

Child Care Facilities Improvement Program

Monthly Grantee Updates

Dear Grantee,

Our records show that **construction** for your NJEDA Child Care Facilities Improvement Program – Phase 1 project **has not commenced**, despite having only **five (5) months** remaining to meet the program's **September 15, 2026** construction completion deadline.

By not initiating construction, you risk being **in default under the terms of the Agreement**. If progress is not demonstrated promptly, NJEDA may initiate actions to *reduce, reallocate, or withdraw funding* in accordance with program requirements.

To avoid any NJEDA actions, you must submit a **written Action Plan within five (5) business days** of this notice to your GPS.

Your Action Plan must include:

- 1. Anticipated construction start date**
- 2. Timeline with key milestones and completion date**
- 3. Description of any current delays or obstacles and how you plan to get back on track**

Remember as the Grantee **you** are ultimately responsible for meeting the requirements of this program which includes holding your contractors accountable, managing timelines, ensuring disbursement request are submitted along with all other compliance matters. If a contractor is not meeting your needs or expectations, you are allowed to find a new contractor, so please work with your GPS if this is the route you need to take.

We are here to support and partner with you to complete your project. Thank you for your immediate attention and commitment to completing this project in accordance with the terms of your grant.

Grantee Resources

These resources are all available in direct communication from the EDA Childcare team. To help you work smarter, not harder, please check "FFE Cheat Sheet".
