events will constitute an Event of Default by Grantee:

16.1.1 Grantee fails to pay to Amtrak as and when due any sum payable to Amtrak by Grantee under this Agreement;

16.1.2 failure to maintain any insurance required to be maintained by either Grantee or any of Grantee's contractors;

16.1.3 Intentionally Deleted;

16.1.4 After the commencement of construction of any Grantee Improvements, if the Grantee fails to diligently proceed with construction of said improvements for one hundred eighty (180) days or longer. For the purposes of this provision, any delay due to the inability of Amtrak to dedicate the personnel or resources necessary to support the construction project shall not be deemed a failure to proceed. This provision is also specifically subject to the force majeure terms set forth in Section 17.9 herein below.

16.1.5 a default occurs and continues beyond any applicable cure period under any of the Engineering Agreements;

16.1.6 if Grantee fails to perform or comply with any other terms or covenants contained in this Agreement;

16.1.7 if Grantee files, or suffers to be filed against it, a petition in bankruptcy and fails to have any involuntary filing dismissed within sixty (60) days after the date of such filing;

16.1.8 if Grantee is declared insolvent by a court of competent jurisdiction, or a receiver or trustee is appointed for the Grantee;

16.1.9 if Grantee makes any general assignment for the benefit of creditors.

16.2 Prior to a declaration of Default pursuant to Section 16.1.1, 16.1.4 or 16.1.6, Grantor shall provide Grantee with ninety (90) days' prior notice of Grantee's noncompliance hereunder. Grantee shall perform, cure or comply with the terms or conditions resulting in the Event of Default, within ninety (90) days following receipt of written notice by Amtrak giving notice of such default, or if such cure is not capable of being made with such ninety (90) day period, Grantee shall commence to cure such failure within such ninety (90) day period and thereafter continue to duly prosecute such cure to completion. During such cure period, upon the written request of either Party, submitted pursuant to the terms of the Notice provisions set forth below, the other Party will make a senior officer of such Party available to discuss the matter in an attempt to amicably resolve any Default dispute.

16.3 Remedies. Upon the occurrence of an Event of Default, Amtrak may take any or all actions, rights or remedies available to Amtrak at law or in equity.

16.4 No Waivers. No action or remedy taken or omitted by Amtrak following an Event of Default will be deemed a waiver of such Event of Default and an express waiver of any particular Event of Default will not be deemed a waiver of any other Event of Default, nor will any failure on the part of Amtrak to compel a fulfillment of any one or more of the covenants,

terms and conditions herein contained be held to be a waiver of its right to enforce the same at any time thereafter during the term this Agreement.

16.4 Waiver of Jury Trial. The Parties do hereby waive trial by jury in any action, proceeding or counterclaim brought by either party against the other on any matter whatsoever arising out of or in any way connected with this Agreement or Grantee's use of the Easement Area or arising out of or in any way connected with any claim of injury or damage arising out of or in connection with this Agreement or such use.

17. MISCELLANEOUS

17.1 Notices. Every notice, consent, approval, or other communication that may or is required to be given, served or sent by one party to the other party pursuant to this Agreement is required to be in writing and shall be given by United States certified or registered mail, return receipt requested, or by a nationally recognized overnight delivery service, with all delivery and postage prepaid. Notices are deemed to have been given on the day actually received or refused, or if unclaimed, on the third day following the day on which the same will have been sent by a nationally recognized overnight delivery service or deposited with the United States Post Office.

Any such communication if intended for Grantee will be addressed as follows:

New Jersey Transit
One Penn Plaza East
Newark, New Jersey 07105
Attention: Elizabeth Station Program Manager, Capital Projects and Programs

With a copy to:

New Jersey Transit
One Penn Plaza East
Newark, New Jersey 07105
Attention: Senior Director, Capital Projects and Programs

And

New Jersey Transit
One Penn Plaza East
Newark, New Jersey 07105
Attention: Senior Director, Real Estate

Any such communication if intended for Amtrak will be addressed as follows:

National Railroad Passenger Corporation
30th Street Station
2955 Market Street
Philadelphia, PA 19104
Attention: Senior Director, Real Estate Development

With a copy to:

National Railroad Passenger Corporation
1 Massachusetts Avenue, NW
Washington, DC 20001
Attention: General Counsel

And

National Railroad Passenger Corporation
30th Street Station
2955 Market Street
Philadelphia, PA 19104
Attention: Chief Engineer

Either party may, any time, change its address for the above purposes by sending a written notice to the other party stating the change and setting forth the new address. Any notice that may or is required to be given by either party in connection with this Agreement may be given by such party's attorney.

17.2 Subordination. This Agreement and the Easement is subject and subordinate to all restrictions, agreements and easements of record, and Amtrak does not provide any warranty of title with respect to the Easement Area. This Agreement and the Easement is also subject and subordinate to any or all existing ground leases of record, if any, and to any or all existing mortgages of record which may now or hereafter affect such leases or the real property of which the Easement Area forms a part, and to all renewals, modifications, consolidations, replacements and extensions thereof. This Easement is expressly subject and subordinate to Grantor's existing mortgage in favor of the United States of America. This Easement Agreement shall not be subordinate to any future ground lease or mortgage unless such owner or holder of the ground lease or mortgage signs a nondisturbance agreement in favor of Grantee in commercially reasonable form. This clause will be self-operative and no further instrument of subordination will be required by any mortgagee. However, in confirmation of such subordination, Grantee will execute promptly upon request any certificate to that effect upon request by Amtrak.

17.3 Not a Joint Venture. It is understood and agreed that neither this Agreement nor the agreements herein contained are intended, nor are the same ever to be construed, so as to create

a partnership by and between Amtrak and Grantee, or to make Amtrak and Grantee joint venturers, or to make Amtrak in any way liable or responsible for the debts or losses of the Grantee.

17.4 No Change or Modification. No change or modification of any of the covenants, terms or provisions hereof will be valid unless in writing and signed by the Parties hereto.

17.5 Incorporation of Terms. This Agreement, along with any exhibits and amendments hereto, encompasses the entire real estate agreement of the Parties related to the conveyance of the Easement, and supersedes all previous understandings and agreements between the Parties, whether oral or written. The Parties hereby acknowledge and represent that said Parties have not relied on any representation, assertion, guarantee, warranty, collateral contract or other assurance, except those set out in this Agreement, made by or on behalf of any other Party or any other person or entity whatsoever, prior to the execution of this Agreement. The Parties hereby waive all rights and remedies, at law or in equity, arising or which may arise as the result of a Party's reliance on such representation, assertion, guarantee, warranty, collateral contract or other assurance. Notwithstanding the foregoing, the Parties acknowledge there are Engineering Agreements related to the Grantee Improvements intended to be constructed on the Easement Area.

17.6 Severability. The provisions of this Agreement are severable and it is the intention of the Parties hereto that if this Agreement cannot take effect in its entirety because of the final judgment of any court of competent jurisdiction holding invalid any part or parts thereof, the remaining provisions of the Agreement will be given full force and effect as completely as if the part or parts held invalid had not been included therein.

17.7 Governing Law/Venue. This Agreement will be governed by and construed under the laws of the State of New Jersey, and all disputes related to this Agreement will be exclusively adjudicated in the federal courts with jurisdiction over New Jersey.

17.8 Responsibility of Grantee for its Employees. Grantee, in the performance of any and all work by Grantee under the terms of this Agreement or otherwise, upon or adjacent to the Easement Area, will furnish all labor and supervisory forces of every kind. Grantee shall employ or contract, and pay from Grantee's own funds all persons or contractors engaged in the performance of such work and all such persons or contractors will be and remain the sole employees or contractors, as the case may be, of Grantee and subject to Grantee's supervision, direction and control.

17.9 Force Majeure. Each Party will be excused from performance of any of its obligations hereunder except obligations involving the payment hereunder of money to the other Party, where such nonperformance is occasioned by any event beyond its control which shall include, without limitation, any order, rule, or regulation of any federal, state, or local government body, agent, or instrumentality, work stoppage, accident, terrorist attack, natural disaster, or civil disorder; provided, that the Party excused hereunder shall

useallreasonable efforts to minimize its nonperformance and to overcome, remedy, or remove such event in the shortest practical time.

17.10 Authority. Each Party hereby covenants that it has full power and authority to enter into this Agreement upon the terms and conditions set forth herein. Each of the persons executing this Agreement on behalf of each Party does hereby covenant and warrant that each person signing on behalf of Amtrak or Grantee, as applicable, is authorized to do so and that no other actions are needed by such Party to make this Agreement valid and binding on such Party other than the execution and delivery by the person(s) executing this Agreement.

17.11 Limitation of Liability. Grantee acknowledges and agrees that the liability of Amtrak (which for purposes of this Article will include all officers, directors, employees and shareholders of any corporation) under this Agreement will be limited to Amtrak's interest in the Easement Area and any judgments so rendered will not give rise to any right of execution or levy against Amtrak's other assets or on any assets of any other person or entity. The provisions hereof will inure to Amtrak's successors and assigns including any Mortgagee.

17.12 Equal Opportunity.

17.12.1 Grantee shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin, handicap or veteran status. Grantee shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, age or national origin, handicap or veteran status. Such action will include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Grantee agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this Equal Opportunity clause.

17.12.2 Grantee shall comply with all provisions of the Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and of the rules, regulations and relevant orders for the Secretary of Labor, all of which are copies incorporated herein by reference.

17.13 Brokers. The Parties represent and warrant that it knows of no real estate broker, salesperson or other party having a right to commission in connection with the transaction under this Agreement or who may be otherwise entitled to any payment or other compensation in connection with such transaction. The Parties agree to indemnify and each other harmless from

any costs, expenses and liability resulting to one Party as a result of any claims made by any broker or other Party because of this transaction.

17.14 Lawfulness of Use. Neither any statement by Amtrak in this Agreement as to Grantee's utilization of the Easement Area nor any consent of Amtrak of such utilization will be deemed or construed to constitute a representation or warranty by Amtrak that any such utilization that may be conducted in or on the Easement Area is lawful or permissible.

17.15 Covenants To Run With Land. The agreements and covenants contained herein will run with the land and this Agreement will be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors and assigns.

17.16 Intentionally Deleted.

17.17 All potential liability of Grantee hereunder shall, to the extent applicable, be further subject to the provisions of the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq., and the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 et seq. No covenant, representation or obligation of the Grantee shall be deemed or construed to create or constitute a debt, liability or a loan or pledge to the credit of the State of New Jersey. Additionally, nothing herein shall be deemed to waive Amtrak's rights under Federal law.

SIGNATURES APPEAR ON THE FOLLOWING PAGE

IN WITNESS WHEREOF, the Parties hereto have caused these presents to be executed by their proper officers, thereunto duly authorized, as of the day and year first above written.

DESCRIPTION OF PROPOSED EASEMENTS E2H & E2I
NEW JERSEY TRANSIT ELIZABETH STATION
CITY OF ELIZABETH, UNION COUNTY, NEW JERSEY

PROPOSED EASEMENT E2H

BEGINNING at a point in the northwesterly right of way line of lands now or formerly of the Pennsylvania Railroad as described in Deed Book 5468 Page 762, where the same is intersected by the easterly sideline of North Broad Street, variable width, said point being 51.25 feet right and northwesterly of United New Jersey Railroad and Canal Company Baseline Station 687+91.77 as shown on "New Jersey Transit Corporation ELIZABETH STATION PENN CENTRAL (U.N.J.R.R. & CANAL CO.)" M.P. #14.5 Line Code #1401, Revised May 26, 1982, G-1664, said point having a New Jersey State Plane Coordinate of NAD83 of North: 668366.9 East: 571094.5 (US Survey Feet measured in 2010); and runs thence the following two (2) courses along said right of way line described in Deed Book 5468 Page 762.

1. North 28 degrees 38 minutes 23 seconds East 270.71 feet to an angle point; thence
2. North 28 degrees 40 minutes 42 seconds East 304.52 feet to a point on the southerly sideline of Chestnut Street, being 25 feet southwesterly as measured perpendicular from the centerline of Chestnut Street; thence
3. Along said southerly sideline of Chestnut Street, South 59 degrees 32 minutes 27 seconds East 28.12 feet to a point; thence
4. Southwesterly along a line being 5.58 feet (5 feet 7 inches) northwesterly as measured perpendicular to the centerline of the most westerly track, South 28 degrees 43 minutes 56 seconds West 587.54 feet to a point on the easterly sideline of North Broad Street; thence
5. Along said sideline, North 35 degrees 36 minutes 13 seconds West 30.38 feet to the point and place of BEGINNING.

Containing 16,153 square feet or 0.3708 acres of land.

PROPOSED EASEMENT E2I

BEGINNING at a point in the northerly sideline of East Broad Street, 70 feet wide right of way, 50.72 feet southeasterly and right of Baseline Station 668+23.90, said point having a New Jersey State Plane Coordinate of NAD83 of North 668289.7 East 571168.5 (US Survey Feet measured 2010); and runs thence

1. Along a line that connects said sideline of East Broad Street with the easterly sideline of North Broad Street, North 61 degrees 39 minutes 35 seconds West 26.66 feet to a point; thence
2. Northeasterly along a line being 5.58 feet (5 feet 7 inches) southeasterly as measured perpendicular to the centerline of the most southeasterly track centerline, North 28 degrees 44 minutes 58 seconds East 605.27 feet to a point on the southerly sideline of Chestnut Street, being 25 feet southwesterly as measured perpendicular from the centerline; thence
3. Along said southerly line of Chestnut Street, South 59 degrees 32 minutes 27 seconds East 34.43 feet to a point on the southeasterly railroad right of way line set 40 feet southeasterly as measured perpendicular to the centerline of the most southeasterly track; thence
4. Along a said railroad right of way line, South 28 degrees 44 minutes 58 seconds West 565.74 feet to a point; thence
5. South 23 degrees 22 minutes 20 seconds East 17.40 feet to a point on the aforesaid northerly sideline of East Broad Street; thence
6. Along said sideline of East Broad Street, South 66 degrees 37 minutes 40 seconds West 35.00 feet to the point and place of BEGINNING.

Containing 20,966 square feet, 0.4813 acres of land.

The basis of bearings is the New Jersey State Plane Coordinate System (NAD83) measured November, 2010.

This description was prepared in accordance with a plan entitled, "PROPOSED EASEMENTS E2H & E2I FOR NEW JERSEY TRANSIT-ELIZABETH STATION CITY OF ELIZABETH UNION COUNTY, NEW JERSEY", prepared by Borbas Surveying and Mapping, dated December 18, 2017.

EXHIBIT C

GRANTORS' RESERVATIONS, USE CONDITIONS, REQUIREMENTS AND RESTRICTIONS

Without limiting any of the other provisions set forth in the Agreement, the following conditions will apply to the use of the Easement Area by Grantee hereunder.

1. Grantee shall not construct or permit the construction of any improvement on the Easement Area without first obtaining Amtrak's clearance requirements from Amtrak and Grantee covenants and agrees to abide by such clearance requirements; provided, however, that such clearances may be modified and adjusted to accommodate the Grantee Improvements, subject to the approval of Amtrak's Engineering Department as to property or improvements owned by Amtrak; clearance from property of others will be resolved between the Grantee and the third party owner.

2. Amtrak will retain access to any buried or overhead cables/conduits/utilities. Before and during any digging, paving or construction, all cables/conduits must be identified and protected by Grantee.

3. The Easement granted hereby will be under and subject to reservations and permanent rights in favor of Amtrak to enter in, on, upon, under or over the Easement Area to install, inspect, use, operate, maintain, repair, renew, replace and remove any and all communication and signal cables, duct lines and any and all sewer, pipe, wire, occupancies in, on, upon, under, or over the Easement Area, whether such occupancies now exist or will exist in the future or are recorded or not, together with the right, at Amtrak's sole discretion, to grant permanent easements and licenses in respect of such occupancies and uses and to retain all remuneration or revenues generated therefrom. Notwithstanding the foregoing, any new leases or licenses may not unreasonably interfere with Grantee's operations on the Easement Area.

4. All Amtrak support and safety protection costs associated with Grantee's use of the Easement Area will be at Grantee's expense. Grantee shall not be responsible for Amtrak support and safety protection costs associated with the use, operation, maintenance or improvements of Amtrak or third parties. Prior to their entry upon the Easement Area, all Grantee personnel and all personnel of Grantee's contractors and subcontractors, must at the sole cost and expense of Grantee and its contractors and subcontractors, respectively, attend any and all safety training required by Amtrak's Engineering Department.

5. Grantee shall ensure that all catenary structures of Amtrak, if any, will remain at all times accessible to Amtrak.

6. Grantee covenants and agrees with Amtrak that Grantee shall not erect, construct, excavate, repair or maintain any structure in, on or under the Easement Area that will materially, adversely affect the adjoining Fixtures, structures, railroad tracks or railroad operations conducted thereon, nor encroach upon, remove or weaken lateral support from the aforesaid railroad tracks. Grantee covenants and agrees with Amtrak that Grantee shall not do or permit to be done any other thing in, on or under the Easement Area that will materially, adversely affect the adjoining Fixtures, railroad tracks or railroad operations conducted thereon, nor encroach upon, remove or weaken lateral support from the aforesaid railroad tracks. The railroad viaduct supports, track alignment, ballast and abutments are not to be damaged or undermined by any excavation, construction or utility work performed on the Easement Area by the Grantee or its contractors. Nothing in this paragraph is intended to prevent Grantee from erecting the Grantee Improvements.

7. Grantee covenants and agrees that, except for any drainage adequately contained within appropriate drainage facilities, it will prevent any thing or any action on the Easement Area to cause drainage onto adjacent railroad tracks or any adjacent property including Amtrak's remaining property (excepting Grantee's adjacent property). Grantee shall prevent any action, which may cause erosion or damage to the adjacent railroad embankment or ballast or undermine the integrity of the Amtrak's railroad right-of-way. Grantee shall take all actions necessary to repair any such erosion or any undermining of the integrity of the adjacent property or railroad Fixtures.

8. Neither Grantee nor its contractors will operate any lifting or boom equipment within a 25 foot envelope around any transmission or catenary wires except with permission of Amtrak. Grantee shall coordinate with Amtrak and determine what precautions and procedures must be followed and procure any necessary assistance of Amtrak.

9. Before and during any digging, excavation, paving or construction on the Easement Area, Grantee must identify, locate and protect all buried utilities, cables, conduits, signal and communications facilities, all other buried facilities and all Fixtures. All such work must be performed in accordance with Amtrak's requirements for such work, including, without limitation, Amtrak's requirements regarding the distance that must be maintained between any such work and any signal or communication cables.

10. If any of Amtrak's improvements, fixtures, facilities or appurtenances must be relocated due to Grantee's project, Grantee shall relocate same per Amtrak's specifications at Grantees sole cost and expense.

11. The Easement granted hereby will be under and subject to reservations, restrictions and easements of record; applicable zoning regulations and ordinances; applicable federal, state and local environmental protection laws and regulations; real property taxes and assessments for the current tax period, if any; and any conditions or state of facts that a current survey of the Easement Area would show.

DB6280 1001

EXHIBIT D

CONTRACTOR/SUBCONTRACTOR INSURANCE REQUIREMENTS

INSURANCE REQUIREMENTS
NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK)
WASHINGTON TERMINAL COMPANY (WTC)

New Jersey Transit PI No. 184A- Elizabeth Station Improvements
Revised as of May 31, 2017

DEFINITIONS

In these Insurance Requirements, "Railroad" or "Amtrak" shall mean National Railroad Passenger Corporation and, as appropriate, its subsidiary, Washington Terminal Company ("WTC"). "Contractor" shall mean the party identified as "Permittee" in the Temporary Permit to Enter Upon Property Agreement or the party with whom Amtrak has contracted in another agreement (e.g., Preliminary Engineering Agreement, Design Phase Agreement, Construction Phase Agreement or Force Account Agreement), as well as its officers, employees, agents, servants, contractors, subcontractors, or any other person acting for or by permission of Contractor. "Operations" shall mean activities of or work performed by Contractor. "Agreement" shall mean the Temporary Permit to Enter Upon Property Agreement or other such agreement, as applicable.

INSURANCE

Contractor shall procure and maintain, at its sole cost and expense, the types of insurance specified below. Contractor shall evidence such coverage by submitting to Amtrak the original Railroad Protective Liability Policy and certificates of insurance evidencing the other required insurance, prior to commencement of Operations. In addition, Contractor agrees to provide certified copies of the insurance policies for the required insurance within 30 days of Amtrak's written request. All insurance shall be procured from insurers authorized to do business in the jurisdiction(s) where the Operations are to be performed. Contractor shall require all subcontractors to carry the insurance required herein or Contractor may, at its option, provide the coverage for any or all subcontractors, provided the evidence of insurance submitted by Contractor to Amtrak so stipulates. The insurance shall provide for thirty (30) days prior written notice to Amtrak in the event coverage is substantially changed, canceled or non-renewed. All insurance shall remain in force until all Operations are satisfactorily completed (unless otherwise noted below), all Contractor personnel and equipment have been removed from Railroad property, and any work has been formally accepted. Contractor may provide for the insurance coverages with such deductibles or retained amounts as Amtrak may approve from time to time, except, however, that Contractor shall, at its sole expense, pay for all claims and damages which fall within such deductible or retained amount on the same basis as if there were full commercial insurance in force in compliance with these requirements. Contractor's failure to comply with the insurance requirements set forth herein shall constitute a violation of the Agreement.

1. **Workers' Compensation Insurance** complying with the requirements of the statutes of the jurisdiction(s) in which the Operations will be performed, covering all employees of Contractor. Employer's Liability coverage with limits of not less than **One Million ($1,000,000) Dollars** each accident or illness shall be included.

   In the event the Operations are to be performed on, over, or adjacent to navigable waterways, a U.S. Longshoremen and Harbor Workers' Compensation Act Endorsement and Outer Continental Lands Act Endorsement are required.

2. **Commercial General Liability (CGL) Insurance** covering liability of Contractor with respect to all operations to be performed and all obligations assumed by Contractor under the terms of the Agreement. Products-completed operations, independent contractors and contractual liability coverages are to be included, with the contractual exclusion related to construction/demolition activity within fifty (50) feet of the railroad deleted and no exclusions for Explosion/Collapse/ Underground (X-C-U) applicable or added.

   The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds with respect to the operations to be performed. In addition, the policy shall include an ISO endorsement Form CG 24 17 10 01 or its equivalent providing contractual liability coverage for railroads listed as additional insureds. Coverage for such additional insureds shall be primary and non-contributory with respect to any other insurance the additional insureds may carry.

   Coverage under this policy shall have limits of liability of not less than **Twenty-Five Million ($25,000,000) Dollars** each occurrence, combined single limit, for bodily injury (including disease or death), personal injury and property damage (including loss of use) liability. Such coverage may be provided by a combination of a primary CGL policy and a following form excess or umbrella liability policy.

3. **Automobile Liability Insurance** covering the liability of Contractor arising out of the use of any vehicles which bear, or are required to bear, license plates according to the laws of the jurisdiction in which they are to be operated, and which are not covered under Contractor's CGL insurance. The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds with respect to the operations to be performed. Coverage under this policy shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** each occurrence, combined single limit, for bodily injury (including disease or death), personal injury and property damage (including loss of use) liability.

   In the event Contractor or any subcontractor will be transporting and/or disposing of any hazardous material or waste off of the jobsite, a MCS-90 Endorsement is to be added to this policy and the limits of liability are to be increased to **Five Million ($5,000,000) Dollars** each occurrence.

4. **Railroad Protective Liability (RRP) Insurance** covering the Operations performed by Contractor or any subcontractor within fifty (50) feet vertically or horizontally of railroad tracks. The current ISO Occurrence Form (claims-made forms are unacceptable) in the name of National

Railroad Passenger Corporation (and as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue) shall have limits of liability of not less than **Five Million ($5,000,000) Dollars** each occurrence, combined single limit, for Coverages A and B, for losses arising out of injury to or death of all persons, and for physical loss or damage to or destruction of property, including the loss of use thereof. A **Ten Million ($10,000,000) Dollars** annual aggregate shall apply. Additionally, Policy Endorsement CG 28 31 - Pollution Exclusion Amendment, is required to be endorsed onto the policy. Further, "Physical Damage to Property" as defined in the policy is to be deleted and replaced by the following endorsement:

"It is agreed that 'Physical Damage to Property' means direct and accidental loss of or damage to all property owned by any named insured and all property in any named insured's care, custody and control."

The original RRP Liability Insurance Policy must be submitted to Amtrak prior to commencement of Operations.

5. **All Risk Property Insurance** covering damage to or loss of all remaining personal property of Contractor, its contractors and subcontractors used during Operations including, but not limited to, tools, equipment, construction trailers and their contents and temporary scaffolding at the project site, whether owned, leased, rented or borrowed for the full replacement cost value. Insurance policies of Contractor, its contractors and subcontractors, covering tools, equipment and other personal property will include a waiver of subrogation and any other rights of recovery in favor of Amtrak and Contractor.

6. **Contractor's Pollution Liability Insurance** covering the liability of Contractor arising out of any sudden and/or non-sudden pollution or impairment of the environment, including clean-up costs and defense, that arise from the Operations of Contractor, with National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue named as additional insureds. Coverage under this policy shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** each occurrence. The coverage shall be maintained during the term of the project, and for at least two (2) years following Amtrak's acceptance of the completion of all Operations to be performed.

7. **Pollution Legal Liability Insurance** is required if any hazardous material or waste is to be transported or disposed of off of the jobsite. Contractor, its subcontractor or transporter, as well as the disposal site operator, shall maintain this insurance. Contractor shall designate the disposal site, and must provide a certificate of insurance from the disposal facility to Amtrak. The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds, with limits of liability of not less than **Two Million ($2,000,000) Dollars** per claim.

   Further, any additional insurance coverages, permits, licenses and other forms of documentation required by the United States Department of Transportation, the Environmental Protection Agency and/or related state and local laws, rules and regulations shall be obtained by Contractor.

8. **Professional Liability Insurance** covering the liability of Contractor for any and all errors or omissions committed by Contractor in the performance of the Operations, regardless of the type

of damages. The coverage shall be maintained during the term of the Operations, and for at least three (3) years following completion thereof. The policy shall have a retroactive date that precedes any design work on the project and shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** per claim and **Two Million ($2,000,000) Dollars** in the annual aggregate.

If Contractor is not performing professional design or engineering services, Contractor may elect to satisfy this requirement through the addition of endorsement CG2279 "Incidental Professional Liability" to its CGL policy.

9. **Waiver of Subrogation** As to all insurance policies required herein, Contractor waives all rights of recovery, and its insurers must waive all rights of subrogation of damages against Amtrak, NJ TRANSIT and, as appropriate, WTC, and their agents, officers, directors, and employees. The waiver must be stated on the certificate of insurance.

10. **Punitive Damages** Unless prohibited by law, no liability insurance policies required above shall contain an exclusion for punitive or exemplary damages.

11. **Claims-Made Insurance** If any liability insurance specified above shall be provided on a claims-made basis then, in addition to coverage requirements above, such policy shall provide that:

    a. The retroactive date shall coincide with or precede Contractor's start of Operations (including subsequent policies purchased as renewals or replacements);

    b. The policy shall allow for the reporting of circumstances or incidents that might give rise to future claims;

    c. Contractor will use its best efforts to maintain similar insurance under the same terms and conditions that describe each type of policy listed above (e.g., CGL, Professional Liability) for at least three (3) years following completion of the Operations; and

    d. If insurance is terminated for any reason, Contractor will purchase an extended reporting provision of at least six (6) years to report claims arising from Operations.

12. **Evidence of Insurance** Contractor shall furnish evidence of insurance as specified above at least fifteen (15) days prior to commencing Operations. Prior to the cancellation, renewal, or expiration of any insurance policy specified above, Contractor shall furnish evidence of insurance replacing the cancelled or expired policies. THESE DOCUMENTS SHALL INCLUDE A DESCRIPTION OF THE PROJECT AND THE LOCATION ALONG THE RAILROAD RIGHT-OF-WAY (typically given by milepost designation) IN ORDER TO FACILITATE PROCESSING. The fifteen (15) day advance notice of coverage may be waived by Amtrak in situations where such waiver will benefit Amtrak, but under no circumstances will Contractor

begin Operations without providing satisfactory evidence of insurance as approved by Amtrak. Such evidence of insurance coverage shall be sent to:

AFFIDAVIT OF CORPORATE AUTHORIZATION

COMMONWEALTH OF PENNSYLVANIA :
ss
COUNTY OF PHILADELPHIA :

Donald J. Stadtler says under oath:

1. Authorized Representative. I am the Executive Vice President, Chief Administration Officer of **NATIONAL RAILROAD PASSENGER CORPORATION**, a corporation organized under 49 U.S.C. §24101 *et seq.* and the laws of the District of Columbia, having its headquarters at 60 Massachusetts Avenue, N.E., Washington, D.C. 20002 ("Grantor").

2. Representations. The statements contained in this Affidavit are true to the best of my knowledge, information and belief.

3. Corporate Authority. Parcels E2H and E2I as depicted on Exhibit "A" attached hereto, in the City of Elizabeth, Union County, New Jersey are collectively called the "Property". Grantor is to convey to **NEW JERSEY TRANSIT CORPORATION**, a public transportation corporation organized under the laws of the State of New Jersey, with an address at One Penn Plaza E, 8th Floor, Newark, NJ 07105 (**"Grantee")** an easement over portions of the Property **(the "Easement").** This action is authorized pursuant to the Grantor's corporate governance documents. Grantor is qualified to transact business in New Jersey. The individual executing the Easement on behalf of Grantor is duly authorized to execute the Easement.

4. Approval by Shareholders. Shareholder approval is not required.

5. Reliance. Grantor makes this Affidavit in order to induce the Grantee to accept its Easement. It is aware that the Grantee will rely on the statements made in this Affidavit and on its truthfulness.

THIS DEED made the 15th day of September, 1978, one thousand nine hundred and seventy-eight (1978).

By and Between

CONSOLIDATED RAIL CORPORATION

A corporation organized and existing under the laws of the Commonwealth of Pennsylvania, having an office at Six Penn Center Plaza, Philadelphia, Pennsylvania, 19103, hereinafter referred to as the Grantor

and

THE STATE OF NEW JERSEY

acting by and through
the Commuter Operating Agency of the
New Jersey Department of Transportation

having an office at Market Street and McCarter Highway, Newark, New Jersey, 07101, hereinafter referred to as the Grantee.

WHEREAS, pursuant to the Regional Rail Reorganization Act of

BK 3252 PG 206

COUNTY OF UNION
CONSIDERATION $6,5,934.00
REALTY TRANSFER FEE Exempt
DATE 4/6/81 EW

1973, as amended (the "Rail Act"), the Special United States District Court ("Special Court") ordered conveyance to the Grantor of certain New Jersey rail properties designated in the Final System Plan and certified to the Special Court by the United States Railway Association ("USRA"); and

WHEREAS, certain rail properties conveyed to Grantor were designated for possible acquisition by state and transportation authorities pursuant to Section 206(e)(1)(D) of the Rail Act; and

WHEREAS, specific New Jersey rail properties were designated for possible acquisition by the Grantee pursuant to a resolution of USRA Board of Directors dated March 3, 1976; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, state and transportation authorities were granted an option for 900 days to acquire the designated rail properties, which option expired on September 18, 1978; and

WHEREAS, pursuant to Public Law No. 95-611, 92 Stat. 3090 (1978), said option period was extended to March 31, 1979; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, on September 15, 1978 and March 31, 1979, the Grantee exercised its option to acquire certain New Jersey rail properties; and

WHEREAS, the Grantor and Grantee have executed a Memorandum of Understanding dated March 30, 1979, concerning these rail properties;

NOW, THEREFORE, the Grantor, for and in consideration of the

sum of the net liquidation value established by USRA for these rail properties plus additions and betterments, in the amount of SIX HUNDRED FIFTEEN THOUSAND NINE HUNDRED THIRTY FOUR DOLLARS ($615,934.00) lawful money of the United States of America, unto it well and truly paid by the said Grantee, at or before the sealing and delivery of this Deed, the receipt whereof is hereby acknowledged, does by these presents grant, convey, remise, release and forever quitclaim unto the said Grantee, its successors and assigns:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the as described in Exhibit A attached to this deed as a part hereof, together with all of the buildings and improvements thereon and together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 15 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Rail Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and

items belong or appertain to the real property hereinafter reserved and excepted.

B. AND TOGETHER WITH the permanent easements and rights to use, operate, maintain, repair, renew and replace any and all existing railroad facilities necessary or useful in the operation of the lines of railroad and premises hereby conveyed which may be located on Grantor's abutting property, together with the easement of reasonable access over Grantor's property to permit the exercise of the foregoing easements and rights.

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. An Easement previously set forth in Exhibit 3 of the Memorandum of Understanding between the Grantor and Grantee dated March 30, 1979, as follows:

> An easement for the right and license to enter upon and utilize the existing tracks and related operating facilities on the real property conveyed to Grantee for the purpose of performing the Grantor's freight service.
>
> Grantee agrees that Grantor has retained trackage rights for freight operations over real property conveyed to the Grantee pursuant to Section 206(d)(5)(C) and 206(e)(1)(D) of the Regional Rail Reorganization Act of 1973, as amended, 45 U.S.C.A. Section 701 et seq. (the "Act"). These trackage rights are exclusive except to the extent that trackage rights have been provided to third parties pursuant to federal law including but not limited to rights reserved to third parties in the conveyance deeds for these properties which Grantor received from the United States Railway Association ("USRA") as certified by the Special Court pursuant to Section 303(b)(1) of the Act and rights provided to the National Railroad Passenger Corporation in the Off-Corridor Operating Agreement with Conrail executed on April 1, 1976 pursuant to Section 402(a) of the Railroad Passenger Service Act; provided, however, that the Grantee retains its right to use, or permit another party or parties to use, the real property for any purpose, provided that such utilization does not unreasonably interfere with Grantor's trackage

rights and, provided further, that the Grantee's retained right shall be of no force and effect to the extent that it shall have been determined by the USRA, a regulatory body, or a court, subject to a final judicial determination upon timely appeal from a challenge to any such determination, that the trackage rights retained by Grantor are exclusive.

Subject to the foregoing, Grantor's easement shall include the right:

(a) to operate freight trains (including mail and express trains), special trains, cars, locomotives and other on-track equipment;

(b) to occupy and use such portions of stations, buildings and other facilities now upon the real property occupied by Grantor as of the date of this Deed;

(c) to use in conjunction with Grantee the presently existing railroad system telephone cable communications equipment, and facilities now upon the real property (and replacements thereof) and subject to the availability of space in light of the needs of and written approval of Grantee, to construct, operate and maintain such additions to or substitutions for the presently railroad system telephone cable communication equipment and facilities which are reasonably necessary or legally required in connection with the provision of freight service;

(d) to install track connections, with written approval of Grantee, for rail lines and trackage connections now or hereafter owned, leased, controlled or operated by Grantor, contiguous or adjacent to the real property to secure its present or future freight customers or to connect with its rail properties;

(e) to use portions of the maintenance of equipment facilities now upon the real property for the provision of maintenance of equipment service for equipment used in provision of freight service (including mail and express) and special train service;

(f) to have reasonable access over the real property to permit the exercise of the foregoing Easement; and

(g) to assign, transfer or lease any of its right under the Grantor's Easement to third parties with the

consent of Grantee.

The exercise of this Easement and right shall be subject to the following terms, provisions, qualifications and limitations:

(i) the operation of passenger trains shall take preference over the operation of trains operated pursuant to the Grantor's Easement;

(ii) in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantee's planned use of the real property unreasonably interferes with Grantor's Easement, the Grantee shall have the option at its sole cost of providing Grantor with a reasonable alternative means of exercising its Easement in which event Grantee's planned use shall be deemed not to interfere with Grantor's Easement;

(iii) the Grantor's exercise of its rights under this Easement shall not unreasonably interfere with the Grantee's use or planned use of the real property; provided, however, that in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantor's planned use of the real property unreasonably interferes with Grantee's use or planned use of the real property, the Grantor shall have the option at its sole cost of providing Grantee with a reasonably alternative means of permitting Grantee's utilization or planned utilization of the real property in which event Grantor's planned use shall be deemed not to interfere with Grantee's use or planned use.

(iv) Grantor's rights under the Easement shall terminate as to any portion of the real property in the event that Grantor's contract or common carrier freight service is abandoned or is not utilized for Grantor's freight service for a period of four years.

TO HAVE AND TO HOLD the rail property and the easements and rights hereby conveyed to the Grantee, the successors and assigns

of the Grantee forever, free and clear of any liens or encumbrances insofar as said real property, easements and rights were conveyed to Grantor so free and clear by Grantor's immediate predecessors in title, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved by the Grantor in Paragraph C above, (ii) the easements and rights reserved and excepted from the conveyance of this real property to the Grantor by the Grantor's immediate predecessors in title; and (iii) all existing easements or agreements of record, public or private, with respect to the real property herein conveyed.

THE GRANTOR HEREBY COVENANTS that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely described the real property and the easements and rights conveyed by this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

THE GRANTEE HEREBY COVENANTS that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely described the real property and the easements and rights reserved and excepted from this conveyance or intended so

to be in order to carry out the intent of this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

ALL OF THE COVENANTS of the Grantor and Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

THE words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this instrument so requires and whether singular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

IN WITNESS WHEREOF, the said Grantor has caused this deed to

be duly executed the day and year first herein written.

EXHIBIT A

To the Deed By and Between

CONSOLIDATED RAIL CORPORATION

and

THE STATE OF NEW JERSEY

The real property described in this Exhibit A was acquired by the State of New Jersey with Title thereto effective as of September 15, 1978.

Maps referred to in the description are on file in the office of New Jersey Transit Corporation, Market Street and McCarter Highway, P.O. Box 10009, Newark, NJ 07101

PERTH AMBOY & WOODBRIDGE BRANCH

Line Code 1423

Union (MP 0.0) to Perth Amboy (MP 5.9)

All that portion of the right-of-way of railroad of Consolidated Rail Corporation known as the Perth Amboy & Woodbridge Branch and identified as Line Code 1423 in the records of the United States Railway Association, situate in the County of Union and the County of Middlesex, State of New Jersey;

Union County

Beginning at the present lateral cut line, near a connection of the said Perth Amboy and Woodbridge Branch with the Northeast Corridor (Main Line; New York to Philadelphia) of National Railroad Passenger Corporation (Amtrak) said lateral cut line is identified as Line Code 1423-0.0 in the records of the United States Railway Association and described as follows:

"Beginning at the point of intersection of the southeastern line of New Brunswick Avenue and the western property line of said railroad; thence North 57° East, a distance of 355 feet, more or less, along with southeastern line of New Brunswick Avenue, to a point; thence southeastwardly 130 feet, more or less, at right angles to the centerline of said branch tracks to a point on the eastern property line of said railroad, on the westerly line of Inman Avenue, the point of ending."

Thence, extending in a general southerly and southeasterly direction to Station 20+10, at the Union County/Middlesex County line;

Being the same property conveyed to Consolidated Rail Corporation on April 1, 1976 by Deed from Fairfax Leary, as Trustee of the Property of The United New Jersey Railroad and Canal Company, Document No. UNJ-CRC-RP-10 (Union County, New Jersey);

Middlesex County;

Thence, continuing the said Perth Amboy & Woodbridge Branch from the Union County/Middlesex County line, in a general southerly and southeasterly direction passing through Woodbridge and Perth Amboy, to the Points of Ending, at Station 311+52 (approximately MP 5.9) on the East bound track and at Station 277+01 on the Westbound track;

Being the same property conveyed to Consolidated Rail Corporation on April 1, 1976 by Deed from Fairfax Leary, as Trustee of the Property of The United New Jersey Railroad and Canal Company, Document No. UNJ-CRC-RP-7 (Middlesex County, New Jersey) and recorded in the Office of Secretary of State on October 12, 1978;

having an office at Market Street and McCarter Highway, Newark, New Jersey, 07101, hereinafter referred to as the Grantee.

WHEREAS, pursuant to the Regional Rail Reorganization Act of

BOOK 1438 PAGE 523 M 3253 PG 276

1973, as amended (the "Rail Act"), the Special United States District Court ("Special Court") ordered conveyance to the Grantor of certain New Jersey rail properties designated in the Final System Plan and certified to the Special Court by the United States Railway Association ("USRA"); and

WHEREAS, certain rail properties conveyed to Grantor were designated for possible acquisition by state and transportation authorities pursuant to Section 206(e)(1)(D) of the Rail Act; and

WHEREAS, specific New Jersey rail properties were designated for possible acquisition by the Grantee pursuant to a resolution of USRA Board of Directors dated March 3, 1976; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, state and transportation authorities were granted an option for 900 days to acquire the designated rail properties, which option expired on September 18, 1978; and

WHEREAS, pursuant to Public Law No. 95-611, 92 Stat. 3090 (1978), said option period was extended to March 31, 1979; and

WHEREAS, pursuant to Sections 206(e)(1)(D) and 206(d)(5)(C) of the Rail Act, on September 15, 1978 and March 31, 1979, the Grantee exercised its option to acquire certain New Jersey rail properties; and

WHEREAS, the Grantor and Grantee have executed a Memorandum of Understanding dated March 30, 1979, concerning these rail properties;

NOW, THEREFORE, the Grantor, for and in consideration of the

BOOK 1438 PAGE 524

sum of the net liquidation value established by USRA for these rail properties plus additions and betterments, in the amount of TWO MILLION TWENTY SIX THOUSAND TWO HUNDRED THIRTY-SEVEN DOLLARS ($2,026,237.00) lawful money of the United States of America, unto it well and truly paid by the said Grantee, at or before the sealing and delivery of this Deed, the receipt whereof is hereby acknowledged, does by these presents grant, convey, remise, release and forever quitclaim unto the said Grantee, its successors and assigns:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the as described in Exhibit A attached to this deed as a part hereof, together with all of the buildings and improvements thereon and together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 45 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Rail Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and

BOOK 1438 PAGE 525 LIBER 3253 FOLIO 278

items belong or appertain to the real property hereinafter reserved and excepted.

B. AND TOGETHER WITH the permanent easements and rights to use, operate, maintain, repair, renew and replace any and all existing railroad facilities necessary or useful in the operation of the lines of railroad and premises hereby conveyed which may be located on Grantor's abutting property, together with the easement of reasonable access over Grantor's property to permit the exercise of the foregoing easements and rights.

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. An Easement previously set forth in Exhibit 3 of the Memorandum of Understanding between the Grantor and Grantee dated March 30, 1979, as follows:

> An easement for the right and license to enter upon and utilize the existing tracks and related operating facilities on the real property conveyed to Grantee for the purpose of performing the Grantor's freight service.
>
> Grantee agrees that Grantor has retained trackage rights for freight operations over real property conveyed to the Grantee pursuant to Section 206(d)(5)(C) and 206(e)(1)(D) of the Regional Rail Reorganization Act of 1973, as amended, 45 U.S.C.A. Section 701 et seq. (the "Act"). These trackage rights are exclusive except to the extent that trackage rights have been provided to third parties pursuant to federal law including but not limited to rights reserved to third parties in the conveyance deeds for these properties which Grantor received from the United States Railway Association ("USRA") as certified by the Special Court pursuant to Section 303(b)(1) of the Act and rights provided to the National Railroad Passenger Corporation in the Off-Corridor Operating Agreement with Conrail executed on April 1, 1976 pursuant to Section 402(a) of the Railroad Passenger Service Act; provided, however, that the Grantee retains its right to use, or permit another party or parties to use, the real property for any purpose, provided that such utilization does not unreasonably interfere with Grantor's trackage

BOOK 1438 PAGE 526 M 3253 PG 279

rights and, provided further, that the Grantee's retained right shall be of no force and effect to the extent that it shall have been determined by the USRA, a regulatory body, or a court, subject to a final judicial determination upon timely appeal from a challenge to any such determination, that the trackage rights retained by Grantor are exclusive.

Subject to the foregoing, Grantor's easement shall include the right:

(a) to operate freight trains (including mail and express trains), special trains, cars, locomotives and other on-track equipment;

(b) to occupy and use such portions of stations, buildings and other facilities now upon the real property occupied by Grantor as of the date of this Deed;

(c) to use in conjunction with Grantee the presently existing railroad system telephone cable communications equipment and facilities now upon the real property (and replacements thereof) and subject to the availability of space in light of the needs of and written approval of Grantee, to construct, operate and maintain such additions to or substitutions for the presently railroad system telephone cable communication equipment and facilities which are reasonably necessary or legally required in connection with the provision of freight service;

(d) to install track connections, with written approval of Grantee, for rail lines and trackage connections now or hereafter owned, leased, controlled or operated by Grantor, contiguous or adjacent to the real property to secure its present or future freight customers or to connect with its rail properties;

(e) to use portions of the maintenance of equipment facilities now upon the real property for the provision of maintenance of equipment servier for equipment used in provision of freight service (including mail and express) and special train service;

(f) to have reasonable access over the real property to permit the exercise of the foregoing Easement; and

(g) to assign, transfer or lease any of its right under the Grantor's Easement to third parties with the

consent of Grantee.

The exercise of this Easement and right shall be subject to the following terms, provisions, qualifications and limitations:

(i) the operation of passenger trains shall take preference over the operation of trains operated pursuant to the Grantor's Easement;

(ii) in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantee's planned use of the real property unreasonably interferes with Grantor's Easement, the Grantee shall have the option at its sole cost of providing Grantor with a reasonable alternative means of exercising its Easement in which event Grantee's planned use shall be deemed not to interfere with Grantor's Easement;

(iii) the Grantor's exercise of its rights under this Easement shall not unreasonably interfere with the Grantee's use or planned use of the real property; provided, however, that in the event that it shall have been determined, whether by agreement of Grantor and Grantee or by a final decision in an appropriate legal forum, that the Grantor's planned use of the real property unreasonably interferes with Grantee's use or planned use of the real property, the Grantor shall have the option at its sole cost of providing Grantee with a reasonably alternative means of permitting Grantee's utilization or planned utilization of the real property in which event Grantor's planned use shall be deemed not to interfere with Grantee's use or planned use.

(iv) Grantor's rights under the Easement shall terminate as to any portion of the real property in the event that Grantor's contract or common carrier freight service is abandoned or is not utilized for Grantor's freight service for a period of four years.

TO HAVE AND TO HOLD the rail property and the easements and rights hereby conveyed to the Grantee, the successors and assigns

BOOK 1438 PAGE 528 M3253TC 281

of the Grantee forever, free and clear of any liens or encumbrances insofar as said rail property, easements and rights were conveyed to Grantor so free and clear by Grantor's immediate predecessors in title, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved by the Grantor in Paragraph C above, (ii) the easements and rights reserved and excepted from the conveyance of this real property to the Grantor by the Grantor's immediate predecessors in title; and (iii) all existing easements or agreements of record, public or private, with respect to the real property herein conveyed.

THE GRANTOR HEREBY COVENANTS that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely described the real property and the easements and rights conveyed by this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

THE GRANTEE HEREBY COVENANTS that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely described the real property and the easements and rights reserved and excepted from this conveyance or intended so

to be in order to carry out the intent of this Deed and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

ALL OF THE COVENANTS of the Grantor and Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

THE words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this instrument so requires and whether signular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

IN WITNESS WHEREOF, the said Grantor has caused this deed to

be duly executed the day and year first herein written.

THIS DEED IS MADE BY AND BETWEEN

FAIRFAX LEARY,

AS TRUSTEE OF THE PROPERTY OF

THE UNITED NEW JERSEY RAILROAD AND CANAL COMPANY, DEBTOR

("Grantor"), whose address is 1404 Mt. Pleasant Road, Villanova, Pennsylvania 19085

AND

CONSOLIDATED RAIL CORPORATION,

a corporation organized and existing under the laws of the Commonwealth of Pennsylvania ("Grantee"), whose address is 1818 Market Street, Philadelphia, Pennsylvania 19103.

WHEREAS, the Debtor is a railroad in reorganization under Section 77 of the Federal Bankruptcy Act, 11 U.S.C. Sec. 205, and is a railroad in reorganization as that term is defined in the Regional Rail Reorganization Act of 1973 (Public Law 93-236, 87 Stat. 985), as amended ("Act"); and

WHEREAS, by orders of the United States District Court for the Eastern District of Pennsylvania entered in Docket No. 70-347-A the above-named individual was duly appointed and is now serving as Trustee of the property of the Debtor; and

WHEREAS, the United States Railway Association, pursuant to Section 209 (c) of the Act, has certified to the Special United States District Court established pursuant to Section 209 (b) of the Act ("Special Court"), that the rail properties of the Debtor hereinafter described (except those hereinafter reserved and excepted) are to be transferred by the Grantor to the Grantee; and

WHEREAS, pursuant to Section 303 (b) (1) of the Act, the Special Court has ordered the Grantor to convey to the Grantee all of the Grantor's right, title and interest in such rail properties, free and clear of any liens or encumbrances as provided in Section 303 (b) of the Act;

NOW, THEREFORE, pursuant to the Order of the Special Court, the Grantor hereby grants and conveys to the Grantee:

A. All of the Grantor's right, title and interest, legal and equitable, in and to the real property located in the

County of Union, State of New Jersey

as described in Exhibit A attached to this Deed as a part hereof, together with all of the appurtenances, hereditaments, franchises, ways, waters, minerals, rights, privileges, improvements, fixtures, licenses, leaseholds, reversions, easements, rights under operating, trackage and joint facility agreements, rents, issues, profits and other interests and items belonging to or in any way appertaining to such real property, including but not limited to all real property items that would properly be recorded in Accounts 1 through 45 and 90 of the Property Accounts prescribed by the Interstate Commerce Commission for Railroad Companies in its Uniform System of Accounts, 49 C.F.R. Part 1201, to the extent that such interests and items belong or in any way appertain to such real property, except as those interests and items belong or appertain to the real property hereinafter reserved and excepted.

B. 1. The easements and rights to use, operate, maintain, repair, renew, replace and remove on, under, over and across the real property hereinafter reserved and excepted ("Grantor's Burdened Property"), any and all lines, poles, pipes, appliances, equipment, structures, facilities and appurtenances (each an "Easement Item") existing on and used or useful as of the date of delivery of this Deed as a part of any railroad communication, signal or interlocker system or as a part of any electric, telephone, telegraph, water, gas, steam, sanitary sewer, storm sewer or other utility system, together with the easement of reasonable access over the Grantor's Burdened Property to permit the exercise of the foregoing easements and rights, and the easement for lateral support of the real property conveyed by this Deed.

2. The easements and rights for the specific uses, if any, (each an "Easement Item") particularly described in Exhibit B attached to this Deed as a part hereof and burdening certain real property hereinafter reserved and excepted.

3. The Grantee shall give the Grantor reasonable notice before entering on the Grantor's Burdened Property to exercise the easements and rights conveyed in this Paragraph B, and shall exercise such easements and rights (a) so as not to interfere unreasonably with the use and enjoyment of the Grantor's Burdened Property, (b) in compliance with generally applicable reasonable requirements established from time to time by the Grantor and (c) so as not to increase materially the burden on the Grantor's Burdened Property existing on the date of delivery of this Deed. The Grantee shall indemnify and save the Grantor harmless from any loss, damage or expense arising from the exercise of the foregoing easements and rights, without regard to negligence on the part of the Grantor or the Grantee. Upon request of and at the expense of the Grantor, the Grantee shall execute and deliver to the Grantor a deed or other instrument releasing the Grantee's rights in any part of the Grantor's Burdened Property that is not used or reasonably needed by the Grantee in the exercise of the easements and rights conveyed in this Paragraph B.

4. If the location of any Easement Item would interfere with any proposed use or sale of any part of the Grantor's Burdened Property, the Grantor may, at the Grantor's expense and after obtaining the Grantee's written consent, relocate the interfering Easement Item or cause the same to be relocated. Such consent will be granted unless (a) the Easement Item cannot be relocated as proposed by the Grantor without unreasonable interference to the Grantee's operations or without damage to the integrity of the system of which the Easement Item is a part or (b) the Grantee will not have reasonable access to the relocated Easement Item. If the Grantee has previously released its easements and rights in any real property as provided in Paragraph B. 3. and a relocated Easement Item falls, in whole or in part, within the area that has been so released, the Grantor and the Grantee shall exchange the following instruments promptly after the relocation is completed:

(a) The Grantor shall execute and deliver to the Grantee a supplementary deed of easement which conveys to the Grantee with respect to the relocated Easement Item the easements and rights described in this Paragraph B.

(b) The Grantee shall execute and deliver to the Grantor a deed or other instrument of release as provided in Paragraph B. 3.

5. The Grantor shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with all deeds and other instruments delivered pursuant to this Paragraph B.

FILED AND RECORDED

DONALD LAN
SECRETARY OF STATE

RESERVING AND EXCEPTING, HOWEVER, TO THE GRANTOR:

C. All the respective right, title and interest of the Grantor, legal and equitable, in and to the real property described in Exhibit B attached to this Deed as a part hereof, but subject, however, to (a) the limitation of access thereto across the real property conveyed by this Deed as hereinafter provided and (b) the easements and rights conveyed pursuant to Paragraph B above.

D. 1. The easements and rights to use, operate, maintain, repair, renew, replace and remove on, under, over and across the real property conveyed by this Deed ("Grantee's Burdened Property"), any and all lines, poles, pipes, appliances, equipment, structures, facilities and appurtenances (each an "Easement Item") existing on and used or useful as of the date of delivery of this Deed as a part of any railroad communication, signal or interlocker system or as a part of any electric, telephone, telegraph, water, gas, steam, sanitary sewer, storm sewer or other utility system, together with the easement of reasonable access over the Grantee's Burdened Property to permit the exercise of the foregoing easements and rights, and the easement for lateral support of the real property reserved and excepted from this conveyance.

2. The easements and rights for the specific uses, if any, (each an "Easement Item") particularly described in Exhibit B to this Deed and burdening certain real property conveyed by this Deed.

3. The Grantor shall give the Grantee reasonable notice before entering on the Grantee's Burdened Property to exercise the easements and rights reserved and excepted in this Paragraph D, and shall exercise such easements and rights (a) so as not to interfere unreasonably with the use and enjoyment of the Grantee's Burdened Property, (b) in compliance with generally applicable reasonable requirements established from time to time by the Grantee and (c) so as not to increase materially the burden on the Grantee's Burdened Property existing on the date of delivery of this Deed. The Grantor shall indemnify and save the Grantee harmless from any loss, damage or expense arising from the exercise of the foregoing easements and rights, without regard to negligence on the part of the Grantee or the Grantor. Upon request of and at the expense of the Grantee, the Grantor shall execute and deliver to the Grantee a deed or other instrument releasing the Grantor's rights in any part of the Grantee's Burdened Property that is not used or reasonably needed by the Grantor in the exercise of the easements and rights reserved and excepted in this Paragraph D.

4. If the location of any Easement Item would interfere with any proposed use or sale of any part of the Grantee's Burdened Property, the Grantee may, at the Grantee's expense and after obtaining the Grantor's written consent, relocate the interfering Easement Item or cause the same to be relocated. Such consent will be granted unless (a) the Easement Item cannot be relocated as proposed by the Grantee without unreasonable interference to the Grantor's operations or without damage to the integrity of the system of which the Easement Item is a part or (b) the Grantor will not have reasonable access to the relocated Easement Item. If the Grantor has previously released its easements and rights in any real property as provided in Paragraph D. 3. and a relocated Easement Item falls, in whole or in part, within the area that has been so released, the Grantor and the Grantee shall exchange the following instruments promptly after the relocation is completed:

(a) The Grantee shall execute and deliver to the Grantor a supplementary deed of easement which conveys to the Grantor with respect to the relocated Easement Item the easements and rights described in this Paragraph D.

(b) The Grantor shall execute and deliver to the Grantee a deed or other instrument of release as provided in Paragraph D. 3.

5. The Grantee shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with all deeds and other instruments delivered pursuant to this Paragraph D.

E. All mineral rights owned by the Grantor in any parcel as to which an interest in the surface is not conveyed by this Deed.

TO HAVE AND TO HOLD the real property and the easements and rights hereby conveyed to the Grantee, free and clear of (a) any liens or encumbrances as provided in Section 303 (b) of the Act and (b) any and all easements and rights of access to the real property reserved and excepted from this conveyance across the real property conveyed by this Deed (except as otherwise provided in this Deed), even if such easements and rights would otherwise arise by reason of necessity, implication or other operation of law, statute, ordinance, rule or regulation of any governmental entity, BUT SUBJECT, HOWEVER, to (i) those easements and rights reserved and excepted in Paragraph D above, (ii) all existing licenses, easements, leases (other than those which may have been created to secure payment of a financial obligation), and operating, trackage right and joint facility agreements and (iii) Operating Rights Grants, if any, from the Grantor to a third party conveyed concurrently with this conveyance and identified in Exhibit B to this Deed.

The Grantor hereby covenants that the Grantor will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantee to convey, confirm, clarify, identify or more precisely describe the real property and the easements and rights conveyed by this Deed or intended so to be in order to carry out the intent of this Deed in light of the designations contained in the Final System Plan which has been certified to the Special Court by the United States Railway Association pursuant to the Act, and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

The Grantee hereby covenants that the Grantee will perform, execute, acknowledge and deliver any and all such further acts, deeds, assignments and other instruments as may be reasonably requested by the Grantor to confirm, clarify, identify or more precisely describe the real property and the easements and rights reserved and excepted from this conveyance or intended so to be in order to carry out the intent of this Deed in light of the designations contained in such Final System Plan, and to effect the recordation of, or otherwise perfect, this Deed and all such other deeds, assignments and instruments under any applicable statute, ordinance, rule or regulation.

BOOK 3400 PAGE 781

By acceptance of this Deed, the Grantee (a) agrees to perform each of the obligations imposed on the Grantee by the terms of this Deed, and (b) assumes and agrees to perform and observe all obligations and conditions on the part of the Grantor or the Grantor's predecessor in title to be performed or observed that arise or accrue after the date of delivery of this Deed under all licenses, easements, leases (other than those which may have been created to secure payment of a financial obligation) and operating, trackage right and joint facility agreements (subject, however, to the terms thereof) which are conveyed by this Deed and under those to which this conveyance is made subject, provided that the Grantee assumes no obligation or liability that arises after the date of delivery of this Deed out of any event, act or failure to act that occurred prior thereto and, where an obligation or liability is related to a period which is both before and after such date, the Grantee assumes only that portion of the obligation or liability which is reasonably allocable to the part of the period after such date. Concurrently with the delivery of this Deed, the Grantee is delivering to the Grantor a separate instrument executed by the Grantee acknowledging receipt and acceptance of this Deed and affirming the provisions of this paragraph.

All of the covenants of the Grantor and the Grantee, respectively, shall be deemed to be real covenants and shall run with the land.

The words "Grantor" and "Grantee" used herein shall be construed as if they read "Grantors" and "Grantees", respectively, whenever the sense of this Deed so requires and, whether singular or plural, such words shall be deemed to include in all cases the successors and assigns of the respective parties.

This conveyance and the specific covenants of the Grantor are made by the Grantor as Trustee of the property of the Debtor, and not individually, and this conveyance is made without covenants of title or any warranties express or implied.

IN WITNESS WHEREOF, the Grantor has executed this Deed this 31st day of March, 1976.

DEED OF EASEMENT

THIS DEED AGREEMENT, made this 12th day of August, 1981, by and between the National Railroad Passenger Corporation with offices at 400 North Capitol Street, N.W., Washington, D.C. 20001, a District of Columbia corporation (hereinafter "Grantor") and the Elizabethtown Water Company, a public utility corporation of the State of New Jersey with offices at One Elizabethtown Plaza, Elizabeth, New Jersey 07207 (hereinafter "Grantee"),

WITNESSTH that, in consideration of the sum of Seven Thousand Five Hundred Dollars ($7,500.00) and the further sum of Five Hundred Dollars ($500.00) as a document preparation fee, and other good and valuable consideration, the receipt whereof is hereby acknowledged, the Grantor does hereby grant and confirm to the Grantee for the installation and maintenance of a forty-eight inch (48") sub-surface water main and for no other use or purpose whatsoever, a perpetual easement over all that certain parcel of land situate adjoining the Grantor's right-of-way in the City of Linden, County of Union and State of New Jersey more particularly described as follows:

BEGINNING in the southwesterly line of Wood Avenue, South at a point therein distant 137.55 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, South from its intersection with the northwesterly line of Linden Avenue, West and from said beginning point running; thence (1) south 34 degrees 48 minutes 48 seconds west a distance of 247.03 feet to a point in the southeasterly line of land of Amtrak; thence (2) south 48 degrees 05 minutes west along the aforesaid southeasterly line of Amtrak a distance of 9.64 feet to a point in the northeasterly line of Penn Place said point being 80.0 feet measured northwesterly along the aforesaid northeasterly line of Penn Place from its intersection with the aforementioned northwesterly line of Linden Avenue, West; thence (3) north 41 degrees 55 minutes west along the aforesaid northwesterly line of Penn Place a distance of 18.274 feet to a point; thence (4) north 34 degrees 48 minutes 48 seconds east parallel with and 20.0 feet northwesterly measured at right angles to the first course of this description a distance of 254.17 feet to a point in the aforementioned southwesterly line of Wood Avenue, South; thence (5) South 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, South a distance of 20.09 feet to the point and place of beginning.

Containing 5,100 square feet or 0.1171 acres all as more particularly shown in yellow outline on the plan designated Exhibit "A" attached hereto and made a part hereof.

Reservations, Exceptions and Conditions:

1. That Grantor, its employees, agents, servants, contractors, invitees, licensees, and the like at any and all times shall have the right to move engines and railroad cars over and across Grantor's adjoining right-of-way, together with the right to maintain the said right-of-way as now constructed, or as may be hereafter constructed, with the further right at any and all

times to enter upon said premises for the purpose of operating, maintaining, repairing or replacing, relocating, removing and renewing said right-of-way or any improvements thereon; (1)

2. That Grantor shall not be liable to Grantee or its employees, servants, agents, contractors, licensees, invitees or the like for any loss, injury, damage or impairment which may occur to the person or property of any of them while on or about the said premises; (2)

3. That Grantee shall reimburse, compensate and pay Grantor the costs, damages, and losses of any kind whatsoever to Grantor's railroad right-of-way, its improvements and appurtenances, arising or resulting directly or indirectly from any use, construction, enjoyment or occupation under this easement, including, but not limited to, vehicle collisions, fires, transportation of flammable or explosive commodities or fluid drainage on or over said easement; (3)

4. That Grantee shall be responsible for, and will indemnify, save harmless and defend Grantor against and from any and all claims and suits for, and any and all liability, loss or expense arising from, or incidental to, or in connection with, damage to, or loss of any property of Grantor, Grantee, the agents, servants, licensees, contractors, invitees or employees of either, or any other person and indemnify against and from any and all claims and suits for, any and all liability, loss or expense arising out of, or incidental to or in connection with injury to or death of persons, including agents, servants, contractors, licensees, invitees or employees of Grantor or Grantee, or any other person, if said damage, loss, injury, or death shall arise in any manner, directly or indirectly, out of, or incidental to, or in connection with the granting of this easement or the use or occupation thereof, including any appurtenant walkways, curbs or gutters; (4)

5. That Grantee shall, at its sole cost and expense procure, provide, and deliver to the Railroad and thereafter maintain in effect for the duration of this easement, public liability insurance, as well as contractual liability insurance covering all liabilities assumed by the Grantee hereunder, without exception or restriction of any kind. Said insurance shall be in limits of not less than Two Million Dollars ($2,000,000.00) single limit, bodily injury, death and/or property damage whether of the Grantee, the Railroad, or others, and shall contain a waiver of subrogation against Railroad, and said insurance shall be with such companies and in such form as shall be acceptable to the Railroad. Said insurance shall be endorsed to provide that the Railroad will be notified in writing by the insurance carrier at least thirty (30) days in advance of any cancellation or changes which modify the coverage provided thereunder. The providing of such insurance shall not be deemed a limitation on the liability of Grantee as provided herein, but shall be additional security therefor. (5)

Grantee shall have the right to self insure, to fulfill its obligations under this Article, in lieu of procuring and maintaining the above mentioned insurance policies. (5.1)

6A. That Grantor shall not be liable or obligated to assume or pay any assessments, costs, charges or expenses in connection with the construction, re-construction, use, maintenance or renewal of said water main, appurtenances or facilities necessary thereto, affecting or benefitting in any way any land of said Grantor;

6B. That Grantor shall have the unlimited right to use the land hereinbefore described in any manner whatsoever, provided that such usage does not interfere in any way with the easement rights herein granted;

6C. That in the event said 48-inch water main and appurtenant facilities are hereafter assessed for any levy or taxes, the Grantee shall and will assume and pay all such levies or taxes on the said 48-inch water main and appurtenant facilities directly to the proper taxing authority imposing such taxes;

6D. That said Grantor shall have the right to make any direct connection to said 48-inch water main and appurtenant facilities in accordance with Grantee's normal and standard regulations, or have the right to have a smaller size water line installed to service Grantor's property, all at Grantee's sole cost and expense;

6E. That Grantee shall, upon final installation of said 48-inch water main, restore the surface of the aforementioned premises to their pre-existing condition including, but not limited to, proper grading and drainage as well as asphalt covering, all at the sole cost and expense of the Grantee, and within 30 days of commencing construction.

7. That Grantee, prior to any construction work, repairs or improvements to the premises, shall give thirty (30) days' prior written notice to, and shall submit plans and specifications to Railroad and obtain the written approval thereof by the Chief Engineer of Railroad before any work or alteration of the premises is performed; except that the thirty day notice to Grantor shall not be required for emergency repairs and minor repairs to the roadway surface; (7)

8. That Grantee, in the event this easement shall terminate for any reason, shall restore the land to its former condition upon the option of the Grantor, including, but not limited to, leveling and filling the earth, removing barricades and fences, and shoring up the railroad right-of-way if the right-of-way or any improvements thereon or appurtenances thereto have been weakened or damaged as a direct or indirect result of any use of said easement; (8)

9. That Grantee shall, at its sole cost and expense, make necessary repairs to the premises for its proper upkeep and maintenance and will keep

the area of the easement in constant good order, repair and safe condition, including, but not limited to open areas, landscaping, drainage, pavement, and sidewalks or walkways thereon; (9)

10. That Grantee shall at its sole cost and expense arrange for, and procure necessary electricity, water or other utility service required for Grantee's use; (10)

11. That Grantee shall not assign, transfer, sell or otherwise attempt to convey or encumber this easement, or any part of said premises, without the prior written consent of Grantor; (11)

12. That any failure, omission, neglect or dereliction by Grantee in complying with the Reservations, Exceptions and Conditions herein contained shall be sufficient justification for Grantor at Grantor's sole discretion and in accordance with any terms or conditions it may establish, to terminate and determine the easement granted hereunder; (12)

13. That the Reservations, Exceptions and Conditions hereunder shall run with the land and inure to the benefit of Grantor, its successors and assigns binding and obligating Grantee its successors and assigns, for as long as the premises shall be subject to this easement, provided, however, that if the premises described herein shall be utilized or occupied for any other purpose than incident to supplying the City of Newark with water then this easement shall immediately cease, terminate and expire; (13)

14. That any notice or communication required to be given hereunder shall be deemed sufficiently served or rendered to Grantee if, in writing, delivered or sent by registered or certified mail to Grantee addressed to Norbert Wagner - Chief Engineer, Elizabethtown Water Company, P. O. Box 111, Plainfield, New Jersey 07061 or such other address as Grantee shall designate by written notice; provided however, that any notice or communication required hereunder from Grantee to Grantor must be served by registered or certified mail addressed to the National Railroad Passenger Corporation, 400 North Capitol Street, N. W., Washington, D.C. 20001, attention: Real Estate Department, or at such address as Grantor may designate by written notice; (14)

15. That no termination or expiration of this agreement shall obligate Grantor to refund any portion of the consideration or compensation paid by Grantee for the granting of this easement; (15)

IN WITNESS WHEREOF, the parties hereto freely have set their hands and affixed their seals in execution hereof, as of the day and year first above written.

Date:

PERMIT TO ENTER UPON PROPERTY

File:

PERMISSION is hereby granted to Elizabethtown Water Company with offices at One Elizabethtown Plaza, Elizabeth, New Jersey hereinafter called "Permittee" to enter property of the National Railroad Passenger Corporation, hereinafter called "Railroad", for the purpose of water main construction in the City of Linden, in the County of Union and State of New Jersey under the following terms and conditions:

1. LOCATION AND ACCESS.

FIRST - Beginning in the southwesterly line of Wood Avenue, south at a point therein distant 158.04 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, south from its intersection with the northwesterly line of Linden Avenue, west and from said beginning point running; thence (1) south 34 degrees 48 minutes 48 seconds west a distance of 254.17 feet to a point in the northeasterly line of Penn Place said point being 98.274 feet measured northwesterly along the aforesaid northeasterly line of Penn Place from its intersection with the aforementioned northwesterly line of Linden Avenue, West; thence (2) north 41 degrees 55 minutes west along the aforesaid northeasterly line of Penn Place a distance of 10.274 feet to a point; thence (3) north 34 degrees 48 minutes 48 seconds east parallel with and 10.0 feet northeasterly measured at right angles to the first course of this description a distance of 252.78 feet to a point in the aforementioned southwesterly line of Wood Avenue, south; thence (4) south 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, south a distance of 10.074 feet to the point and place of beginning.

Containing 2,535 square feet or 0.0582 acres, and

SECOND - BEGINNING in the southwesterly line of Wood Avenue, South at a point therein distant 100.0 feet measured northwesterly along the aforesaid southwesterly line of Wood Avenue, south from its intersection with the northwesterly line of Linden Avenue, west and from said beginning point running; thence (1) south 40 degrees 28 minutes 21 seconds west along the southeasterly line of land of Amtrak a distance of 156.55 feet to a point; thence (2) north 41 degrees 55 minutes west a distance of 1.64 feet to a point; thence (3) south 48 degrees 05 minutes west still along the lands of Amtrak a distance of 90.36 feet to a point; thence (4) north 34 degrees 48 minutes 48 seconds east a distance of 247.03 feet to a point in the aforementioned

southwesterly line of Wood Avenue, south; thence (5) south 49 degrees 38 minutes east along the aforesaid southwesterly line of Wood Avenue, South a distance of 37.95 feet to the point and place of beginning.

Containing 5,656 square feet or 0.1298 acres.

2. LIABILITY. Permittee shall indemnify, defend and save harmless the Railroad from and against any and all detriment, damages, losses, claims, demands, suits, costs or expenses which the Railroad may suffer or sustain or be subject to, directly or indirectly, caused either wholly or in part by reason of work performed on the Railroad's property by Permittee and/or its contractor.

3. CONSIDERATION. ~~Permittee will pay to the Railroad the sum of One Hundred Dollars ($100.00) as a compensation for the preparation of this permit, payable in advance upon execution of this permit.~~

4. STARTING OF USE OF PROPERTY. Permitee or its contractor shall notify the Chief Engineer of the Railroad, or his designee, at least seven (7) days in advance before entering upon or starting any work upon Railroad property. No entry or use of Railroad property will be permitted until this permit is signed, charges thereunder paid, and permission received from the Chief Engineer's designee who will be A. C. Erickson located at Suburban Station, Philadelphia. Telephone number 215-895-7505.

5. RAILROAD OPERATIONS. All operations shall be carried on in such a manner so as not to interfere with Railroad property and operation or the use of any Railroad Facilities. If, in the opinion of the Chief Engineer of the Railroad, or his designee, conditions warrant at any time, the Railroad will provide flag service and protection at the expense of the Permittee, and Permittee agrees to pay to the Railroad the full cost and expense therefor.

6. CROSSING TRACK. In no event shall Employees, equipment or material cross a track or tracks without special permission and with at least notice of forty eight (48) hours in advance, so that the Railroad may arrange for the necessary flag protection at the expense of the Permittee and Permittee agrees to pay to the Railroad the full cost and expense therefor. Such permission shall be obtained from the Chief Engineer of the Railroad or his designee.

7. CLEARANCES. All equipment working on or material in use upon the property of the Railroad shall be kept at all times not less than ten (10) feet from the nearest rail of any mainline track, or as subsequently modified in writing by the Chief Engineer or his designee. The Permittee and/or its contractor shall conduct its operations so that no part of its equipment shall foul an operated track, transmission, signal or communication lines, or any other structure of the Railroad.

29 03 122

8. RESTORATION OF PREMISES. Upon completion of the work, the Railroad's property shall be left in a condition satisfactory to the Railroad. This includes, without limitation, the restoration immediately of any fences removed.

9. TERM OF PERMIT. The Railroad reserves the right to revoke this permit at any time. Unless subsequently modified, this permit shall extend thirty (30) days from the date construction of said water main commences at which time it shall expire automatically. The Permittee agrees to notify the Railroad when use of the property or work is completed. Under no circumstances shall this temporary permit be construed as granting the Permittee any right, title or interest of any kind or character in, on or about the land or premises of the Railroad.

10. (a) INSURANCE. Before any work is started on Railroad property, Permittee or his contractor shall furnish the Chief Engineer of the Railroad, or his designee, with evidence of its Workmen's Compensation, Public Liability and Property Damage Coverages, as specified in Sections 1, 2, and 3 of the attached addendum entitled "MAINTENANCE AND PROTECTION OF RAILROAD TRAFFIC".

11. This permit shall be subject to the execution of a lease agreement between Permittee and the Railroad within 20 days of the date of execution hereof.

To confirm your acceptance of the above conditions, please return one signed copy of this permit to this office at National Railroad Passenger Corporation, Attn: Real Estate Department, 400 North Capitol Street, N.W., Washington, D.C. 20001. The second copy may be retained for your file.

INSURANCE REQUIREMENTS

In addition to any other forms of insurance or bonds required under the terms of the contract and specifications, the contractor will be required to carry insurance of the following kinds and amounts:

1. Contractor's Public Liability and Property Damage Liability Insurance

The contractor shall furnish evidence to the (State, City or as the case may be) that, with respect to the operations he performs, he carries regular contractor's public liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of one person, and subject to that limit for each person, a total limit of two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of two or more persons in any one accident, and regular contractor's property damage liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of an injury to or destruction of property in any one accident and, subject to that limit per accident, a total (or aggregate) limit to two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property during the policy period.

If any part of the work is sublet, similar insurance shall be provided by or in behalf of the subcontractors to cover their operations.

2. Contractor's Protective Public Liability and Property Damage Liability Insurance

The contractor shall furnish evidence to the (State, City, or as the case may be) that, with respect to the operations performed for him by subcontractors, he carries in his own behalf regular contractor's protective public liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of one person, and, subject to that limit for each person, a total limit of two million ($2,000,000) dollars for all damages arising out of bodily injuries to or death of two or more persons in any one accident, and regular contractor's protective property

damage liability insurance providing for a limit of not less than two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property in any one accident and, subject to that limit per accident a total (or aggregate) limit of two million ($2,000,000) dollars for all damages arising out of injury to or destruction of property during the policy period.

3. Railroad Protective Liability and Property Damage Liability Insurance

In addition to the above, the contractor shall furnish evidence that, with respect to the operations he or any of his subcontractors perform, he has provided Railroad Public Liability Insurance (AAR-AASHTO Form) in the name of National Railroad Passenger Corporation and Consolidated Rail Corporation providing for a limit of not less than $2,000,000 single limit, bodily injury, for damages arising out of injuries to, or death of, all persons in any one occurrence and $2,000,000 single limit, property damage for damage to, or destruction of, property, including the loss of use thereof, in any one occurrence. No aggregate shall apply for either bodily injury or property damage.

The insurance hereinbefore specified shall be carried until all work required to be performed under the terms of the contract is satisfactorily completed as evidenced by the formal acceptance by the Chief Engineer of Amtrak. Failure to carry or keep such insurance in force until all work is satisfactorily completed shall constitute a violation of the contract.

The contractor shall furnish to the railroad company signed copy of the policy for contractor's public liability and property damage liability insurance, also signed copy of the policy for railroad protective public liability and property damage liability insurance prior to entry upon railroad right-of-way. If any work is subcontracted, the contractor shall furnish signed copy of the policy for contractor's protective public liability and property damage liability insurance.

All certificates shall be endorsed to provide 10 days notice to Amtrak by the insurance company before any change in or cancellation of the policies.

DEED OF ENCROACHMENT EASEMENT AND NON-EXCLUSIVE RIGHT OF WAY

Richard P. Hatfield
RECEIVED & RECORDED
UNION COUNTY, N.J.
JAN 11 11 45 AM '82
3276 772

This Deed of Easement is made by and between

The State of New Jersey
acting by and through the New Jersey Transit Corporation (Grantor), with an address at Market Street and McCarter Highway, Newark, New Jersey

AND

The Township of Cranford,
County of Union, State of New Jersey (Grantee),
with address at 8 Springfield Avenue, Cranford, New Jersey

Whereas, the Grantor is the owner in fee simple of certain railway property situate in the Township of Cranford, County of Union and State of New Jersey, said property formerly being owned by the Consolidated Rail Corporation and identified as the CNJ Main Line and the Line Code 0201 in the records of the United States Railway Association and recorded in the Union County Clerk's Office in Book 3253, pg. 276, a portion of which property is situated between rail station 815+90 and rail station 812+40; and

Whereas, the Grantee is the owner in fee simple of a parcel of land adjoining Grantor's above described property, said parcel more particularly described in the deed between Central Jersey Industries, Inc. and the Township of Cranford attached hereto (Exhibit A); and

Whereas, there exists on Grantee's said parcel of land a concrete block building, delineated on a map, dated June 4, 1979, prepared by Sailer and Sailer, Engineers-Land Surveyors, with an address at 215 Westfield Avenue, Elizabeth, New Jersey and annexed hereto as Exhibit B; and

Whereas, the Grantee is desirous of an encroachment easement consisting of the right and privilege to use, maintain, and repair the encroaching corner of said building; and

Whereas, the Grantor has agreed, in consideration of $500.00 paid by the Grantee, to grant to the Grantee an easement for the encroaching corner of said concrete block building together with a non-exclusive right to enter onto Grantor's property for the purpose and in the manner hereinafter expressed;

NOW this Deed witnesseth that in consideration of the sum of Five Hundred Dollars ($500.00), lawful money of the United States of America, unto it well and truly paid by the Grantee at or before the sealing and delivery of this Deed, the receipt of which is hereby acknowledged, the Grantor does by these presents grant unto the Grantee, its successors and assigns a perpetual encroachment easement on Grantor's property described above in order to use, maintain, repair and remove that corner of the above-mentioned concrete building which encroaches upon Grantor's said property, subject to the reservations and covenants hereinafter set forth, together with a non-exclusive right to enter upon Grantor's property adjoining said concrete block building for the sole purpose of maintaining, repairing or removing said building and for no other purpose; said easement

and right of way being on, over and across that certain plot, piece or parcel of land situated in the Township of Cranford, County of Union, State of New Jersey and described as follows:

BEGINNING at a point in the second course of the tract conveyed by Central Jersey Industries, Inc. to the Township of Cranford and described in Exhibit A, distant therein northeasterly 212.46 feet from the beginning of second course of said tract; thence (1) along said second course north 72 degrees 24 minutes 35 seconds east 59.64 feet to the beginning of third course of said tract; thence (2) along said third course north 57 degrees 42 minutes 34 seconds east 5.77 feet; thence (3) south 10 degrees 23 minutes east 9.62 feet; thence (4) south 79 degrees 37 minutes west 64.42 feet to the point and place of BEGINNING, said description being in accordance with a survey made by Sailer & Sailer, Engineers-Land Surveyors, dated June 4, 1979 and attached hereto as Exhibit B;

Reserving to the Grantor the right to cross said ensement and right of way with additional railroad tracks and to operate, maintain and modify its railroad within the limits of the easement and right of way.

TO HAVE AND TO HOLD such encroachment easement and right of way here by granted unto Grantee, its successors and assigns as appurtenant to the said land of Grantee so long as said concrete block building shall exists, and no longer; the easement and right of way shall terminate automatically upon the removal or destruction of said building. Should said building be removed or destroyed the easement and right of way herein granted shall revert to the Grantor.

The Grantee hereby covenants with the Grantor that

a. the Grantee, its successors and assigns, shall maintain the said concrete block building in reasonably good condition and repair until removal or destroyed;

b. the Grantee, its successors and assigns, shall pay any and all taxes and assessments imposed on said building, including those imposed upon that portion of said building which encroaches upon Grantor's property;

c. the Grantee shall bear all expenses and the cost of all transfer and recording taxes, fees and charges in connection with this deed;

d. the Grantee understands that the proximity of its premises, said concrete block building, and its property to the railroad tracks on Grantor's adjoining land involves some risk, and it is therefore agreed that the Grantee, its successors or assigns, as part of the consideration for the easement granted herein, shall assume as to said building and contents and as to property of any kind located along the right of way granted herein by the Grantee, its agents, servants, employees, all risk of loss, damage or destruction arising from the exercise of the foregoing easement and right of way; and the Grantee, its successors and assigns shall defend, indemnify, protect and save harmless the State of New Jersey, the New Jersey Transit Corporation, Consolidated Rail Corporation, the New Jersey Department of Transportation, their agents, servants and employees from and against any and all loss, damages, suits, claims, demands or expense arising from the exercise of the foregoing easement and right of way, without regard to negligence on the part of any of the aforesaid parties and entities;

e. the Grantee agrees that the Grantor shall have no liability for any loss, property or personal damages, or expenses resulting to the Grantee its successors, assigns or any agents, employees, officials, sevants, invitees or licensees arising out of the

exercise of the foregoing easement and right of way;

f. the Grantee shall carry comprehensive general liability insurance for personal and property damage which shall cover all claims arising out of the possession, use and maintenance of said building including that portion of the building which encroaches upon the Grantor's property. Said insurance shall be maintained in force by the Grantee, its successors or assigns until the termination of the easement herein granted. The foregoing insurance coverage is not intended to nor does it limit the liability of the Grantee to hold the State of New Jersey and New Jersey Transit Corporation harmless;

g. the Grantee shall exercise the easements and rights granted herein so as not to interfere unreasonably with the proper and safe use, operation and enjoyment of the Grantor's property. Grantee shall, at its own cost and expense, furnish any necessary precautions so that persons, equipment and materials are kept a safe distance away from the tracks of the Grantor's railroad;

h. the Grantee shall notify Grantor of any successors to or assigns of the right and authority herein granted by the Grantor.

All of the covenants of the Grantor and the Grantee shall be deemed to be real covenants and shall run with the land as long as the above building exists.

IN WITNESS WHEREOF, the said Grantor has caused this Agreement to be duly executed this 2 day of December, 1981.

EXHIBIT A

102—DEED - BARGAIN AND SALE
CORP. TO IND. OR CORP.

This Deed,

made the 8th day of April, 19 80 .

Between

CENTRAL JERSEY INDUSTRIES, INC.

a corporation existing under and by virtue of the laws of the State of New Jersey having its principal office at Gateway 1 - Room 501 of Newark in the City of Essex and State of New Jersey herein designated as the Grantor,

And

TOWNSHIP OF CRANFORD

residing or located at 8 Springfield Avenue of Cranford in the County of in the Township of Union and State of New Jersey hereinafter designated as the Grantee,

Witnesseth, that the Grantor, for and in consideration of TWO HUNDRED SIXTY NINE THOUSAND, FIVE HUNDRED DOLLARS ($269,500)*

lawful money of the United States of America, to it in hand well and truly paid by the Grantee, at or before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, and the Grantor being therewith fully satisfied, does by these presents grant, bargain, sell and convey unto the Grantee, forever,

All that tract or parcel of land and premises, situate, lying and being in the Township of Cranford in the County of Union and State of New Jersey, more particularly described as follows:

BEGINNING at a point in the southerly line of North Avenue East at the easterly line of land now or formerly of Charles L. Bell conveyed to him by Central Railroad Company of New Jersey by Deed Book 803 Page 559, said point being 380.00 feet westerly along said line of said North Avenue East 380 feet from the westerly line of land conveyed by Central Railroad Company of New Jersey to David O. Evans by Deed Book 2220 Page 235, and from said beginning point running thence (1) along the said line of Bell South 10 degrees 08 minutes 00 seconds East 190.00 feet; thence (2) north 72 degrees 24 minutes 35 seconds East 272.00 feet; thence (3) North 57 degrees 42 minutes 34 seconds East 86.70 feet to the westerly line of land now or formerly of Elberon Development Co., Inc.; thence (4) along the same North 10 degrees 08 minutes 00 seconds West 127.0 feet to the said southerly line of North Avenue East; thence (5) along the same south 79 degrees 52 minutes 00 seconds West 350.00 feet to the point and place of BEGINNING.

The Grantor herein is the Successor in Interest to title of The Central Railroad Company of New Jersey pursuant to Order No. 965 of the Federal District Court for the District of New Jersey, said Order having been filed on September 13, 1979.

*In addition, by acceptance of this Deed, Grantee agrees to assume any liabilities for taxes, interest and penalties thereon assessed against the subject premises and to hold Grantor harmless with respect to same.

BEING known as Block 319 Lot 10 on the tax maps of the Township of Cranford, New Jersey.

Order No. 965 of the Federal District Court for the District of New Jersey was recorded in the office of the Register of Union County, New Jersey in Book 3203 at Page 636.

Together with all and singular the buildings, improvements, ways, woods, waters, watercourses, rights, liberties, privileges, hereditaments and appurtenances to the same belonging or in anywise appertaining; and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and of every part and parcel thereof; **And also** all the estate, right, title, interest, use, possession, property, claim and demand whatsoever, of the Grantor both in law and in equity, of, in and to the premises herein described, and every part and parcel thereof, with the appurtenances. **To Have and to Hold** all and singular, the premises herein described, together with the appurtenances, unto the Grantee and to Grantees' proper use and benefit forever.

In all references herein to any parties, persons, entities or corporations, the use of any particular gender or the plural or singular number is intended to include the appropriate gender or number as the text of the within instrument may require.

Wherever in this instrument any party shall be designated or referred to by name or general reference, such designation is intended to and shall have the same effect as if the words "heirs, executors, administrators, personal or legal representatives, successors and assigns" had been inserted after each and every such designation.

In Witness Whereof, *the Grantor has caused these presents to be signed and attested by its proper corporate officers and its corporate seal to be hereto affixed the day and year first above written.*

Consideration $ 500.00
Realty Transfer Fee $ Exempt
Date 12/11/81 By

*Use symbol "C" to indicate that fee is exclusively for county use.

(1) PARTY OR LEGAL REPRESENTATIVE (See Instructions #3, 4 and 5 on reverse side)

Deponent, EDWARD J. TOY (Name), being duly sworn according to law upon his/her oath deposes and says that he/she is the Attorney for the Township of Cranford, the Grantee (Name whether Grantor, Grantee, Legal Representative, Corporate Officer, Sheriff or Fee Ex. Executing Instrument, etc.)

in a deed dated December 2, 1981 transferring real property identified as Block No. a portion of 319

Lot No. 10 located at North Avenue East, Cranford, Union County, New Jersey. (Print Address - Municipality, County) and annexed hereto.

(2) CONSIDERATION (See Instruction #6)

Deponent states that, with respect to deed hereto annexed, the actual amount of money and the monetary value of any other thing of value constituting the entire compensation paid or to be paid for the transfer of title to the lands, tenements or other realty, including the remaining amount of any prior mortgage to which the transfer is subject or which is to be assumed and agreed to be paid by the grantee and any other lien or encumbrance thereon not paid, satisfied or removed in connection with the transfer of title is $500.00.

(3) FULL EXEMPTION FROM FEE Deponent claims that this deed transaction is fully exempt from the Realty Transfer Fee imposed by c.49, P.L. 1968, for the following reason(s). Explain in detail (See Instruction #7.) Mere reference to exemption symbol is not sufficient.

(b) Deed is to the Township of Cranford.

(4) PARTIAL EXEMPTION FROM FEE *NOTE: All boxes below apply to grantor(s) only. ALL BOXES IN APPROPRIATE CATEGORY MUST BE CHECKED. Failure to do so will void claim for partial exemption. (See Instruction #8)*

Deponent claims that this deed transaction is exempt from the increased portion of the Realty Transfer Fee imposed by c. 176, P.L. 1975 for the following reason(s):

a) SENIOR CITIZEN (See Instruction #9)
- ☐ Grantor(s) 62 yrs. of age or over.*
- ☐ One or two-family residential premises.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ No joint owners other than spouse or other qualified exempt owners.

b) BLIND (See Instruction #8)
- ☐ Grantor(s) legally blind.*
- ☐ One or two-family residential premises.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ No joint owners other than spouse or other qualified exempt owners.

c) DISABLED (See Instruction #8)
- ☐ Grantor(s) permanently and totally disabled.*
- ☐ One or two-family residential premises.
- ☐ Receiving disability payments.
- ☐ Owned and occupied by grantor(s) at time of sale.
- ☐ Not gainfully employed.
- ☐ No joint owners other than spouse or other qualified exempt owners.

*IN THE CASE OF HUSBAND AND WIFE, ONLY ONE GRANTOR NEED QUALIFY.

d) NEW CONSTRUCTION (See Instruction #8)
- ☐ Entirely new improvement.
- ☐ Not previously used for any purpose.
- ☐ Not previously occupied.

Deponent makes affidavit to induce the County Clerk or Register of Deeds to record the deed and accept the fee submitted herewith in accordance with the provisions of c. 49, P.L. 1968.

Subscribed and Sworn to before me

BUCKEYE1454

GRANT OF EASEMENT

THIS EASEMENT AGREEMENT, made this 10th day of October, 1995, between CONSOLIDATED RAIL CORPORATION, a Pennsylvania Corporation, with its principal office at Two Commerce Square, 2001 Market Street, Philadelphia, PA., 19101 ("Grantor"), and BUCKEYE PIPE LINE COMPANY, L.P., a Delaware Limited Partnership, with its principal offices at 3900 Hamilton Boulevard, Allentown, PA., 18103 ("Grantee").

WHEREAS, Grantor, or one or more of its predecessors, entered into separate license agreements, set forth in Appendix A, attached hereto and made a part hereof, with Grantee or its predecessors to permit the construction, installation, maintenance, and use of certain crossings and occupations described in said Appendix over, across, along, or under the land and tracks of Grantor at various locations in the County of Union, State of New Jersey ("Agreement" or "Agreements"); and

WHEREAS, the Agreements generally provide for annual payments; and

WHEREAS, the parties hereto desire to replace the Agreements with one permanent and irrevocable easement document and to establish the terms and conditions under which this Grant of Easement may be extended to cover the installation of new or additional facilities upon the property of Grantor by Grantee;

NOW, THEREFORE, Grantor, for and in consideration of Thirty One Thousand Eight Hundred Sixty Five and 05/100 Dollars ($31,865.05), the receipt of which is hereby acknowledged, and in further consideration of Grantee keeping and performing the covenants and conditions hereinafter stated on the part of Grantee to be kept and performed, does hereby grant unto Grantee, to the extent the title of Grantor so permits, an easement in its property for the purposes stated in the second paragraph on this page, namely, the right to maintain, repair, renew, replace, use and remove the facilities, which easement shall encumber only the physical space and dimensions actually required for the current physical facilities now existing pursuant to the Agreements. Such facilities in their present form or as modified pursuant to any provision of this Easement Agreement, together with any appurtenances thereto are hereinafter referred to singularly as the "FACILITY" and collectively as the "FACILITIES".

TOGETHER WITH the right of ingress and egress to and over said property, and any adjoining land of Grantor, insofar as necessary for the construction, maintenance, repair, alteration, renewal, use and removal of the FACILITIES, which activities shall be conditioned on proper notification to Chief Engineer Construction of Grantor or his designee, hereinafter referred to as "Chief Engineer."

1.1 The location and construction plans referred to in the Agreements shall continue to apply to the FACILITIES, and no change shall be made therein, including (but not limited to)

Prepared by _____ of Consolidated Rail Corporation, Philadelphia, PA

changes in location, nature, size, number, or use of any FACILITY without the prior written consent of the Chief Engineer, which consent shall not be unreasonably withheld.

1.2 The work of construction, maintenance, repair, alteration, modification, renewal, relocation, replacement, and removal of the FACILITIES (all hereinafter referred to as "Work") shall be done by, and at the sole cost and expense of, Grantee in a manner satisfactory to, and approved by, the Chief Engineer, which approval shall not be unreasonably withheld, and shall not interfere with the proper and safe use and operation of the property or operations of Grantor; provided, however, that if any governmental entity having jurisdiction over the FACILITIES has determined or prescribed the manner and means of accomplishing the Work, or any portion thereof, then such requirements shall prevail, to the extent they are more restrictive than Grantor's, and Grantee agrees to comply therewith at all times at its sole cost and expense. The foregoing is not intended to modify or limit the provisions of Section 5, hereof.

1.3 Grantee, at its sole cost and expense, when performing any work in connection with the FACILITIES, shall furnish watchmen to keep persons, equipment and materials a safe distance from the tracks and operations of Grantor.

1.4 In addition to, but not in limitation of, any of the foregoing provisions, if at any time Grantor should deem flagmen or inspectors necessary to protect its operations, property, employees, patrons, or licensees during the course of the Work, Grantor shall have the right to provide and deploy such flagmen or inspectors, and Grantee agrees to bear the full cost (as specified in Section 7 of this Easement Agreement), risk and expense thereof and to promptly reimburse Grantor therefore upon demand. The furnishing or failure to furnish flagmen or inspectors by Grantor shall not release Grantee from any liabilities assumed by Grantee hereunder.

2. It is understood and agreed by the parties hereto, that from time to time hereafter the terms and conditions of this Easement Agreement may be extended to cover the installation and operation thereafter of additional facilities to be installed along, upon, over, under and across the property of Grantor, by Grantee, or if Grantee desires subject to the provisions of Section 1.1, or is required as herein provided, to revise, replace, remove, add to, or engage in new construction, expansion, or changes in the existing FACILITIES (including without limitation any changes in the nature of the product carried by, through, in, or upon the FACILITIES), it shall submit detailed plans, in accordance with current issues of Grantor's specification numbers CE-4 and/or CE-8 and if no longer produced by Grantor, then pursuant to such specifications as may be in effect, and obtain the approval of the Chief Engineer before any Work is commenced, which approval shall not be unreasonably withheld, the terms and conditions of this Easement Agreement shall apply thereto; and Grantor, (i) reserves the right to assess additional charges which Grantee agrees to pay, except Grantee may change the nature of the hydrocarbon, hydrocarbon derivatives or chemical or fuel-related products carried by, through, in, or upon the existing transverse crossing FACILITIES at no additional consideration, except Grantor's standard preparation fee as specified in Grantor's CE-3 Rental Schedule and if it is no longer produced by Grantor, then pursuant to such schedule as may be in effect, and (ii) if applicable, Grantor will provide Grantee with two (2) copies of an "Addendum to Grant of Easement" similar to Appendix "B" attached hereto and made a part hereof. Grantor and Grantee by mutual agreement may change the form of said Addendum as situations warrant.

3.1 Grantee shall be responsible, on its own initiative, for maintaining, repairing and renewing the FACILITIES and in addition, shall, upon notice from Grantor, promptly make such repairs and renewals thereto as may be required by Grantor. In the event of an emergency, Grantee shall take immediate steps to perform any necessary repairs, in which case, Grantee shall provide notification to Grantor of all work performed promptly after its completion, and in the event Grantee fails to immediately take steps to perform the necessary emergency repairs, Grantor shall have the right, but not the obligation, to perform or have such repairs performed at the sole cost and expense of Grantee. It is not the intent of either party hereto to circumvent (and both parties shall seek not to circumvent) the terms of any labor contract between the parties hereto and their respective labor organizations or unions.

3.2 "Emergency", as used herein, shall mean a condition causing an actual interruption to, or interference with, (i) the operation of Grantor's rail transportation business, or (ii) the operation of Grantee's FACILITIES for their intended purposes; also, any condition that (iii) caused or is causing any of loss or injury to any property of Grantor or Grantee and their employees or of any other individual or entity, or (iv) if not immediately corrected, could imminently cause such interruption, interference, loss or injury.

4.1 Grantor shall have the right to inspect the FACILITIES at any time, and to approve the materials used in the Work.

4.2 The right of inspection of the FACILITIES by Grantor shall extend for an appropriate distance on each side of the property of Grantor, inasmuch as the method of performing the Work or the material used therein with respect to the portion of the FACILITIES adjoining the property of Grantor may have a significant impact upon the strength and stability of the portion of the FACILITIES over, under, upon, or in the property of the Grantor.

5. Grantee shall comply with all statutes, rules, regulations, orders, directives, ordinances and similar promulgations of law applicable to the FACILITIES, and shall assume all cost, expense and responsibility in connection therewith, without any liability therefor on the part of the Grantor. Grantee shall indemnify, defend (at Grantor's option) and hold Grantor harmless from and against all costs, fines, penalties and expenses arising from the failure of Grantee to so comply.

6.1 Grantee understands that the railroad operations at or near the FACILITIES involve risk, and Grantee, as part of the consideration for this Grant, and with full knowledge and appreciation of such risk, hereby releases and waives any right to ask for or demand damages of any type, including direct or consequential damages, for or on account of any loss or injury to any property of Grantee and its employees, including property in the care, custody and control of Grantee, and to the FACILITIES and contents thereof that are over, under, upon, or in the property of Grantor, including loss of, or interference with, service or use thereof, except when proved by Grantee to be due directly to the sole negligence of Grantor.

6.2 Grantee shall indemnify, save harmless and defend (at Grantor's option) Grantor from and against all cost and expense arising from, or in connection with, any and all losses, damages, detriments, suits, claims, demands, costs and charges which Grantor may directly or

indirectly suffer, sustain, or be subjected to by reason of the construction, placement, attachment, presence, use, maintenance, repair, alteration, renewal, relocation, replacement, or removal of the FACILITIES, in, on, about, under, over, or from the property of Grantor, whether such loss and damage be suffered or sustained by Grantor or by its patrons, or licensees, or other persons or entities, including Grantee, its patrons and licensees and whether attributable to the act, omission or neglect of Grantor or any other person or entity, except when proved by Grantee to be due directly to the sole negligence of Grantor.

6.3 Notwithstanding anything contained in Section 6.2, and irrespective of any negligence of Grantor, Grantee assumes sole responsibility for, shall indemnify, save harmless, and defend (at Grantor's option) Grantor from and against all claims, actions, or legal proceedings arising, in whole or in part, from (i) the failure of Grantee to comply with any obligations imposed on it by this Easement Agreement, or (ii) any claims, actions, or legal proceedings under the Federal Employer's Liability Act ("FELA") and any amendments to FELA now or hereafter in effect, alleging or claiming, in legal effect, that Grantor in respect to that portion of its land which lies under or near the FACILITIES, failed to correct or guard against an unsafe condition or failed to furnish a safe place to work. Failure by Grantor to make verbal or written complaints to Grantee with respect to: unsafe working conditions, or Grantee's failure to carry out its obligations under this Easement Agreement; or knowledge on the part of Grantor of such unsafe working conditions, or Grantee's failure to carry out its obligations under this Easement Agreement, shall not be deemed to constitute acquiescence therein or waiver of by Grantor or actionable negligence on the part of Grantor.

6.4 If a claim or action is made or brought against either party and for which the other party may be responsible hereunder in whole or in part, such other party shall be notified and permitted to participate in the handling or defense of such matter.

7. Except as provided in Section 9.1 and 9.2 of this Easement Agreement, all cost and expense in connection with or resulting from the Work (as hereinabove defined) shall be borne by Grantee. In the event of Work being performed or material furnished by Grantor under the stipulated right to perform such Work under any section hereof, Grantee agrees to pay to Grantor (a) the actual cost of material plus the current applicable overhead percentages for storage, handling, transportation, purchasing and other related material management expenses, and (b) the actual cost of labor plus the current applicable overhead percentages as developed and published by the Accounting Department of Grantor for fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employer's liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses, including but not limited to, automobile mileage charges then in effect as published by the United States Government. It is understood that such material and labor overhead charges shall be applied at the rates which are effective at the time of the performance of any such work by employees of Grantor. Grantee agrees to pay such bills within thirty (30) days of the presentation thereof by Grantor.

8. In the event Grantee elects to discontinue use of any of the FACILITIES, ("Abandoned Facilities"). Grantee shall, in a manner satisfactory to Grantor, (i) remove the Abandoned Facilities from Grantor's property or abandon them in place, with the approval of the

Chief Engineer, (ii) restore the property, and (iii) deliver to Grantor a release of this Easement Agreement with respect to the Abandoned Facilities in recordable form. If Grantee fails or refuses to remove the Abandoned Facilities within one hundred eighty (180) days after requested to do so by Grantor, Grantor shall (a) have the right, but not the obligation, to remove the Abandoned Facilities at the sole cost and expense of Grantee, and (b) not be liable to Grantee for such removal.

9.1 Grantee shall, at its sole cost and expense (except as otherwise specified below) and commencing within thirty (30) days following receipt of notice from Grantor, take such action as Grantor may specify to strengthen, support, relocate, or otherwise protect or modify any of the FACILITIES and thereafter promptly complete such work. Such requested action shall hereinafter be referred to as a "Modification". If necessary, Grantor shall provide so much of its adjoining land to Grantee as may be available for such Modification without additional compensation from Grantee. The obligation of Grantee to pay for such Modification shall be conditioned upon such Modification being necessary to permit and accommodate changes of grade or alignment and improvement in or additions to the operating facilities of Grantor for the conduct of its railroad business. If such Modification is being required of Grantor by a governmental entity, irrespective of whether such necessity or requirement is temporary or permanent, such Modification shall be done at no expense to Grantor. All Work in connection with any Modification shall comply with and be subject to the terms and conditions of this Easement Agreement.

9.2 With respect to requested Modification(s) for the cost and expense of which Grantee is responsible, Grantor agrees that Grantee shall be given an opportunity to seek and propose alternative courses of action, that, subject to Grantor's approval, would eliminate the necessity of relocating FACILITIES of Grantee. Such alternatives include, but are not limited to the acquisition of additional land at Grantee's sole cost and expense, which could accommodate the relocation or improvement of Grantor's railroad operating facilities for the cost of which Grantee would be fully responsible.

10.1 In the event the FACILITIES consist of electrical power or communication wires and appurtenances, Grantee shall promptly, upon verification that their FACILITIES are causing inductive interference, remedy such inductive interference growing out of, or resulting from the presence, condition or use of, the FACILITIES; and if Grantee fails to do so immediately, then Grantor may do so, and Grantee agrees to pay to Grantor on demand the full cost and expense thereof.

10.2 In the event the FACILITIES consist of an underground occupation, Grantee shall be responsible for any settlement caused to the land, tracks, facilities, and appurtenances of Grantor arising or resulting during the twelve month period subsequent to the completion of all Work. Grantee agrees, in addition to its covenants set forth in Section 6.2 hereof, to pay to Grantor on demand the full cost and expense of correcting such settlement.

11. As further consideration for this Easement Agreement, Grantee shall indemnify, Grantor for, and defend (at Grantor's option) and hold Grantor harmless from and against any liens, assessments, taxes, or charges of any kind made against Grantor or any of its property by

reason of the presence, construction, maintenance, or use of any of the FACILITIES, and Grantee shall pay Grantor, promptly upon bills rendered therefor, the full amount of any such liens, assessments, taxes, or charges rendered against Grantor or any of its property, including penalties, interest, late fees, and the costs to remove or bond any lien, assessment, tax, or charge from official records.

12. The rights herein granted to Grantee are subject to the right of Grantor to make use of its property, or any part thereof and facilities for rail transportation and related purposes and for all other purposes unimpaired by Grantee's FACILITIES and Work associated therewith. Grantor reserves the right to use such property, or any part thereof, for rail transportation and related purposes and for all other purposes which are not inconsistent, and which do not interfere, with, or impair, the rights granted by this Easement Agreement.

13.1 If the Grantee's right to exercise the rights herein granted shall be challenged through legal process by any third party on the grounds that the Grantor did not have sufficient interest to grant such rights, the Grantor consents and agrees, insofar as it may lawfully do so, to the acquisition by the Grantee of the disputed rights by (or in lieu of) the power of eminent domain, but in the event of the exercise of such power by Grantee, such rights shall be subject to and exercised in accordance with the terms and provisions of this Easement Agreement.

13.2 In the event Grantee is unable to acquire such rights by (or in lieu of) eminent domain, as a result of a successful legal challenge, then Grantor shall refund to Grantee, and Grantee hereby agrees to accept, as liquidated damages, that portion of the consideration paid under this Easement Agreement by Grantee that is allocable by proration to the portion or portions of land under this Grant which Grantee is unable to acquire. Grantee hereby irrevocably waives any and all rights it may have to claim any other damages it may suffer by reason of a third party's challenge as set forth in Section 13.1 hereof.

14. The words "Grantor", "Grantee", "party" and "parties" used herein shall include the subsidiaries, affiliates, directors, officers, agents and employees of Grantor and Grantee.

15. The terms and conditions of this Easement Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

16. Grantee shall not commence any Work unless and until the mechanics of construction and all matters related thereto shall have received the approval of the Chief Engineer, which approval shall not be unreasonably withheld.

17. Grantee hereby agrees to pay all costs and fees in conjunction with the filing or recording of this instrument in or with any public place or with any public agency or subdivision and shall provide Grantor a copy of the recorded Easement Agreement.

18. The failure or delay on the part of either party to enforce or exercise at any time any of the provisions, rights or remedies in this Easement Agreement shall in no way be construed to be waiver thereof, nor in any way to affect the validity of this Easement Agreement or any part hereof, or the right of the party to thereafter enforce each and every such provision, right or

remedy. No waiver of any breach or violation of this Easement Agreement shall be held to be a waiver of any other subsequent breach or violation.

19. Every notice, approval, consent, demand or other communication required or permitted under this Easement Agreement shall be deemed sufficiently given by one party when received by the other party after being sent postage prepaid by overnight courier or United States certified or registered mail, addressed as follows:

To Grantor:

Consolidated Rail Corporation
Two Commerce Square
2001 Market Street
P. O. Box 41411 - 11C
Philadelphia, PA 19101-1411
Attention: Chief Engineer Construction

To Grantee:

Buckeye Pipe Line Company
P. O. Box 368
Emmaus, PA 18049-0368
Attention: Manager, ROW & Permits

20. This Easement Agreement shall be construed, governed and enforced in accordance with the laws of the State of New Jersey

21. Any and all obligations, liabilities or covenants which arose, may have arisen or were incurred by either party prior to the execution of this Easement Agreement shall survive to the same extent as if they arose under this Easement Agreement.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound, have caused this Grant to be fully executed the day and year first above written.

SECURITY INTEREST AGREEMENT

This Security Interest Agreement (hereinafter "Agreement"), made on December 12, 2001, is between New Jersey Transit Corporation acting for itself and through its subsidiary New Jersey Transit Rail Operations, Inc. (hereinafter collectively "NJ Transit"), a public instrumentality of the State of New Jersey, with principal offices at One Penn Plaza East, Newark, New Jersey, and the National Railroad Passenger Corporation (hereinafter "Amtrak"), a corporation organized under the Rail Passenger Service Act and the laws of the District of Columbia, with principal offices at Union Station, Washington, DC, hereby referred to collectively as the "Parties."

WHEREAS, Amtrak is the owner of the Northeast Corridor which includes rail property and railroad infrastructure in the States of Pennsylvania, New Jersey and New York, including points between Trenton, New Jersey and Pennsylvania Station, New York City and continuing through to Sunnyside Yard in Queens, New York City; and

WHEREAS, Amtrak is the operator of intercity passenger rail service on the Northeast Corridor pursuant to applicable federal law; and

WHEREAS, Amtrak maintains railroad infrastructure on the Northeast Corridor to enable train equipment and service to operate on the Northeast Corridor; and

WHEREAS, NJ Transit, pursuant to the New Jersey Public Transportation Act of 1979, as amended, and other applicable State and Federal law is authorized to operate commuter rail passenger service carrying passengers in New Jersey and between points in New Jersey and points in other states; and

WHEREAS, the Parties cooperatively provide passenger rail service in the State of New Jersey to and from New York City, New York; and

WHEREAS, the Parties have executed effective December 12, 2001 an Amendatory Agreement to the Parties' "Northeast Corridor Joint Benefit Capital Program Agreement Between New Jersey Transit Corporation and the National Railroad Passenger Corporation" this agreement hereinafter referred to as the "JBA"; and

WHEREAS, pursuant to the Parties' agreement in the JBA, over the period from October 1, 2001 through September 30, 2006, both Amtrak and NJ Transit will jointly contribute on a 50-50 basis a total of three hundred fifty million dollars ($350,000,000) for capital improvement projects to the Northeast Corridor; and

WHEREAS, the capital improvements to the Northeast Corridor that are funded by the Parties under the JBA will be owned by Amtrak and be subject to this Security Interest Agreement; and

MB9788-0951

WHEREAS, in return for its financial investment under the JBA, NJ Transit shall receive under this Agreement the rights to the beneficial use of the JBA capital assets and improvements during a twenty-five year period in which such assets are in use; and

WHEREAS, NJ Transit desires to obtain a security interest in those Northeast Corridor assets that are purchased or improved with NJ Transit funds under the JBA, and Amtrak is willing to grant and convey such a security interest; and

WHEREAS, the Parties hereby desire to consummate and fulfill their respective obligations to enter into a security interest agreement as per the Parties' understanding and intentions in the JBA;

NOW THEREFORE, in consideration of the mutual covenants and conditions herein stated below and in consideration of the mutual covenants and conditions stated in the JBA which is hereby incorporated by reference, and intending to be legally bound thereby, the Parties hereby enter into this Agreement as per the following terms and conditions:

1. Definitions:

(A) **Controlling Event:** The term "Controlling Event" shall mean the dissolution of Amtrak pursuant to Federal law or pursuant to bankruptcy law or the reorganization of Amtrak and where as a result of such dissolution or reorganization, Amtrak, directly or indirectly, no longer owns or no longer controls or operates, the NEC and the JBA Capital Assets, as defined in this Agreement. However, in the event of such a dissolution or reorganization of Amtrak, if a successor entity to Amtrak is legally bound by the terms of this Agreement and the JBA, the dissolution or reorganization of Amtrak shall not be considered a "Controlling Event".

(B) **JBA Capital Assets:** The term "JBA Capital Assets" shall mean the collateral of this Agreement. The "JBA Capital Assets" shall be in the value and amount of $175,000,000 or up to $175,000,000 if NJ Transit's investment under the JBA is in an amount less than $175,000,000. These JBA Capital Assets shall mean any and all NEC property, in the form of personal property, fixtures and/or real property, which is purchased, acquired, created and/or improved with the funds provided by NJ Transit under the JBA subsequent to September 30, 2001 for capital projects as set forth under the JBA. Such "JBA Capital Assets" shall be for various railroad properties or systems and may include such NEC items as machinery, computers, electronic equipment, railroad tracks and ties, railroad equipment, bridges, tunnels, railroad signaling equipment, railroad power equipment, catenary, catenary related equipment, railroad safety equipment, railroad repair equipment, stations, station improvements, structures, fixtures, facilities and any other type of personal or real property necessary for the operation of railroad service on the NEC. The "JBA Capital Assets" are intended by the Parties to improve and enhance the value and operational efficiency of the NEC so that such improvements inure to the benefit of the Parties' railroad operations.

(C) **NEC:** For purposes of this Agreement, the term "NEC" shall mean the Northeast Corridor railroad property owned, operated and maintained by Amtrak commencing at Trenton, New Jersey (including Morris interlocking) and extending through to New York City's

HB9788-1952

Pennsylvania Station and through the East River Tunnels to, and including, Sunnyside Yard in Queens, New York City.

(D) **Security Interest:** The term "Security Interest" shall mean that interest granted by Amtrak to NJ Transit so that NJ Transit shall have all of the rights of a secured party under the Uniform Commercial Code and applicable law. The "Security Interest" shall be subject to and subordinate to the interests of the Federal Government, if any, and of any pre-existing interests of third parties, if any.

2. **Grant of Security Interest by Amtrak to NJ Transit:**

(A) In consideration of the actual payments made by NJ Transit under the JBA for the JBA Capital Assets during the term of the JBA from September 30, 2001 through September 30, 2006, Amtrak hereby grants and conveys to NJ Transit a Security Interest in the JBA Capital Assets. The Parties agree, on an annual basis throughout the term of the JBA, to identify in writing those specific JBA Capital Assets to which the Security Interest will attach as actual Capital Program expenditures against program line items identified on Exhibit 2 of the JBA.

(B) The granted and conveyed Security Interest shall exist, extend and will be valid for a period of twenty-five years from the date each JBA Capital Asset described in Exhibit 2 of the JBA, is placed in service.

(C) For the duration of NJ Transit's Security Interest, Amtrak hereby agrees and covenants that it will not, without the written consent of NJ Transit, sell, assign or otherwise transfer the JBA Capital Assets unless such transfer is for the purpose of satisfying a pre-existing interest, if any, or unless Amtrak obtains a replacement item whose value is equal or greater than that of the JBA Capital Assets item which is transferred.

(D) Upon the occurrence of the Controlling Event, NJ Transit, subject to the pre-existing interests of the Federal Government, if any, or subject to the pre-existing interests of third parties, if any, shall have the right to sell assume or otherwise dispose of that portion of the JBA Capital Assets equal to the value of the, JBA Capital Assets, less depreciation which shall be calculated on a straight-line basis over the twenty-five period of the assets as specified in this Security Interest. In lieu of such sale or disposal, Amtrak (or its successor entity) may, at its option, compensate NJ Transit in an amount equal to the depreciated value of the JBA Capital Assets. Unless and until the occurrence of the Controlling Event, Amtrak shall be entitled to all of the benefits and rights pertaining to the JBA Capital Assets.

3. **Grant by Amtrak to NJ Transit of Beneficial Right to Use the JBA Capital Assets**

(A) In consideration of the payments made by NJ Transit under the JBA for the JBA Capital Assets, Amtrak hereby grants and conveys to NJ Transit the right to enjoy and benefit from the use of the JBA Capital Assets during the twenty-five year life of the JBA Capital Assets, subject to the terms and conditions of the Northeast Corridor Service Agreement between the Parties.

MB9788-0953

4. Amtrak Covenants and Declarations

(A) Amtrak states and declares that this Security Interest Agreement is a valid, legally binding and enforceable agreement of Amtrak.

(B) Amtrak states and declares that this Agreement has been duly authorized by all necessary corporate action on the part of Amtrak and that the execution, delivery and performance of this Agreement will not violate any provision of Amtrak's governing instruments, charter or by laws. Amtrak further states and declares that this Agreement will not violate any provision of the Mortgage dated December 9, 1976 between Amtrak and the United States of America.

5. NJ Transit Covenants and Declarations

(A) NJ Transit states and declares that this Agreement is a valid, legally binding and enforceable agreement of NJ Transit.

(B) NJ Transit states and declares that this Agreement has been duly authorized by all necessary agency action on the part of NJ Transit and that the execution, acceptance and performance of this Agreement will not violate any provision of NJ Transit's governing instruments, governing laws, by laws.

(C) NJ Transit shall not unreasonably oppose any effort by Amtrak to obtain financing secured in whole or in part with any JBA Capital Assets provided that such action will not diminish the value of the Security Interest.

6. Release of Grant of Security Interest

(A) At such time as each JBA Capital Asset item reaches the end of the twenty-five year periods each such item shall be released from this Agreement by NJ Transit. This Agreement shall terminate when all JBA Capital Assets have reached the end of the twenty-five year periods.

7. Successors and Assigns; Recordation

(A) This Agreement and the rights and obligations conferred and imposed hereunder shall be binding on and inure to the benefits of the successors, assigns and transferees of the Parties.

(B) The Parties to this Agreement hereby agree that this Agreement may be recorded by NJ Transit as NJ Transit may deem necessary in the appropriate land records offices in the appropriate offices in Washington, D.C., the States of Pennsylvania, New Jersey and New York. Amtrak shall provide all reasonable assistance to NJ Transit to ensure that this Agreement is accepted for recordation. Costs of recordation shall be borne by NJ Transit.

MB9788-0954

8. **Severability of Provisions**

(A) If any provision of this Agreement or the application of any such provision to any person or circumstance shall be held invalid or unenforceable, the remainder hereof, and the application of such provision to any person or circumstance other than those to which it is held invalid or unenforceable, shall not be invalidated or affected thereby.

9. **Notices**

All notices and other communications hereunder must be in writing. Any notice, request, demand, claim or other communication hereunder shall be deemed duly given it is sent by registered or certified mail, return receipt requested, postage prepaid, and addressed to the intended recipient as set forth below and the United States Postal Service confirms delivery thereof.

EASEMENT AGREEMENT

This **EASEMENT AGREEMENT** ("Agreement"), is made this 6 day of ~~July~~ August, 2018, by and between **NATIONAL RAILROAD PASSENGER CORPORATION**, a corporation organized under 49 U.S.C. §24101 *et seq.* and the laws of the District of Columbia, having its headquarters at 60 Massachusetts Avenue, N.E., Washington, D.C. 20002, ("**Amtrak**" or "**Grantor**") and **NEW JERSEY TRANSIT CORPORATION**, an instrumentality of the State of New Jersey, with an address at One Penn Plaza E, Newark, NJ 07105 ("**Grantee**" or "**NJ TRANSIT**"). Amtrak and Grantee are each referred to individually as a "Party" and collectively as the "Parties."

WITNESSETH:

WHEREAS, Amtrak, a corporation organized under the Rail Passenger Service Act and the laws of the District of Columbia, owns the Northeast Corridor ("NEC") rail line from Washington DC to New York City, NY; and

WHEREAS, NJ TRANSIT is an instrumentality of the State of New Jersey and is authorized to operate rail passenger service in New Jersey and between points in New Jersey and points in other states pursuant to the New Jersey Public Transportation Act of 1979, as amended; and

WHEREAS, NJ TRANSIT operates commuter trains over portions of the NEC; and

WHEREAS, NJ TRANSIT and Amtrak entered into the NEC Services Agreement originally dated May 1, 1985, which has been extended and modified several times to its current term, effective October 1, 2015, which describe the terms and conditions for the provision of and compensation for NJ TRANSIT's operations on the NEC; and

WHEREAS, pursuant to the 900 Day Option Settlement Agreement between the Parties dated December 13, 1982, and by deeds of conveyance dated July 1, 1982 ("900 Day Settlement"), NJ TRANSIT acquired and Amtrak reserved certain NEC facilities and property interests on the NEC; and

DB6280 0976

WHEREAS, in the 900 Day Option Settlement, Amtrak reserved certain railroad property along M.P. 14.5 in the City of Elizabeth, County of Union, State of New Jersey ("Amtrak Property"); and

WHEREAS, in the 900 Day Option Settlement, NJ TRANSIT acquired Parcels 2A, 2B, 2C1, 2D1, 2E1 and 2F1, known as the Elizabeth Station ("NJ TRANSIT Property"); and

WHEREAS, in the 900 Day Option Settlement, NJ TRANSIT also acquired perpetual easements in real property for rail purposes in Parcels E2C2, E2D2, E2E2, E2F2 and E2G, which include the platforms along Elizabeth Station ("Grantee's Easement Property"); and

WHEREAS, on or about 1987, NJ TRANSIT constructed high level platforms, walkways, elevators and stairways on portions of Grantor's property adjacent to Grantee's Easement Property, known as parcels E2H and E2I ("Grantor Property"); and

WHEREAS, Grantee has operated commuter rail service and maintained railroad structures on the NJ TRANSIT Property, Grantee's Easement Property, as well as the structures on Grantor Property; and

WHEREAS, the Parties wish to memorialize the legal relationship of the existing improvements on Grantor Property; and

WHEREAS, Grantee is building a new station building, elevators and stairs in the NJ TRANSIT Property, as well as rehabilitating the existing platforms and stairs on Grantor Property and building additional high level platforms and two ramps on Grantor Property; and

WHEREAS, the Parties executed a Project Initiation Form #184 agreement dated October 10, 2013 ("PI 184") authorizing Amtrak services for the preliminary design of Grantee Improvements, as further defined therein; and

WHEREAS, PI 184 was amended on or about October 24, 2016; and

WHEREAS, the Parties executed Project Initiation Form #184A dated January 19, 2018 ("PI 184A") approving Amtrak services for final design and construction of the Grantee Improvements; and

WHEREAS, Grantee has also requested Amtrak to grant Grantee a perpetual easement over Grantor Property, as more fully described in Exhibits A-1 and A-2, for the limited use purposes as set forth in Section 1 of this Agreement; and

WHEREAS, Amtrak is willing to grant the easement to Grantee pursuant to the terms and conditions of this Agreement; and

NOW THEREFORE, in consideration of the mutual covenants of the Parties hereto and

for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. GRANT OF EASEMENT; USE

1.1. Grant. Subject to the terms and conditions of this Agreement, Amtrak, insofar as it has the power, title and authority so to do, hereby grants to Grantee an exclusive (except as set forth herein), perpetual easement, solely for the uses and purposes set forth below (the "Easement"), on the area (located on the Grantor Property) designated as the "Easement Area" as described on Exhibit A-1 (and depicted on Exhibit A-2), consisting of approximately 0.383 acres +/- for the north side platform and 0.497 acres +/- for the south side platform, for a total easement area of approximately 0.88 acres +/- all as more fully set forth in Exhibits A-1 and A-2 (collectively, the " Easement Area").

Notwithstanding anything else set forth herein, the Parties hereby acknowledge that during the course of the negotiations of this Agreement the definitions of Grantor Property and Easement Area were modified such that they each now describe the same real property. In order to expedite the execution of this Agreement, the Parties agreed that rather than redrafting the entire agreement, the Parties would acknowledge the negotiated change in this subsection.

1.2 Acceptance. Grantee has inspected and accepts the Easement Area in its present condition, AS IS, WHERE IS. To the best of Grantee's knowledge and belief, no statements, guarantees, representations or warranties, either express or implied, with regard to condition, fitness for use, zoning, or as to any matter or thing affecting or related to the Easement Area have been made by Grantor that are not specifically expressed herein, and Grantee is not relying on any statements, guarantees, representations or warranties, either express or implied, not specifically set forth herein. Grantee hereby waives, releases and discharges any claim Grantee may have against Amtrak with respect to the condition of the Easement Area, any defect therein, either patent or latent, the ability or inability to use the Easement Area as contemplated by this Agreement, or any other state of facts which exists with respect to the Easement Area.

1.3 Use. Subject to the terms and conditions of this Agreement, the Easement Area may be used by Grantee in perpetuity for passenger rail purposes, including but not limited to, all right, title and interest that the Grantor may have in and to the following improvements: the platforms, lighting facilities, signs and appurtenances constructed thereon.

2. AMTRAK'S FACILITIES

2.1 Reservation. Amtrak hereby reserves and retains unto itself and its successors and assigns forever the right to install, construct, use, operate, repair, inspect, maintain, renew, reconstruct or relocate any existing or future real or personal property located within, on, below or

above the Easement Area, including but not limited to fixtures; railroad tracks; supports; piers; footings; columns, appliances; equipment; utilities; pipe; conduit or tunnel; and any electric, communication, data, fiber optic or signal transmission lines; together with poles and guys therefor; any water, gas, steam, sanitary sewer, storm sewer or other utility system or lines(any and all of which shall be referred to individually as a "Fixture" and collectively as "Fixtures") as may now exist or may hereafter be placed upon, under or over the Easement Area by Amtrak or its designees. The Easement Area and the Easement are subject and subordinate to any and all such rights and uses, together with the right of Amtrak to enter in, on, above or under the Easement Area for access to permit the exercise of the foregoing rights. Grantee's rights hereunder also are subject to the reservations, requirements and restrictions set forth in Exhibit C of this Agreement. Notwithstanding such reservation, no new Fixtures (other than comparable replacements of existing Fixtures) will be installed that would negatively impact Grantee's operations within the Easement Area. NJ TRANSIT will receive all revenues from advertising located on platforms and ancillary structures attached thereto (such as stairwells and elevators) on the Easement Area. All other advertising operations and revenue is reserved to the Grantor.

2.2 Relocation or Removal of Fixtures. The Parties will coordinate the relocation of existing utilities in the Easement Area as requested by NJ TRANSIT. If Grantee requests the relocation or removal of any Fixture, Amtrak may approve or deny such request in its sole discretion including any conditions if Amtrak elects approval.

2.3 Subordination. The Easement and Easement Area are and shall be subject and subordinate to all existing and future agreements (to which Amtrak is a party) for on-ground, above-ground and below ground telecommunication, fiber optic, pipe and wire, on, under or over the Easement Area, whether such agreements are recorded or not, and Amtrak shall have a permanent right for access to, and installation, operation, use, maintenance, repair, renewal, relocation, inspection, removal and replacement of such commercial fixtures and any technological evolution of such commercial fixtures and the right to retain all consideration therefrom. Notwithstanding the foregoing, any new agreements may not unreasonably interfere with Grantee's operations on the Easement Area.

2.4 Amtrak's Operations. Amtrak reserves and shall retain the right for itself and, its employees, agents, servants, contractors, invitees, licensees, and assigns at all times to park, store and move engines, rolling stock and other equipment on adjacent Amtrak railroad right-of-way, together with the right to maintain the adjacent Amtrak right-of-way as now constructed, or as may be hereafter constructed, with the further right at all times to enter upon the Easement Area for the purpose of operating, maintaining, constructing, installing, repairing, replacing, relocating, removing and renewing the adjacent Amtrak railroad right-of-way or any of Amtrak's improvements thereon.

2.5 Grantee's Operations. Amtrak will exercise its rights and reservations under this Agreement so as not to unreasonably interfere with Grantee's operations on the Easement Area.

3. EASEMENT FEE; COSTS AND EXPENSES

3.1 Easement Fee. Upon execution of this Agreement by Grantee, Grantee shall pay Amtrak Four Hundred Seventy Nine Thousand ($479,000.00) Dollars as fair market value as established by an appraisal as provided by NJ TRANSIT (the "Easement Fee"). The Easement Fee shall be deemed earned in full when paid and shall not be refundable for any reason.

3.2 Costs. In addition to the Easement Fee, Grantee shall pay promptly when due all costs, fees, interest, charges, expenses, reimbursements, and obligations of every kind and nature whatsoever relating to this Agreement and the Easement.

3.3 Recordation Taxes and Fees. Grantee shall be responsible for all transfer and recordation tax, recording fees, and any and all other costs and expenses associated with the granting or recordation of this Agreement.

3.4 Real Estate and Use Taxes. Grantee shall pay any tax or assessment (or any payments imposed in lieu thereof) levied, assessed, or imposed upon Amtrak, the Amtrak Property, the Easement Area, or the Grantee Improvements (as such term is defined in Article 5 of this Agreement) based on or arising out of the ownership, value, use, occupation or operation of the Easement Area or the Grantee Improvements. Amtrak is exempt from state and local taxes pursuant to 49 U.S.C. §24301(l). The obligation to make any payments pursuant to this Article will survive the termination of this Agreement.

4. GRANTEE'S EASEMENT AREA MAINTENANCE AND OBLIGATIONS

4.1 No Interference with Amtrak. Grantee shall use the Easement Area in a careful, safe and orderly manner so as not to interfere in any way with the maintenance or operation of the business of Amtrak or of its licensees or with any Fixtures used in the business of Amtrak or of its licensees. Except in emergency circumstances, when no advance notice is necessary, Amtrak shall provide NJ TRANSIT with thirty days' advance notice of any work performed by Amtrak or its licensees on the Easement Area or that may impact Grantee's operations in the Easement Area.

4.2 Permits and Licenses. Grantee, at its sole cost and expense, shall obtain all applicable permits and licenses for its use of the Easement Area.

4.3 Maintenance and Repair. Grantee, at Grantee's sole cost and expense, shall keep the Easement Area and all aspects of all improvements placed thereon by Grantee in good order, repair and condition. Grantee shall be responsible for all snow and ice removal from the Easement Area. Grantee shall be responsible for damage to the Fixtures, if any, arising from or out of the use by Grantee of the Easement Area, whether or not Grantee may have acted negligently. Grantee shall immediately repair any damage done to any facilities comprising or protecting the Easement Area, if any, occurring from the elements, vandalism or damage by other causes. If Grantee fails

to do so, Grantee shall pay to Amtrak all costs imposed, incurred by Amtrak or both for damage resulting from such failure, which obligation shall survive the termination of this Agreement.

4.4 No Waiver. If Amtrak at any time makes any repairs, renewals or alterations to Amtrak's Fixtures, such action shall not constitute a waiver of Grantee's obligations relative to maintenance and repairs to the Easement Area and the Fixtures pursuant to Section 4.3. Grantee also shall pay to Amtrak upon demand all fees and expenses, including reasonable attorneys' fees, incurred in connection with Amtrak enforcing its rights to make any repairs, maintenance, renewals or alterations to the Easement Area.

4.5 Grantee Improvements. Grantee shall keep all Grantee Improvements (as such term is defined in this Agreement), and any associated equipment or improvements constructed or placed upon the Easement Area by Grantee, in good order, repair and safe condition, it being understood and agreed that all such Grantee Improvements are the personal property of Grantee, and Grantee shall continue to own all Grantee Improvements after the termination of this Agreement, except as provided otherwise in Section 13.2 of this Agreement.

4.6 Utilities. Grantee, at its sole cost and expense, shall arrange for and obtain all necessary utility services required for its use. Nothing in this Article is intended to nor will be construed to obligate Amtrak to provide any such services.

4.7 Landscaping. Grantee shall maintain in a neat and healthy condition all landscaping, foliage and plant material, if any, within the Easement Area and ensure that they will not extend beyond or overhang the boundary lines of the Easement Area. If Grantee fails to so maintain the landscaping, foliage and plant material, Amtrak may perform or cause to be performed such maintenance and Grantee shall pay for the expenses incurred by or imposed on Amtrak for performing such maintenance within thirty (30) days after a bill is rendered therefor.

4.8 Fence. If, in Amtrak's sole judgment, a fence or barricade is required at any time to separate the Easement Area from the remainder of, or any portion of, the Amtrak Property, Grantee shall, at its sole expense, construct and maintain a fence or barricade, with a lockable gate to be controlled by Amtrak, along the boundary lines of the Easement Area in a location, style, design and construction acceptable to Amtrak. The installation, maintenance and repair of any fence or barricade required by Amtrak shall not unreasonably interfere with Grantee's operations or Grantee's use of the Easement Area.

4.9 Compliance with Laws. The Parties shall comply with all laws, ordinances, rules and regulations and requirements of all Federal, state, local or other governmental authorities and the various departments and quasi-governmental agencies thereof now existing or hereafter created, including without limitation, the Americans with Disabilities Act, so far as the same may affect the Easement Area. In connection therewith, the Parties shall take all actions necessary to comply with said laws, ordinances, rules, regulations and requirements.

4.10 Clearance of Right of Way. In connection with the use of the Easement Area, Grantee shall observe and be bound by the rules of Amtrak with respect to standard clearances for all railroad tracks located on or adjacent to the Easement Area. Grantee further covenants and that it shall not do or permit anything to be done on the Easement Area that will adversely affect the railroad tracks or railroad operations on Amtrak's Property. If Amtrak has knowledge that Grantee is fouling Amtrak's tracks in violation of any such requirements, whether such knowledge is actual or implied, such knowledge will not constitute a waiver and will not relieve Grantee of its obligations to indemnify Amtrak for all liability and claims resulting from any such violations.

5. GRANTEE IMPROVEMENTS

5.1 The Parties previously executed PI 184 and PI 184A approving Grantor services for the design and construction of Grantee Improvements. In the event the terms or conditions of PI 184 or PI 184A conflict with this Agreement, the terms and conditions of this Agreement shall control. However, a discrepancy shall not be deemed a conflict if it is possible to comply with each PI and agreement.

5.2 Submittal of Plans. Prior to disturbing any soil or commencing any excavation, construction, alteration, modification, repairs or improvements on, under, over or to the Easement Area, ("Grantee's Work") Grantee shall submit to Amtrak plans (including, without limitation, design drawings and specifications, schedules, estimates of costs and such other matters as Amtrak may request) (the "Plans") of Grantee's proposed improvements to the Easement Area (as and when constructed, together with Grantee's existing improvements within the Easement area, "Grantee Improvements").

5.3 Review of Plans. Amtrak may accept or reject the Plans in Amtrak's sole discretion. As a condition to any approval of the Plans, Amtrak may require Grantee to execute, and cause its contractors to execute, all documents required by Amtrak, including, but not limited to, force account agreements, permits to enter, preliminary engineering agreements (including, but not limited to, PI(s) issued under any master agreement between the Parties), site access agreements, ("Engineering Agreements"). In connection with the Plan review, the Grantor, in its sole discretion, will consider waiving the requirement of design and construction engineering agreements, PTEs and certain other items ordinarily required in connection with work on Grantor Property if the Grantor determines that such work, including the construction of drainage facilities, even if poorly designed and/or constructed, would likely not negatively impact Grantor's operations and/or infrastructure. Grantee shall pay for all costs related to Amtrak's review of Plans in accordance with the invoices and schedules that Amtrak provides. Plans that Amtrak approves shall be the "Approved Plans". Grantee acknowledges that Amtrak has other work commitments and demands that may preclude Amtrak from reviewing the Plans according to Grantee's schedule and agrees that Amtrak will not be held liable for any damages whatsoever related to delays to Grantee's schedule or Grantee's Work due to any delay in the approval of the Plans.

5.4 Cost and Performance. Grantee shall ensure that Grantee's Work (i) is performed at no cost to Amtrak and (2) conforms to the Approved Plans and the Engineering Agreements. If Amtrak determines that conditions so warrant at any time, Amtrak will provide flagmen, watchmen, inspectors, or other personnel who are deemed necessary in the opinion of Amtrak for the safeguarding of Amtrak's railroad operations and Amtrak Property, at the sole cost and expense of Grantee, and Grantee shall pay to Amtrak the full cost and expense therefor. Engineering Agreements may contain provisions, including without limitation, indemnity and insurance provisions that are more or less stringent than the requirements in this Agreement. Any default or breach of the Engineering Agreements will constitute a default and breach of this Agreement. Grantee shall, and shall cause its contractors to comply with, the Engineering Agreements, and all of Amtrak's then current safety, operations, security, environmental and engineering procedures.

6. LIENS AND CHARGES

6.1 Discharge of Liens. Neither Grantee's work nor any other work of any nature performed by Grantee related to the Easement Area is intended to be or will be deemed to be for the use or benefit of Amtrak. Grantee shall not permit a mechanic's or other lien to be filed against any property or interest of Amtrak. If any such lien is filed, Grantee shall, within twenty (20) days of the attachment of any such lien or encumbrance, discharge or cause such lien to be discharged.

6.2 No Consent. Nothing in this Agreement will be deemed or construed in any way as giving Grantee any right, power or authority to contract for or permit the rendering of any services or the furnishing of any materials that would give rise to the filing of any lien against the Easement Area or any part thereof, nor as evidencing Amtrak's consent that the Easement Area may be subject to any mechanic's, laborer's or materialman's lien.

7. SIGNS

Permitted Signage. Grantee, at its sole cost, may place signs relating to its commuter rail service, including but not limited to, advertisements, vehicular and pedestrian traffic, safety and security in the Easement Area. Grantee shall comply with all applicable laws, rules, and regulations of all governmental agencies having jurisdiction thereof and pay all permit and license fees relating to the placement of any Grantee signs.

8. HAZARDOUS USE

8.1 Insurance Requirements. Grantee shall comply with all applicable regulations, recommendations, rules and requirements of Amtrak and any insurance carrier which insures or participates in insuring the Easement Area. Grantee shall not permit any article to be brought upon or any act to be done upon or about the Easement Area that will cause cancellation of any policy of insurance thereon or increase rates for such insurance beyond those usually charged for similar properties used for the purpose herein authorized.

8.2 Explosive or Flammable Materials. Without limiting the generality of the foregoing, except for gasoline for use in the gas tanks of the motor vehicles of Grantee's employees and contractors, Grantee shall not use or keep gasoline, dynamite or other explosive or flammable materials in any form upon the Easement Area, or bring upon, store or allow to be stored upon the Easement Area any materials of a dangerous or highly flammable nature or of such nature as to cause an extra fire risk or hazard, and will comply with all such reasonable rules and regulations as Amtrak may prescribe, looking to prevention of fires and compliance with insurance policies.

9. ENVIRONMENTAL

9.1 "Environmental Law" Defined. For the purpose of this Agreement, "Environmental Law" means, without limitation, all applicable laws, statutes, codes, acts ordinances, orders, judgments, decrees, injunctions, and requirements of all federal, state and local governments, departments, commissions, boards, bureaus, courts, authorities, agencies, officials and officers, relating in any manner or way to:

(a) soil, water, air, noise, other environmental standards or

(b) the control and/or abatement of environmental pollution and/or environmental hazards, which now or at any time hereafter may be applicable, or claimed to be applicable, whether or not the claim is or is not determined to be well-founded.

9.2 Compliance with Environmental Law. Grantee shall use and maintain the Easement Area in full compliance with Environmental Law. Grantee shall not store or permit to be stored any hazardous waste on the Easement Area. If Grantee fails to comply with any Environmental Law, Amtrak may, after giving Grantee reasonable notice of such failure, and in addition to any other remedies hereunder or at law or in equity, act to bring the Easement Area into compliance, and Grantee shall repay to Amtrak all costs incurred by Amtrak in connection therewith including, but not limited to, fines, consulting, engineering, construction, evacuation, excavation, removal, remediation and legal costs. In the event of emergency or lawful government order, Amtrak may bring the Easement Area into compliance immediately at Grantee's expense. In such event, Amtrak will notify Grantee as soon as feasible of the emergency and/or governmental order, and provide Grantee with the opportunity to participate in all necessary actions to bring the Easement Area into compliance.

9.3 Remedies. If Grantee fails to comply with any Environmental Law, in addition to any other remedies it may have hereunder or at law or in equity, Amtrak may act to bring all affected portions of the Easement Area into compliance. Grantee shall repay to Amtrak all costs incurred by Amtrak in connection therewith. Amtrak will notify Grantee before undertaking action but in the event of emergency or lawful government order, Amtrak retains the right to bring the affected portions of the Easement Area into compliance immediately at Grantee's expense. In such event, Amtrak will notify Grantee as soon as feasible of the emergency and/or governmental

order, and provide Grantee with the opportunity to participate in all necessary actions to bring the affected Easement Area into compliance.

9.4 Notice of Non-Compliance with Environmental Law. In the event Grantee's use of the Easement Area causes a condition of non-compliance to occur (including but not limited to instances of spills), Grantee shall notify Amtrak of such condition, including: The nature of the non-compliance, the reporting (if any) of the condition to the appropriate governmental agency, and the actions undertaken by Grantee to cure the non-compliance. Such notice to Amtrak will be made as soon as practicable, but in no instance will it be more than two days following the event of non-compliance.

9.5 Soil Disturbance Prohibited.

9.5.1 Grantee (and its contractors and agents) shall not disturb the soil or perform any environmental or geotechnical testing on the Easement Area for any reason without (i) notifying Amtrak of its desire to do so; (ii) discussing the nature and extent of the proposed soil disturbance or testing with the Amtrak Environmental and Sustainability Group (or its successor); (iii) presenting a proposed testing and sample collection and analysis plan to Amtrak for its review and approval; (iv) obtaining the express permission of Amtrak to conduct the agreed-to soil disturbance or testing; and (v) indicating if any such test results require either notification or submission to a federal, state or local regulatory agency. Amtrak shall have the right, but not the obligation, to be present at any and all such soil disturbance or testing activities and to take split samples.

9.5.2 Grantee shall immediately provide Amtrak with a copy of the test results at no cost to Amtrak.

9.5.3 Any contractor engaged by Grantee to perform such soil disturbance or testing shall execute Amtrak's temporary permit to enter agreement before performing any such activities.

9.5.4 Grantee, its contractors and agents shall comply with all applicable federal, state, and local laws, regulations, ordinances, and orders concerning the environment and/or waste generation and disposal. At all times, they shall employ best management practices ("BMPs") in connection with the performance of their work. As used herein, the term "BMPs" means effective, practical, structural and/or nonstructural methods which prevent and/or reduce the movement of sediment, nutrients, pesticides and other pollutants from the land to surface and/or groundwater, and/or which otherwise protect air, soil and water quality from potential adverse effects.

9.5.5 If the soil disturbance or the environmental or geotechnical tests performed on the Easement Area indicate contamination of Amtrak property (or property adjoining Amtrak property) at levels requiring reporting, further investigation, testing, monitoring and/or remediation as required by the New Jersey Department of Environmental Protection, the United States Environmental Protection Agency or any other regulatory agency of competent jurisdiction ("Environmental Activities"), all such Environmental Activities within the Easement Area shall be at the sole cost and expense of Grantee, regardless of the extent thereof, and regardless of whether any action of Grantee (or its contractors or agents) caused or contributed to the contamination or condition.

9.5.6 Grantee shall promptly inform Amtrak of all communications with any governmental authority relating to any such Environmental Activities, and Amtrak shall be invited to attend any relevant meetings. Grantee shall provide Amtrak with all plans and/or submissions for any such Environmental Activities and Amtrak shall have the right to approve such plans and/or submissions prior to their implementation. Grantee will promptly provide Amtrak with a copy of any waste manifests, and such waste manifests shall in no event identify Amtrak as a generator. Amtrak reserves the right to require Grantee to provide to Amtrak a copy of the results of any further tests conducted by or for Grantee on any such wastes. Amtrak also reserves the right to review and approve the disposal site for any such wastes. Grantee (and its contractors and agents) shall dispose of all waste and contamination using their own EPA generator number(s). In no event shall Amtrak be identified as the generator. Grantee will promptly provide Amtrak with a copy of any waste manifests.

9.5.7 Amtrak retains the right to alter, suspend, cancel or otherwise modify Grantee's project work schedule pending the resolution of any of the above environmental issues. Amtrak shall not be held responsible for any claims related to any such changes in Grantee's schedules, including without limitation, claims related to damages resulting from any such delays or cancellations.

9.5.8 Amtrak may notify Grantee of any known or suspected noncompliance with the foregoing provisions and the action to be taken. Grantee shall, after receipt of such notice, promptly take corrective action in accordance with all applicable federal, state and local requirements. If Grantee fails or refuses to comply promptly, Amtrak may issue an order stopping all or part of the project work until satisfactory corrective action has been taken. In addition, Amtrak may immediately undertake necessary corrective actions; the cost and expense of all such actions shall be borne by Grantee. No claims by Grantee for reimbursement related to costs and expenses charged to Grantee for

corrective actions undertaken by Amtrak, nor time lost due to any such orders, shall be made the subject of a claim for excess costs or damages by Grantee.

9.6 Environmental Conditions Report. Grantee shall pay for all costs and expenses associated with the performance of an "Environmental Conditions Report" of the Easement Area, which may be required at Amtrak's sole discretion, upon the expiration or other termination of this Agreement. Such Environmental Conditions Report, conducted by Amtrak or a recognized engineering firm at Amtrak's discretion, will be for the purpose of determining the extent of any environmental impairment caused by Grantee's use and occupancy of the Easement Area.

9.7 Survival. The provisions of this Article will survive the termination of this Agreement.

10. INDEMNIFICATION

10.1 Amtrak will, without regard to negligence or fault, indemnify and hold NJ TRANSIT harmless from and against any and all claims for liability for personal injury, death or property damage by Amtrak employees arising in the course of their employment and by ticketed Amtrak passengers whose claims arise as a result of an act or occurrence on the Easement Area.

10.2 Each party will, without regard to negligence or fault, indemnify and hold the other harmless from and against any and all claims for liability for personal injury, death or property damage by any person (other than employees or ticketed passengers of a Party) alleging injury or damage occurring on the Grantor Property maintained by that Party as set forth herein. For the purposes hereof, the Easement Area shall be deemed to be maintained by NJ TRANSIT.

10.3 NJ TRANSIT will, without regard to negligence or fault, indemnify and hold Amtrak harmless from and against all claims for liability for personal injury, death or property damage by NJ TRANSIT employees arising in the course of their employment or by ticketed NJ TRANSIT passengers whose claims arise as a result of an act or occurrence on the Easement Area.

10.4 Each Party agrees to provide the other prompt notice of all claims or suits wherein the other Party is or may be liable under this indemnity provision. Each Party agrees further to provide an indemnifying party full cooperation in the investigation of defense of any claim or suit covered herein.

11. INTENTIONALLY DELETED

12. INSURANCE

Procurement and Maintenance of Insurance. The Grantee shall procure and maintain or cause its contractors to procure and maintain, at all times during the term of this Agreement, at its own cost and expense, the insurance specified below. All insurance required pursuant to the terms hereof ("Required Insurance") shall be placed with insurance carriers licensed to do business in the state where the Easement Area is located. The Grantee shall furnish a certificate of insurance giving evidence of the Required Insurance coverage prior to the exercise of this Agreement and on an annual basis thereafter. All Required Insurance shall provide for thirty (30) days' prior written notice to be given to the Grantor in the event coverage is substantially changed, canceled, or non-renewed. No acceptance of an insurance certificate required hereunder shall constitute or be construed as a waiver of the insurance requirements of this article, which shall be and remain the sole responsibility of the Grantee as to compliance therewith. If this Agreement exceeds five (5) years, the Grantor reserves the right to periodically reasonably modify the conditions/limits of insurance listed herein to maintain coverage in accordance with railroad industry standards with forty-five (45) days notice to Grantee. The Required Insurance shall be as follows:

(a) General Liability/Railroad Liability Insurance. General Liability or Railroad Liability insurance covering the Grantee, and the employees, officers, agents, contractors, subcontractors, and representatives of the Grantee on a primary basis with the following limits and for the following risks and hazards:

(1) Excess Liability insurance covering third party claims against and liabilities of Grantee, its agents, and employees for property damage, bodily injury, personal injury and death for which the Grantee is required to indemnify the Grantor with a combined single limit not less than the liability ceiling set forth in 49 U.S.C. Section 28103(a)(2) [or a liability cap set forth in a successor or similar statute], as adjusted from time to time by the United States Secretary of Transportation (or such successor or similar officer).

(2) Intentionally Deleted.

(3) The Required Insurance shall include, but not by way of limitation:

(A) Contractual Liability coverage endorsed to confirm that this Agreement is an insured contract under the policy(ies) with no exclusion or restriction related to railroad operations or work within fifty (50) feet of a railroad;

(B) Cross Liability endorsement;

(C) Premises/Operations;

(D) Products/Completed Operations;

(E) Independent Contractors;

(F) Sudden and Accidental Pollution (30/90);

(G) Punitive and Exemplary Damages shall not be excluded, or the policies may be silent regarding such damages;

(H) Certified and Non-certified Terrorism; and

(I) Any Explosion Collapse, and Underground (X-C-U) exclusions.

(4) The Grantor and its employees, officers, agents, contractors, subcontractors, representatives, and commuter agencies and railroads operating in the vicinity of the Easement Area (collectively with Grantor, "Additional Insured Parties") shall be endorsed as additional insured on all policies comprising the Required Insurance.

(5) Intentionally Deleted.

(6) In the event that the policy limits for the Required Insurance are satisfied by a combination of primary and excess policies in "layers," all excess policies shall provide that they drop down in the event of reduction or exhaustion of underlying policy limits.

(7) Intentionally Deleted.

(8) If any of the Required Insurance (that is not required to be provided on an occurrence basis) is provided on a claims-made or occurrences-reported basis, then, in addition to coverage requirements above, such policy shall provide that:

(A) The retroactive date shall coincide with or precede the effective date of this Agreement, or the effective (inception) date of the first such policy that was written on a claims-made or occurrences-reported basis. If any insurance that was previously written on a claims-made or occurrences-reported basis is subsequently written on an occurrence basis,

the Grantee shall procure "prior acts" coverage on the new occurrence policy(ies) with a retroactive date, and with effect for all occurrences not known or reported under the preceding claims-made and occurrences reported policies.

(B) The policy shall allow for the reporting of circumstances or incidents that might give rise to future claims; and

(C) If claims-made or occurrences-reported insurance is terminated for any reason, the Grantee shall purchase an extended reporting provision of at least two (2) years to report claims and occurrences arising from the Easement, unless such coverage is not commercially available, in which case a shorter extended reporting provision will be mutually agreed to by Amtrak and NJ TRANSIT.

(b) Property Insurance. All risks property insurance, covering all damage to the Grantee property. Coverage will be on a replacement cost basis and also include coverage for train derailment or overturn, flood and earthquake.

(c) Automobile Insurance. Automobile liability insurance covering all automobiles owned, leased, rented, or used by the Grantee, its contractors, agents and employees, in connection with this Agreement or any operations or activities incidental thereto. Such insurance shall provide auto liability insurance coverage with combined single limits of no less than two million dollars ($2,000,000) per accident or occurrence for bodily injury and property damage liability.

(d) Workers Compensation and Employers Liability Insurance. The Grantee - will require and ensure that its contractors and subcontractors to carry workers compensation insurance in accordance with the laws of New Jersey covering all applicable employees. Such insurance shall include Employers Liability coverage with limits of no less than one million dollars ($1,000,000) each employee or accident. If the Grantee or any of its contractors or subcontractors are considered a railroad(s) subject to the provisions of the Federal Employers Liability Act ("FELA") rather than state workers compensation laws, the employers liability insurance or excess liability insurance shall be endorsed to provide coverage for FELA benefits and liabilities, and the required limits shall be increased to not less than fifty million dollars ($50,000,000) per occurrence.

(e) Construction and Maintenance Activities. Prior to the commencement of any development, construction, reconstruction, maintenance, or repair activities on the Easement Area, the Grantee, will require their contractors and subcontractors to obtain the insurance coverage specified in Exhibit D attached hereto, and incorporated herein; or the Grantee, or their contractors may, at their option, provide the coverage for any or all contractors and subcontractors, providing that the evidence of insurance submitted by the Grantee, provided, however, that the foregoing requirements shall not apply to routine maintenance, routine replacement, or minor repairs

performed by the Grantee, or the Grantee' tenants, contractors, or subcontractors, and for which the Grantee do not require flagging protection. It is agreed that insurance required pursuant to this Section shall be considered as Required Insurance.

(f) Intentionally Deleted.

(g) Self Insurance. The Grantee shall have the right to self-insure with respect to the insurance required in this Section provided the same does not thereby decrease the insurance coverage or limits required or adversely affect the protection afforded to the Grantor or any of the Additional Insured Parties.

(h) Certificates. The Grantee shall furnish certificates of insurance if insurance is purchased, or a statement of compliance with this Section through self-insurance, evidencing compliance with the requirements set forth in this Section contemporaneously with the effective date of this Agreement, and annually thereafter. The policies shall be endorsed to (1) provide that the policy shall not be cancelled or coverage reduced without thirty (30) days prior written notice of cancellation, non-renewal or other material change to the Grantor - and (2) name the Additional Insured Parties, as additional insureds with respect to occurrences relating to the Grantee' operations.

(i) Erosion of limits. In the event that paid claims, losses or occurrences reduce limits to less than eighty percent (80%) of the combined single limit set forth in Section 12(a)(1) per occurrence, due to the operation of an aggregate limit provision in the policies, the Grantee - shall immediately notify the Grantor- and shall reinstate or replace the insurance to the required limits.

(j) Insurance not a limitation on indemnity. The foregoing insurance coverage is not intended to, nor does it, limit the liability of Grantee to defend, indemnify and hold harmless as set forth in the indemnity provisions herein.

(k) Survival. The Grantee responsibility under this Section shall apply to any liability arising out of an accident or other incident occurring on or after the effective date of this Agreement, and shall extend beyond the date of termination of this Agreement with respect to any event occurring or liability arising during the term of this Agreement; provided, however, that as respects any required liability insurance provided on a claims-made or occurrences-reported or similar basis, the Grantee, as applicable, shall comply with the provisions of Section 12(a)(8) and 12.4 of this Agreement.

12.4 Additional Terms. If any liability insurance specified above will be provided on a claims-made basis, then in addition to the coverage requirements above, such policy will provide that: (i) The retroactive date will coincide with or precede Grantee's entry onto the Easement Area or other Amtrak property (including subsequent policies purchased as renewals or replacements);

(ii) The policy will allow for the reporting of circumstances or incidents that might give rise to future claims; (iii) Grantee shall use its best efforts to maintain similar insurance for at least three (3) years following the completion of Grantee' operations on the Easement Area or other Amtrak property, including, without limitation, the requirement of adding Additional Insured Parties as additional insureds; and (iv) If the insurance is terminated for any reason, Grantee agrees to purchase an extended reporting provision of at least two (2) years to report claims arising from its operations on the Easement Area or other Amtrak property. Further, any additional coverages required by the United States Department of Transportation, the Environmental Protection Agency and/or related state and local laws, rules and regulations shall be complied with.

12.5 Compliance with Amtrak's Insurance. Grantee and its contractors shall comply with all regulations, recommendations, rules and requirements of Grantor and any insurance carrier which insures or participates in insuring the Property and Grantee shall not knowingly permit any article to be brought upon or any act to be done upon or about the Property that shall cause cancellation of any policy of insurance thereon or increase rates for such insurance beyond those usually charged for similar properties used for the purpose herein authorized.

13. TERMINATION DUE TO ABANDONMENT.

Termination Due to Abandonment. Said Easement shall automatically terminate upon the Grantee's Abandonment of commuter operations in the Easement Area. "Abandonment" shall mean Grantee's formal abandonment of its operation of commuter rail service.

14. INTENTIONALLY OMITTED.

15. ASSIGNMENT

Successors and Assigns. Grantee may not assign this Agreement or any of the rights hereunder, to any entity other than another commuter railroad, without the prior consent of Amtrak which consent Amtrak may grant, deny or condition in Amtrak's sole discretion.

16. DEFAULT AND REMEDIES

16.1 Events of Default. The occurrence of any of the following events will constitute an Event of Default by Grantee:

16.1.1 Grantee fails to pay to Amtrak as and when due any sum payable to Amtrak by Grantee under this Agreement;

16.1.2 failure to maintain any insurance required to be maintained by either Grantee or any of Grantee's contractors;

16.1.3 Intentionally Deleted;

16.1.4 After the commencement of construction of any Grantee Improvements, if the Grantee fails to diligently proceed with construction of said improvements for one hundred eighty (180) days or longer. For the purposes of this provision, any delay due to the inability of Amtrak to dedicate the personnel or resources necessary to support the construction project shall not be deemed a failure to proceed. This provision is also specifically subject to the force majeure terms set forth in Section 17.9 herein below.

16.1.5 a default occurs and continues beyond any applicable cure period under any of the Engineering Agreements;

16.1.6 if Grantee fails to perform or comply with any other terms or covenants contained in this Agreement;

16.1.7 if Grantee files, or suffers to be filed against it, a petition in bankruptcy and fails to have any involuntary filing dismissed within sixty (60) days after the date of such filing;

16.1.8 if Grantee is declared insolvent by a court of competent jurisdiction, or a receiver or trustee is appointed for the Grantee;

16.1.9 if Grantee makes any general assignment for the benefit of creditors.

16.2 Prior to a declaration of Default pursuant to Section 16.1.1, 16.1.4 or 16.1.6, Grantor shall provide Grantee with ninety (90) days' prior notice of Grantee's noncompliance hereunder. Grantee shall perform, cure or comply with the terms or conditions resulting in the Event of Default, within ninety (90) days following receipt of written notice by Amtrak giving notice of such default, or if such cure is not capable of being made with such ninety (90) day period, Grantee shall commence to cure such failure within such ninety (90) day period and thereafter continue to duly prosecute such cure to completion. During such cure period, upon the written request of either Party, submitted pursuant to the terms of the Notice provisions set forth below, the other Party will make a senior officer of such Party available to discuss the matter in an attempt to amicably resolve any Default dispute.

16.3 Remedies. Upon the occurrence of an Event of Default, Amtrak may take any or all actions, rights or remedies available to Amtrak at law or in equity.

16.4 No Waivers. No action or remedy taken or omitted by Amtrak following an Event of Default will be deemed a waiver of such Event of Default and an express waiver of any particular Event of Default will not be deemed a waiver of any other Event of Default, nor will any failure on the part of Amtrak to compel a fulfillment of any one or more of the covenants,

terms and conditions herein contained be held to be a waiver of its right to enforce the same at any time thereafter during the term this Agreement.

16.4 Waiver of Jury Trial. The Parties do hereby waive trial by jury in any action, proceeding or counterclaim brought by either party against the other on any matter whatsoever arising out of or in any way connected with this Agreement or Grantee's use of the Easement Area or arising out of or in any way connected with any claim of injury or damage arising out of or in connection with this Agreement or such use.

17. MISCELLANEOUS

17.1 Notices. Every notice, consent, approval, or other communication that may or is required to be given, served or sent by one party to the other party pursuant to this Agreement is required to be in writing and shall be given by United States certified or registered mail, return receipt requested, or by a nationally recognized overnight delivery service, with all delivery and postage prepaid. Notices are deemed to have been given on the day actually received or refused, or if unclaimed, on the third day following the day on which the same will have been sent by a nationally recognized overnight delivery service or deposited with the United States Post Office.

Any such communication if intended for Grantee will be addressed as follows:

New Jersey Transit
One Penn Plaza East
Newark, New Jersey 07105
Attention: Elizabeth Station Program Manager, Capital Projects and Programs

With a copy to:

New Jersey Transit
One Penn Plaza East
Newark, New Jersey 07105

30th Street Station
2955 Market Street
Philadelphia, PA 19104
Attention: Chief Engineer

Either party may, any time, change its address for the above purposes by sending a written notice to the other party stating the change and setting forth the new address. Any notice that may or is required to be given by either party in connection with this Agreement may be given by such party's attorney.

17.2 Subordination. This Agreement and the Easement is subject and subordinate to all restrictions, agreements and easements of record, and Amtrak does not provide any warranty of title with respect to the Easement Area. This Agreement and the Easement is also subject and subordinate to any or all existing ground leases of record, if any, and to any or all existing mortgages of record which may now or hereafter affect such leases or the real property of which the Easement Area forms a part, and to all renewals, modifications, consolidations, replacements and extensions thereof. This Easement is expressly subject and subordinate to Grantor's existing mortgage in favor of the United States of America. This Easement Agreement shall not be subordinate to any future ground lease or mortgage unless such owner or holder of the ground lease or mortgage signs a nondisturbance agreement in favor of Grantee in commercially reasonable form. This clause will be self-operative and no further instrument of subordination will be required by any mortgagee. However, in confirmation of such subordination, Grantee will execute promptly upon request any certificate to that effect upon request by Amtrak.

17.3 Not a Joint Venture. It is understood and agreed that neither this Agreement nor the agreements herein contained are intended, nor are the same ever to be construed, so as to create

a partnership by and between Amtrak and Grantee, or to make Amtrak and Grantee joint venturers, or to make Amtrak in any way liable or responsible for the debts or losses of the Grantee.

17.4 No Change or Modification. No change or modification of any of the covenants, terms or provisions hereof will be valid unless in writing and signed by the Parties hereto.

17.5 Incorporation of Terms. This Agreement, along with any exhibits and amendments hereto, encompasses the entire real estate agreement of the Parties related to the conveyance of the Easement, and supersedes all previous understandings and agreements between the Parties, whether oral or written. The Parties hereby acknowledge and represent that said Parties have not relied on any representation, assertion, guarantee, warranty, collateral contract or other assurance, except those set out in this Agreement, made by or on behalf of any other Party or any other person or entity whatsoever, prior to the execution of this Agreement. The Parties hereby waive all rights and remedies, at law or in equity, arising or which may arise as the result of a Party's reliance on such representation, assertion, guarantee, warranty, collateral contract or other assurance. Notwithstanding the foregoing, the Parties acknowledge there are Engineering Agreements related to the Grantee Improvements intended to be constructed on the Easement Area.

17.6 Severability. The provisions of this Agreement are severable and it is the intention of the Parties hereto that if this Agreement cannot take effect in its entirety because of the final judgment of any court of competent jurisdiction holding invalid any part or parts thereof, the remaining provisions of the Agreement will be given full force and effect as completely as if the part or parts held invalid had not been included therein.

17.7 Governing Law/Venue. This Agreement will be governed by and construed under the laws of the State of New Jersey, and all disputes related to this Agreement will be exclusively adjudicated in the federal courts with jurisdiction over New Jersey.

17.8 Responsibility of Grantee for its Employees. Grantee, in the performance of any and all work by Grantee under the terms of this Agreement or otherwise, upon or adjacent to the Easement Area, will furnish all labor and supervisory forces of every kind. Grantee shall employ or contract, and pay from Grantee's own funds all persons or contractors engaged in the performance of such work and all such persons or contractors will be and remain the sole employees or contractors, as the case may be, of Grantee and subject to Grantee's supervision, direction and control.

17.9 Force Majeure. Each Party will be excused from performance of any of its obligations hereunder except obligations involving the payment hereunder of money to the other Party, where such nonperformance is occasioned by any event beyond its control which shall include, without limitation, any order, rule, or regulation of any federal, state, or local government body, agent, or instrumentality, work stoppage, accident, terrorist attack, natural disaster, or civil disorder; provided, that the Party excused hereunder shall

useallreasonable efforts to minimize its nonperformance and to overcome, remedy, or remove such event in the shortest practical time.

17.10 Authority. Each Party hereby covenants that it has full power and authority to enter into this Agreement upon the terms and conditions set forth herein. Each of the persons executing this Agreement on behalf of each Party does hereby covenant and warrant that each person signing on behalf of Amtrak or Grantee, as applicable, is authorized to do so and that no other actions are needed by such Party to make this Agreement valid and binding on such Party other than the execution and delivery by the person(s) executing this Agreement.

17.11 Limitation of Liability. Grantee acknowledges and agrees that the liability of Amtrak (which for purposes of this Article will include all officers, directors, employees and shareholders of any corporation) under this Agreement will be limited to Amtrak's interest in the Easement Area and any judgments so rendered will not give rise to any right of execution or levy against Amtrak's other assets or on any assets of any other person or entity. The provisions hereof will inure to Amtrak's successors and assigns including any Mortgagee.

17.12 Equal Opportunity.

17.12.1 Grantee shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, or national origin, handicap or veteran status. Grantee shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, age or national origin, handicap or veteran status. Such action will include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Grantee agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this Equal Opportunity clause.

17.12.2 Grantee shall comply with all provisions of the Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and of the rules, regulations and relevant orders for the Secretary of Labor, all of which are copies incorporated herein by reference.

17.13 Brokers. The Parties represent and warrant that it knows of no real estate broker, salesperson or other party having a right to commission in connection with the transaction under this Agreement or who may be otherwise entitled to any payment or other compensation in connection with such transaction. The Parties agree to indemnify and each other harmless from

any costs, expenses and liability resulting to one Party as a result of any claims made by any broker or other Party because of this transaction.

17.14 Lawfulness of Use. Neither any statement by Amtrak in this Agreement as to Grantee's utilization of the Easement Area nor any consent of Amtrak of such utilization will be deemed or construed to constitute a representation or warranty by Amtrak that any such utilization that may be conducted in or on the Easement Area is lawful or permissible.

17.15 Covenants To Run With Land. The agreements and covenants contained herein will run with the land and this Agreement will be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors and assigns.

17.16 Intentionally Deleted.

17.17 All potential liability of Grantee hereunder shall, to the extent applicable, be further subject to the provisions of the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq., and the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 et seq. No covenant, representation or obligation of the Grantee shall be deemed or construed to create or constitute a debt, liability or a loan or pledge to the credit of the State of New Jersey. Additionally, nothing herein shall be deemed to waive Amtrak's rights under Federal law.

SIGNATURES APPEAR ON THE FOLLOWING PAGE

IN WITNESS WHEREOF, the Parties hereto have caused these presents to be executed by their proper officers, thereunto duly authorized, as of the day and year first above written.

DESCRIPTION OF PROPOSED EASEMENTS E2H & E2I
NEW JERSEY TRANSIT ELIZABETH STATION
CITY OF ELIZABETH, UNION COUNTY, NEW JERSEY

PROPOSED EASEMENT E2H

BEGINNING at a point in the northwesterly right of way line of lands now or formerly of the Pennsylvania Railroad as described in Deed Book 5468 Page 762, where the same is intersected by the easterly sideline of North Broad Street, variable width, said point being 51.25 feet right and northwesterly of United New Jersey Railroad and Canal Company Baseline Station 687+91.77 as shown on "New Jersey Transit Corporation ELIZABETH STATION PENN CENTRAL (U.N.J.R.R. & CANAL CO.)" M.P. #14.5 Line Code #1401, Revised May 26, 1982, G-1664, said point having a New Jersey State Plane Coordinate of NAD83 of North: 668366.9 East: 571094.5 (US Survey Feet measured in 2010); and runs thence the following two (2) courses along said right of way line described in Deed Book 5468 Page 762.

1. North 28 degrees 38 minutes 23 seconds East 270.71 feet to an angle point; thence
2. North 28 degrees 40 minutes 42 seconds East 304.52 feet to a point on the southerly sideline of Chestnut Street, being 25 feet southwesterly as measured perpendicular from the centerline of Chestnut Street; thence
3. Along said southerly sideline of Chestnut Street, South 59 degrees 32 minutes 27 seconds East 28.12 feet to a point; thence
4. Southwesterly along a line being 5.58 feet (5 feet 7 inches) northwesterly as measured perpendicular to the centerline of the most westerly track, South 28 degrees 43 minutes 56 seconds West 587.54 feet to a point on the easterly sideline of North Broad Street; thence
5. Along said sideline, North 35 degrees 36 minutes 13 seconds West 30.38 feet to the point and place of BEGINNING.

Containing 16,153 square feet or 0.3708 acres of land.

PROPOSED EASEMENT E2I

BEGINNING at a point in the northerly sideline of East Broad Street, 70 feet wide right of way, 50.72 feet southeasterly and right of Baseline Station 668+23.90, said point having a New Jersey State Plane Coordinate of NAD83 of North 668289.7 East 571168.5 (US Survey Feet measured 2010); and runs thence

1. Along a line that connects said sideline of East Broad Street with the easterly sideline of North Broad Street, North 61 degrees 39 minutes 35 seconds West 26.66 feet to a point; thence
2. Northeasterly along a line being 5.58 feet (5 feet 7 inches) southeasterly as measured perpendicular to the centerline of the most southeasterly track centerline, North 28 degrees 44 minutes 58 seconds East 605.27 feet to a point on the southerly sideline of Chestnut Street, being 25 feet southwesterly as measured perpendicular from the centerline; thence
3. Along said southerly line of Chestnut Street, South 59 degrees 32 minutes 27 seconds East 34.43 feet to a point on the southeasterly railroad right of way line set 40 feet southeasterly as measured perpendicular to the centerline of the most southeasterly track; thence
4. Along a said railroad right of way line, South 28 degrees 44 minutes 58 seconds West 565.74 feet to a point; thence
5. South 23 degrees 22 minutes 20 seconds East 17.40 feet to a point on the aforesaid northerly sideline of East Broad Street; thence
6. Along said sideline of East Broad Street, South 66 degrees 37 minutes 40 seconds West 35.00 feet to the point and place of BEGINNING.

Containing 20,966 square feet, 0.4813 acres of land.

The basis of bearings is the New Jersey State Plane Coordinate System (NAD83) measured November, 2010.

This description was prepared in accordance with a plan entitled, "PROPOSED EASEMENTS E2H & E2I FOR NEW JERSEY TRANSIT-ELIZABETH STATION CITY OF ELIZABETH UNION COUNTY, NEW JERSEY", prepared by Borbas Surveying and Mapping, dated December 18, 2017.

EXHIBIT C

GRANTORS' RESERVATIONS, USE CONDITIONS, REQUIREMENTS AND RESTRICTIONS

Without limiting any of the other provisions set forth in the Agreement, the following conditions will apply to the use of the Easement Area by Grantee hereunder.

1. Grantee shall not construct or permit the construction of any improvement on the Easement Area without first obtaining Amtrak's clearance requirements from Amtrak and Grantee covenants and agrees to abide by such clearance requirements; provided, however, that such clearances may be modified and adjusted to accommodate the Grantee Improvements, subject to the approval of Amtrak's Engineering Department as to property or improvements owned by Amtrak; clearance from property of others will be resolved between the Grantee and the third party owner.

2. Amtrak will retain access to any buried or overhead cables/conduits/utilities. Before and during any digging, paving or construction, all cables/conduits must be identified and protected by Grantee.

3. The Easement granted hereby will be under and subject to reservations and permanent rights in favor of Amtrak to enter in, on, upon, under or over the Easement Area to install, inspect, use, operate, maintain, repair, renew, replace and remove any and all communication and signal cables, duct lines and any and all sewer, pipe, wire, occupancies in, on, upon, under, or over the Easement Area, whether such occupancies now exist or will exist in the future or are recorded or not, together with the right, at Amtrak's sole discretion, to grant permanent easements and licenses in respect of such occupancies and uses and to retain all remuneration or revenues generated therefrom. Notwithstanding the foregoing, any new leases or licenses may not unreasonably interfere with Grantee's operations on the Easement Area.

4. All Amtrak support and safety protection costs associated with Grantee's use of the Easement Area will be at Grantee's expense. Grantee shall not be responsible for Amtrak support and safety protection costs associated with the use, operation, maintenance or improvements of Amtrak or third parties. Prior to their entry upon the Easement Area, all Grantee personnel and all personnel of Grantee's contractors and subcontractors, must at the sole cost and expense of Grantee and its contractors and subcontractors, respectively, attend any and all safety training required by Amtrak's Engineering Department.

5. Grantee shall ensure that all catenary structures of Amtrak, if any, will remain at all times accessible to Amtrak.

6. Grantee covenants and agrees with Amtrak that Grantee shall not erect, construct, excavate, repair or maintain any structure in, on or under the Easement Area that will materially, adversely affect the adjoining Fixtures, structures, railroad tracks or railroad operations conducted thereon, nor encroach upon, remove or weaken lateral support from the aforesaid railroad tracks. Grantee covenants and agrees with Amtrak that Grantee shall not do or permit to be done any other thing in, on or under the Easement Area that will materially, adversely affect the adjoining Fixtures, railroad tracks or railroad operations conducted thereon, nor encroach upon, remove or weaken lateral support from the aforesaid railroad tracks. The railroad viaduct supports, track alignment, ballast and abutments are not to be damaged or undermined by any excavation, construction or utility work performed on the Easement Area by the Grantee or its contractors. Nothing in this paragraph is intended to prevent Grantee from erecting the Grantee Improvements.

7. Grantee covenants and agrees that, except for any drainage adequately contained within appropriate drainage facilities, it will prevent any thing or any action on the Easement Area to cause drainage onto adjacent railroad tracks or any adjacent property including Amtrak's remaining property (excepting Grantee's adjacent property). Grantee shall prevent any action, which may cause erosion or damage to the adjacent railroad embankment or ballast or undermine the integrity of the Amtrak's railroad right-of-way. Grantee shall take all actions necessary to repair any such erosion or any undermining of the integrity of the adjacent property or railroad Fixtures.

8. Neither Grantee nor its contractors will operate any lifting or boom equipment within a 25 foot envelope around any transmission or catenary wires except with permission of Amtrak. Grantee shall coordinate with Amtrak and determine what precautions and procedures must be followed and procure any necessary assistance of Amtrak.

9. Before and during any digging, excavation, paving or construction on the Easement Area, Grantee must identify, locate and protect all buried utilities, cables, conduits, signal and communications facilities, all other buried facilities and all Fixtures. All such work must be performed in accordance with Amtrak's requirements for such work, including, without limitation, Amtrak's requirements regarding the distance that must be maintained between any such work and any signal or communication cables.

10. If any of Amtrak's improvements, fixtures, facilities or appurtenances must be relocated due to Grantee's project, Grantee shall relocate same per Amtrak's specifications at Grantees sole cost and expense.

11. The Easement granted hereby will be under and subject to reservations, restrictions and easements of record; applicable zoning regulations and ordinances; applicable federal, state and local environmental protection laws and regulations; real property taxes and assessments for the current tax period, if any; and any conditions or state of facts that a current survey of the Easement Area would show.

DB6280 1001

EXHIBIT D

CONTRACTOR/SUBCONTRACTOR INSURANCE REQUIREMENTS

INSURANCE REQUIREMENTS
NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK)
WASHINGTON TERMINAL COMPANY (WTC)

New Jersey Transit PI No. 184A- Elizabeth Station Improvements
Revised as of May 31, 2017

DEFINITIONS

In these Insurance Requirements, "Railroad" or "Amtrak" shall mean National Railroad Passenger Corporation and, as appropriate, its subsidiary, Washington Terminal Company ("WTC"). "Contractor" shall mean the party identified as "Permittee" in the Temporary Permit to Enter Upon Property Agreement or the party with whom Amtrak has contracted in another agreement (e.g., Preliminary Engineering Agreement, Design Phase Agreement, Construction Phase Agreement or Force Account Agreement), as well as its officers, employees, agents, servants, contractors, subcontractors, or any other person acting for or by permission of Contractor. "Operations" shall mean activities of or work performed by Contractor. "Agreement" shall mean the Temporary Permit to Enter Upon Property Agreement or other such agreement, as applicable.

INSURANCE

Contractor shall procure and maintain, at its sole cost and expense, the types of insurance specified below. Contractor shall evidence such coverage by submitting to Amtrak the original Railroad Protective Liability Policy and certificates of insurance evidencing the other required insurance, prior to commencement of Operations. In addition, Contractor agrees to provide certified copies of the insurance policies for the required insurance within 30 days of Amtrak's written request. All insurance shall be procured from insurers authorized to do business in the jurisdiction(s) where the Operations are to be performed. Contractor shall require all subcontractors to carry the insurance required herein or Contractor may, at its option, provide the coverage for any or all subcontractors, provided the evidence of insurance submitted by Contractor to Amtrak so stipulates. The insurance shall provide for thirty (30) days prior written notice to Amtrak in the event coverage is substantially changed, canceled or non-renewed. All insurance shall remain in force until all Operations are satisfactorily completed (unless otherwise noted below), all Contractor personnel and equipment have been removed from Railroad property, and any work has been formally accepted. Contractor may provide for the insurance coverages with such deductibles or retained amounts as Amtrak may approve from time to time, except, however, that Contractor shall, at its sole expense, pay for all claims and damages which fall within such deductible or retained amount on the same basis as if there were full commercial insurance in force in compliance with these requirements. Contractor's failure to comply with the insurance requirements set forth herein shall constitute a violation of the Agreement.

1. **Workers' Compensation Insurance** complying with the requirements of the statutes of the jurisdiction(s) in which the Operations will be performed, covering all employees of Contractor. Employer's Liability coverage with limits of not less than **One Million ($1,000,000) Dollars** each accident or illness shall be included.

   In the event the Operations are to be performed on, over, or adjacent to navigable waterways, a U.S. Longshoremen and Harbor Workers' Compensation Act Endorsement and Outer Continental Lands Act Endorsement are required.

2. **Commercial General Liability (CGL) Insurance** covering liability of Contractor with respect to all operations to be performed and all obligations assumed by Contractor under the terms of the Agreement. Products-completed operations, independent contractors and contractual liability coverages are to be included, with the contractual exclusion related to construction/demolition activity within fifty (50) feet of the railroad deleted and no exclusions for Explosion/Collapse/ Underground (X-C-U) applicable or added.

   The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds with respect to the operations to be performed. In addition, the policy shall include an ISO endorsement Form CG 24 17 10 01 or its equivalent providing contractual liability coverage for railroads listed as additional insureds. Coverage for such additional insureds shall be primary and non-contributory with respect to any other insurance the additional insureds may carry.

   Coverage under this policy shall have limits of liability of not less than **Twenty-Five Million ($25,000,000) Dollars** each occurrence, combined single limit, for bodily injury (including disease or death), personal injury and property damage (including loss of use) liability. Such coverage may be provided by a combination of a primary CGL policy and a following form excess or umbrella liability policy.

3. **Automobile Liability Insurance** covering the liability of Contractor arising out of the use of any vehicles which bear, or are required to bear, license plates according to the laws of the jurisdiction in which they are to be operated, and which are not covered under Contractor's CGL insurance. The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds with respect to the operations to be performed. Coverage under this policy shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** each occurrence, combined single limit, for bodily injury (including disease or death), personal injury and property damage (including loss of use) liability.

   In the event Contractor or any subcontractor will be transporting and/or disposing of any hazardous material or waste off of the jobsite, a MCS-90 Endorsement is to be added to this policy and the limits of liability are to be increased to **Five Million ($5,000,000) Dollars** each occurrence.

4. **Railroad Protective Liability (RRP) Insurance** covering the Operations performed by Contractor or any subcontractor within fifty (50) feet vertically or horizontally of railroad tracks. The current ISO Occurrence Form (claims-made forms are unacceptable) in the name of National

Railroad Passenger Corporation (and as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue) shall have limits of liability of not less than **Five Million ($5,000,000) Dollars** each occurrence, combined single limit, for Coverages A and B, for losses arising out of injury to or death of all persons, and for physical loss or damage to or destruction of property, including the loss of use thereof. A **Ten Million ($10,000,000) Dollars** annual aggregate shall apply. Additionally, Policy Endorsement CG 28 31 - Pollution Exclusion Amendment, is required to be endorsed onto the policy. Further, "Physical Damage to Property" as defined in the policy is to be deleted and replaced by the following endorsement:

"It is agreed that 'Physical Damage to Property' means direct and accidental loss of or damage to all property owned by any named insured and all property in any named insured's care, custody and control."

The original RRP Liability Insurance Policy must be submitted to Amtrak prior to commencement of Operations.

5. **All Risk Property Insurance** covering damage to or loss of all remaining personal property of Contractor, its contractors and subcontractors used during Operations including, but not limited to, tools, equipment, construction trailers and their contents and temporary scaffolding at the project site, whether owned, leased, rented or borrowed for the full replacement cost value. Insurance policies of Contractor, its contractors and subcontractors, covering tools, equipment and other personal property will include a waiver of subrogation and any other rights of recovery in favor of Amtrak and Contractor.

6. **Contractor's Pollution Liability Insurance** covering the liability of Contractor arising out of any sudden and/or non-sudden pollution or impairment of the environment, including clean-up costs and defense, that arise from the Operations of Contractor, with National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue named as additional insureds. Coverage under this policy shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** each occurrence. The coverage shall be maintained during the term of the project, and for at least two (2) years following Amtrak's acceptance of the completion of all Operations to be performed.

7. **Pollution Legal Liability Insurance** is required if any hazardous material or waste is to be transported or disposed of off of the jobsite. Contractor, its subcontractor or transporter, as well as the disposal site operator, shall maintain this insurance. Contractor shall designate the disposal site, and must provide a certificate of insurance from the disposal facility to Amtrak. The policy shall name National Railroad Passenger Corporation and, as appropriate, WTC, and all commuter agencies and railroads that operate over the property or tracks at issue as additional insureds, with limits of liability of not less than **Two Million ($2,000,000) Dollars** per claim.

   Further, any additional insurance coverages, permits, licenses and other forms of documentation required by the United States Department of Transportation, the Environmental Protection Agency and/or related state and local laws, rules and regulations shall be obtained by Contractor.

8. **Professional Liability Insurance** covering the liability of Contractor for any and all errors or omissions committed by Contractor in the performance of the Operations, regardless of the type

of damages. The coverage shall be maintained during the term of the Operations, and for at least three (3) years following completion thereof. The policy shall have a retroactive date that precedes any design work on the project and shall have limits of liability of not less than **Two Million ($2,000,000) Dollars** per claim and **Two Million ($2,000,000) Dollars** in the annual aggregate.

If Contractor is not performing professional design or engineering services, Contractor may elect to satisfy this requirement through the addition of endorsement CG2279 "Incidental Professional Liability" to its CGL policy.

9. **Waiver of Subrogation** As to all insurance policies required herein, Contractor waives all rights of recovery, and its insurers must waive all rights of subrogation of damages against Amtrak, NJ TRANSIT and, as appropriate, WTC, and their agents, officers, directors, and employees. The waiver must be stated on the certificate of insurance.

10. **Punitive Damages** Unless prohibited by law, no liability insurance policies required above shall contain an exclusion for punitive or exemplary damages.

11. **Claims-Made Insurance** If any liability insurance specified above shall be provided on a claims-made basis then, in addition to coverage requirements above, such policy shall provide that:

    a. The retroactive date shall coincide with or precede Contractor's start of Operations (including subsequent policies purchased as renewals or replacements);

    b. The policy shall allow for the reporting of circumstances or incidents that might give rise to future claims;

    c. Contractor will use its best efforts to maintain similar insurance under the same terms and conditions that describe each type of policy listed above (e.g., CGL, Professional Liability) for at least three (3) years following completion of the Operations; and

    d. If insurance is terminated for any reason, Contractor will purchase an extended reporting provision of at least six (6) years to report claims arising from Operations.

12. **Evidence of Insurance** Contractor shall furnish evidence of insurance as specified above at least fifteen (15) days prior to commencing Operations. Prior to the cancellation, renewal, or expiration of any insurance policy specified above, Contractor shall furnish evidence of insurance replacing the cancelled or expired policies. THESE DOCUMENTS SHALL INCLUDE A DESCRIPTION OF THE PROJECT AND THE LOCATION ALONG THE RAILROAD RIGHT-OF-WAY (typically given by milepost designation) IN ORDER TO FACILITATE PROCESSING. The fifteen (15) day advance notice of coverage may be waived by Amtrak in situations where such waiver will benefit Amtrak, but under no circumstances will Contractor

begin Operations without providing satisfactory evidence of insurance as approved by Amtrak. Such evidence of insurance coverage shall be sent to:

Director I&C Projects
National Railroad Passenger Corporation
30th Street Station, Mail Box 64
Philadelphia, PA 19104-2817

EXHIBIT E

Execution Copy

AFFIDAVIT OF CORPORATE AUTHORIZATION

COMMONWEALTH OF PENNSYLVANIA :
ss
COUNTY OF PHILADELPHIA :

Donald J. Stadtler says under oath:

1. Authorized Representative. I am the Executive Vice President, Chief Administration Officer of **NATIONAL RAILROAD PASSENGER CORPORATION**, a corporation organized under 49 U.S.C. §24101 *et seq.* and the laws of the District of Columbia, having its headquarters at 60 Massachusetts Avenue, N.E., Washington, D.C. 20002 ("Grantor").

2. Representations. The statements contained in this Affidavit are true to the best of my knowledge, information and belief.

3. Corporate Authority. Parcels E2H and E2I as depicted on Exhibit "A" attached hereto, in the City of Elizabeth, Union County, New Jersey are collectively called the "Property". Grantor is to convey to **NEW JERSEY TRANSIT CORPORATION**, a public transportation corporation organized under the laws of the State of New Jersey, with an address at One Penn Plaza E, 8th Floor, Newark, NJ 07105 (**"Grantee")** an easement over portions of the Property **(the "Easement").** This action is authorized pursuant to the Grantor's corporate governance documents. Grantor is qualified to transact business in New Jersey. The individual executing the Easement on behalf of Grantor is duly authorized to execute the Easement.

4. Approval by Shareholders. Shareholder approval is not required.

5. Reliance. Grantor makes this Affidavit in order to induce the Grantee to accept its Easement. It is aware that the Grantee will rely on the statements made in this Affidavit and on its truthfulness.

NATIONAL RAILROAD PASSENGER CORPORATION

By: _____
Donald A Stadtler
Executive Vice President
Chief Administration Officer

Sworn and subscribed to before
me this 6 day of August, 2018.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available business directory data at approximately five year intervals.

RECORD SOURCES

The EDR City Directory Report accesses a variety of business directory sources, including Haines, InfoUSA, Polk, Cole, Bresser, and Stewart. Listings marked as EDR Digital Archive access Cole and InfoUSA records. The various directory sources enhance and complement each other to provide a more thorough and accurate report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer.

RESEARCH SUMMARY

The following research sources were consulted in the preparation of this report. A check mark indicates where information was identified in the source and provided in this report.

Contact: Amanda B Jagger

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by Vanasse Hangen Brustlin, Inc. were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Sanborn® Library search results

Certification #: 10FE-46C7-B7A8

The Sanborn Library includes more than 1.2 million fire insurance maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow and others which track historical property usage in approximately 12,000 American cities and towns. Collections searched:

- ☑ Library of Congress
- ☑ University Publications of America
- ☑ EDR Private Collection

The Sanborn Library LLC Since 1866™

Limited Permission To Make Copies

Vanasse Hangen Brustlin, Inc. (the client) is permitted to make up to FIVE photocopies of this Sanborn Map transmittal and each fire insurance map accompanying this report solely for the limited use of its customer. No one other than the client is authorized to make copies. Upon request made directly to an EDR Account Executive, the client may be permitted to make a limited number of additional photocopies. This permission is conditioned upon compliance by the client, its customer and their agents with EDR's copyright policy; a copy of which is available upon request.

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527 - 21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E2247 - 16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E1528 - 22) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

EXECUTIVE SUMMARY

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal RCRA facilities undergoing Corrective Action

CORRACTS: CORRACTS is a list of handlers with RCRA Corrective Action Activity. This report shows which nationally-defined corrective action core events have occurred for every handler that has had corrective action activity.

A review of the CORRACTS list, as provided by EDR, and dated 06/03/2024 has revealed that there are 4 CORRACTS sites within approximately 1 mile of the target property.

Lists of Federal RCRA generators

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 06/03/2024 has revealed that there is 1 RCRA-SQG site within approximately 0.25 miles of the target property.

AMMON ANALYTICAL LAB EPA ID:: NJR986656999	***35 E BLANCKE ST***	***N 1/8 - 1/4 (0.234 mi.)***	***Z140***	***255***

RCRA-VSQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

A review of the RCRA-VSQG list, as provided by EDR, and dated 06/03/2024 has revealed that there are

3 RCRA-VSQG sites within approximately 0.25 miles of the target property.

NJ HWS RE-EVAL: The locations were removed from the Known Contaminated Sites list for a variety of reasons. Some of the sites were taken off the list because they were inactive, some were not assigned a case worker and some were no longer contaminated. Inspectors from the DEP are now undertaking a full re-evaluation of each of the locations statewide. That includes visual and environmental tests to see whether contamination still exists.

A review of the NJ HWS RE-EVAL list, as provided by EDR, and dated 09/20/2007 has revealed that there are 6 NJ HWS RE-EVAL sites within approximately 1 mile of the target property.

Lists of state and tribal registered storage tanks

NJ UST: The Underground Storage Tank database contains registered USTs. USTs are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA). The data come from the Department of Environmental Protection & Energy's UST Data.

A review of the NJ UST list, as provided by EDR, and dated 05/07/2024 has revealed that there are 21 NJ UST sites within approximately 0.25 miles of the target property.

ADDITIONAL ENVIRONMENTAL RECORDS

Other Ascertainable Records

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 06/03/2024 has revealed that there are 14 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

UST FINDER: EPA developed UST Finder, a web map application containing a comprehensive, state-sourced national map of underground storage tank (UST) and leaking UST (LUST) data. It provides the attributes and locations of active and closed USTs, UST facilities, and LUST sites from states and from Tribal lands and US territories . UST Finder contains information about proximity of UST facilities and LUST sites to: surface and groundwater public drinking water protection areas; estimated number of private domestic wells and number of people living nearby; and flooding and wildfires.

A review of the UST FINDER list, as provided by EDR, and dated 06/08/2023 has revealed that there are 5 UST FINDER sites within approximately 0.25 miles of the target property.

UST FINDER RELEASE: US EPA's UST Finder data is a national composite of leaking underground storage tanks. This data contains information about, and locations of, leaking underground storage tanks. Data was collected from state sources and standardized into a national profile by EPA's Office of Underground Storage Tanks, Office of Research and Development, and the Association of State and Territorial Solid Waste Management Officials.

A review of the UST FINDER RELEASE list, as provided by EDR, and dated 06/08/2023 has revealed that there are 15 UST FINDER RELEASE sites within approximately 0.5 miles of the target property.

NJ ISRA: The ISRA process begins with determining if the Act applies to your type of business and transaction. The provisions of ISRA only apply to industrial establishments. What is an industrial establishment? The term "industrial establishment" refers to the type of business operations and transactions that would subject a facility to review under ISRA. An industrial establishment must meet each of the following three criteria: The place of business or real property at which such business is conducted, having a North American Industry Classification System (NAICS) code listed in N.J.A.C. 7:26 B - Appendix C subject to the specified exceptions and limitations. The place of business must have been engaged in operations on or after December 31, 1983; and The place of business must involve the generation, manufacture, refining, transportation, treatment, storage, handling, or disposal of hazardous substances or hazardous wastes.

A review of the NJ ISRA list, as provided by EDR, and dated 03/23/2024 has revealed that there are 21 NJ ISRA sites within approximately 0.5 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include

gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there is 1 EDR Hist Auto site within approximately 0.125 miles of the target property.

Equal/Higher Elevation	Address	Direction / Distance	Map ID	Page
TAYLOR LEWIS	8 E ELIZABETH AVE	NNE 0 - 1/8 (0.109 mi.)	F36	57

EDR Hist Cleaner: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Cleaner list, as provided by EDR, has revealed that there are 3 EDR Hist Cleaner sites within approximately 0.125 miles of the target property.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Hazardous Waste Summary:

Waste Code:	D001
Waste Description:	Ignitable Waste
Waste Code:	D002
Waste Description:	Corrosive Waste
Waste Code:	D003
Waste Description:	Reactive Waste
Waste Code:	F001
Waste Description:	The Following Spent Halogenated Solvents Used In Degreasing: Tetrachloroethylene, Trichlorethylene, Methylene Chloride, 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.
Waste Code:	F002
Waste Description:	The Following Spent Halogenated Solvents: Tetrachloroethylene, Methylene Chloride, Trichloroethylene, 1,1,1-Trichloroethane, Chlorobenzene, 1,1,2-Trichloro-1,2,2-Trifluoroethane, Ortho-Dichlorobenzene, Trichlorofluoromethane, And 1,1,2, Trichloroethane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F001, F004, And

LINDEN BOARD OF EDUCATION (Continued) **1004752444**

F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F003
Waste Description: The Following Spent Nonhalogenated Solvents: Xylene, Acetone, Ethyl Acetate, Ethyl Benzene, Ethyl Ether, Methyl Isobutyl Ketone, N-Butyl Alcohol, Cyclohexanone, And Methanol; All Spent Solvent Mixtures/Blends Containing, Before Use, Only The Above Spent Nonhalogenated Solvents; And All Spent Solvent Mixtures/Blends Containing, Before Use, One Or More Of The Above Nonhalogenated Solvents, And A Total Of Ten Percent Or More (By Volume) Of One Or More Of Those Solvents Listed In F001, F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F004
Waste Description: The Following Spent Nonhalogenated Solvents: Cresols, Cresylic Acid, And Nitrobenzene; And The Still Bottoms From The Recovery Of These Solvents; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F005
Waste Description: The Following Spent Nonhalogenated Solvents: Toluene, Methyl Ethyl Ketone, Carbon Disulfide, Isobutanol, Pyridine, Benzene, 2-Ethoxyethanol, And 2-Nitropropane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, Or F004; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Environmental Interest/Information System:
The New Jersey Department of Environmental Protection (NJDEP) Environmental Management System (NJEMS) is an integrated system that manages large databases of environmental information.
The RACT/BACT/LAER Clearinghouse (RBLC) database contains case-specific information on the "best available" air pollution technologies that have been required to reduce the emission of air pollutions from stationary sources. RACT, or Reasonably Available Control Technology, is required on existing sources in areas that are not meeting national ambient air quality standards. BACT, or Best Available Control Technology, is required on major new or modified sources in clean areas. LAER, or Lowest Achievable Emission Rate, is required on major new or modified sources in non-attainment areas.
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Hazardous Waste Summary:

Waste Code:	F001
Waste Description:	The Following Spent Halogenated Solvents Used In Degreasing: Tetrachloroethylene, Trichlorethylene, Methylene Chloride, 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.
Waste Code:	F002
Waste Description:	The Following Spent Halogenated Solvents: Tetrachloroethylene, Methylene Chloride, Trichloroethylene, 1,1,1-Trichloroethane, Chlorobenzene, 1,1,2-Trichloro-1,2,2-Trifluoroethane, Ortho-Dichlorobenzene, Trichlorofluoromethane, And 1,1,2, Trichloroethane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F001, F004, And

B K TRUCKING (Continued) **1000134809**

F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F003
Waste Description: The Following Spent Nonhalogenated Solvents: Xylene, Acetone, Ethyl Acetate, Ethyl Benzene, Ethyl Ether, Methyl Isobutyl Ketone, N-Butyl Alcohol, Cyclohexanone, And Methanol; All Spent Solvent Mixtures/Blends Containing, Before Use, Only The Above Spent Nonhalogenated Solvents; And All Spent Solvent Mixtures/Blends Containing, Before Use, One Or More Of The Above Nonhalogenated Solvents, And A Total Of Ten Percent Or More (By Volume) Of One Or More Of Those Solvents Listed In F001, F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F005
Waste Description: The Following Spent Nonhalogenated Solvents: Toluene, Methyl Ethyl Ketone, Carbon Disulfide, Isobutanol, Pyridine, Benzene, 2-Ethoxyethanol, And 2-Nitropropane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, Or F004; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: K049
Waste Description: Slop Oil Emulsion Solids From The Petroleum Refining Industry.

Hazardous Waste Summary:

Waste Code:	D001
Waste Description:	Ignitable Waste
Waste Code:	D002
Waste Description:	Corrosive Waste
Waste Code:	D004
Waste Description:	Arsenic
Waste Code:	D005
Waste Description:	Barium
Waste Code:	D006
Waste Description:	Cadmium
Waste Code:	D007
Waste Description:	Chromium
Waste Code:	D008
Waste Description:	Lead
Waste Code:	D009
Waste Description:	Mercury
Waste Code:	D010
Waste Description:	Selenium
Waste Code:	D011
Waste Description:	Silver
Waste Code:	D016
Waste Description:	2,4-D (2,4-Dichlorophenoxyacetic Acid)
Waste Code:	D018
Waste Description:	Benzene
Waste Code:	D024
Waste Description:	M-Cresol
Waste Code:	D026
Waste Description:	Cresol
Waste Code:	D027
Waste Description:	1,4-Dichlorobenzene
Waste Code:	D035
Waste Description:	Methyl Ethyl Ketone
Waste Code:	D039
Waste Description:	Tetrachloroethylene
Waste Code:	P001
Waste Description:	2h-1-Benzopyran-2-One, 4-Hydroxy-3-(3-Oxo-1-Phenylbutyl)-, & Salts, When Present At Concentrations Greater Than 0.3% (Or) Warfarin, & Salts, When Present At Concentrations Greater Than 0.3%

CVS (Continued) **1014956835**

Waste Code: P012
Waste Description: Arsenic Oxide As2o3 (Or) Arsenic Trioxide

Waste Code: P042
Waste Description: 1,2-Benzenediol, 4-[1-Hydroxy-2-(Methylamino)Ethyl]-, (R)- (Or) Epinephrine

Waste Code: P075
Waste Description: Nicotine, & Salts (Or) Pyridine, 3-(1-Methyl-2-Pyrrolidinyl)-,(S)-, & Salts

Waste Code: P081
Waste Description: 1,2,3-Propanetriol, Trinitrate (R) (Or) Nitroglycerine (R)

Waste Code: P188
Waste Description: Benzoic Acid, 2-Hydroxy-, Compd. With (3as-Cis)-1,2,3,3a,8,8a-Hexahydro-1,3a,8-Trimethylpyrrolo[2,3-B]Indol-5-Yl Methylcarbamate Ester (1:1) (Or) Physostigmine Salicylate

Waste Code: U002
Waste Description: 2-Propanone (I) (Or) Acetone (I)

Waste Code: U010
Waste Description: Azirino [2',3':3,4]Pyrrolo[1,2-A]Indole-4,7-Dione, 6-Amino-8-[[(Aminocarbonyl)Oxy]Methyl]-1,1a,2,8,8a,8b-Hexahydro-8a-Methoxy-5-Methyl-, [1as-(1aalpha, 8beta, 8aalpha, 8balpha)]- (Or) Mitomycin C

Waste Code: U031
Waste Description: 1-Butanol (I) (Or) N-Butyl Alcohol (I)

Waste Code: U034
Waste Description: Acetaldehyde, Trichloro- (Or) Chloral

Waste Code: U035
Waste Description: Benzenebutanoic Acid, 4-[Bis(2-Chloroethyl)Amino]- (Or) Chlorambucil

Waste Code: U044
Waste Description: Chloroform (Or) Methane, Trichloro-

Waste Code: U058
Waste Description: 2h-1,3,2-Oxazaphosphorin-2-Amine, N,N-Bis(2-Chloroethyl)Tetrahydro-, 2-Oxide (Or) Cyclophosphamide

Waste Code: U059
Waste Description: 5,12-Naphthacenedione, 8-Acetyl-10-[(3-Amino-2,3,6-Trideoxy)-Alpha-L-Lyxo-Hexopyranosyl)Oxy]-7,8,9,10-Tetrahydro-6,8,11-Trihydroxy-1-Methoxy-, (8s-Cis)- (Or) Daunomycin

Waste Code: U070
Waste Description: Benzene, 1,2-Dichloro- (Or) O-Dichlorobenzene

Waste Code: U072
Waste Description: Benzene, 1,4-Dichloro- (Or) P-Dichlorobenzene

Waste Code: U089

CVS (Continued) **1014956835**

Waste Description: Diethylstilbesterol (Or) Phenol, 4,4'-(1,2-Diethyl-1,2-Ethenediyl)Bis, (E)-

Waste Code: U122
Waste Description: Formaldehyde

Waste Code: U129
Waste Description: Cyclohexane, 1,2,3,4,5,6-Hexachloro-, (1alpha, 2alpha, 3beta, 4alpha, 5alpha, 6beta)- (Or) Lindane

Waste Code: U132
Waste Description: Hexachlorophene (Or) Phenol, 2,2'-Methylenebis[3,4,6-Trichloro-

Waste Code: U150
Waste Description: L-Phenylalanine, 4-[Bis(2-Chloroethyl)Amino]- (Or) Melphalan

Waste Code: U151
Waste Description: Mercury

Waste Code: U154
Waste Description: Methanol (I) (Or) Methyl Alcohol (I)

Waste Code: U165
Waste Description: Naphthalene

Waste Code: U188
Waste Description: Phenol

Waste Code: U200
Waste Description: Reserpine (Or) Yohimban-16-Carboxylic Acid, 11,17-Dimethoxy-18-[(3,4,5-Trimethoxybenzoyl)Oxy]-, Methyl Ester, (3beta, 16beta, 17alpha, 18beta, 20alpha)-

Waste Code: U201
Waste Description: 1,3-Benzenediol (Or) Resorcinol

Waste Code: U204
Waste Description: Selenious Acid (Or) Selenium Dioxide

Waste Code: U205
Waste Description: Selenium Sulfide (Or) Selenium Sulfide Ses2 (R,T)

Waste Code: U206
Waste Description: D-Glucose, 2-Deoxy-2-[[(Methylnitrosoamino)-Carbonyl]Amino]- (Or) Glucopyranose, 2-Deoxy-2-(3-Methyl-3-Nitrosoureido)-,D- (Or) Streptozotocin

Waste Code: U210
Waste Description: Ethene, Tetrachloro- (Or) Tetrachloroethylene

Waste Code: U279
Waste Description: U279

Waste Code: U411
Waste Description: U411

Hazardous Waste Summary:

Waste Code:	F006
Waste Description:	Wastewater Treatment Sludges From Electroplating Operations, Except From The Following Processes: (1) Sulfuric Acid Anodizing Of Aluminum; (2) Tin Plating On Carbon Steel; (3) Zinc Plating (Segregated Basis) On Carbon Steel; (4) Aluminum Or Zinc-Aluminum Plating On Carbon Steel; (5) Cleaning/Stripping Associated With Tin, Zinc, And Aluminum Plating On Carbon Steel; And (6) Chemical Etching And Milling Of Aluminum.
Waste Code:	F007
Waste Description:	Spent Cyanide Plating Bath Solutions From Electroplating Operations.
Waste Code:	F008
Waste Description:	Plating Bath Residues From The Bottom Of Plating Baths From Electroplating Operations In Which Cyanides Are Used In The Process.
Waste Code:	F009
Waste Description:	Spent Stripping And Cleaning Bath Solutions From Electroplating Operations In Which Cyanides Are Used In The Process.
Waste Code:	P029
Waste Description:	Copper Cyanide (Or) Copper Cyanide Cu(Cn)
Waste Code:	P030
Waste Description:	Cyanides (Soluble Cyanide Salts), Not Otherwise Specified
Waste Code:	P098
Waste Description:	Potassium Cyanide (Or) Potassium Cyanide K(Cn)
Waste Code:	P104
Waste Description:	Silver Cyanide (Or) Silver Cyanide Ag(Cn)
Waste Code:	P106
Waste Description:	Sodium Cyanide (Or) Sodium Cyanide Na(Cn)
